Hierarchical Residents Rank
Above General Average, Fra-
rativity: A Record of Continuous New
Many Students Listed
Admissions By Dean's Office.

The general average of all under-
graduates students was 0.371 to 33rd place
ing body of the undergraduate assoc-
ations, but both musical activities
pear in Friday's issue of THE TECH.

This rating represents an increase of
the average of the students from 39th place to 7th place—
with an
average rating being 3.34. 
The aver-
group representing the great-
est percent had been making up the var-
sity sports catalog, who came in with an
average of 3.500. On the other side publications the students surpassed the
management.

Activity Men Rank High
Men in both the dormitories and the
activities was much higher than the
average of all other students. It was 3.42 and represented an
average of only 4.60 over last year's

The management of THE TECH, 
although showing a decrease of
yet, shows all publications with an
average of 3.762. On the other side publications the staff surpassed the
management.

SCHOLARSHIP'S RISE

The psychologist is explaining the grading process in the student's dormitory when he sees a group of freshmen studying the results of financial aid. He might predict with the advent of inflation and higher prices a gradual reversion to the slothful attitude of the student. All over the country, the attitude of the student seems to be to get more for his money than before. The trend is towards a smaller dollar, and the student's attitude is changing. The need for scholarship and loan aid from the family is detrimental to scholastic rating is to be grossly misinterpreted. The need for scholarship and loan aid from the family is detrimental to scholastic rating is to be grossly misinterpreted.

Students are complaining with the promise of unlimited funds. Tuffy was saying he could always get money, but in the end he was not there. Now if we had not been given the truth early in the course, he and the rest of the gang might not remain, if they stay, this much...

We'll be a writer of sorts. Yes, indeed. Cut off quite a little in his time. For an hour he wrote it regularly, about twice a week. We'll be a writer of sorts. Yes, indeed. Cut off quite a little in his time. For an hour he wrote it regularly, about twice a week.

She? Well, how much did she know? She? Well, how much did she know? She? Well, how much did she know?

Therefore, in connection with the grading process in the student's dormitory, it is well known that the student's attitude is changing. The need for scholarship and loan aid from the family is detrimental to scholastic rating is to be grossly misinterpreted. The need for scholarship and loan aid from the family is detrimental to scholastic rating is to be grossly misinterpreted.

BRING BACK ROMANCE

MUCH ado has been made in recent gangster fiction of the phenomenon of the socialistic. To be radical now-
1933 Soccer Schedule
Annnounced by Manager
The varsity soccer schedule for the season 1933 as recently announced by Manager John Hainsbridge is as follows:

October:
7—At Yale
11—At Harvard
20—Brown, at home
November:
1—At West Point
4—Tufts, at home
10—At Clark
15—Freshmen

The home games will be played at Coop Field where the cheerleaders will be present.

First Meet with Harvard
The first meet of this year is against Harvard. Four years ago a close fight was fought against Harvard. The Harvard varsity team was the only team to have defeated us in the last year's meet. Last year the Harvard varsity squad is expected to be stronger than last year's team.

First Year Men Wanted
The first year men are asked to report to the trackhouse any afternoon at 4 o'clock and ask for one of the managers. Anyone interested in track can report to the trackhouse anytime in the afternoon.

About thirty freshmen attended the Tech Engineering New Smoker yesterday afternoon at five o'clock in the Hangar. Besides various members of the managing board who spoke, Mr. Frederick O. Fassett, Jr., of the English department and Mr. J. Ryne Killian, ’28, editor of the Technology Review were the principal speakers.

Mr. Killian said in part: "It is remarkable how many men on the managing boards of the publications have made their marks in the world after they graduated from the Institute." He also mentioned that 153 students at the Institute participated in publications work last year, and that the gross business of the four publications has amounted to about $25,000 in recent years.

Mr. Fassett, in his address wagered that "... your composition will improve 10 per cent because of the permanent of having your work in print."

First Year Men Wanted for Managerial Work
Two of the major sports of the Institute are the lack of freshmen assistant managers. Both the boxhouse and the trackhouse have need of first year men who are interested in trying out for the positions of sophomore assistant managers and ultimately for manager of the respective sports.

In former years from seven to eight men had reported for each sport but this year only one man has shown any interest. Any freshmen interested in crew is asked to report to the boxhouse any afternoon at 3 o'clock and ask for one of the managers, while those men interested in track can report to the trackhouse anytime in the afternoon.

**CALENDAR**

**Tuesday, October 3**
- Unity Club honors five freshmen and transfer students, under East Balcony, Walker Memorial Dining Hall.
- P.M.-Field Day Mass Meetings, freshmen, Room 18-250; Sophomoremen, Room 5-259.
- P.M.-Unify Club Meeting, Faculty Dining Room, Walker Memorial.
- P.M.-Graduate Club for North, Walker Memorial.

**Wednesday, October 4**
- P.M.-Lecture Room, Freshmen, Room 18-250; Sophomoremen, Room 5-259.
- P.M.-Unify Club Meeting, Faculty Dining Room, Walker Memorial.

**Thursday, October 5**

**Friday, October 6**
- P.M.-American Society of Civil Engineers, North Hall, Walker Memorial.

**Corporation XV Opens Drive for New Membership**

An extensive membership campaign starting tomorrow will launch the activities of Corporation XV, society comprised of men in the business administration field. The only open dinner meeting of the year will be held within the next two weeks, and all features will be sponsored by the joint developers of the NRA and its problems by a prominent speaker.

**Professor Rogers on Radio Tonight**

Professor Robert E. Rogers, who is on a tour of lecture giving during the current period, will be heard over WNAAC and the Ypsilanti Network at 8 P.M. this evening in behalf of the Institute of Chemical Engineering, Inc. E. C. Duesler, president of the Institute staff, one of the joint developers of WNAAC, will present an illuminating talk on the subject of the artificial irradiation of the world. The musical part of the program will be presented by the WNAAC orchestra and Bertolotti's wife, Marie Maria, Koppens, assistant.

**T. C. A. Re-Opens Ticket Service**

The free ticket service of the T. C. A. is being prepared for the purpose of making the opportunity of registering seats at the Tech function, will be re-opened today. The service also helps students in arranging for transportation. Any student wishing to avail himself of this service should go to the T. C. A. office and fill in the application for the required list of tickets. The T. C. A. hopes to be able to meet all registrations by the continuation of the ticket service.

**1932 ICIA Movies to Be Shown at Track Rally**

All track candidates are invited to make their way to the territory rally which will be held in Room 2-176 at 5 o'clock today. Only the most up-to-date and comprehensive material will be shown, and any student wishing to avail himself of this service should go to the T. C. A. office and fill in the application for the ticket service.

**BE A GENTLEMAN**

HAMILTON'S ADVICE TO DORM FRESHMEN

In the evening the freshman evening meeting, having completed the upper volume of THE TECH, he will begin his work for the second term, he will be present at the Institute. His account eta 1912.

Mr. Little reminisced on the history of the Dramashop and its activities. He went on to say that the Dramashop is one of the most important organizations at Tech, and that its members are often called upon to perform in front of large audiences. He also spoke about the work of the Dramashop in the past, and how it has evolved over the years.

Mr. Little went on to say that the Dramashop is an organization that is open to all students, and that anyone who is interested in acting, directing, or designing can join. He emphasized the importance of the Dramashop's role in the student body, and how it helps to bring people together and create a sense of community.

Mr. Little ended his speech by saying that he is proud to be a part of the Dramashop and that he looks forward to seeing it continue to thrive and grow in the future.
