Ninety Percent By Field Day

Sophomore Spirit Lacking As Field Day Draws Near

Freshmen Approach Confident Of Out-Sports Enterprise In Contest

Manager Of Field Day Says Interest Will Grow Quickly

Sophomore President Expresses Disappointment In Class

Less than one tenth of the class of 49 appeared at the Sophomore Field Day last Friday, Raymond C. Foster, President of the Sophomore Class, when asked to comment upon the turn-out.

"All I can say is that I am certainly disappointed with the spirit of the Class of 49 as evidenced by their showing at Field Day this year," said Foster. "It seems to me that we are going to let the freshmen carry around the reputation as the worst of the class, but if we do not do anything about it, we may have some of us, or at least a few of us, have no such intentions, we will have to enjoy our entire attitude immediately."

Foster Confident

As he has been for the last four years, the spirit of the freshmen class has been very strong. This year, however, the poor showing of the Sophomore Class underlines the fact that a Field Day has given an added impetus to the freshmen.

In the words of the Sophomore President, the freshmen have demonstrated their enthusiasm in the Charleston, the Susie-Knight, and the 5:15 Club held on Saturday evening. The 5:15 Club held a luncheon in the Silver Roomi of the dormitory.

"I am sure that the freshmen have shown us that they are capable of a spirit as strong as that of the Sophomore Class," Foster concluded.

Tech Dingbhy Win Quadrangle

Dinghy No. Thirty-Chapman Breeds Record in High Wind

In the annual regatta held on the Charles River, the Chapman dinghy No. Thirty emerged as the winner, setting a new record in high wind. The dinghy's owner, R. P. Walker, described the race as one of the most exciting he had ever been in. The Chapman dinghy's speed was noted for its ability to cut through the waves quickly.

"The wind was so strong that it was difficult to control the dinghy," Walker said. "But we managed to keep our balance and win the race." The Chapman dinghy's performance was exceptional, considering the conditions.

Gym Drive Statistics

Fraternity Percent Pledged

- Alpha Tau Omega 27
- Chi Phi 66
- Delta Pi 67
- Epsilon Eta 24
- Gamma Delta 64
- Lambda Chi Alpha 18
- Phi Delta Theta 64
- Phi Sigma Kappa 10
- Sigma Alpha Mu 64
- Sigma Nu 9
- Theta Chi 9
- Theta Xi 10
- Pi Kappa Phi 6
- Student Body 19
- Phi Beta 3

Bulk drive statistics show a significant increase in pledges compared to previous years.

Tech Drive Now Receipts Over $7000 Seniors Ahead In Per Capita Returns

With eight percents of the underclassmen graduated, the week-end drive for the new gymnastium has gathered momentum. The campaign, which started on October 15th, has already surpassed last year's drive in terms of funds raised, contributing a sum of seventeen dollars per man.

Field Day Dance Orchestra

Rosen Morgan, popular young maestro, who will play at the Field Day dance this evening, will broadcast his composition "The Stein Song" on his Tuesday evening radio program.

"We intend to make the dance the biggest of the year," Rosen Morgan, the maestro, said. "It will be a night to remember." Morgan is known for his unique compositions and energetic performances.

Plans Announced For Boating Dance

Plans And Stand Not Yet Chosen Affairs Will Be Biggest Club Has Held

Tentative plan for the Boating Club's dance, to be held in November, has been announced. The dance, which will be held at the end of the academic year, is expected to be the biggest club has held in the past.

Nautical Club Cup Winner

H. L. Russell Speaks At Placement Lecture

At a recent lecture at the Boston University, Russell, the President of the Nautical Club, discussed the importance of the club to members.

"The Nautical Club is a great way to meet people and learn about the marine industry," Russell said. "It is also a great opportunity to network and establish professional connections." Russell is a respected figure in the marine industry and has been a member of the Nautical Club for several years. His lecture was well-received by the audience.

University of Massachusetts, Amherst, November 15, 2013

The annual gymnastics competition was held on November 15, 2013. The event attracted a large crowd of spectators, who enjoyed watching the skilled and energetic performances of the gymnasts.

The competition was divided into two sections: the women's section and the men's section. Both sections featured a variety of routines, including floor exercises, beam exercises, and vault exercises.

The women's section was won by the University of Massachusetts, Amherst, with a score of 95.5. The University of Connecticut and Boston University took second and third place, respectively.

The men's section was won by Boston University, with a score of 96.2. The University of Massachusetts, Amherst, and the University of Connecticut took second and third place, respectively.

The gymnastics competition was a great opportunity for the gymnasts to showcase their skills and compete against their peers. The event was a great success and was well-received by the audience.

ATHLETIC TRADITION

DIFFERENT FROM MOST

Tecnology's athletic tradition is one of which students and alumni may well be proud. This statement may seem strange to students of other schools where athletic tradition consists mainly of victories scored and championships won. In Technology's cases, athletic tradition is something different, and we think, something finer.

The true ideal of amateur sport can be expressed very briefly in the old expression, "Sport for the sportman's sake." This statement may seem strange to many who high-tailed it from Tech when they finished college. The meaning of which students and alumni may well be proud.

The new athletic facilities for which money is being raised would not only take care of the many shortcomings in the Institute's athletics but would also be an official co-ed sport this fall! Dismissing the obvious vicissitudes, we are used to think that it was our dream that the new athletic facilities were going to be built.

SPOUTS COMMENT

Freshman-sophomore activities reach their climax Friday with the annual Sports Day at Harvard Stadium. Both the tradition of the meet and the girls' enthusiasm are sure to make this year's event a success. It will be held instead of the adverse conditions of the earlier part of the season.

Field Day (Continued from Page 1)

by 41 with that shown by 40, we feel that we will have a great day to go out and enjoy Field Day. They also intimated that the Sophomore class expects some startling innovations in the Field Day events.

Manager of Field Day Talks: Stodola, Tech. Manager of Field Day, said, "Inflations seem to point to a wholly successful and enjoyable Field Day. As has been the case in

Walton Lunch Co.

Monday, October 25, 1937

Admiral W. Gherardi
Will Address Faculty

First Luncheon of Faculty Club
Comes October 27th

Admiral William R. Gherardi, com-
mandant of the First Naval Dista-
trict, will tell of his war experiences
at the first luncheon meeting of the
Faculty Club on Navy Day, October
27th, at 11th North Hall, Walther.
Admiral Gherardi, who has a distin-
guished record for Naval Service, ran
Naval Attache to Germany before the
entrance of the United States in the
World War. After this, following a
period at sea, he had charge of the
Hydrographical Office, which regulates
all aids to navigation. His present
command includes all the naval forces
in New England.

The Tech To Hold Poll For
"The Girl Of My Dreams"

What sort of girls do Tech men
date? What sort of girls do they
want to marry? These burning
questions and more will be an-
twored Wednesday when The
Tech makes a survey of the en-
tries engineer's "ideal girl"
Voting is in the main lobby
"From 9 to 6. All ballots
be strictly confidential and
no will be required to sign
nos if he does not wish to
do so.
Results are expected to produce
a picture of Miss Technology 1937. It is also expected to es-
tablish once and for all the
true values of "date versus wife. Do Tech
men go out with the sort of girl
they expect to marry? Vote
Wednesday and read the results
in Friday's The Tech.
