Yale Harriers Are Defeated In Rain 26-29

Institute Sports History Made As Gow, Crosby Place 2nd and 3rd

YALE PLACES FIRST

M.I.T.'s cross country team defeated Yale 26-29 Saturday for the first time in the history of the Institute, despite a driving rain which swept over the five mile New Haven course.

Art Gow, '42, came in first for Tech about thirty yards behind Bill Watson of Yale and ten yards ahead of Captain Dan Crosby, '40. Another Bulldog harrier crossed the line before Stan Backer, '41, fifth and Lester Gott, '41, sixth cinched the race for Technology. Jud Rhode, '40, was the other scoring man on the Beaver squad.

Team's Second Win

This was the team's second win in three starts, Mass. State having been swamped at Franklin Park last Saturday and the University of Connecticut having won on their own course two weeks ago.

A tough schedule including a triangular meet with Tufts and Northeastern at Franklin Park this Saturday, the New England Intercollegiate over the same course on November 13, and the ICA annual meet at Van Cortland Park, New York, one week later, is in store for the team.

The summaries:

1. Watson (Y), 28:36; 2. Gow (T), 29:16; 3. Crosby (T), 29:15.6; 4. Main (Y), 29:27; 5. Backer (T), 29:37; 6. Gott (T), 29:48.6; 7. tie between Adams (Y) and Heffenberger (Y), 30:11.8; 9. Ord (Y) 30:19; 10. Rhode (T), 30:28.4; 11. Lohman (Y); 12. Lemanski (T).

Field Day Dance Attendance 600

Pie Eating Contest Not Held For Lack Of Qualified Contestants

Over 300 couples relaxed from the strains of Field Day at the annual Field Day Formal held in the Main Hall of Walker Memorial last Friday night from 10 to 2.

Music was provided by Al Donahue and his band who were assisted by the vocals of Paula Kelly and Phil Brito. The Glee Club, 60 voices strong, entertained the dancers with the "Stein Song", "Take Me Back to Tech" and other numbers, including a song written by Professor F. Alexander Magoun.

Pie Eating Called Off

The scheduled pie eating contest between a sophomore and freshman team had to be cancelled. It seems that the glove fight caused the boys to lose their appetite. At any rate there were no contestants.

The Dorm Dance Committee believes that the dance was a financial success, according to Norman R. Klivans, '40, the chairman.

Soph Dance Ticket Sales Will Open In Building 10

Options for the Sophomore Dance will be on sale from 9 A.M. to 5 P.M. daily, starting today, until Friday, in the lobby of Building 10. The price of the options is \$2.50 a couple.

Jimmy Dorsey and his orchestra, supported by the vocals of Helen O'Connell and Bob Eberly, will furnish the music for the dance, to be held at the Copley Plaza Hotel on November 24. The formal affair will last from 9 P.M. until 2 A.M.

Senior Rings On Display From November 7 to 11

Official Senior Class Rings will go on display from November 2 to November 7 in the Main Lobby from 11 A.M. to 3 P.M. each day. Orders will be taken at this time by L. G. Balfour Company, official jeweler for the Class of 1940, and delivery will be made before the Christmas vacation. All orders must be given during this time for it is the only time the jeweler will be at the Institute, according to John L. Danforth, '40, Chairman of the Senior Class Ring Committee.

Magoun Talks On Marriage

Marital Selection Will Be Topic Of Today's Lecture

"Why start out on an automobile trip without a map, provided one is available?" queried Professor F. Alexander Magoun of the department of Humanities last night, as he explained the purpose of his lecture on the problems of marital selection to be given today at 4:00 and 5:00 P.M., in Room 10-250. "In like manner," continued the professor, "why should we not make use of the available information about marriage?"

Today's lecture, the first in a series of four, will consist of an explanation of the fundamental motives concerned in selecting one's life partner. "Since the problem of choosing a wife is probably the most serious question in life," stated Professor Magoun, "we should make use of the knowledge we have assembled in making our selection."

Information Helps in Making Choice

Technology's marriage lecturer then compared classes of personalities to types of chemicals. He warned that care must be taken not to produce an explosive mixture. "Although our present knowledge about personalities may be compared to that of the chemist of 1800 in his field," explained Professor Magoun, "the facts we know give us something to aid us in making a good choice."

Dorm Committee Sponsors Dinner

The first bull-session dinner of the year will be held next Monday, November 6 at 6:00 P.M. in the North Hall of the Faculty Dining Room of Walker Memorial. Table reservations must be made by Friday, November 3.

The dinner is sponsored by the Dormitory Dinner Committee, but they wish to make it clear that the affair is also open to commuters and fraternity men. Reservations may be made by contacting Ted F. Walkowicz or any member of the committee in the dormitories.

Attendance Is Limited

Attendance will be limited to 22 tables, each of which will hold seven students and a professor. The members of the table may invite any professor they wish to invite and his dinner will be paid for by the committee.

Those who attend will get a seventy-five cent dinner for sixty-five cents. Several other similar dinners will be held later on in the year.

Thirty-Ninth Annual Field Day Glorious Revenge For Sophs As They Rout Freshmen 12-3

ANNUAL HEARTBREAK

As has happened three times in the past four years, a freshman runner dropped the baton, losing the relay race for his class. Staff Photo

\$902.84 Given On Starting Day Of T.C.A. Drive

14 Per Cent Of The Institute Contributing, According To Last Total

A partial total of \$902.84 has been collected in the first 24 hours of the 1939 T.C.A. Drive. The goal for the entire campaign has been set at \$4250. Of the amount received thus far \$314.14 was contributed by members of the T.C.A. cabinet and drive workers at the drive banquet.

\$574.21 has been contributed from 13 fraternities, including the Student House. The commuters have contributed \$118.00. The Student House and the Phi Kappa Sigma fraternity have a 100% record. 14% of the Institute are contributing and the returns from five dormitories have totalled \$210.63.

Prof. McGregor Advises

Douglas M. McGregor, Professor of Psychology, was the main speaker at the Drive banquet Sunday, October 29. He explained to the solicitors and other drive workers the best methods

(Continued on Page 4)

Walker Uses Fire Hose During Two Day Drought

"Water, water everywhere, and not a drop to drink." During the greater part of Saturday and Sunday, the dormitories and Walker Memorial were without a regular water supply because of repairs being made to the water main.

Students in the undergraduate dorms had to wash either in the basement of Walker Memorial or in the Senior House. Walker Memorial's water was obtained from a hose connected to a fire hydrant.

Many rumors were afoot as to the reason for the water shut-off. The real reason, however, was that the water main needed a cleaning, this having not been done for fifteen years. A new meter was also put in but since it did not fit, a further delay was caused.

Junior-Senior Elections Will Be Held Tomorrow

Elections for the Senior Week Committee and the Junior Prom Committee will be held tomorrow in the Main Lobby from 8:30 A.M. to 5:20 P.M.

These elections are to be held under the preferential system. Under this system each voter numbers the candidates of his choice in the order of his preference. He may number as many as he wishes.

In counting the votes, the bal-

(Continued on Page 4)

140 Men Attend Field Day Dinner

Freshmen and Sophomores buried their differences at the annual Field Day banquet held last Friday night in North Hall of Walker Memorial. Over 140 men who had competed in various contests during the day attended the dinner.

The dinner was started by Walter P. Keith, '41, manager of Field Day, who thanked the teams, the coaches, and officials for their co-operation, and then introduced the toastmaster, Dr. John Rockwell, Chairman of the Advisory Council on Athletics.

Cup Passed Around

The program opened with the passing from man to man of the Field Day cup. As it reached each man, he rose and gave his name, class and home town. Later during the dinner, Coach Oscar Hedlund addressed the gathering, commenting on the success of Field Day with the new facilities. He pointed out that the Briggs Field is one of the finest in the country, and that there is certainly no lack of facilities here at Tech for athletic activities.

Following Coach Hedlund's speech, Dr. Rockwell presented the official football of the day to the captain of the winning Sophomore team, Peter L. Sibley. The captains of the various teams were also asked to say a few words.

Lobdell Presents Cabot Medals

Dean Lobdell then presented the Cabot medals to the members of the class of 1942 who had shown the greatest physical improvement during their freshman year.

'42 Men Capture All Events But Tug-Of-War

Plucky Freshman Spirits Are Not Sufficient To Avert Defeat

Only a win in the Tug-of-War saved the freshman class from being white-washed in the thirty-ninth annual Field Day competition last Friday afternoon. The final standings gave the Sophomores an undisputed 12-3 edge in points over their freshman rivals.

The ultimate Field Day winner, as well as the individual winners in the dinghy, football, tug-of-war, and relay contests were correctly predicted by genial Oscar Hedlund, who proved again that statistics are infallible. The track mentor missed out only in the winner of the glove fight.

Soph Gridders Win

Before the Glove fight began the Sophomores had already clinched matters by soundly trouncing the freshman gridders, 20-0. As an aftermath came the news that the Sophomore men had collected so many gloves from the freshmen in their annual free-for-all that the judges didn't bother to tabulate the results.

Early in the day the Class of '42 started its scoring spree by outsailing the freshmen in the dinghy races, turning in a score of 90 to 72. Then the grey-shirted Sophomore sprinters outgamed their opponents in the relay race to add three more points to '42 total before the freshmen scored their first and only points of the day by out-pulling the Sophomore tug-of-war squad in two abbreviated pulls of 0:59.8 and 0:43.0 respectively.

Misfortune Dogs '43

The misfortune that dogged the heels of the Class of '42 freshman sprinters of last year cropped up again this year. After building up a sizeable lead in the early stages of the race, the '43 runners dropped the baton and saw a possible victory vanish with the flying heels of the fast Sophomore team.

The red-jerseyed freshmen had well over a twenty yard lead in the early stages of the race, but at the finish were fully thirty yards behind the Sophomore anchor man when he breasted the tape.

McBride Scores 13 Points

It was a case of weight and numbers battering down speed in the inter-class football game. Scoring in all but the fourth period, the second-year gridders humbled the plucky freshman team. McBride, ace Sopho-

Menorah Dance Tickets On Sale In Main Lobby

Tickets for the Intercollegiate Menorah Society Dance, which will be held on November 11, are on sale every day in the Main Lobby from 12 to 2 P.M. The dance will be held in Walker Memorial from 8 till 12 with Bob Adams and his band providing the music.

Only 250 couples at \$1.25 per couple will be able to come to the affair.

SYMPTOMS

This year marks the third anniversary of Professor Magoun's series of lectures on marriage. The series seems destined for a permanent status in the list of Institute subjects.

There is no longer any necessity to "boost" the series; it has made its own name, the quality of which is attested by the large attendance at the lectures.

However, the announcement of the start tomorrow of this fall's series brings to mind a few points in connection with the reason for the existence of such things as these marriage lectures.

Consciously or without intention they seem to have the aim of correcting a rather curious condition of public indifference to marriage. It is not an indifference to marriage so much as to the problems of marriage.

This indifference dates back perhaps to the days when marriage had no acknowledged problems; either to days when man was undisputed boss of the family, or the days when marriage was too lightly considered to permit the occurrence of difficulties.

Unfortunately for many married couples today, however, this is a strictly moralistic, monogamistic society, in general, where women are admitted to the same standing as men, at least in the home. This brings marital problems into the open and at the same time forces a decision.

This situation, if not new to man, is new to this generation and is further complicated by economic and living conditions which tend to produce a highly nervous and sensitive being.

The newness of this situation has perhaps contributed to the public indifference, and present day conditions have certainly made this indifference dangerous to the happiness and the welfare of the country of the individuals concerned.

Attempts such as those of Professor Magoun's are, we hope, symptoms of an awakening public awareness of the presence and seriousness of the marriage problems confronting us. If so, they are a welcome symptom.

THE DRIPPING PEN

We are glad indeed to see that our appeal to the Sophomores in the last issue of The Tech did not fall on sterile ground. Last

week the second year men were a discouraged lot; their faces bore a haggard look, and their coat tails drooped. Then we wrote our observations of their sad condition and lo—they brightened up, their heads snapped erect, and they eagerly snatched up the 12 to 3 Field Day score proffered by the freshmen.

To the Sophomores go our congratulations, to the freshmen our apology for not ascertaining the bedraggled state behind those glowing ties. Those cardinal and grey cravats will haunt us after Thanksgiving and remind us again and again that we have failed the new men.

NOW'S THE TIME

The announcement of a dinner to be held soon for the benefit of dormitory freshmen interested in activities sounds a welcome note both in dormitory affairs and in the affairs of the activities themselves.

At this dinner, scheduled for some time next week, leaders of most of the major activities in the school will speak, explaining the function of each activity and the place of the freshman.

Although most of them do not realize it, this is the ideal time of the year for freshmen to come out for activities. They have been here for five weeks, and know how their courses are shaping up, how much time they can afford to give to outside interests. They have had a chance to see the various organizations in action, to size each one up, and to decide which one offers them the most.

The trouble is that many freshmen have the unfortunate impression that if they do not report to an activity during the first week or so of school, they might as well never report. That impression is belied most completely by the facts. A number of the present activity leaders did not start until a later time of the year than this.

This dinner shows a healthy increase in interest of the dormitory upperclassmen for their freshmen; an increase which if maintained is bound to result in the dorms playing a larger part in Institute affairs.

WHETHER WEATHER

These last few days in Boston have brought into the open a situation which requires something to be done, as Mark Twain said. This situation is the weather. Boston is notorious for its weather. Summer in Boston is nice but often wet, fall is the best of all until it begins to get wet as it has in the last few days, winter is just wet, and spring is wetter.

In explanation of this, the Weather Bureau smugly points out that there are three major storm paths in this continent—one starts in Alaska, and leaves thru Boston; another starts in California, and goes out thru Boston; the third starts in Mexico, and goes out thru Boston. That undoubtedly is an honor indeed, but it is a trifle wet—a sort of damp distinction.

What we claim is that something must be done.

THIS FRIDAY'S DANCE

The annual Harvest Hop sponsored by the employees of the Institute will be held in Walker this Friday. The money from the proceeds of this dance is to be used for the help of the personnel who are forced to lose pay or savings because of sickness.

Last year through the fund, thirty of the Institute workers were helped; aid for some amounted to over two full weeks pay. This money is applied toward the help of all classes of workers here at school. There can be no nicer way for both students and faculty to enjoy a fine evening and to express their appreciation to those who make the operation of the Institute run smoothly, than to attend the dance Friday.

Dramashop Plays To Be Presented

Tech Students Will Direct Three One-Act Plays This Saturday

Three one-act plays, directed and produced by Technology students, will be presented in Room 2-190 next Saturday at 8 P.M. by the Dramashop. The plays chosen are "The Boor", by Anton Tchekhoff, directed by Ray O'Connell, '41; "The Potboiler", by Alice Gerstenberg, directed by Ed Kingsbury, '40; and "A Good Bargain", by Lord Dunsany, directed by Janet Norris, '42.

Annual Play Chosen

"The Night of January 16", by Ayn Rand, is the play chosen for the annual fall production. This play will be presented in Room 10-250 on December 8 and 9. The cast has been selected and rehearsals have started. Professor Dean M. Fuller, coach of Dramashop, will direct this play.

Field Day

(Continued from Page 1)

more back, accounted for thirteen of his team's twenty points.

Early in the first quarter the big Sophomore back shot off tackle from the ten yard stripe to tally the first points of the game, and scarcely a minute later plunged over for the extra point.

A rejuvenated freshman team came out from the half to march the ball over seventy yards on a series of bullet passes from Henning to Ralph Leader and George Marakas. With the first-year team only ten short yards from the Sophomore goal, the same McBride who had been a thorn in the side of the freshmen throughout the first half picked a freshman pass out of the arms of a receiver and threaded his way through the whole opposing team for a ninety yard gallop and another touchdown.

Tug-of-War Rope Breaks

For the first time in the history of Field Day the freshmen and Sophomore tug-of-war squads, totalling four and one-half tons, "grunted-and-groaned" so hard that they snapped the rope and forced the committee to scurry around for another rope for the second pull.

The fast cadence of the Sophomore tuggers earned them the jump in both pulls until in each case the superior weight of the freshmen turned the tide in the other direction and saw the frosh tug-of-war squad earn the first '43 numerals awarded this year.

Frosh Nearly Turn Tables

Sailing far better than was expected, the freshman dinghy skippers nearly turned the tables on their heavily favored '42 rivals, losing out by a score of 90 to 72. Freshman Cal Dunwoody, individual star of the meet,

Outing Club Plans Trip With Wellesley On Sat.

Wellesley and M.I.T. outing clubs have planned a joint overnight trip to Mount Paenocock this week-end. The party will leave the front of Walker at 2:00 P.M. on Saturday and return at 6:00 P.M. on Sunday evening.

Signs announcing this trip, will be placed on the bulletin boards tomorrow, and those planning to go are advised to sign up immediately. In addition to the necessary equipment for an overnight trip, those going should bring three dollars.

A rock climbing trip to Joe English Hill, in New Hampshire, was held last Sunday under the leadership of Robert S. Harper, G. and Frank A. McClintock, '42. The party, made up almost entirely of experienced rock-climbers, reported weather conditions very favorable.

The next trip scheduled by the outing club is also a joint one: this time with Mount Holyoke during the Armistice day week-end. The party plans to take advantage of the fact that there will be no classes on the morning of Saturday, November 11th, by starting out on Friday evening and returning on Sunday evening.

captured twenty-four of his team's seventy-two points, and won the third race.

Other star performers were freshman Maurice Evans and Sophomore Frank Seeley, who garnered twenty points each for their respective teams; Hans Aschaffenburg, who not only scored twenty points, but also won the second race for the Sophomores; and Sophomore Dean Lewis, who captured the first race.

Large Number in Glove Fight

Last but not least on the program was the rough and tumble glove fight, participated in by a large number of both freshmen and Sophomores in spite of the fact that it could not affect the final standing of Field Day.

For twenty minutes all that the many observers could see was a tangle of arms and legs with an occasional shirt or pair of trousers flung to the breezes.

FRESHMEN'S LONE WIN—Only freshman victory of Field Day goes to the tug-of-war team, here shown pulling.

Sailors Drop Boston Races Last Sunday

Light Winds, Darkness Combine To Defeat Technology

VICTORY BID FAILS

Fate, in the form of darkness and a light wind, snatched certain victory from two Technology dinghy crews entered in the Intercollegiate Boston Dinghy Cup Races which were held on the Charles River all day Sunday. Lasting from 10:00 A.M. until 5:00 P.M., the races commenced with the elimination trials in the morning under a fairly fresh wind. From a total entry list of nineteen contestants, eleven colleges including Tech, survived the elimination runs.

Wind Dies Down

As the final races were begun in the afternoon, the brisk wind of the forenoon abruptly expired to a nearly dead calm. The first two of the scheduled final runs found the Tech dinghy men trailing Williams College, the leader, by a scant three points.

However, the last race was started, and despite the calm, both Technology dinghies definitely gained a sizeable lead over their rivals. With but a few short minutes to go, the race was called off on account of darkness.

Williams Wins Regatta

Williams College won the regatta, with M.I.T. placing second, and Princeton, third. Jerome T. Coe, '42, skippered one dinghy, with Franklin P. Seelye, '42, serving as his crew, while Runyon Colle, '40, piloted the other boat with Delevan B. Downer, '40, as crew.

One Hundred And Twenty Out For Two Rifle Teams

Tryouts have started for both the freshman and Varsity rifle teams, and will continue through the next two weeks. Already fifty or sixty men have tried out for each team.

The freshman tryout hours are from nine to one on Monday and Thursday mornings. Men interested in shooting on the varsity team should tryout from two to five on Mondays, one to five on Tuesdays and Thursdays, and from nine to one on Saturdays.

All Frosh to Stay on Squad

In addition to last year's varsity and freshman teams, ten or twelve new men will be added to the varsity squad. All the freshmen who tryout will be kept on the '43 squad.

Phi Gams Score 44-0 In Beaver Key Tourney

Winning by the overwhelming score of 44 to 0, Phi Gamma Delta defeated Phi Delta Theta in the most spectacular game in the Beaver Key Football Tournament played over the weekend.

Other scores were: Chi Phi 2, Student House 0; Delta Tau Delta 20, Alpha Tau Omega 12; Phi Kappa Sigma 18, Senior House 12; Phi Sigma Kappa 18, Phi Beta Delta 0. Theta Chi defaulted to Sigma Nu.

Herzog Injured As Booters Lose

Basketball Forward Breaks Wrist In Overtime Soccer Game

Fred Herzog, '41, regular forward on the basketball quint, fractured his wrist playing goal in the overtime soccer game between M.I.T. and Brown last Saturday afternoon on the Coop Field.

The game was not decided until the overtime periods when the Brown forward scored three times to give them a 3-0 victory. The game might well have ended in a tie if Herzog the Tech goalie had not been injured and removed from the game.

Wind Bothers Both Teams

The game was hindered by a strong wind which gave the team playing with the wind a decided advantage. Both Tech and Brown missed many chances to score. It was late in the last period of the regular game that Herzog was hurt. In a play in which he came from his goal to meet the ball, a Brown man kicked his hand. After Herzog's removal, Tech's substitute goalie was unable to stop the Brown advance.

Herzog's arm will be in a cast for three weeks, and the doctors do not believe that he will be in basketball togs before Christmas.

Juniors Beat Seniors 6-0

Junior Gridders Score On Spectacular Pass Play

The Juniors narrowly defeated the Seniors, 6 to 0, in a football game played last Saturday on Briggs Field.

The game was very even all along, and it wasn't until the fourth period that the Juniors scored on a forward pass from Hooper to Cush. This spectacular play occurred when Hooper's pass was deflected by one of the Seniors into the waiting hands of Cush, who crossed the goal, making the only score of the game.

Junior Team Good

The Juniors have a well coordinated team, most of the fellows having played together for three years. They are to play the Tufts Junior-Varsity on November 10 and are making arrangements to play the Northeastern team on Nov. 4.

Since the Juniors have defeated the Seniors who had previously tied both the freshmen and Sophomores, and the Sophs having defeated the freshmen, the Juniors will probably meet the Sophomores to decide the school championship.

Juniors	Position	Seniors
Dyne	Left End	Eckhart
Nelson	Left Tackle	Goodman
Compton	Left Guard	Fettes
Myers	Center	Chase
Turner	Right Guard	Kaneb
McGuire	Right Tackle	Heskett
Cush	Right End	McDonnell
Bowman	Left Halfback	Moorehouse

SOPHS DRAW FIRST BLOOD—First event of the day, the dinghy races, went to the Class of '42 by a score of 90-72.

Open Crew Championship To Be Held On Saturday

Open to any group of Tech men, the Grand Challenge Challice Crew race, sponsored by the Tech Boat Club, will be held this Saturday at 3:30 from Harvard Bridge to the Tech Boat House. Any fraternity, dorm, or team of commuters wishing to enter may do so signing up at the Boat House and paying a one-dollar entry fee. The fees will be used to buy a keg of beer which will be shared among the winning crews.

Shells and oars for practice are available at the Boat House and the crews may practice Wednesday, Thursday, and Friday after-

noons, or Saturday morning. The Challice Cup, is held by Delta Tau Delta who won it in last year's race.

Elections

(Continued from Page 1)

lots are first arranged by first choices. If no man has a majority of first choice votes, the candidate with the lowest number of first choices is dropped. The second choices on his ballots thus automatically become first choices. The ballots are then redistributed. This process is repeated until one man obtains a majority. He is thus elected. His name is then taken off and the ballots are redistributed. The whole process is then repeated until another has gained a majority.

It is evident that second, third, etc., choices are very important. The following rules must be followed in filling out all ballots:

1. Each student may vote in the election of his class only.
2. Every detachable ballot slip must be signed and handed to the ballot box attendant.
3. Choice of candidates must be indicated by 1, 2, 3, etc.; not by an x or a check.

of approaching a possible contributor.

In his talk, he explained that, although he has had little experience in soliciting, he has often been solicited, and therefore it is easy for him to tell what not to do. The three worst types of solicitors he described as "ostriches", those who avoid their subject; "ego-deflaters", those who make one feel very wicked if one doesn't contribute; and the solicitors who possess a "this-hurts-me-more-than-it-hurts-you" attitude.

"Be Sincere"

Professor McGregor then stated that the best plan to employ is one of sincerity without the use of "high-pressure methods". The drive worker should appeal, rather, to the interests of the people he is soliciting and explain the benefits they will receive from contributing.

Many Candidates Out For Fencing

Joseph Levis, '26, Will Coach Largest Fencing Group In Many Years

With the largest turnout in a number of years, the fencing team started off the season yesterday evening with a lecture in the West Lounge of Walker Memorial.

There are at least fifty-five new men out for the team, of which over forty are freshmen. The varsity is strong, with all but one of last year's men back, and the prospects of winning most of the matches on this year's schedule are very good.

New Coach Was Champ

The coach this year is Joseph Levis, '26, one of the outstanding fencers in the country, and several times inter-collegiate champion. Mr. Levis is taking over the duties of last year's coach, Giovanni Marcerata, an Italian Army Reserve officer, who is being detained in Italy because of the war.

Humanities, represented President Karl T. Compton at the banquet. Professor Avery Ashdown, and Professor William Timbie were also present. William Hagenbuch, '40, served as toastmaster.
