CLEOFAN WILL HAVE A TEA NEXT FRIDAY

Theatre Party for October 29

As a meeting of the Cleofan, Tech, women's organization, held Wednesday evening, to celebrate the 20th performance of "Silk Stockin's" on the stage, it was decided. According to Miss Dorothy N. Arenson, the party will be held the day after the show. A few tickets will be available for the evening's performance, but tickets will be sold at the door.

As We Like It

HOLLY STREET THEATRE

"The Goodfellow," by Gilbert and Sullivan

It is a pleasure to chronicle the ad of the week for the Civic Light Opera Society's production of "The Goodfellow," by Gilbert and Sullivan. These musical parodies on shakespearesque themes are always a delight to the light opera world, and Milton Allen is the leading man.

changes in industry to meet changing consumer demands and market needs. The idea of preserving primarily the securities of industrial ownership is rather than the profits of the owners.

Compensation By Annuity Or Bond Issue

A Socialistic government would take over the railroads and other big businesses using the power of eminent domain. We would compensate the present owners either by eminent domain, so that as the present owners died off the people would own their industrial property free from the idea of deadweight, such as having to pay | 18 18 | 18 19 | 19 19 | 19 19 |

tionary in which he would work. He would know that his duty of the personnel office is to find positions for his graduates.

Personnel Department Finds Jobs

The personal agent is a branch of the Division of the Industrial Corporation and is designed primarily to serve industry. The agent has the attitude that it is his responsibility to find the best jobs for his graduates. The duty of the personnel officer is to find and assist in filling these positions. If there are no positions available, the agent can provide a list of special positions for his clients. He will spend plenty of time working for his clients.

Working in this system, the agent tries to keep in close touch with the graduates and men registered at the office for executive positions. The Institute has no separately organized personnel department, its activities, and men registered at the office for executive positions. The personnel department is a branch of the Socialist party favors anything that will increase the buying power and efficiency of the American people. Technique Accepting Signs For Senior and Group Pictures

156 Last Year's Seniors Failed To Have Photographs in Class Portfolio

Technique will accept signs for Senior and group photographs in the Main Lobby until and including next Friday, October 21.

Senior and activity pictures will be taken on the second floor of the Coop Building, and fraternity pictures, at the various houses. The Warrick Kay Yachting studios will take the photographs.

Last year out of a class of 600 Seniors only 463 had their photographs taken and their names and activities listed in the senior portfolio. Informants have been drifting into the Technique office lately, especially those taken at this year's freshman camp. In order that Technique may make up its informals panel in due time it is necessary that they have pictures taken and their names and activities listed in the senior portfolio. Informants may be left at the Technique office on the second floor of Walker Memorial.

Wishes To Correct Mistakes

To facilitate the bidding forth of an accurate volume, Technique requests to be informed of any mistakes that have been discovered in previous issues. Corrections may be left at its office.

TWENTY MEN ATTEND BASKETBALL MEETING

Over twenty freshmen turned out last night for a meeting of the basketball candidates held in the Ranger Gym. Manager Charles J. Hunt, Jr., '35, stated that regular practice would start after Field Day, and urged the freshmen to substitute the sport for Physical Training.

All members of the Class of 1936 who intend to substitute basketball for P. T., but who did not attend the meeting, should report to H. W. Hayward, Prof., or to Manager Hunt in the Athletic Association office.

The present officers of the Club, elected last year, are Joseph Deaver, '34, President; Lawrence G. Sheff, '34, Vice-President; Deborah V. Rubinstein, '34, Secretary, and M. N. Green, Treasurer.

**RAW FURY**

"Nature in the Raw"—as portrayed by McBurney's famous painting (1832) ... inspired by the savage passion held in check by Money IV's stern edict against duels among the nobles of his court.

—and raw tobaccos have no place in cigarettes

They are not present in Luckies . . . the mildest cigarette you ever smoked

We buy the finest, the very finest tobaccos in all the world—but that does not explain the expression. The tobacco is grown in a region where Lucky Strike is the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is seldom Mild"—so

these fine tobaccos, after proper aging and mellowing, are then given the benefit of the Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted"

That package of mild Luckies

"If a man were a little luck, speak a better sermon, or make a better speech . . . there is justice for his soul. Balfour would have been a fool who believed in the people to whom he was speaking. He would have made a better speech to his own men."—RALPH WALDO EMERSON.

Does not this explain the world-wide acceptance and approval of Lucky Strike?
