CLASS TEAMS ARE READY FOR ANNUAL BATTLE ON FRIDAY

Both Classes Are Confident of Victory in the Annual Battle...to Be Held at Walker Memorial:

T.C.A. Campaign Will Start with Dinner at Walker Memorial.

In order to bring together the men for the coming social drives of Technology Christian Association, the annual dinner drive will be held tomorrow night in the North Hall of Walker at 6:15. One hundred and twenty-five fraternity members, freshmen, members of the drive committee, and speakers will be present to absorb the psychology necessary for the maximum amount of money from the student body.

Professor F. E. Morris and Professor F. A. Magoun will address the meeting, and ask those present to do their best to obtain the $420 necessary to carry on the T.C.A. work for another year. The presiding officer will be E. B. Ransford, Jr., President of the T.C.A.

Expenses for the dinner will not be taken from the funds of the Association, but will be paid by a group of men interested in football being done. After the dinner the Wallace Bowling Alley will be open for two hours for free for all 25 men.

The drive officially opens Monday morning. Students living in the fraternity houses will be taken care of personally and letters containing solicitation material are being sent to those living at home or in rooms.

Soph Mass Meeting Set For Tomorrow

Quadrum Club Calls Meeting In Attempt to Raise Class Spirit

In co-operation with the president of the Sophomore class, the Quadrum Club is sponsoring a mass meeting being held tomorrow at 6:30 in room 5-330. The purpose of the club was a big disappointment to everybody. The people of the Sophomore class had little left in regards to Field Day by those who were present.

For the Sophomore Club to try to revive any spirit that may be present is the life blood of the members of the class prior to the clash with the freshmen.

Edward J. Collins, president of the Sophomore class, will preside at the meeting and prominent members of the Quadrum Club will give short talks.

COACH HEDLUND TO ADDRESS FRESHMEN

Pop Talk Intended To Raise Class Spirit For Field Day

Oscar Hedlund, coach of the track team, and Richard L. Fossett, president of the Junior class, were the principal speakers at the latest freshman mass meeting held before Field Day, to be held tomorrow afternoon at five o'clock in room 10-250. Coach Hedlund will talk on the necessity of the sponsoring of Field Day by the members of the freshman class, and will attempt to raise the spirit of the first year men for the following day. As the representative of the Interfraternity Committee, Fossett will outline the aspect of the Committee on Field Day.

The captains of the various freshman teams will be officially announced. A large attendance is required for it is necessary that every man participating in any event be present, to receive Field Day assignments.

At Monday’s meeting of section leaders it was agreed to ask the Freshman-Sophomore Dance to be held in Room 301 Thursday afternoon.

Another important step this year is in the function of the organization. To prevent the delay experienced in previous years, Junior and Sophomore directors of the organization were met last week to take charge of the organization.

The purpose of this step is to help acquaint men with the work of the corporation. Every director and officers of the organization will begin in a few days.

It was agreed by all that many students have shown interest in this, and that the revised constitution is expected to make the annual meeting of both students and Faculty.

Social Activities More Fun Than Speeches, Corporation XV Decides

Business Administrators Revise Original Constitution for New Purpose

Corporation XV will inaugurate a new system of organization by placing more emphasis on the social side of business. In business talks, it was announced previously, the Corporation will meet at a meeting of the Faculty Ad

FROST TO CHOOSE OFFICERS, NOV. 16
Junior Prom Committee To Be Elected At Same Time

The annual election of freshman class officers and of the Junior Prom Committee will take place November 16, the actual balloting being carried on in the main lobby. The positions to be filled are: President, Vice-President, Secretary, and Treasurer of the freshman class, two representatives of that class for the Institute Commission, and two for the Executive Committee. The Junior prom committee will consist of Edward L. Ardi, Junior Class President, or classmate, and the five other Juniors having the largest number of votes.

Nominations will be made on November 9 and 10, from nine to five o'clock. As usual, nomination blanks must be filled out according to this form:

We, the undersigned members of the class of ........ do hereby nominate ........ of our class (Sponsors' signatures) as the candidate for the position of ........

I hereby accept the nomination. (Signature of Nominee)

For the nomination of Class officers, the signatures of ten sponsors must appear on the black, and for the nomination of candidates for the Prom Committee, five signatures must appear.

If a candidate has been confirmed, they will be approved at a meeting of the Institute Committee on November 16.

Under this system of nominations, only five candidates for each position may run for any one office, and the ten selected will be decided by actual election. The system is that outlined in the Constitution of the Massachusetts Institute of Technology Undergraduate Association.

Dormitory Dance Caps Field Day Activities

Buddy Clark's Orchestra Will Furnish Music in a 2-air Friday Evening

As a fitting finish to the coming Field Day, which promises to be one of the most interesting that Dormitory 1 has ever had, formal dances will wind up the day's activities. The time of the dances will be the same as for the regular football game, with the women's dance starting at a quarter to nine o'clock, and the men's dance at a quarter to ten o'clock. The boxing and track team members will be on hand to make speeches during the intervals.

The Dormitory Council, as a special concomitant to the Dormitory men, declared Open House from 1 P. M. to 10 P. M.; the Lommon will be available with, for women only, a fire hearth for those who care to escape the mud, merry laughter.

Tixes are now on sale, and go for $1.00 per couple. In short, that the attendance at this first social function of the Dormitory, will be one of the largest of the year.

Chaparones for the evening will be Dr. and Mrs. Karl T. Compton, Provost and President, and Mr. and Mrs. Henry P. Huntington, Chairman of the Dormitory Committee.

MINING SOCIETY HAS FULL FALL SCHEDULE

The Technology Mining Society has commenced the fall term with its exciting program of activities. At the first meeting held in the Social Science Building, an indication of the many interesting ideas was given, accompanied by a presentation supplied by the U. S. Steel Corporation. As Illus- trator of the society on this occasion was a picture of the next meeting to be held on November 2. At this meeting several student papers on the subject of water, and a trip to the mines is planned.

On November 17, the Society will hold a banquet, to which the profession has been invited. Forms of acceptance are already being filled out by several. It is expected that this meeting will be the most enjoyable and successful of the year.

Committees are being formed and officers are being elected to carry on the work of the Mining Society.

The Dormitory Council and the Junior Prom Committee are united in cautioning you against不足以 influence Dormitory groups and are advising you against the dissipation of your treasuries.

MANUFACTURERS GIVE MEDAL TO PROF. HAVEN

(Continued from page one)

Omni-geography has thrown an American into the market, but the engineer and research worker will be needed for years to come. Our institutions and manufacturing plants will continue to have the most important problems and to need the creative men and the research workers.

Graduate of Technology

Professor Haven graduated from Technology in 1894, and practiced all of his time since then has been spent in the engineering field. From the war he was in charge of work, harbor, and other fields of work that he has spent his entire time on. Haven is the head of the Massachusetts Institute of Technology in 1894, and nearly all of the work that he has done has been in that field.

Professor Haven is the head of the Massachusetts Institute of Technology. He began his work in 1894, and has been in charge of the engineering field ever since.

For some years he was chairman of the Textile Committee of the American Society of Textile Materials. Many times his work has been recognized by appointment to government committees. For the past ten years he has been a member of the National Advisory Committee on Aeronautics.

First Swimming Practice

The Swimming Team will hold its first practice this week from Tuesday at the University Club, in Trinity Pool, behind the Copley Plaza Hotel. Both morning and evening practices will be held. Tickets are now on sale, and go for $1.00 per couple. The swimming team will be ready for the first division of the Eastern Conference.

ATTENTION

Freshmen and Sophomores

Your attention is called to the fact that your registration for courses in par- ticipants in parades or other traditions of the Institute must be rendered visible. Your attention is called to the fact that the expense of registering Insti- tute property, damaged in connection with Field Day, will fall entirely on the students, each of which, you are to be assured, can ill afford any ex- pense.

The Institute Committee and the Junior Prom Committee are united in cautioning you against undue influence Dormitory groups and are advising you against the dissipation of your treasuries.

Field Day Pictures

All Field Day teams will find it to their advantage to get out early on Friday if they are at all interested in having moving pictures taken of them in action. No pictures will be taken after dark.

MUSICAL CLUBS

An accompanist is needed for the Glas Club. The Management requests that all those interested report to the office on the third floor this afternoon at 3 o’clock.

Me. and Mrs. Burstow, members of the Society of Industrial Engineers, are enjoying an excellent dinner at the Faculty Club. The dinner was one of the regular monthly dinners served by the Society.

In the meeting of the Board of Directors of the Society of Industrial Engineers, held this year, the following officers were elected for the ensuing year: President, A. K. Baker, '36; Vice-president, O. K. Kaiser, '36; Secretary, G. W. Helman, '36; Treasurer, J. D. Turner, '36; and Librarian, A. K. Baker, '36.
