Fail to Pass New Rule at Institute Committee Meeting

Student Curriculum Committee Membership is Defended by Single Vote

The Institute Committee yesterday met to pass a motion that the chairman of the Student Curriculum Committee Board be a member of the Institute Committee. Donald K. Lantz, '34, proponent of the idea, said that the plan would give members of the committee an incentive to work for the committee and could benefit from the representation. On the other hand, the opponents, including W. Randolph Churchill, '34, and Louis J. Huber, '34, stated that the Institute Committee was the only organization that could work for the committee and would not help the curriculum committee.

DORMITORIES HOLD FIELD DAY DANCE

Sammy Liner's orchestra will furnish the music at the Field Day dance, which will be held in Memorial, Friday, Oct. 27, from 9 until 10.

The dormitory committee has charge of tickets, which can be secured from any committee member for $1.36 per couple. The dormitories will be held open from one until eleven, as a concession to dormitory residents having guests for dinner.

More chances have been given this year in comparison to past years, and G. Kirganos, Crosby, 24, states that the dance should be a greater success this fall than last year. All students are invited, the committee is determined to direct dormitory residents.

TECHNIQUE SIGN-UPS DUE WEEK OF OCT. 23

Seniors pictures will be taken this year in a room in the Institute. The Technique announce, and this is the first time that the Institute has had any pictures taken. Everyone is invited to take part in the project. The pictures will be taken on Tuesday, October 25, and will be open to all students.

Both Classes Show Increased Spirit As Preparations For Field Day Reach Final Stages

BRIGGS FLEES FRESHMAN KIDNAPPERS; LEAVES TOWN

Is Not on Any Field Day Team, Is Subject to Abduction

Phillip C. Briggs, Sophomore president, will be out of town by Monday. He will be away the entire weekend for an authoritative object. The object of this move, it is learned, is to try any attempts the freshmen might make to kidnap him.

In the past it has been the tradi- tion of the Freshman class to make an attempt to kidnap the Sophomore president a few days before Field Day and hold him prisoner until after the meeting. When he was brought triumphantly on the field as the freshman leader, many of the former Sophomores have been known to make such a miscalculation or bungling of one's plans, as any class which fails, to a number of the opponent's, the plan is therefore em- braced.

PHILIP C. BRIGGS, '36

Sophomore President

to abduction. He has taken the necessary precautions in order to prevent a disaster.

HARRIERS HOLD OPEN SEASON TOMORROW

Captain Mann Leads Engineers Against Rhode Island State Outfit

With Rhode Island College as their opponents, the Technology varsity and freshman harriers opened their season at Providence yesterday morning. The ten students, who have not yet had an opportunity to compete against the Rhode Island team, were announced by the Institute Committee.

The seven men who will run for the Rhode Island varsity are Carl H. Wilson, '34, director of the attack on the freshmen, and John W. Anson, '35, president of the university. The object of the drive will be to raise $3,750, which is $750 less than last year's budget. Three students have been appointed project chairman, and the plan of the campaign will be announced later.

The drive committee is headed by George E. Best, '34, chairman, and Charles W. Wallace, '34, assistant treasurer. Peter G. Grant, '35, is assistant treasurer. The plan of the campaign will be announced later.

The Detroit Technology Club was formed particularly active, while the California club is quite as important, according to the number of members. The club is being formed partly because it is made possible by the members of the alumni located in various parts of the country. He pointed out that the very opposite thing is true.

T.C.A. DRIVE TO BEGIN OCTOBER 30

Budget Is Reduced Over $700; Contributions Support 17 Departments

The T. C. A. drive will have a duration of 10 hours, from 9 o'clock, October 30 to 8 o'clock, Friday, November 5, during which time it is planned to raise $1,000, which is $750 less than last year's budget. To aid the present president of the T. C. A.IF,能使 Sophomore president and Sophomore will be asked to contribute time to the drive.

The drive committee is headed by George E. Best, '34, chairman, and John W. Anson, '35, president of the university. The object of the Drive will be to raise $3,750, which is $750 less than last year's budget. Three students have been appointed project chairman, and the plan of the campaign will be announced later.

TODAY we heard someone say in skeptical reply to a friend, "Where's Elmer?" is a phrase that apparently is spreading itself all over the country much the same as did its companion phrases "I'm Elmer?" and "Where is not sauce for the goose is not sauce for the gander?" Used in the speech of every American who wishes to assure his neighbor that he is a "jolly good fellow" and a typically American citizen.

But how amusing it is that while we so eagerly copy the German people for their close-like following of Adolf Hitler, at the same time we eagerly snatch up a cheap piece of slang and use it in our daily speech to show that we are modern heart.

Why is it that what is sauce for the American goose is not sauce for the German gander?

Used in the speech of every American who wishes to assure his neighbor that he is a "jolly good fellow" and a typically American citizen.

If class spirit be a cyclical phenomenon, the Sophomore class of this year, which experienced considerable difficulty in finding a group魂 could in the locker rooms. With a good organization, the commuters have a greater interest in the affairs of the Institute.

The plans for local commuters' clubs have not been completed in any but a few cases, but several are expecting to become organized in the near future. The value of these organizations cannot be overestimated. With them, groups which formerly had little or no separate activities, such as dances or sports, have the opportunity to gather together and become better acquainted than they could in the locker rooms. With a good organization, the commuters will have a greater interest in the affairs of the Institute.
Voluntary Art King would like to see any first-year men who desire a live managing post at the A. A. office in Walker any afternoon, or down at the boathouse in the morning. Dr. Stidger has traveled extensively during the past year the gatherings will take place at Soldier's Field. In charge of Coaches Selvidge, '32, now at Harvard, Jack Colby, '35, and Paul Kelly, and Sullivan are also veterans. Although Coach Bill Hallock has one of the biggest turnouts in Tech now, Bill Haines has one of the biggest turnouts in Tech for his team in last fall's track meet, Bob Manlin, John Barrett, Mort Beal, Greenwood, Ralph Ranger, Richard Verett, Doris Granger, Kaye Storalge with Delivery Service 600 MAIN STREET Tallow Granger who didn't keep to the Institute.
