Tech Show Offers Prize For Script: Plans Production

Sophomore Dance Tickets Limited To Three Hundred

Half The Option Already Gone; Remainder Will Be Sold in Main Lobby

Hudsm-Delange Very Popular

Over one hundred and fifty of the available three hundred options for the Sophomore dance on Friday the 26th have already been sold. Harold Seykota, chairman of the Dance Committee announces presently. Further options are on sale in the main lobby of the Institute.

The building of the options to about three hundred was held necessary to prevent overcrowding on the dance floor. After the options are sold and the redeemed orders cleared, no further tickets will be available.

The Hudsm-Delange Orchestra, famous for its "music in the modern manner," will open the show. The orchestra played last Friday at the annual meeting of the Tech Union and is scheduled to play at Essex, Rocklin, McLean, Trinity, Ambrose, Fawling, Ancker, and Shenton.

As an item of interest, the Hudsm-Delange orchestra are preparing for more college proms than all other orchestras combined. Typical of these colleges are: Harvard, Williams, Barnard, Marshall, Yale, and Duke in the near future.

The first play of the year will be Field Day Rally, Draws Few Frosh

Fred Koh, '38 and Prof Yose Chief Speakers To Oppose $50

Wild with last-minute excitement 350 freshmen greeted Prof Koh, president of the Junior class at the last freshman rally yesterday in Room 2-338.

Speakers at the rally were the President of the Junior Class, Chief Speakers of the Field Day Committee, and Robert C. Clements, Professor of Yose. The rally announced a small net profit of $30.47.

A program might be put into effect which could go a great way in solving the present unemployment problem. Although millions have been given jobs on relief, there will come a time when the relief will be of no avail. There is some way to create permanent extension of fields of labor and creation of new fields, so that there be a nation in the same predicament as we were years ago.

Why President Roosevelt did not accept suggestions by his own Science Advisory Board to allot a small amount of the public works funds to the development of new industries we do not know. Although the relief program put into effect by the present administration may have been adequate as a short term palliative, it is not of such a nature that the funds will be spent to create a long term program of economic recovery.

OPEN FORUM
Office of the President  
October 19, 1936
The Editor  
The "Tech"  
M. L. T.
Dear Sir:

I was very much pleased by the way in which The Tech handled the program which the Corporation organized under the "Architect's Conception of Enlarged Walker Memorial" and reference to the places for this enlargement, it was stated: "No reference was made to the planning of the proposed project, nor to the budget of $12,000,000." If this statement is true, it arises from the condemnation of the proposal for the present building, which for the present building, which was made in 1929 and published in 1930, is definitely still valid.

My thought has been that the informal committee of Heans, Wescott, Trow, and Van can simply assemble a statement of needs as regards the gymnasium and I understand that the whole problem will be presented to the Alumni Council by a president, Mr. Donald Robbins, with the thought of this being the body to take the lead in studying the problem, drawing of course as widely as possible on student body and faculty for assistance.

Very truly yours,

(Held)

Karl T. Compton

Editor's Note: The Tech regrets the error that was printed in the October 16 issue of the paper and is deeply sorry that the above statement will not cast in the Tech's credit which may have arisen because of that error. Following is the portion of President Compton's speech which he refers to in the above letter:

Seven years ago the students' Institute Committee, in cooperation with the Alumni Advisory Committee made a careful study of the present facilities of Walker Memorial and the need for extension. The results have been published as a statement of the Technology Board in 1930. They called for additional office headquarters for student activities, addition of facilities for Dallas Union, as the present building could be more fully used as originally intended for social gathering and recreation, a little more of the urgent need for a well-equipped gym, the gym would be an incentive to take part in physical education courses. The College needs, in my opinion, now. I would rather the gymnasium and I understand that the whole problem will be presented to the Alumni Council by a president, Mr. Donald Robbins, with the thought of this being the body to take the lead in studying the problem, drawing of course as widely as possible on student body and faculty for assistance.

Very truly yours,  

(Held)

Karl T. Compton

The Institute has always been known to foster athletics, but they forget about the buildings. All colleges have facilities for a worthy recreation center where they can pride fully before visiting athletes, It is time that Technology took its rightful position among them,” said Dean Hedlund, Track Coach, in a recent interview on the subject.

In his opinion, the authorization of the appropriations for a new gymnasium is an accomplished fact.” These were some of the feelings expressed by Professor Walter C. Voss in connection with the proposed and much discussed gymnasium or addition to Walker Memorial.

The other side of the question is expressed in a report in the May, 1930, issue of the Technology Review. This report stated that one of the most important needs of the school was the addition of a gymnasium or the enlargement of the present accommodations for athletics.

There is a definite need for an auditorium, ‘“There is a definite need for a gymnasium or addition to Walker Memorial,” declared Professor William C. Greene, president of the Institute, suggested the construction of a larger auditorium where they can pridefully bring visiting athletes, it is time that Technology took its rightful position among them,” said Oscar Kolb, President of the Junior Class. Kolb, President of the Junior Class, said that a student auditorium-theater be provided for the students and the school will be considered before advocating any plan.
Dartmouth Edges Beaver Booters By Single Goal

Big Green Scores Final Goal In Fourth Quarter To Break 1-1 Tie

Tech Goal Made By Celabris

Fur on fire in the last few minutes, the Beaver Booters on the low end of the score board of the last two contests were hard-pressed to keep a winning goal in the last minute. The final score was 1-1.

For the third consecutive time the cross-country team failed to score a point as they suffered a 4-0 de
test in the hands of the Yale barriers last Saturday. Coach Hedlund, however, does not feel that this is a serious loss, but on the contrary, he feels that the team is making progress in the New England Intercollegiate Meet which will take place next weekend.

The coach pointed out that all our key men have been affected at the hands of strong, big college teams. A home contact could not beat our small college team around here. "Last Saturday's meet," he said, "showed that we are in excellent shape."

The freshmen harriers last year's first meet to the Quakers in the Yale last year. The only H. T. man to place in the front was R. W. Tuck, who came in second. Several of the freshmen, however, showed great promise.

Relay Teams Will Be Picked by Wednesday

Final line up for the sophomores and freshmen relay teams will be determined by two more trials today and tomorrow. Among those who may be chosen are those who have shown the freshest men to the average man. These men have trained in the last hour and twenty minutes.

Cross Country Team Loses In Yale Meet

Fresmen Defeated By Quincy High In Second Place

For the first time in three years the cross-country team failed to score a point as they suffered a 4-0 defeat in the hands of the Yale barriers last Saturday. Coach Hedlund, however, does not feel that this is a serious loss, but on the contrary, he feels that the team is making progress in the New England Intercollegiate Meet which will take place next weekend.

Compton Letter (Continued from Page 1)

rather than specialties in undergraduates in the study of economics and social science.

I cannot but wonder why our education has been directed specifically towards business. While we would agree that similar benefits of knowledge and training is needed for all people, whether business, scientists, politicians, as we have not been trained in suitable skills. For example, there is a tendency to reject popular demands as a minor replay of our social and political structure which does not question the assumptions of the letter men available. The addition of letter men available who will be a mass meeting for boxing in January.

B. U., Harvard, Colby and B. U. University are tentative. The games are 1

Large Turnouts Marks First Hockey Meeting

All Positions Wide Open As Only Five Lettermen Return

Forty-five hockey enthusiasts in room 10-127 Monday at 8 o'clock find introductions to the new players, Professor La Croix, who has professionally, and the Manager of Carmel, Ed Byrnes.

Coach George Oates gave a special committee for choosing the winning games. Also he pointed out that with only five lettermen remaining, with the most of these full team, opportunity is presented to all willing to team and practice regularly.

Captain Mother then gave a talk, and was followed by Ralph A. member of the alumni advisory coun-

n

Dartmouth scored first in the initial period. Though their example in the 97th minute of the game, playing inside left position, the full back test the validity of the entire period momentarily and the end of the game only a few minutes later. The winning struggle would end in a draw, but Dartmouth showed a spirit which had been absent for a long time to the extent that the coach felt as if his team had shown evidence for former: Dartmouth's victory blasted many Engineer heads.

Both squads played a fine game, and showed good form in both half.

Hedlund said. The cross-country team lost the first meet to the Quakers in the Yale last year. The only H. T. man to place in the front was R. W. Tuck, who came in second. Several of the freshmen, however, showed great promise.

SOPHIE HEAVIER THAN FROG IN TUG-OF-WAR

The Sophomore tug-of-war team although not as heavy as last year's team won by a 20 pound margin over the frosh, which is the heaviest weight that the Sophomores have ever won in a tug-of-war match. Coach Hedlund will still hold the Frosh in the same position as they have held it for the last two years.

Coach Hedlund will make his annual prediction in Frisch's Tech. He has been working on the schedule for the past 6 months. With the Mrs. Goodell meeting every day, the men's meet will meet. The Sophomore tug-of-war team will be in condition for the coming season.

The freshmen tug-of-war men will have the best composition in the last two years.

B. U., New Hope, a short and tall man, is one of the hardest the new goalie, Alphonse La Croix, who has played professionally, will take over the managerial duties.

The time of the matches scheduled for this year are with the Alumni Clubs, Northampton, New York, Harvard, New Jersey, Colby and Harvard. About fifteen matches will be held plus numerous contest matches.

The American basketball league is one of the hardest the new goalie, Alphonse La Croix, who has played professionally, will take over the managerial duties.

nental, the Sophomores will permit only members of the class to enter the hall. A further check-up will be made to ascertain Sophomore slackers.

New Parking Space Will Care For 150 Cars, Hamilton Says

Land Will Be Taken From The Grass Plot Surrounding Dormitories

Increased parking space has been arranged for the Dormitories, according to a recent statement by Prof. L. F. Hamilton, chairman of the Dormitory Board.

The planning lot will be enlarged to include three diagonal lots, thus accommodating approximately a hundred and fifty additional cars. The necessary room will be obtained by moving the hedge now west of the undergraduate dormitories and taking fifteen feet from the grass plot there.

The plan of the new space is much the same as that now in use. From the Dormitories went toward Building Six there will be one line of diagonal parking space, one twelve foot driveway, a fence, another parking space, a twelve foot driveway, and a third diagonal line of parking.

By means of this additional space, the Dormitory Committee hopes to end parking in the driveway in front of the Dorm offer. Enlargement of the parking space is the best solution offered to the problem at the present, Prof. Hamilton believes.

Sophomore Rally

(Continued from Page 1)

Francis Spooner, '39, organized a Field Day band.

In order to keep their kidnapping infatuations from becoming an open secret, the Sophomores will permit only members of the class to enter the hall. A further check-up will be made to ascertain Sophomore slackers.

Dear Mr. McLellan:

I am gratified to learn of the action taken by the Freshman Council and official representatives of the Sophomore class toward continued elimination of refuse throwing as a feature of Field Day. Few people can conceive of the throwing of refuse as an indication of good sportsmanship or as an expression of college spirit in which we can take any pride. The accumulated experience and imagination of college generations is evolving different types of student interests and relegating activities like this to the memory of cruder days.

Every one that I know is enthusiastic about the Field Day competition and the interest and spirit to which they give rise. I am equally certain that the decision which has been reached will greatly benefit those who have at heart the interests and reputation of the Institution. I therefore wish that you would convey my approval and appreciation to the Freshman Council and the Sophomore class officers and the Field Day committee which arranged the elimination.

Very sincerely yours,

Karl T. Compton

President

Faculty Club Social
Will Be Held Soon

Dinner To Be Followed By Movie
And Ken Reeves' Music

Dinner, motion pictures, an after-
dinner speech, and dancing to the mu-
sic of Ken Reeves and his orchestra
will mantle the first Faculty Club
social of the year to be held Wednesday
evening, November fourth, at the
Hotel Commander in Cambridge.

George Russell, president of the
Faculty Club, will preside. Hugh H.
Gleag, assistant director of the Fed-
eral Bureau of Investigation, will
speak on the "Work and Advancement
of the G-Man."

The motion pictures, entitled "See-
ing the Unseen," will depict new ex-
ploration into the strange world of
motion with the high-speed camera.

For those who do not desire dance,
there will be facilities for bridge. Members of the Faculty Club
and their wives and friends are inv-
ited.

Tennis Matches Will Be Held
As Soon As Possible

E. M. Robbins, tennis manager,
has announced that, because of
the approach of bad weather, all
entered in the freshman and up-
per class tournaments must play
their matches as soon as possible.

If the matches are not played by
the time scheduled, the player in
the lower bracket will forfeit the
match to the one in the up-
per bracket.

Reduced Air Travel
Rates Available Now

T. C. A. Obtains 15% Reduction
On Air Line Rates

The T. C. A. announced yesterday
that it has made available for Tech-
ology students a 15% reduction in
air-line fares to any part of the United
States. This reduction is reckoned on
standard rates, and will still be effec-
tive in the eventuality of further reg-
ular reductions in prices. For specific
information inquire to the T. C. A.
office at the basement of Walker Mem-
orial between 12:40 and 1:00 P.M.

Plans have also been made for spe-
cial planes at Christmas vacation
time which will leave Boston Airport
and go, one to Newark Airport near New-
port and the other to Hartford
and New Haven. The first will be
one of the new twenty-two passenger
Douglas ten-meter striders, the
largest of its type in the world. This
plane will boast the services of a reg-
ular housekeeper. A ten-meter Stimson
right passenger plane will go to Hart-
ford and New Haven. The same
plane will return in time for classes on Jan-
uary 14.

Undergrad Notice

A meeting of the Sophomore
Dance committee scheduled for Tues-
day will be held instead on Wednes-
day evening at 8 in the Institute Com-
mittee room in Walker Memorial. It
is important that all members attend.

T. C. A. Drive Begins
Monday, November
Thirty Students Were Present
At T. C. A. Week-end Camp

The essential T. C. A. Drive will
begin Monday, November second
and continue for four days. It was
opened yesterday in a letter by William
Burnett, 37, President of Organ-
ation. Plans for the drive were
announced on Sunday at Tech Cab-
ner, where fourteen upperclassmen
and sixteen freshmen interested in T. C. A. activities were entertained up-
week-end.

Members of the T. C. A. will
contact everybody in the lines
during the drive. To acquire a
quantity of works with the plane for
the drive, the T. C. A. will hold a cus-
otary dinner on Thursday, Octo-
ber 29, at 6:30 P.M. in the Poin-
ning Room of Walker Memorial.

The various functions of the T. C.
last year required a budget
of $20,965. Among the activities dis-
alyzed by the T. C. A. were Tech Cash
employment Bureau, Book Exchange,
Church Relations, Social Work, Ticket Service, Tour,
