Inology only seminally to emphasize the interest in the welfare of the youth of America. The Institute but was also a member of the corporation of its student loan fund committee and chairman of the Research Committee of M. T. I. To the latter of these activities Mr. Hayden.

President Of A. T. A. Predicts Atlantic Air Service By Next Year

By 1938 this industry will have a regularly scheduled passenger service over the Atlantic Ocean. This was one of many vital predictions made by Colonel Edgar S. Gorrell, president of the Air Transportation Association of America, in a guest editorial open lecture Wednesday afternoon in room 3-107. Colonel Gorrell, former president of the Stotz Motor Car Company, is a graduate of the United States Military Academy and received an M.S. in Engineering from Technology in 1917. During the war he was a member of the general staff (Continued on Page 1) - E. N. E.

Seniors To Dance Tonight in Walker

Tommy Blanton And Orchestra Will Hold Annual Prom For Freshmen

Fourth-year men will dance tonight to the swing music of Tommy Blanton and the Orchestra in the Senior Dance, to be held in the Main Hall of Walker Memorial from 8:00 until 12:00 midnight.

No Admission Fee

The freshmen, sophomores, and fourth-year students who are enrolled in five-year courses, the graduate students, and visitors from funds of the class treasury. Careful precautions will be taken to see that the students are admitted. No tickets are necessary for admission, as arrangements are to be made at the door. (Continued on Page 2)

Major New Building Project of Walker Announced for Coming Year

Donald Fink Speaks At Banquet

The Senate Board and the Managing Board of Volume XVII of the Tech Engineering Review, and the presentation of a new cup were announced at the publication's formal banquet last Thursday evening in the Capital's Ball Room of the Myra Staniford Hotel.

The officers of the Senate Board are: Harry G. Sauders, '38, General Manager; Frank H. Kung, '38, Editor-in-Chief; and Richard A. Novak, '38, Business Manager.

The new members of the managing board are: Joseph L. Donovan, '36, managing editor; Riston Elson, '37, under the direction of Philip F. Carter, '36, associate editor; Paul G. Fazey, '37, advertising manager; Augustin A. DeVeau, '38, circulation manager; and E. J. Brown, '38, assistant to the ages; and John C. H. Lee, Jr., '39, business manager.

Dorm Vandals Are Found; Must Pay

Wreckers Had Bigger Fear For Many Than They hometown, according to Gilbert C. Mott, '37, chairman of the Dormitory Committee.

The committee had referred from taking action in the case, it was revealed, until Professor Leicester F. Hamilton, chairman of the Dormitory Board, had completed his investigation. When the Dormitory Committee was given jurisdiction, it immediately proceeded to investigate the guilty parties, the identities of whom were known, and to issue fines for the damage against them.

The total amount of the wreckage was not revealed, but it was generally rumored about the demolition that replacement of the heavy plate will cost $200.

Chairman Says Hotel's Disadvantages Will Be Overcome

Better Facilities

The epidemic of colds still kept the Infirmary crowded last week. Professor Bruce Southwick, '36, reported fifteen out of a total of six and nineteen of the total of sixty students. Signups will be in sale at the.

Chairman for the dormitory committee is A. D. Massey. and the committee will be in the hands of the students. Signups will be in sale at.

WALKER DEEMED INADEQUATE

Institute Receives Million From Will Of Charles Hayden

Bequest Will Be Used For Expansion Program

The bequest by Charles S. Hayden, '98, of New York, which will be used as a matching fund for President Compton's $24,900,000 expansion program. Other gifts to the corporation for the development of the youth of America.

Dr. Compton issued the following statement regarding this gift: "Mr. Hayden was a member of the Corporation: He was generous in his gifts to the Massachusetts Institute of Technology, and he also left a constructive value of his lifetime in the Institute but was also a member of the corporation of its student loan fund committee and chairman of the Research Committee of M. T. I. To the latter of these activities Mr. Hayden.

New Managing Board Of The Tech Will Be Announced Tomorrow

VIZ, WIBZ. Program Manager Will Be Replaced At Banquet

With the stage set for the incorporation of Volume XVII, the annual banquet in the Parker House. A host of important institute presidents have signed their intention of joining in the new corporation, with John F. McNamara, program director of radio stations WIZ and WIBZ, scheduled to deliver the main address.

All the mingled emotions of "Sting in the old, ring in the new" will all fair as the present managing board turns over the reins to its successor, whose identities are still a mystery.

Proceeding Mr. McNamara, the reporting board—consisting of Walker R. Rice, '37, Grenell G. Leder, '36, R. C. Allen, '36, and H. A. Atwood, '39—will deliver brief farewells to the audience.

INCOMPETENCE IN WISCONSIN

NOW that the sound and the fury are subsiding, a few important points about the Frank-La Follette fight stand out.

It is next to evidence that Glenn Frank was not dismissed because of incompetence or inefficiency in administration. Of course, it is difficult for an outsider to form a well-substantiated opinion whether or not the Governor's charges of laxity in financial and other administrative matters are true in more than a general way.

But unfortunately Dr. Frank's removal was only indirectly a result of these charges, true or not. He was ousted solely because Governor La Follette wanted him ousted. The board of regents did not act until La Follette had made to do something against their will. I think a personal vanity is injured because they are being forced by a strong man to endorse an action which they feel is not right.

As long as such a doubt can exist, "academic freedom"—freedom from unjustified interference—not exist.

OPEN FORUM

January 12, 1937

Editor, The Tech:

Today I read with very much interest the story in The Tech concerning military training at the Institute. I believe it is a great mistake to let any man or woman who has not had some military training be physically fit.

It seems to me that every man should want to learn something of military science as a part of his education. In case of a national crisis he would be better able to serve his country. By training in spurs especially true at the present time when international Relations are so uncertain. Although we all know that the United States will never again be involved in a war it does not hurt to be prepared.

The petition drawn up by the freshmen I think is ridiculous for the simple reason that they are not taking the course and at the present time what they should take and what they shouldn't, especially on a subject like military science, is very uncertain. Hence, military science if taught at the Institute I think would be very beneficial and I think all students should be allowed to take it.

Three hours a week towards the defense of his country.

Sincerely,
Z. B. Taylor, '38

TRUTH WILL OUT
OR WHY DANCES LEAVE WALKER

W HEN the Junior Prom Committee endeavored to diminish the disadvantages of Walker Memorial as a location for their Prom, the students were not adequately a point which has been bothering many of us for some time. Especially during those last few months which, with to themselves just why the larger dances always seem to go off the campus for a dance floor. Up to this time there have been questions in the minds of students, but these questions have been little more than statement and restatement of the obvious fact that "they just don't like to dance in Walker."

Recently there have come from several quarters the rumors of a "back to Walker" movement which would make an attempt to demonstrate to the unenlightened student the real advantages of keeping Walker Memorial the working social center of the Institute and of holding all Tech functions upon the campus. Those who would benefit from a greater number of activities in Walker have either overlooked the disadvantages of the one big building, or, more reasonably, have felt that, if they were in a position to use Walker, they would be unable to affect any changes.

The answer comes, voiced through the Prom Committee which, after consideration of all possible places for holding the dance, deeming again on the basement. In some cases doubt lies in the fact that, until extensive enlargements are made to the present Walker building, the facilities will be extremely inadequate for the insured success of a major social event. In the first place, according to Kellogg, Chairman of the Committee, the Main Hall was built neither for a dance hall nor a dining hall. As a matter of fact it was originally intended only as a central lobby at the center of a much larger building which would include a large dance floor, an auditorium, and lounges and activity offices without end. The lack of roof off the dance floor for orchestra, revolving line, and small gatherings has been included in the list of reasons why the Prom Committee has decided to go outside of Walker for the fourth consecutive time.

There is one point which is probably as important as any of the others. The statement from Kellogg in the name of the Committee is that the drinking would be more refined and more limited where the guests would not be obliged to bring their own liquor in bags. There is no doubt that one of the greatest reasons for students desiring to have dances off the campus is that they can have the service of a bar and can feel and look like one.

The present status in Walker is a close analogy of the general case during prohibition days. It is deplorable that a drinking dance not be served and served in Walker for so doing would greatly improve the atmosphere and the whole situation. But if such a thing were suggested there would of course be much criticism, and we could never stand that.

SOCIAL WELFARE

A NEW EXECUTIVE DEPARTMENT

President Roosevelt asks for the creation of a new cabinet member, the Secre- tary of Social Welfare. The functions of his department are to advise on social welfare problems, protect the consumer by administering the Federal aspects of security programs, among other things.

The existence of this office is great. Not so very many years ago the thought that the government would legalize social security was far from the thought of any group which ever guided the nation. But today it has become so much a part of the existing scheme of things that the government has seen fit to enact and administered a Federal department to take care of all the work arising under this great function of government. The program of this department which is now under consideration is aimed at the poor, the elderly, and the elderly. It is far greater than that these conscientious objects are only trying to get out of a course or else their personal vanity is injured because they are being made to do something against their will. I think a man is pretty rotten who is not willing to give up

M.L.T. Gym Team
To Open Season at Springfield

Three Star Men In Quarantine: Harvard Marksman Victory in First Meet

Team Has Large Varsity Squad

The high hopes of the gym team were somewhat dampened when it was learned that three star men, Dave Morgan, On Seawaru and Adam gambol, would be unable to compete in the first meet of the season due to the exigencies of a fourth quareter at the Beta Theta Pi Theta Psi Agency at Springfield College and will take place at Springfield tomorrow at 1:30 A.M.

Coach Herb Forsell is taking down a large varsity squad including Dean- ing him, Marvin, Allen, Stewart, Kolb, Lilliputin, Loder, Goon, Hall. Richard coach would be looking forward to a victory but he insists that the team be in condition if it is to be successful.

The only weak spot in the team is the lack of one man for the rifle club. TheVarsity Squash

Come Here Saturday

Sagamore Rifle Club

Top Mark Thought to Be Oughtable

On Varsity Schedule

Tomorrow at 7 P.M. the Varsity rifle team plays the sharpening Dartmouth rifle club at the rifle range in order to prepare for the championship match of the Institute team is that the Sagamore club can win.

The tent which will be the shooting gallery for the Sagamore Rifles is the same as that of the Intergroup which they last met.

The squad which will enter the shoot will be the top marksman from the three institutions. Herb Forsell is expected to enter too.

The matches will be made by noon otherwise a

Varsity Squad Meet To With Trinity

Jack Summer's varsity squash team will meet Trinity in their annual championship game. The date of the match is set for tomorrow Saturday at 4 P.M. A tentative starting line-up is as

Handicap Track Meet
To Be Held Tomorrow

A handicap track meet will be held tomorrow at 2 P.M. for the freshmen and for the varsity track tryout. The events in which the varsity will consist of the following: 100 yard dash, 60 yard dash, and broad jump. The freshmen will have their handicap events on Friday, the shot put, 300 yard dash, 100 yard dash, 60 yard dash, and broad jump.

For Substitution: P. T. Now

All substitutions for Physical Education will be made by noon Saturday, January 23 in Coach McCaey's office, Room 355. No substitutions will be made by noon after a half of track across the finish line.

Sports Comment

In retrospect ... As predicted, that Harvard was a corker ... It is always thrilling to watch an unseeded team put up a shrewd and determined fight. Last night Harvard at no time showed the form which might make them New England champions ... By Ryal a bold job of punishing Lawton, who is the equal of the best in the Oxford-Springfield match ... A clean sweep of the Intercollegiates which they shoot is the only match this side of the Fall that Harvard would be looking forward to a victory tomorrow in all probability. Coach Herb Forsell with a well rounded team will be making turns and the results are expected to be in favor of his team.

For K. of C. Events

Nile Rehbe, High Jump Trials Were Begun This Week

Trains were started at the beginning of the season when they met Williams College at an early tomorrow night. This will be the first time the two teams have met since those engineers lost to Williams in the final game of the 1934-5 season. All- American Roscoe texture, the Beaver asset have marked this meet so far as the ability of the team to gain momentum. The tentative starting line-up is as follows:

ire

The feature of the K. of C. meet for K. of C. Events

The teams chances are considered fair and a well rounded team is expected to go down and go directly to six o'clock and go directly to the 7th at the track meet.

Coach Jack Summers, to Enter Tournament

Summers Leaves for Pittsburgh

To Compete For Title

He Won 2 Times

Jack Summers, coach of the Varsity Squash Team, will leave today for the nationals in Pittsburgh where his team will meet Pittsburg last Wednesday night to take part in the national squash tournament. This is the series of the Eastern Intercollegiate Championships. For Jack Summers in his role of coach. Another

Other teams who have been playing regularly in the meet except possibly for those on the varsity. The meet will be held at four o'clock and go directly to six o'clock.

Coach Jack Summers will enter two members of his varsity team. As predicted, that Harvard was a corker . . . It is always thrilling to watch an outclassed team put up a stirring and dogged fight. The Crimson wore white shirts to offset the Technology maroon. The Crimson team consists of

Hayden (Continued from Page 1) had been a generous contributor as well as active in its administration. "Mr. Hayden's interest in the welfare of young men is mirrored at the Institute by the dormitory unit which he contributed and which, by action of the executive committee, bears his name. His interest in his professional training in mining engineering was given material expression in his contribution of a principal portion of the funds used in the construction of the Institute's building devoted to mining and metallurgy. In addition to these major contributions Mr. Hayden was continually and readily contributing to student needs, as for example in various ways aid in the development of recreational sports to such needed in an institution of this type where the academic load is severe.

"To all of his Institute colleagues and friends, Mr. Hayden exhibited his impulsively warm and generous disposition, his colorful personality and that fundamentally sincere devotion to the welfare of young men which is so notably expressed in the terms of his will.

"His specific bequest of one million dollars to the Institute gives us great encouragement and will enable us quickly to make substantial progress in the twelve and a half million dollar program of objectives which Mr. Hayden had in mind. And the present month of October as representing the urgent need of the institution at this time."

Two Hundred Visitors Hear Compton Speak

Church Group Shows Institute, Seen Motion Pictures

Two hundred and twenty prominent church people of Boston visited Technology last Saturday afternoon. President Karl T. Compton greeted and addressed the visitors in the main lobby.

Professor Kenneth C. Reynolds introduced to the guests the workings of the Cope Cod Canal model and Professor Richard R. Smith met the group at the wind tunnel. Mr. Hayden gave a talk about his interests and provided the group with a tour of the machine tool laboratory and of the Naval Museum.

Junior Prom (Continued from Page 1) made-over dining room. "Any drink- up would be more refined and more limited where the guests would not be obliged to bring their own liquor in bulk.

Although both the date and place for the dance have been selected, the price has not been set. The choices of the orchestra will determine the admission price. No definite action will be taken until the end of the month.

Kell concluded his announcement for the Committee by making, "Despite the appropriateness of having all of the Institute facilities at Technology, the disadvantages of the present Walker led the Committee to decide on an out-of-town location."

Undergrad Notice

The Tech Cabin will be vacant this weekend as the result of a last minute cancellation. Anyone wishing to secure its use may do so in the T.C.A. Office. The cabin is booked for the midway vacation and for every weekend until the middle of March.

NEW HIT ON THE RADIO!
