Institute Begins Seventieth Year

Professor William B. Rogers
Was Technology’s First Great President

Explanations for the name and the establishment of the Massachusetts Institute of Technology are found in the original charter, which grants it a legal existence. It was adopted on February 13, 1861, by the Massachusetts Legislature in the form of an act of incorporation. The Massachusetts Institute of Technology was named in honor of William Barton Rogers, President of the Massachusetts Institute of Technology.

Prom Committee Announces Favors

Custom of Past Prom Retained; Sign-Ups Are Still Available

Contrary to last year’s announce-
ments, favors will be included in a ticket sold for $2. It was announced last night by the Prom committee that tickets for the gala affair will be available for a new feature, the unusual favor.

The committee plans to sell tickets at $2. In February, the year of the first sale, the remainder of this week from 7:30 to 9:30, the sign-up is open, and may be fa- vored on the basis of the ticket and the granting of the favor.

Table which are temporarily being offered for groups who have not paid for their sign-ups will not be held after the ticket is sold. Reservations are not paid for by the committee and will be placed on the sign-up list.

Invitations for the affair will be made available to the sum-up card Wednesday and Friday of this week. The sign-up card is to be given out at the time sign-ups are made. The sign-up will be in the form of a favor.

In 1866 the enrollment increased to 400 students, and it was the first time that the Massachusetts Institute of Technology had reached the milestone of 500 students.

FRESHMAN DANCE

Tickets on Sale

Advertise Affair by Means of Public Address System

In Main Lobby

Radio broadcasts were effec- tively employed by members of the freshman class to advertise the Freshman Dance in the Main Lobby, where the sale of tickets for the affair were made. The sale is to be held the Friday evening in Walker 510. The program is to begin at 8:30 and continue for more than 500 freshmen members.

Three Gore-Enders Featured

The radio apparatus is a public address system that was brought to the event by Curtis E. Erbele, Jr., '37. Records of popular tunes were played, and some of the freshman members of the orchestra were selected for their vocal and danc- ing ability.

Between the acts, the radio announcer featured three Gore-Enders, Frank Wall, Mowatt, and Lucke, with Dr. Erikson in attendance.

The ticket price is 50 cents for students and $1.00 for others. All proceeds will be used to fund the annual freshman dance.

Wrestlers Meet Strong Iowa Team

U. L. Is Defeated in Saturday Clash; Fall But One Match

Fresh from its 5 to 0 victory over Cornell on Saturday, the University of Iowa wrestling team is preparing for its match with the University of Iowa. B. U. failed to gain much experience in the earlier meet.

The return match is to be held on Saturday at 8:30 in the main gymnasium. The game is to be played on the third floor of the gymnasium.

Wellman, captain of the Iowa team, reported that the game was won by the University of Iowa. However, the outcome was determined by a score of 5 to 4 at 4:30 and by a score of 8 to 7 at 8:00.

Whether Varsity Crew Goes to Poughkeepsie Depends on Regularly Scheduled Races

Heavy Ice Keeps Crew Candidates from River Work

Enthusiasm High at Beachouse as Search for Varsity Crew Continues

LINEUP FOR VARIETY

NOT TO BE CHANGED

Overture To Be Held on River in March to Prepare for Yale Match

"It all depends on their showing in the regular races," said Coach Bill Haines last week when asked if a varsity crew would go to the Poughkeepsie Regatta.

The first race will be Yale at Lake Quinsigamond at Worcester, April 28. The second will be in compe- tition for the Compton Cup with Princeton and Harvard May 5.

The third and last race will be with Marcellus and Columbia on the Charles on May 13.

Incentive Awarded

To Four Recipients

It is reported that the first Pough- keepsie Regatta has been the most popular feature of past Junior Proms, and that the feature of this year’s Junior Prom, with an easily removable ink. This feature was devised by some of the students at the Massachusetts Institute of Technology.

A short intermission will occur when the former will play his "Band of a Thousand Melodies." Records of popular tunes were also available for the affair.

A为了让舞会成为一件大事，音乐将会演奏，包括尤特利・科斯的"Band of a Thousand Melodies"。流行歌曲的记录也会在舞会中播放。
He is the only one who has much to rely on the student for support. Neither of the two student organizations has failed to keep its position, at least from the student point of view, though it is always satisfying to see an increase in interest. At the Institute, it is with regret that we note the present activity of the Drama Club.

In defense of the "grind"

PROBABLY no student, at Technology or anywhere else, is as despised and persecuted as the one who devotes all of his time to his studies, to the exclusion of activities, athletics, and social life. If he is a Democrat, he is called a "crank," or, more locally, a "brown-bagger," but unless he is well-accustomed and known by his friends, he has no friends. He is just as likely to become the object of ridicule as the other men. He is despised not because he is superior, but because his attitude is different and his work is different.

Actually, the "grind" works hard because he enjoys it. He is the luckiest student of all, he is the one who has much probability of achieving success. Biographies of any of the famous scientists, for instance, indicate that nearly all of them, from early youth, spent as much time and energy as was possible in preparing themselves for their ultimate careers. Francis Parkman well said: "He who is the most industrious and his work is the only thing he really enjoys is often incomparably happier in his retirement than are those who do menial and scholastic effort as rather a painful process, to which they are compelled by some fate or others."
Bell Favorite in Club Sprint

Huddled Over Twenty Men in University Club Meet

Dick Bell will be seeking his third win in the sport in the University Club games on Wednesday night, February 20, 1934, following his second in the N.A.C.C. meet, held third in the Oy dendash, waving Wednesday of Navy.

Besides his star sprint, Coach John Nash has assembled over twenty men in the meet. These entries include five sprinters, two hurdlers, three pole vaulters, three milers, four half-milers, a one-mile relay and a two-mile relay team. Morton Johnson will run in the one-mile race instead of the two-mile relay, while the one-mile relay team will be strengthened by the return of Jarrell, having won the event last year and placed third the year before. On last Saturday the 60-yard dash, M. Schwartz and N. Gordon shared honors for the Amicians, scoring 10 and 12 points, respectively. While M. Schwartz and N. Gordon shared honors for the Amicians, scoring 10 and 12 points, respectively. The driving net in room 2-063 on the third floor of Walker Memorial will be used for the contest was the first of a series to be given.

UNDERGRADUATE NOTICE

All Freshmen interested in forming a Freshman Golf Team will please have their names with Mr. John Shockey as the Amateur Association will pick the best team that wishes to enter this league can contact Bert E. Rogers and other Institute members. Anyone who thinks science is trying to make human life easier, more pleasant is entirely mistaken.—Albert Einstein.

WILLIAMS ROMPS OVER TECH FIVE

Technology's varsity basketball team turned back to defeat last Saturday, when the Williams squad encountered the Engineers five by a score of 30 to 18. It was not until the second half when Williams used their second team, that the Technology team started scoring.

In a preliminary game the same evening, the Freshman team met the Freshman Tech team. The score at the end of the first half was close, but Williams then broke loose in the second half to take the game by a large margin.

COMMUTERS FORM BASKETBALL LOOP

Playing the first game of the Commuters Club inter-collegiate basketball season, the Commuters defeated the Chelsea Amicians, 42 to 33. The contest was the first of a series to be played by the local chapters of the K.I.B. club and was enthusiastically accepted by the supporters of both teams. "Chubly" Sichman starred for the Williams, scoring 13 points, while M. Schwartz and N. Gordon shared honors for the Amicians, scoring 10 and 12 points, respectively. Any local chapter of the K.I.B. Club that wishes to enter this league can contact Bert E. Rogers and other Institute members. Those last two matches will be fought as the Walker gym.

UNDERGRADUATE NOTICE

"The Scientist Looks at Europe Today," will be the subject of a talk by Professor Frederic K. Morris of the Geology Department at 4:00 o'clock this afternoon in Room 2-278. This talk is the first in a series to be given by Professor Morris, Professor Robert Schumacher, '34, Carl H. Irilson, '34, and George E. Best, '34. Other nominations may later be made from the nominations committee comprised of William C. Williams, '35, and George E. Best, '34. Other nominations may later be made from the nominations committee comprised of William C. Williams, '35, and George E. Best, '34.

TRINITY DEFEATS SQUASH, 3-2

Meeting each other for the second time this year, the Trinity squash team reversed the score of their last meeting when they defeated the Technology five, 3-2. The Engineers victories were in doubles by Wood and Gormo in straight games, while Terry, Engalls and Hurl were ousted out by scores of 3-2. The team will face Dartmouth this week-end.

WRESTLING TEAM TO MEET IOWA TEAM WEDNESDAY

As usual, they have been giving a good account of themselves in every match. Hurst Grodewill, the Iowa coach, was met with the U. S. 1932 Olympic team. The Technology line-up for the contest is the best in the last few months at the suggestion of John Oshry because of a leg injury.

CONCLUSIONS

The nominations were made by a committee comprised of William C. Williams, '35, and George E. Best, '34. Other nominations may later be made from the nominations committee comprised of William C. Williams, '35, and George E. Best, '34.

FENCERS TO FACE STRENUOUS WEEK

Technology's fencing team will face a busy week with two dual meets today and a championship meet all within one day. A three-week team will be entered in the B.A.A. New England championships tomorrow night the fencers will face the Providence Y.M.C.A., and on Friday they will take on Columbia. Those last two matches will be fought as the Walker gym.

AVOID SMOOTHIES OR CARDS?

It isn't cowardice—

it's their jangled nerves

No one likes a sudden, unexpected noise. But if you jump or even wince uncontrollably at such a time—check up on yourself. It's not cowardice. It's not timidity. (You'll find many ex-service men doing the same thing.) It's jangled nerves.

COSTLIER TOBACCO

Camels are made from finer, MORE EXPENSIVE TOBACCO than any other popular brand of cigarettes.

How are YOUR nerves?

TRY THIS TEST

Get enough sleep—fresh air—recreation. And make Camels your cigarette.

CAMEL SMOKE AS MANY AS YOU WANT...THEY NEVER GET ON YOUR NERVES!

TECHNOLOGY ENTERS ITS SEVENTEENTH YEAR

(Continued from Page 1)

number of students increased from fifteen to nineteen, and the staff from ten to thirty-seven.

Finally, more rooms and more adequate buildings were needed and the Institute was moved to its present site on the Cambridge side of the Charles River. From there it has continued to grow, and it has been able to adequately house the students in chemical engineering on its present site.

In sixty-nine years, Technology has developed greatly and many students have been instructed in the institute. In the more recent years, the students have been given more room and more adequate buildings.

UNDERGRADUATE NOTICE

Nominations for senior week are to be on Friday, February 23, 1934, and will be presented to the Sophomore Hop Committee by members of the Dance Committee. Reservations for tables will be made next week.

COMPTON AND AYDELOTTE SPEAK AT ALEMNI DINNER

(Continued from Page 1)
thousands of dollars, was taken care of by Mr. Strauss himself.

He mentioned that President Compton sought to improve many of the arguments presented by professors and technical instructors in general.

In presenting one of the points appropriately raised, President Compton emphasized the idea of cultural education adapted to present day conditions. He also emphasized the need for adequate buildings in the institute.

In most technical schools the rapid expansion is given to the lack of proper buildings.

In conclusion, the report was very impressive, and it is to be hoped that the Board of Trustees will take appropriate steps to provide proper buildings for the Institute.

The report was well received, and it was hoped that the Board of Trustees would take proper steps to provide suitable buildings for the Institute.

SOPHOMORE DANCE PRICE IS LOWERED

The Sophomore Key Committee present.

price per ticket to $1.50 for the three-day dance. It is in order to reduce the cost of the dance, the price per ticket will be reduced to $1.50. This price will include admission for a couple to the main dance, and all other activities.

THE STUDENT SNOB

(Continued from Page 3)

This, however, is an extreme case, but it is not uncommon to find students who are extremely snobbish. In many cases, students may feel that they are above others, or even that they are better than others, simply because they have attended a certain college or have had certain experiences.

FINE ARTS

"MT. EVEREST EXPEDITION"

"THE TECH"

COMMUTER'S CLUB TO PRESENT FILM

Today at five o'clock the 5:15 Club will present the feature film "Judge Roy Bean" on the second-floor balcony. The film is being shown in order to provide entertainment for the commuters.

The film will be shown in the evening, and tickets will be available at the door.

BEAVER KEY GIVES DANCE AFTER GAME

Conducting its first and only after- game dance of the season, the Beaver Key Society will give an

dance in the Main Hall of Walker Hall on Saturday, February 24, following the New Hampshire basketball game in the Hangar gym. The dance, with the Tech band, will be on Saturday night, and tickets will be sold for $2.00 to $2.25. This dance will include admission for a couple to the dance.

Each year Turkey and Greece ship us thousands of bales of fine tobaccos—

...because spicy, aromatic Turkish is the best seasoning there is for a cigarette.

It adds something to flavor and aroma that no other tobacco can give.

Chesterfield uses Turkish tobacco—from Samsoun, Smyrna, Cappadocia and Xanthi.

Then it blends and cross-beds them with various kinds of choice homegrown tobaccos in the right balance to give you a cigarette that's milder, a cigarette that tastes better.

Chesterfield is a balanced blend of finest aromatic Turkish tobaccos.

A BALANCED BLEND OF FINEST AROMATIC TURKISH TOBACCOS

AND DOMINICAN TOBACCOS

By the makers of MONTICELLO and OLYMPUS.
