Compton, Rogers, Lovett, To Speak At Dinner Dance

Annual Dormitory Affair Will Be Held Tonight To Music Of Tal Henry

Carolina Girls Will Sing

Technology's 1935 annual Dormitory Dinner Dance will be held tonight from 7 to 10 o'clock, followed by a reception in the Trophy Room. Dancing is scheduled to begin at 8 o'clock.

Tal Henry's North Carolina will furnish the music. A trio of Tech girls, under the leadership of Robert T. Compton, will also speak.

In the Dormitory House will be served a program of songs by the Junior 1000-yard championships at Boston, and other athletic events.

Dramashop To Give Cabaret Dinner Beyond The Horizon By Eugene O'Neill

Tickets To Be Sold By Members Only

Dramashop in M.I.T. Hall to give a cabaret dinner Saturday night. The price is $2.50 and tickets are available from the M.I.T. Musical Clubs, the Drama Society, the Drama Shop, and the Dramatic Clubs.

New Courses Given In M.E. Department For Graduate Men

Professor Joseph Keenan and Dr. MacGregor In Charge

Two new courses, each with a "A" rating, open to graduate students in engineering departments, are offered in the M.E. Department during the present term. These courses are "Advanced Thermodynamics," given by D. C. W. MacGregor, Class of 1933, and "Advanced Thermophysical Engineering Thermodynamics," given by C. W. MacGregor, '34. Professor MacGregor will speak to the class, and to members of the M.E. Department. The class will be held on Monday in Room 1-236.

Of course, the feature meet for Tech this year will be held at the annual poster contest, the first such event in the history of the varsity. The crack Tech one-mile relay team will be featured, besides Tech, Prince-

Eight Fraternities To Enter Groups In Singing Competition

Inter-Fraternity Sing will be held on February 21 in the Music Hall. The eight groups of eight are entering groups in the competition. Alpha Tau Omega, Beta Theta Phi, Sigma Kappa, Sigma Chi, and Theta Delta Chi are presenting a novelty act. The sing is to be a novelty, and the fraternity groups have been marvelous during the past week. The green teams will be held with music furnished by Paul Rosenthal, of the Tech glee club, and the glee club, who have a formal program. Tickets and table reservations will be sold next Tuesday in the Main Lunch Room. The tickets may be obtained from members of the M.I.T. Musical Clubs.

Friday Night Of Tal Henry

Students in Class of 1937 To Be Acting President of the Junior Class

Robert Thorson To Be Acting President of the 1937 Class

Accordingly, Robert Thorson will become the acting President of the 1937 Class. This year, as in the past years, the meet will be held Satur-

modern conveniences. The life of today's undergraduate, with his motor car, electric lighting, and interior decorated apartment, presents a shade of familiarity with the life of yesterday, when the dormitory residents sometimes had to carry their coal up two or more flights of stairs to ditto their chimneys.

One columnist has described a college dormitory room of the 1890's as follows: "The student's room is a bare, floorless room, in a close, windowless, coal fire grate in it for heat... The student had to carry the ashes down and out to the outhouse every day, and the water he used, up. He had to do his own bed-making and mending, if any. He needed no athletics for exercise. It was up and down stairs for recitations alone three times a day. The meal was served plain and simple, and food, none too much of it." Indeed, many of its sentences taken at face value, its longer sentences seemed to meet an unfavorable reception without any desire to explain them. The writer gives the students taking it the best possible reasons every effort should be made by the administrators of this fundamental course to give the students taking it the best possible reason every effort should be made by the administrators of this fundamental course to

Draining WAR RESERVES SCRAP IRON EXPORTS

IN its report of the activities of the Department of Economics and Social Science, each chapter having been written by a member of the faculty, reference was made to the best possible understanding of its principles that can be obtained in a year's study.

It appears that the department of economics is doing a service to the students. There is no immediate danger that a generation of students will be turned out of college unprepared for the world outside. Indeed, unless some radical changes are made, and the trend toward specialization, at any rate, is not adversely affected, it seems to be the most important of the decreases of "face-to-face" relationships in our modern world. If the student has lost his more intimate touch with the outside world, it is understandable that so much of his old college and the individual student probably had a greater chance to feel a spirit of unity with his peers than with the outside world. Today, it is virtually impossible to know personally every member of one's class. With greater communicative efficiency produced by the automobile and the telephone, the interests and contacts of the student have broadened to the extent that a feeling of solidarity in one class is lessened. At the same time, it is impossible that the number of close contacts of one student has necessarily diminished. The sociologist speaks of the decrease of "face-to-face" relationships in our modern world. If the student has lost some of the "college spirit" of yesterday, has he gained more in his broader range of experience, his more intimate touch with the problems of current interest? The days of that kind of society are far behind us. The student in the present day is not only better equipped or even made "luxurious." It is

Gone are the days MACHINERY COLLEGE

In the past fifty or so years, the physical needs of the college student have changed from the bare, hard board, adobe walls and dormitories to ones equipped with...
Tennis prospects for the coming season at Tech took a decided upswing this week. A Gill Memorial Tournament, to be held at Harvard the 23rd, did not result in a high score for Boston, but it was the highest of the season so far. Though Tech did not enter the late-season tournament, the team was not out of the running for the New England championship, which will be decided at the tournament. A high score was expected from the team, which is well prepared for the event.

New Hampshire Beats Hockey Team By 5-1

Despite a close struggle for two periods, the hockey team lost 5-1 to Hampshire last Thursday at the International Auditorium. The game was the first of the season and was attended by a large crowd. The Harvard team was led by Captain Frank J. Bell, who scored two goals, and goalies Glass and Dewey, who combined to shut down the Tech attack. The team will play again this weekend against Dartmouth.

Frosh Basketeers Will Play Dummy

Lineup Uncertain As Fraternity Initiation Week, Will Take Toll

The basketball season opens on the 6th of this month when the freshmen will meet the Greenmen of Union University. The team is in its final form and is ready to start the new term with a victory. Building a better lineup is the primary goal of the freshmen.

Orchestra Tryouts Held For Tech Show

Orchestra tryouts for the Tech show will be held at 8 o'clock, Tuesday, February 18, in the East Lounge of Walker Hall. The tryouts are open to all students interested in participating. The orchestra will perform in the Tech show, which is scheduled for a weekend performance.

Shooting at Harvard

Defeat Crimson By Score Of 1341 to 1255 To Stay In Unbeaten Class

Continuing its winning streak, the rifle team defeated Harvard last Monday by the score of 1341 to 1255. The team has not lost a match this season and is currently ranked third in the nation. The team will play again this weekend against Yale.

Dorm Basketball Team Tentatively Selected

With its first game scheduled for a week from tomorrow, the All-Dorm basketball team will hold its final practice session tomorrow afternoon at 2 o'clock in the Hangar.
