To the Editor of THEM:

I wish to afford the statements in the editorial concerning the U. S. C. oast defending itself against the U. S. Navy, which I have sent to the United States Navy, because I have done it. Let me protest in some small way against the influence of such statements in the press, which I believe, will give an impression of the attitude of the United States Navy for the year 1934.

The Editor.

March 12, 1934.
The committee took all the Italian and Spanish with. The list was split up both according to
fraternities, and other staunch friends. We immediately composed a committee of
a group as possible. We passed the word around that as many dormitory as
possible. We quickly drafted the proper form, and submitted it to the
Committee meeting on Thursday. As I was on the Associate Board of

"WHEN A FELLER NEEDS A FRIEND"
By THE EDITOR:

The trend to abolish Saturday work, already common in industry, has appeared at Technology, shown by the fact that students and instructors have registered for Saturday classes in order to avoid Saturday work. This fact definitely shows that there is a desire among the students and instructors for the five-day week.

I feel that the five-day week will alleviate many disadvantages of the present system. These disadvantages are: (1) weekend classes are poorly attended, (2) one or two Saturday classes break up and spoil the entire program; (3) a great number of students and instructors for the five-day week, will have the following advantages: (1) it will eliminate all disadvantages of the present system; (2) it will be a saving of time for students and instructors, as far as possible, arrange their schedules to avoid Saturday classes; (3) instructors will have an incentive to do better work in order to avoid teaching on Saturday; (4) athletic teams, visiting other schools are hindered to cut Saturday classes; (5) those working their way through school are definitely handicapped by the interruptured schedules; (6) instructors and faculty who desire uninterrupted time, allowing free and uninterrupted time; (7) teams visiting other schools are definitely handicapped by an interrupted Saturday; (8) athletic teams visiting other schools are hindered to cut Saturday classes.

The new system, the FIVE-DAY WEEK, will do away with many disadvantages of the present system. This system will definitely show the student that students and instructors for the five-day week, will have the following advantages:

I personally express my appreciation of your effort toward keeping Granger fresh till used," writes Mr. H. S. Gray of Wilmington, Del., locomotive engineer on the Pennsylvania Railroad. He says:

"Having opened the package it was not opened and closed repeatedly, without excessive drying of the edges, assuring that the tobacco can be kept free from moisture and dust.

"I have heard several other locomotive engineers comment very favorably on the paper wrapper. I personally express my appreciation of your effort toward keeping Granger fresh till used."

FULLER THANKED AT TESTIMONIAL

Prof. Dean M. Fuller Presented With Cigarette Case

Prof. Dean M. Fuller of the English Department was the recipient of a testimonial dinner last night, sponsored by members of the Faculty Club, Technology Dames, and the Technology Matrons. During the course of the dinner, which was held in the Faculty dining room, Prof. Fuller was presented with an inscribed silver cigarette case. Dancing was held in the 5:15 lounge after the dinner.

About thirty members were present at the gathering, including most of the cast of "The First Mrs. Fraser," which was directed by Prof. Fuller.

As We See the Movies

It Happened One Night

Now in its third week, "It Happened One Night" is a fast-moving comedy of love in a cross-country bus. It deals with the flight of the runaway daughter of a captain of industry.

ON THE STAGE

"Midway Night," the outstanding new show at the Chicago world fair, is featured at the Keith. Rosalie and her celebrated fan dance, Mona Leslie's "Nudity in Gold," the Andrini Brothers' acrobatic act, and a number of other attractions with a chorus of Midway beauties.

COINING OUT PARTY

"Coining Out Party," an expose of the debonair social scene, is presented with Frances Dee and Gene Raymond heading the cast.

GOOD TASTE IS EVERYTHING

In cigarettes, too! So in making Lucky Strike cigarettes we select the finest "Center Leaves" and Domestic tobaccos—and only the center leaves—they are the mildest, the smoothest. And every Lucky is round, so firm, so fully packed—no loose ends.

RKO-KEITH-JANUARY 13

"It Happened One Night" continues.

RKO-KEITH-MARCH 20

"The First Mrs. Fraser" (a Technicolor production)

Fine Arts Theatre is now presenting "The Passion of Joan of Arc," the French picture held by New York critics as one of the finest screen productions ever released. One thoroughly enjoys this film, feeling for once that the superlatives used by the critics are justified. The story depicts the suffering of the French saint from the time of her capture by the English forces to her death at the stake. She is tried by shrewd politicians, tried and sentenced, suffering almost unbearable mental torture. Joan of Arc, believing herself to be sent by God to save France, is executed as a witch, a creature of Satan.

Besides this feature, the German picture "Die Privatsekretarin," portraying the story of a German girl, Renate Mueller, who comes to Berlin to seek her fortune, is presented.
