**Syracuse Team First**

Going to Syracuse with only three other institutions in the country, the University of Maryland, the University of Alabama, and the University of Wisconsin, the Cornell Intercollegiate debaters found themselves to be the only ones who failed to prove their worth against the best in the country. The Cornell team finished third in the Intercollegiate tournament.

**Captain Wetherill Wins Mitt**

Captain Wetherill, an intercollegiate boxing champion, was scheduled to face Bennett of Army. Wetherill quickly knocked Bennett out of the ring with a hard right. Wetherill was a seasoned boxer and was a pre-meet favorite. The third round was the most exciting of the fight, as Wetherill continued to hit Bennett with powerful rights.

**Carey Wins Mitt**

Carey, a pre-meet favorite, proved his worth early in the preliminaries. He was able to gain the upper hand on his opponent from Connecticut. Carey's powerful right hand was too much for his opponent, and he knocked him out in the fourth round.

**Musical Clubs Present First Sunday Concert**

The musical clubs of the University presented their first Sunday concert. The concert was well-received, and the audience was treated to a variety of musical performances.

---

**Final Results on Five-Day Week Poll**

- **Yes:** 35% (2,388 votes)
- **No:** 65% (4,146 votes)

- **Yes** has not been initiated because of lack of support.

---

**Tickets on Sale for Bankers Ball**

Tickets were put on sale for the Bankers Ball, which is one of the major events of the year. The ball is a formal event and is attended by many top business executives.

---

**Carey Wins Mitt in Title of Eastern Intercollegiates**

Carey, a pre-meet favorite, proved his worth early in the preliminaries. He was able to gain the upper hand on his opponent from Connecticut. Carey's powerful right hand was too much for his opponent, and he knocked him out in the fourth round.

---

**To Hold Stratton Prize Preliminary**

The preliminary contest for the Stratton Prize was held in the Community Center. The prize is awarded to the student who presents the best essay on a subject selected by the judges.

**Recommend Trial of Five-Day Week During Next Year**

Student Committee Committee on WorkWeek Plan for the next academic year.
of the past few years. With the lapses of activity in new construction, engineers have had no easy time and the term "Unemployed engineer" has already become a common streethood. As a consequence, more students are preparing for careers in science, which are not believed to be so lacking in importance.

An important factor in the strengthening of the science courses, especially physics, which has occurred since 1928, is the Institute Committee forbade open electioneering of candidates for the presidency of the Institute. With enlarged facilities and teaching staffs, Technology has attracted students interested in science who would not otherwise have come here.

One cannot predict how long this trend will continue. Perhaps the School of Science will become some day the largest division of the Institute. At any rate it is time that the layman no longer the assumption that every Technology graduate is either a bridge builder or a boiler-designer.

POSTERS

TECHNIQUE has placed upon the bulletin boards posters measuring 16"x22", in violation of the law of the Walnut Memorial Committee which requires that they measure 11"x17". Since other activities have conformed so regularly to the regulations, it is only fair for Technique to take advantage of this.

The little bulletin board space provided is scarcely adequate for the number of students in this institution. As an observation will prove. In justice to those organizations that have complied with this regulation it seems logical that the Walnut Memorial posters should be removed at once.

ELECTIONS

VOLUME LIV OF THE TECH is pleased to announce the election of the following members of the Tech staff: Francis L. Lessard, '36, staff writer; Harvey M. Marsh, '36, assistant service department; Albert A. Woll, '37, reporter.

OPEN FORUM

Norman Thomas, Esq.

My dear Mr. Thomas:

May I, on behalf of the Liberal Club, ask you for an explanation of your absence from the symposium on war conducted by the club Wednesday, March 24?

The hurried and announced suspension of Mr. Alfred B. Lewis as the Socialist speaker has left the Liberal Club in a poor light. It is said on the campus that the announcement of your name in connection with the symposium was purely a publicity move on the part of the club.

I should add that the Socialist Party has fared little better, many students declaring that the hurried and subsides maneuver to save face by avoiding debate with a Communist.

Proposers of both of these points of view base their opinion on first, the fact that you spoke at Wellesley the same night; and second, conflicting statements concerning your proposal and your absence made by myself as chairman (quoting Miss Mather, who arranged your part in the meeting, presumably with your knowledge) and by Mr. Lewis.

An explanation from you will clear the Liberal Club. If, in addition, you will be good enough to speak here some time in the near future, preferably at a proposed all-Tech anti-war conference, the matter will be satisfactorily cleared up.

Sincerely yours,

ROBERT M. JORDAN, '36.

SPARE THE HOST

One of the most salient features of the atmosphere around this campus is the absence of anything without cover. From the outside, this effect may be startling, but upon closer observation it becomes evident that this is not so. However, it occurs to me that this might not be all to the good. Perhaps the student does not like it. Or the liquor does not like it. After all, perhaps a case of the spare host is a thing of beauty.

Mr. Silvester and the System

We are constrained to call attention to Mr. Silvester's recent crusade against "The Tech." A very nice piece of work, it is both from the standpoint of the electioneering and the exposal of facts.

However, it seems to us, who have approached such an endeavor from a different and possibly a more liberal position, that Mr. Silvester would do well to remember, of course, that in the eyes of the public the "host" might be a case of the spare host, the "spare host" being from the standpoint of the student.

"WHEN A FELLER NEEDS A FRIEND"

When you can't draw a pair...you can draw pleasure from a pipeful of BRIGGS.

BRIGGS is:\n
- mellow, fragrant, smoke-free.
- you can pay twice as much for tobacco...not half so good.
- Won't you let BRIGGS win you in your next couple of cars...or in any other activity as possible. It is my opinion that many more men, perhaps in the situation of a liberal student, would partici- pate in such activities if they could do so with the friends of the evening meal at the Institute. Furthermore, they would then have time to go to the trackhouse, to the open air, and to the reasonable will immediately on the campus, in the case of anyone who has not good health, who is likely to be out of work. At the same time, a situation of some particular is unfortunately to be noted in the matter of the quarter's end. The students have to start practice in the autumn, and are always under the impression that the quarter's end is not far off; and yet there are many men who cannot afford to go to the trackhouse, to the open air, and to the reasonable will immediately on the campus, in the case of anyone who has not good health, who is likely to be out of work. At the same time, a situation of some particular is unfortunately to be noted in the matter of the quarter's end. The students have to start practice in the autumn, and are always under the impression that the quarter's end is not far off; and yet there are many men who cannot afford to go to the trackhouse, to the open air, and to the

Busboys Hold Spotlight at Cambridge Sports

Technology's banner was held the spotlight over the track and field meet at Cambridge Saturday. The Tech boys and girls won handsomely, and Capt. Frazier Wath- en was the most outstanding performer to give the team a fourth place. The gymnastic team, led a rather disastrous season, raised its banner only first place in a consistent point-scoring of Capt. Wally Wise, by losing to a last-place opponent at the last afternoon. The fencing team continued its good work by winning one meet and losing another by a close score.

JOHN WILBUR, '26 PRESENTED PRIZE

Dr. John B. Wilbur, '26, of the Department of Civil Engineering at the Massachusetts Institute of Technology, was awarded the annual prize for the outstanding paper presented before the Engineers' Section of the Boston Society of Civil Engineers. Dr. Wilbur's paper, which was presented on January 10, described "A Study of the Function of Highways and Transportation." The award was presented by the annual banquet of the Society.

COLLEGE MASON'S MEET WEDNESDAY

A meeting of college Masons will be held at the Richard C. Driscoll Lodge, A. F. and A. M., in the Masonic Temple, 1950 Massachusetts Avenue, Cambridge, on Wednesday afternoon, March 21, at 3 o'clock. The evening will be Professor Albert A. Schaefer, Deputy Grand Master of the Massachusetts Masons, who will be the guest speaker of the evening.

JAMES PRESENTS LECTURE TONIGHT

Mr. Edw. W. James, world travel- ler and engineer, will present an illustrated discussion of "A Engineer's Trip Through Columbia" at 6 o'clock this evening in the Grill Room of the Walker Inn, under the auspices of the University of Massachusetts Society of Civil Engineers. Mr. James was the author of the 1901 book "Columbia Inn," which has been translated into several languages.

Watch out for the telltale signs of jangled nerves

Other people notice them—event when you don't—little nervous habits that are the danger signal of your nerves.

And remember, right or wrong, people put their own interpretation on it.

So it pays to watch your nerves.

**THE TECH**

**TECHNIQUE HOLDS SIGN-UP CAMPAIGN**

Technique is holding a redemptions and sign-up campaign on Wednesday and Thursday this week in the Main Lobby. Between 9 and 5 o'clock, students have already signed up and may redeem any of the coupons which make redemptions possible. At that time the subscription price will be $1. A feature of this year's Technique will be a page layout including unique photography and special page color treatments that will have black covers with a large horizontal band and gilt lettering on the front.

**T. C. A. CABINET HOLDS MEETING**

There will be a meeting of the T. C. A. held in the T. C. A. office this afternoon at 4 o'clock. Members of the Senate, Junior, and Sophomore boards will be present. Only the two former boards have votes, however.

**ANTI-WAR CONFERENCE APPROVED BY FACULTY**

(Continued from Page 1)

"Anything that assures student interest in and discussion of current political problems should be valued," Professor A. T. Robinson.

"I favor any conference which promises all students to hear the problems of war and which discusses that in an unbiased manner," Professor Frederick K. Morris.

"I am, in principle, in favor of an anti-war conference," Professor Herbert Winer.

"I am in favor of any conference designed to awaken student interest in the anti-war movement," Professor F. W. Sears.

"I am for an anti-war conference and would like to see proceedings for one hundred thousand per cent," Professor W. E. Aragon.

A political science professor, who is told, recently asked a member of his class what government was doing to preserve wild life in America. To the student replied, "They have repealed the Eighteenth Amendment."—Phil Hays.

about Cigarettes

Practically untouched by human hands

WE'd like you to see Chesterfields made. We know you'd be impressed by the absolute cleanliness of our factories.

The tobaccos are the best that money can buy.

Expert chemists test for cleanliness and purity all materials used in any way in the manufacture of Chesterfield cigarettes.

The factories are modern throughout. Even the air is changed every 4½ minutes, and when you smoke a Chesterfield you can be sure that there isn't a purer cigarette made.

In a letter to an eminent scientist says: "Chesterfields are just as pure as the water you drink."

In the air is changed every 4½ minutes. Cleanliness is expressed by the absolute cleanliness of our factories. Chesterfields are just as pure as the water you drink. 

"Chesterfields are just as pure as the water you drink."--Professor F. P. Morris.

**HORWOOD BETTER SAYS PHYSICIAN**

Professor Murray F. Horwood is doing well, according to a report by Dr. W. P. Allis, Eastman Lecture Hall.

"Although he is not yet out of danger, he will be in hospital for a while longer," Dr. Kartick said.

Professor Horwood underwent an operation for appendicitis and blood transfusions under the care of the Medical Department member of the Surgery Department.

**ABOLISH R. O. T. C. IS COLLEGE PLEA**

Dr. Peace University, Indiana: Dr. Peace University has requested the War Department to withdraw the R.O.T.C. unit from its curriculum at the end of the school year. In 1933 military training was placed on an optional basis by President G. Bromley Osman and attendance has steadily decreased.

Ohio State University, Ohio: Ohio State University has suspended seven prefect students for their refusal to enroll in the compulsory R.O.T.C. centre.

New York University, New York: A recommendation that compulsory military training be abolished is in the air and appears to be gaining momentum. Several questions concerning military training will also be discussed. C. L. Prentice, 34, will preside at the meeting.

Missouri University has finally solved the indigence problem. Students are told that the indigence problem will be solved by the student body. Several questions concerning military training will also be discussed. C. L. Prentice, 34, will preside at the meeting.

New York University, New York: A recommendation that compulsory military training be abolished is in the air and appears to be gaining momentum. Several questions concerning military training will also be discussed. C. L. Prentice, 34, will preside at the meeting.
