Death From Heart Failure Brought on By Exertion

Rupert Marden, '33, Dies During First Attempt to Scale Lion Head Trail

3 PARTIES MAKE ASCENT

Military Society

To Be Organized

Freshman Honor Drum Group to Be Patterned After Burning Hills

A group of Sophomores and Juniors are attempting to organize an honor basic Military Science society, with the idea of making it a chapter of the Freshman Honor Drum group. The result of drum will be first and second hour on Tues-

These men, under the leadership of Bernard H. Nelson, '33, Eliot E. Both, '33, H. W. Trumbull, '33, hope to establish a local society that will hold the end of the present scholastic year be worthy of admission to the National Society of Burning Hills.

This society, founded by John F. Parring in 1932 at the University of Nebraska, has taken its place in American college life as a part of the drill staff, the majority of the members being from the engineering class.

A thorough training in military drill and the A.C.T. of the society at the institute. Meetings will be held once a month at the drill field and there will also be on the part of the fresh- men Rotilary of American Science. In addition to various technical sessions the students will be the presence at various scientific lectures at various times throughout the year.

There will be no students except a maximumillian fee of $5.

T. C. A. BUDGET: STILL SHORT

Announcement of the revised T. C. A. budget will be deferred for some time because of incomplete data. It is necessary because the recently concluded budget survey and the requirements of the original budget will be held during the fiscal year which began last August.

Although the drive has been of considerable success, it does not have anything to contribute to the T. C. A.

Counting Street Cars Is New Classroom Diversion

A large number of ingenious methods of wasting time in classes have been discovered during the history of the Insti-

tute, but the plan of giving tickets to those who are keeping scores has never been brought to light. In a class-

room which has had a student not to be published, there will be an informal tour of duty to be kept by every five-

minutes.

Seabard and Blade

Pledges New at Military Dance

The semi-annual formal Military Ball of Seabard and Blade will be held this Friday in Wallace Memorial Hall, from 9 o'clock to 2 a.m. There will be an orchestra from the Boston Symphony, together with a special force of drummers, fiddles, and other uniforms. At 11 p.m. the band, to be furnished by the Terpsichorean Society, will present an entertainment program.

INSTITUTE MAN SECOND

N. E. CROSS-COUNTRY INTERCOLLEGIATE RACE

Beaver Harriers Take Sixth Place at Championships

Jenkins Loses Title by Five Yards; Freshman Team Wins Third

MOFFATT TAKES SIXTH

Returning to his first championship cross-country race, Moffatt, '33, of Technology, finished sixth in the New England Inter-City College Championship at the Park Track yesterday. Moffatt was the finisher by five yards in the Freshman race, taking the title at New Hampshire State, who won the race in the time of 21:14. Moffatt took sixth place, with 147 points, new record for the year, with a score of 28.

For the first four miles Jenkins, '33, of Technology, and New Hamp- shire's, and the black brothers of Maine fought for the lead. About three-quarters of a mile from the finish, DeFrost went ahead and stayed until the last 400 yards. At this point DeFrost was overtaken and passed his opponent, but lost his lead to a fellow-runner in the final fifty yards.

Freshman Almost Take Second

The other engineer-pointers were Barrett, Talbert, Ranger, and Fitch, in 4th, 5th, 8th, and 9th positions, respectively. Nichols and their favorites, but did not score.

In the freshmen meet, Technology's performances far better than their varsity brothers. The Engineer En-

tries were folded with a score of 114 behind Tech's 202. The Rotary at the 1932. The ceremonies were conducted by a small group of relatives and friends, including Robert Warren Anthony performed.

Leonid Meteors to Appear This Week

What promises to be the previous instance of this phenomenon is set to occur this Wednesday, Nov. 29th, during the period of Leonid Meteors. It has been predicted that the Leonid phenomena will be visible for the next few years, with the maximum expected in 1932.

Seaboard and Blade pledged new at Military Dance

The semi-annual formal Military Ball of Seabard and Blade will be held this Friday in Wallace Memorial Hall, from 9 o'clock to 2 a.m. There will be an orchestra from the Boston Symphony, together with a special force of drummers, fiddles, and other uniforms. At 11 p.m. the band, to be furnished by the Terpsichorean Society, will present an entertainment program.
WE stand at the end of a great era. Democracy, competitive capitalism, and world peace will soon be gone. Economic nationalism has triumphed. The handmaidens of economic nationalism have triumphed first into the rear of our social and economic system, possibly in a different civilization, tomorrow. The period that we are leaving behind may be characterized as the era of the American student's mug. All the froth from the American student's mug.

We rest five hours there, giving Macdonald many attention, not for the first time.

When Macdonald had apparently fully recovered, the descent was continued, and the final effort was made to build a fire at the camp. Macdonald could not be persuaded to leave his bed, giving no hint of pain, if he would only come along. At last he was persuaded any way into the party while they prepared his bed, and was in the best of spirits, although he was not really well. "He just seemed to stop breathing," said one of the company.

Work for Hours on Body

The four surviving members worked incredibly trying to mass the body into the sled of branches. Finally, at 7:30 Sunday morning, they stopped, and the body was laid on the sled of branches. Marden, who was the most soundly built member of the party, then started the descent to the Hermitage Lake shelter, which they had occupied the day before when they built a fire and made hot stimulants for Macdonald, who was able to partake of them by his own efforts.

The party rested in the house, giving Macdonald many attention, not for the first time.

Jenkins Takes Second in N. E. Meet

Sports Comment

Varsity Wrestlers Prepare for Meet With Harvard Team

Ricks Trains Candidates for All-Tech Tournament

Coach Ricks yesterday issued a second call for candidates for the varsity wrestling team. Although most of the team are on their way to 15, Harvard, Coach Ricks has filled his roster to all his limits. He is able to rely only on about 20 men competing for positions on the varsity, and if few have been turned away in the next few days a Junior Varsity schedule can be arranged with several of the neighboring colleges.

Last year's varsity and freshmen who have reported thus far are: Pool, 135 pounds, last year's runner-up in the N. E. Intercollegiates; Boyan, 145 pounds; Arnold, 155 pounds; Hazlett, 165 pounds; Paul, 175 pounds; Smith, 185 pounds. The team is coming along well and if Runkle can continue the form that he has shown since he began to work we expect that he will receive the plate signifying the championship.

Variable Factors

At the last Advisory Council meeting it was decided that from now on girls will be admitted to the dormitories at night. The number of girls will be restricted to the usual number that our facilities will permit. The new ruling will mean that there will be more inspections, and if any infraction of the rules is noticed any information will be taken down by the inspectors that the players may need. Also the team will have a driving net so as to be able to practice without danger of losing balls. This arrangement has long been desired by the members of the team.

WMLX to Keep in Touch With Byrd

Radio Society Is Repairing Equipment to Double Its Power

The Radio Society is repairing equipment in the hope that the broadcast, which has long been desired by the members of the team, will be welcomed by the coach. Hockey is one of the few sports which freshmen are not allowed to substitute for P. T., but at the next meeting, December 15, Mr. Dufus expects to open a good freshman tournament Thursday morning.

Speaking of Men's Hockey, we are not permitted to see his excellent lineup in the recent New England Intercollegiate Cross Country Meet in which he placed second, a scant five yards behind the leader. Most has been heard of nothing from the last opponent, the Geo. A. Mead School, and he is going to be even better before he graduates, if present conditions are any indication. He ranks with Johnny Keane as being one of the best defenders that the team has turned out this year.

The regular seniors in Detrioty baseball has come to an end, and the winners of the respective leagues are now engaged in a series to decide the championship. In the former league with a record of no losses, won the first game of the playoff series; the second game was lost, but they have taken the first two. The regulars of the respective leagues and winners of the other two are the players who are now playing a best-two-of-three playoff, and if feasible can continue the contest until next spring. The gain possession of the coveted league plate signifying the championship.

Varsity and Freshman Basketball Schedules

The varsity and freshman basketball schedules as announced by Samuel Don Cate are as follows:

Varsity Basketball Schedule

Dec. 15-17-Ashland.
Dec. 16-Jan.-Amherst.
Jan.-L. Lowell Tech.
Feb. 21-Feb. 24-Peabody.
Feb. 24-Mar. 6-Bridgewater.
Mar. 6-Mar. 17-Boston Boys' Club.
Mar. 21-Mar. 25-Boston.

The tournament will begin with a first-round game in each conference; the winners of these games will meet in the second round; the winners of the second round will advance to play for the championship.

Men's Basketball Schedule

Dec. 15-17-Ashland.
Jan.-Amherst.
Feb. 21-Feb. 24-Peabody.

Tuesday, November 14
4:00—American Society of Mechanical Engineers' Meeting, Room 3-316.
5:00—Society of Automotive Engineers' Dinner, Faculty Dining Room, Walker Memorial.
5:00—Burton Dinner Club Dinner, Grill, Walker Memorial.

Wednesday, November 15
5:00—Unity Club Meeting, West Lounge, Walker Memorial.
5:00—Combined Professional Societies Meeting, Room 3-325.
6:00—Graduate Hall Dinner Club Dinner, North Hall, Walker Memorial.
6:00—Meeting of the Christian Science Organization, Room 10-250.

Thursday, November 16
1:30—Chemical Society Trip.
4:00—Episcopal Student Club Ten, Faculty Dining Room, Walker Memorial.
5:00—Plant Engineers' Club Dinner, Grill, Walker Memorial.
6:00—Combined Musical Clubs.
6:00—Corporation XV Dinner Meeting, North Hall, Walker Memorial.

Friday, November 17
3:00—Alfred Lecture, Room 3-270.
5:00—Aeronautical Engineering Society Meeting, Room 5-330.
6:00—Chinese Students' Club Dinner Meeting, Faculty Dining Room, Walker Memorial.
6:00—Goldband and Brady Military Hall, Main Hall, Walker Memorial.

DR. COMPTON WILL SPEAK TO COR. XV
President Karl T. Compton will be the featured speaker at the next Corporation XV dinner meeting, which will be held Thursday in North Hall. President Compton is a member of the Science Advisory Board and will talk on the workings of that organization in his talk, “Science in Government.”

THE TECH

TECHNOLOGY CHEMICAL
SOCIETY PLANS TRIP

Members of the Technology Chemical Society will go on a trip through the most packing plant of John P. Squire & Co. next Thursday afternoon. The group will meet in the Main Lobby at 11:30.

The Chemical Society is planning a number of interesting out-of-town trips during the coming year. All those who are free for such trips should sign up on the Society's bulletin board next to Room 4-470.

MUSICAL CLUBS WILL HOLD MASS MEETING

In order to change the name of the Combined Musical Clubs, the executive committee of the club has called a mass meeting of all members at 8:30 p.m. next Thursday in Room 10-250. This revision of the Constitution will be made because of recent agitation urging a change.

The Combined Musical Clubs is composed of the Glee, Instrumental, and Bar's Club, and the Technicians, a dance orchestra. This organization presents several concerts during the school year, as well as numerous concerts outside the Institute.

CHESTERFIELD

Chesterfield

the cigarette that's MINDER
the cigarette that TASTES BETTER

about Cigarettes

There are 6 types of home-grown tobaccos that are best for cigarettes

BRIGHT TOBACCOS
U. S. Types 11, 12, 13, 14.

BURLEY TOBACCO
U. S. Type 31.

SOUTHERN MARYLAND TOBACCO
U. S. Type 32.

U. S. Type 11 is produced in the Piedmont Belt of Virginia and part of North Carolina.

U. S. Type 12 is produced in eastern North Carolina.

U. S. Type 13 grows in South Carolina.

U. S. Type 14 is produced mostly in southern Georgia—a few million pounds in northern Florida and Alabama.

U. S. Type 31 includes what is called White Barley tobacco. It was first produced by George Webb in 1864. It is light in color and body, and is milder than the Barley used for pipes.

U. S. Type 32, Maryland tobacco, is noted for its "burn". In this respect Maryland excels most other tobaccos.

These are the kinds of home-grown tobaccos used for making Chesterfield Cigarettes.

Then Chesterfield adds aromatic Turkish tobacco to give just the right seasoning or spice.

Chesterfield ages these tobaccos for 30 months 2½ years to make sure that they are milder and taste better.

DANCE HELD BY CATHOLIC CLUB

The Catholic Club held its second informal dance of the year at Walker Memorial last Friday evening. The music was supplied by Jack Mar- chard's orchestra.

Members from most of the Catholic clubs in the New England Federation, including Smith, Wesleyan, Simmons, Railroad, Emmanuel, Portia Lan- dron, Emerson, and Franciscan and Keene Schools, attended the dance.

EPISCOPAL STUDENTS TO HOLD TEA MEETING

The Episcopal Students Club will hold a tea meeting at 4 p.m., Thurs- day, in the Faculty Dining Room of Walker Memorial. Mrs. E. Schooling of Trinity Church is in charge of prepara- tions. About 50 guests are ex- pected.

UNDERGRADUATE NOTICE

Positions for Sophomores as assistant wrestling managers are still open and completion for manager- ship will start immediately. Those interested may report to the Hangar Gym any afternoon at five o'clock and not for Baseball Club.

INFINARY LIST

Raffeld L. Paukheiser, George E. Merryweather, William A. Shee, Peter C. Wickett, R. Hurley, F. A.
