Bloom to Head Debate League For Next Year
Tech Team Takes Eighth In Tournament After 3 Year Lead

COLGATE IS CHAMPION

H. Stanley Bloom, '40, president of the Downe House, has been chosen president of the Eastern Intercollegiate Debate League at its annual meeting last Saturday. The Institute was, however, booted out of the E.I.D.L. completely for the first time in four years.

The 12th Annual Debate Tournament was held Friday night in the Great Hall. The Bloom team defeated the Duquesne University team, 45-35. William M. D. Laman, '41, is the retiring president of the debate league.

The Bloom team was chosen champion of the tournament after defeating the Wharton School of Finance and Commerce, University of Pennsylvania, 50-35; the Tufts University team, 40-35; and the Carnegie-Mellon University team, 35-15. The six remaining teams were Penn, Carnegie-Mellon, Bowdoin, Chicago, Wisconsin, and Michigan. The 35th Annual Debate Tournament was held at the Institute.

Hagenbuch Gives Up Refugee Post

William H. Hagenbuch, '40, has been named chairman of the Tech Digest Refugee Committee, which announced last night, Norman R. Klotz, '40, in the new chairman, Hagenbuch will remain on the committee.

The former chairman explained that his work as president of the I.F.C. did not allow him to devote enough time to the Digest Refugiest, the committee also announced that 150 degrees remain to be paid, and that the total cash on hand, about 40, is not sufficient to provide a supplement. The committee is being made to raise additional funds from outside.

Refugee Student Interviewed

A Hudson, refugee student, Edward Kerby, was interviewed by the committee last night to get additional information about a typical refugee student.

Hagenbuch, who had spent one year as a medical student in Vienna, Austria, declared that an average of 15-20 per month for necessities would be needed to maintain a refugee student, but that the student is living in a house where he could earn part of his board and living by performing small clerical duties. The committee is preparing for comfortable residences for future Tech Refugees.

Commendation is due the T.C.A. Cabinet... for their prompt action, in suspending the Tech-in-Turkey plan... during the time being at least. This prompt recognition of student opinion should serve to line the students more firmly behind the other services... which the T.C.A. performs.

The Tech-in-Turkey plan itself is... merits do not lie in... to suspend operations for a while. If outside means of support can be found to carry on Tech-in-Turkey, we heartily hope that it will be repeated; it would be particularly

suitable if some liberal organization could support this truly peace-promoting aid to democracy.

orchestra has been secured for the first portion of the dance.

But this is the second year running that... the doorstep of the dance committee... were royally double-crowed, to put it mildly. But... experience should teach the I.F.C. to take... precautions against such behavior of the agents... with whom they deal. It might be wise... next year to add a new lawyer to the committee.

Contracts have been drawn between the unenthusiastic legal access of the Junior Prom, and the not-so-unceremonious portions of the I.F.C., but it must be remembered that or-

chestrists are not so much in demand... the year when the Junior Prom is held. This is the season... when many girls... schools are giving dances in addition... innumerable spring festivals of other colleges. A good deal could be said about the... murkly behavior of the Music Corporation of America, through which this school gets... of its contracts with the Music Corporation... but that would not help. If that agency con-

siders such behavior as it has just shown... to be business ethics, they... should be pre-
pared to deal with them on that... giving them no advantages.

However, in spite of clouds, the sun of the I.F.C. dance has broken forth to spread... unacceptable warmth over the scene. It should be a good dance, well worth going to.

HOW TO START A WAR
In last Friday’s issue of this publication, there was a news article concerning projected... the activities of the United Student Peace Committee, activities endorsed by the Technological Peace Federation and the M.I.T. branch of the A.S.U.

These activities include condemnation of the actions of the fascist forces... stop the sending of war materials to aggressor... and support of an adequate defense program... for this country.

Such activities are in direct conflict... the name and assumed intent of such organizations for peace.

They encourage conflict, and possibly war, rather than discourage it. Taking sides has never stopped any battle, and groups which... such conflicts as many warpropaganda agencies. These organizations are certainly aiding the cause of peace by stirring up... and working for material opposition to any nation, however much harm that... done. That is how war is created.

The prime requisite for peace is the establishment of a peace-loving frame of mind in people, not the agitation... of the group working for peace is not... to decide what nation is right and what nation is wrong, but to try and find the best way... to keep the people of any and all nations out... of war. Such efforts are not exercises in sub-

thumbing and chest-beating, but exercises in applied diplomacy and clear, calm thinking.
