BRYANT'S BAND
NAMED FOR JUNIOR PROM NEXT MONTH

Sign-ups Will Begin Monday in Lobby; Price Set at $5

Program Is Revised

Bryant's Orchestra, formerly of the Junior Prom, has been renamed for the Junior Prom, the program for which has been completely revised. A new feature will be director of the evening on the prom, the revised program showing that dancing at 10:30 will open the prom activities. The program committee plans for the grand march at 11 midnight, supper at 12:30, and dancing continuing until 11.

Sign-ups, which will start next Monday, will be held in the Main Lobby from 9 to 10 and 12 to 2 o'clock daily. The sign-up fee will be $5 with a reservation and a $5 charge in March. The price of the Prom which will remain at $5 as previously planned, has been accepted by the budget committee according to Edward W. Abbot, '28, chairman of the Junior Prom Committee.

Clark Game to Be Followed by Dance

The Beaver Key Society will hold a dance in the Walker Memorial to follow the basketball game with Clark on Saturday night. The game is known as the Beaver Key Dance of the basketball season.

The Territorials will furnish the music for the affair. This dance is coming as a sequel to the Dorminer Dance being held tonight. Beginning at nine o'clock, the dance will last until midnight. Admission is fifty cents per person and includes both the dance and the game.

Institute Conducts Research on Small Model of Cape Cod Canal

Reynolds, Drisko Study Tides In Preparation for New Lock

Tides of the Atlantic Ocean have been brought into a laboratory of the Institute of Technology, under the direction of a professor, to the will of engineers for study of northward. The maximum velocity of the tides in Buzzards Bay is rising to stop the swift tidal currents which ships avoid the sea level waterway, is five feet peeted to make the waterway safe for

SOPHOMORE HOP's CABINET SETTING MEETS APPROVAL

Leo Hanson's Broadway Bellows to Play Newest Musical

FROM GIRL KEEPS SECERT

Under the direction of an impersonal dance committee the sophomore hop, which is to be one of the finest and most successful dances of the Class of 1930, is being prepared by the student body and the committee.

The event will be held in the Walker Memorial tonight. Professors Robert E. Stewart, of the faculty, will introduce the speaker of the evening, while the orchestra will play.
DORM DINNER DANCE

A guest speaker at the Dormitory dinner and dance, the Committee has secured Professor Egon Bitt, a native of U.S.A. He has never visited the country as a traveling speaker from the University of Bologna. We are sure his sober cantonments will fascinate the ground and his words will be well-received by the undergraduate who is now engaged in such activities. Professor Robert E. Rogers is acting as master.

The Dance Committee under the leadership of Joseph J. Webster has been working hard to make the affair rival the Junior Prom. For the past two years the Dance Committee has grown in importance, and this year promises to surpass the others. There will be a great deal of High School interest, and it is apparent that dormitory men should not miss it. It is attendance on functions such as this which increases the value of college life.

CARRYING ON

The TECH, after fifty-two years of continuous service, has many difficulties. The difficulties have come and gone but the traditions and policies of the paper have remained substantively the same. In looking over the past year and second, it is quite easy to see that our high principles are preserved to the younger men, through the ideals of the newspaper. As the new volume begins, we urge to do our best to keep the tradition alive.

As the new volume begins, we urge to do our best to keep the tradition alive.
Terry Cotton is a welcome addition to the team, as he is the first new face since Coach Mc- 
Cary had been introduced to the team earlier.
People know it..

Chesterfields are Milder

When you ask a Chesterfield smoker why that's his brand—he generally comes right out flat-footed and says..."It's because They're Milder!"

So we're going to keep on doing everything we know how to keep them that way.

That's why we look for and buy the mildest and ripest tobaccos we can get. That's why we age them in our warehouses till they're mellow and sweet.

We believe that even the shredding of the tobacco...and the quality of the paper it's rolled in, have a lot to do with the even-drawing, mild smoke that people enjoy in Chesterfields.

You can bank on this...every method known to science is used to make Chesterfield a milder, better-tasting cigarette that satisfies.

Chesterfield Radio Program—Every night except Sunday, Columbia coast-to-coast Network.
