Former Student Wrote New Play: "Petticoat Fever"

Mark Reed is Author of Show Which Opened Last Night At Plymouth

Staged Architecture Here For "Invasion of the World War"

Mystery Invoices Demand Explanation

Dkeel Invoices Are Back Ordered To Playwright

When Mark Reed studied architecture at Tech in 1914, he knew right then that his future should be in the arts of play-writing and acting. His latest play, "Petticoat Fever," with the famous actress Dema King, received a hearty reception when it opened at the Plymouth Theater last night.

Mr. Reed is a very young looking gentleman, with a dropper moustache, resembling more the press agent of the show than the actor, as he watched it last night from backstage.

Mr. Reed left Boston last night for the first of his visit in some years, although he was born in Boston and lived in Roxbury for many years during his youth. He has made a specialty of the type of play that he wrote and acted in the precept that one will finally find his calling no matter how far from the path that he is going from it.

All food, read the press release, deeded specially for the show, after arriving the season of the Plymouth Theater last night.

"We, the undersigned, members of the Institute, do hereby preferably the expense of the show and its reception by the public."

Girard St., Providence, R. I.:

"The Operation of Play-Writing."

By combining the type of poster that is to be used in the next installment of "That Was College Life," the Providence Post-Column endeavors to solicit the assistance of the students of the Institute in the production of a novel for which the prize to be a box of candy. The next installment will be distributed to the students of the Institute by special permission of the Providence Post-Column. The prize-winning fraternity will be the one that has the highest percentage of votes in favor of the Institute of the Providence Post-Column.

Senior nominations for Class Day Drama Committee. Those desiring to be nominated for this position should file their nominations with Room 10-100. The committee is composed of the Providence Post-Column, the Providence Post-Column, and the Providence Post-Column.

Shades of Lao-Tse

The need for self-discipline

To the philosophic mind, freedom and its discipline have become the most important paradoxes of modern times. For, although the concept of freedom is as old as history, it is associated with the need for thousands of years with the right to think as you wish, these two concepts are often at odds with the idea of self-discipline. The problem of discipline is probably the most fundamental issue in the philosophy of freedom. The two concepts are so closely intertwined that it is difficult to separate them. The concept of freedom implies the need for self-discipline, but the concept of self-discipline implies the need for freedom. The philosophical concept of freedom is thus a paradox, and the concept of self-discipline is a paradox as well.

Then and Now

"Liberly is a thing of the spirit—to be free to worship, to think, to hold opinions, and to speak without fear or favor, without prejudice or oppression with society of justice."

Harriet Beecher Stowe

"Today the Liberal faith must shut the doors of its temple to all classes. The people of the world realize that we are a race, and that all the world is an equal. The idea of freedom, then, is that all the world is an equal, and that we must respect each other."

Marcus Aurelius

"Nobody under seventeen ever known anything, even in a clear light. The people have always been brought up in an education that makes them want to think."

Charles Darwin

"It is not the knowledge of men that is need, nor instruction about this and that, but a stifling of the voice that will cause them to be led by a trust, to act properly, comprise their own intellective things."

Elbert Hubbard

"The program of progress is the assimilation of experience, from without of a wider experience, from without of a wider experience than that of man to errors."
Trip Disastrous To Tech Quantum
Hoosiers Bexten by Union and New York State 59-33, 42-15

In its New Invasion last weekend, the Tech varsity basketball team
faced its first loss of the season by the New York State Union.
In spite of the fact that the Engineers lost to Union by the score
of 59 to 33, the game was fast and

When trapped by a Mushy Mama . . . don’t give way to dark despair.
Count ten and light a sump-smooth Old Gold. Its fragrant fumes will enchant
the matron’s senses . . . while you slip污泥 from her arms. Dam clever . . . these O.G.s!
**Sports Comment**

This past week end was a typical institute one as far as sports results were concerned. The only aggregation to come out on top, out of the many competitive meets, was the freshman basketball team, but those freshmen hoopsters certainly walloped Tabor Academy.

**Rensselaer and Williams Win; Technology Mermen**

The All-Dorm basketball team was one of the many M.I.T. teams that participated in competitive meets, was the freshman basketball team, and the Providence Championship fencing team. The final score in the case of the varsity was 27 to 25. On the Tech marksmen will very soon resume their winning ways. It is true that the present season is not finished, but we are all very sure that the Tech varsity next season will be a winner.

Bob Forster, Engineel leader for next season, was awarded a place on the Tech relay teams. Bob had the misfortune of being shot in the leg. This disadvantage, however, did not prevent him from winning his points on Saturday, the varsity rifle match. The totals were as follows:

At 1 o'clock this afternoon, the Chemical Society will conduct a trip through the plant of the Sees Sugar Refinery in Charlestown. All members are invited and should sign up in the main lobby as soon as possible if they desire to go. Any action that could be furnished would greatly be appreciated.

STUDYING TILL ALL HOURS?
GET A LIFT WITH A CAMEL!

"LIFE IN A CARAVAN is a busy one," says John Cowdry, "but I can take care of it. I have a loving toward dramatics, and spend every minute possible studying the drama and playing it, in addition to the work required by my general course. On top of that, I have a job that takes up three nights a week. So you can see my time is pretty full. I get tired..."but blue sometimes when my energy is at a low ebb. This is Camel sure does come in handy! It's really swell how CAMEL brings me back. Although I smoke them all the time, Camel have never made me feel nervous." (Signed) JOHN COWDORY, '38

The program features Betty Valley, central musical film "Sweet Music" on the screen, the personal appearance of Mitzi Green, popular screen star, and full-bodied Broadway musical show, "Live, Laugh and Love," starring Jack McAllister, on the stage. "Sweet Music" is a comedy-romantic adapted from the story by Jerry Wald. The picture, one of the most ambitious musicals ever filmed, carries a definite plot which centers around a young couple boy who organizes a band and wins great fame as an orchestra leader and radio star. The story, reminiscent of Valley's own professional life, has a cast including Ann Dvorak, Alice White, Helen Morgan, Pauline Lord, Allen Jenkins, Robert Armstrong, Joe E. Brown, and Al St. John. "Sweet Music" is a comedy musical hit of the season.

Interview

After the performance of "Petticoat Fever," the premiere of the comedy-musical which opened for a fortnight's stay at the Plymouth Theatre last night, Jack Mullaney presented his play, "Petticoat Fever," the premiere of the comedy-musical which opened for a fortnight's stay at the Plymouth Theatre last night. "Petticoat Fever" is a happy new song hits, the Connecticut Yankees girls, pretentious and lavish settings, reminiscent of Vallee's own professional life, has a cast including Ann Dvorak, Alice White, Helen Morgan, Pauline Lord, Allen Jenkins, Robert Armstrong, Joe E. Brown, and Al St. John. "Sweet Music" is a comedy musical hit of the season.

When you need an excuse to stay a little longer...

I'm your best friend

I am your Lucky Strike

I give you the mildest smoke, the best-tasting smoke. You wonder what makes me different. I'll tell you. It's center leaves. I spur the little, sticky, top leaves...so bitter to the taste. I scorn the coarse bottom leaves, so harsh and unappetizing. I am careful of your friendship, for I am made only of the mild, fragrant, expensive center leaves.
