Incoming Head Of Dorm Com. Is H. Rapoport

M. Bearce And J. Wiley Are Named Treasurer And Secretary

DORM BOARD PRESENT

The new Dormitory Committee for the year '39-'40 was announced last night at the committee's annual banquet. Henry Rapoport, '40, was named as chairman. Paul E. Sandorf, '39, retiring chairman, presided until Rapoport took over the chair.

Guest speakers at the dinner were members of the Dormitory Board: Professor Leicester F. Hamilton, chairman, Dean Harold E. Lobdell, Jack Wood, and Dr. Avery A. Ash-down.

Bearce, Wiley Officers

Besides Rapoport, the Committee is headed by Marshall P. Bearce, '40, treasurer, and Joseph B. Wiley, '40, secretary.

The newly appointed chairmen of the various sub-committees are William J. Schnorr, '40, Athletic; Arthur S. Spear, '42, Publicity; Richard H. Hutzler, '40, Burton Room; L. Hurley Bloom, '40, Social and Tea; Norman R. Klivans, '40, Dance; Harold E. Dato, '41, Dorm Rumor; Teddy F. Walkowicz, '41, Dinner; and Edward M. Wallace, '40, Freshman.

Hall Chairmen Named

The six new hall chairmen who entered the new committee were Charles A. Wales, Jr., Willard S. Mott, Herman E. Gabel, Jr., Joseph E. Dietzgen, John B. Murdock, and Rudolf W. Hensel, all of the Class of 1941. Members-at-large are Walkowicz and Edward A. Beaupre, '41.

The new Senior House Committee is composed of Rapoport, Klivans, Bearce, Wiley, Wallace, and Richard H. Braunlich, '40.

Seniors' Options Redeemed Friday

Tickets For Those Without Options Also On Sale—Last Opportunity

All Senior Week options will be redeemed in the Main Lobby this Friday from 9 until 3. All those who plan to attend the Senior Week activities must redeem their options or purchase tickets at this time.

The price of the tickets for those who have options is \$8, regardless of when the options were bought. There will be no door sales during Senior Week. For those who have no options the price of the Senior Ball is \$9, the Banquet \$2, the Tea \$1, and the Boston Pops Concert \$1.50 per individual ticket.

There will be an important meeting of the Senior Week Committee at 8:15 o'clock next Friday morning.

Radio Society Addressed By Mr. M. A. Hallenstein

Mr. M. A. Hallenstein, representative of the Federal Communications Commission from the monitoring station in Hingham, spoke last night at a meeting of the M.I.T. Radio Society. He discussed the equipment, monitoring, signalling and other details pertaining to his duties at the Station.

Mr. Kolter, an inspector for the Federal Communications Commission also attended the meeting as a guest of the society.

Institute Notices

On May 8 Invitations and Announcements for the Graduation Exercises and Tickets for the Baccalaureate service will be available at the Information Office, Room 7-111. Each candidate is entitled to five invitations. Any number of announcements may be secured by paying two cents or three cents for each stamped envelope.

The notices regarding recommendations for degrees will be mailed to the term address of candidates, unless the Secretary of the Faculty is notified otherwise before May 27.

Miss F. W. Stiles, Librarian, Is Made Adviser To Women

Post Newly Created — Miss Stiles Heads Alumnae Association

Miss Florence Ward Stiles, librarian of the Arthur Rotch Library of Architecture, has been appointed to the newly created post of adviser to women students, it was announced last night. Miss Stiles, who graduated from the School of Architecture in 1923, will carry on her new duties in conjunction with her activities as head of the architectural library.

Since 1935 Miss Stiles has been president of the M.I.T. Women's Association, the organization of Institute alumnae of which there are more than 700 living.

Native of N. H.

She is a native of New Hampshire and was educated in the public schools of Cambridge before entering M.I.T. Following her graduation she worked with the staff of Howe, Manning and Almy, a firm of women architects, all

Adviser

To Play For Frosh

Tommy Reynolds

Although final preparations are still in progress, present plans provide that the Freshman Formal will be held May 12 in the Hotel Somerset with the music of Tommy Reynolds and his orchestra.

Recently Reynolds' band engaged in a battle of swing at the Friars Frolic with the orchestras of Tommy Dorsey and Phil Spitalny. This week Reynolds is playing at Amherst, and

Dorsey Plays At I.F.C. Ball

Carnival, All Tech Sing Complete Busy Weekend

Climaxing several months of preparation, the Fifth Annual Interfraternity Conference Dance was staged in the Imperial Ballroom of the Hotel Statler from 10 P.M. to 4 A.M. Friday evening. The All-Tech Sing conducted in the Great Court and the All-Tech Carnival sponsored by the 5:15 Club in Walker Memorial brought the activities of the Interfraternity weekend to a close Saturday evening.

Two nationally famous orchestras provided the music for the dance Friday. Harry Marshard and his orchestra, society favorites who have played at many of the nation's best hotels, took charge of the first half of the dance from 10 till 1, while Tommy Dorsey, the sentimental gentleman of swing, was warming up at the Friar's Ball in Boston Garden.

Dorsey Here Recently

Dorsey, who is the only big name orchestra in the last two years to play at two major Technology dances, gave the five hundred couples attending the dance a sample of the swing which brought him the top listing in recent popularity polls.

Special vocal entertainment was provided by the Andrews Sisters to supplement the regular dance rhythms. Accompanied by Harry Marshard and his orchestra, the Andrews Sisters with their interpretations of "Hold Tight", "Rock-a-Bye Baby", and "Bei Mir Bist Du Schoen" drew enthusiastic acclaim from the dancers. The Andrews Sisters appear every Saturday night on a nation wide hook-up with Phil Baker and Eddie De Lange's orchestra.

Surrounded by Rube Goldberg inventions and the inescapable carnival games, eight hundred danced at the All-Tech Carnival to the tunes of Leon

T.C.A. Proposes Scholarship Fund

Tech - In - Turkey Substitute Suggested At Boys' Work Dinner

A proposal for a scholarship at Technology for an underprivileged Boston boy was forwarded last night at a meeting and dinner of the Boys' Work Division of the T.C.A. as a substitute for the recently discontinued "Tech in Turkey" project.

Following an address in which he praised the work which had been accomplished by the group during the past year and related a few of his own experiences along the same line of work, President Karl T. Compton was presented with an honorary membership in the division because of the aid and encouragement which he has given the group.

Timble, Ross Speak

Professor William H. Timble of the Electrical Engineering department and a member of the advisory board of the T.C.A., gave a short, but entertaining talk during the dinner. Walter C. Ross, secretary and member of the T.C.A. advisory board, also made a few comments upon the work done.

Heads of four settlement houses which the Technology volunteers serve gave illuminating speeches concerning the activities which take place at their respective houses, at the same

Gridiron Awards To Be Presented At Last Banquet

Competition For Prizes Is Open To Staffs Of All Publications

The Gridiron Awards, prizes totaling \$50, contributed annually by an anonymous alumnus to foster the more effective use of the English language by students interested in the undergraduate publications, will be presented at the annual Spring Banquet of Gridiron, honorary publications society.

Broken into three prizes of \$25, \$15, and \$10, the awards will be bestowed upon those men whose work, in the opinion of the judges, shows the greatest proficiency in clear, effective, direct writing.

Entries Not Restricted

Entries will not be restricted as to kind. News and feature stories, magazine articles, essays, editorials, business letters, advertising copy, and correspondence pertaining to the publications will be considered eligible for competition, general excellence being the sole basis upon which they will be judged. The only condition exercised will be that each entry must have been passed upon first by the General Managers of the four undergraduate publications.

Material should be submitted in its final form to the General Managers by the third of May.

Handbook Material May Be Submitted

The editors of the 1939 T.C.A. freshman Handbook announced yesterday that any activity not previously listed in the Handbook may submit a list of officers and any desired writeup. This is not necessary for the regularly listed activities.

Technology's quota of students for the New England Student Conference is limited to ten according to the meetings division. Interested students should obtain tickets and information at the T.C.A. Office as soon as possible.

The third and final edition of the Marriage Lecture resume is also available there now.

Officers Named At Staff Banquet Friday Night

M. L. Wood, J. R. Gray To Complete 1940 Senior Board

Donald W. Ross, '40, was announced General Manager of 1940 Technique at that publication's annual banquet in the Copley-Plaza last Friday night. The other members of next year's Managing board will be Marion L. Wood, '40, Editor-in-Chief, and John R. Gray, '40, Business Manager.

The Junior board for next year will include: Charles A. Kalman, Charles F. Peck, Jr., Arthur S. Spear, William M. Bowes, Herbert A. Stein, Preston R. Gladding, Robert J. Demartini, George B. Beottner, Richard A. Markey, Jr. and James S. Thornton, all of the class of 1941.

The banquet featured an address by Professor Albert A. Schaefer and short speeches by President Karl T. Compton and members of the retiring Senior Board, including Frederick B. Grant, '39, Joseph G. Mazur, '39, and George L. Estes, Jr., '39. Grant acted as toastmaster.

The staff of Technique assembled at the Copley-Plaza at 6:15 while a cocktail party was being held for the guests and the retiring Managing Board. The banquet began at 6:45, at the conclusion of which the new boards were announced and the speeches were heard.

The invited guests included Dr. and Mrs. Compton, Professor and Mrs. Schaefer, Professor and Mrs. Frederick G. Fassett, Jr., Mr. and Mrs. Stanley G. H. Fitch, Mr. and Mrs. Horace S. Ford, Mr. and Mrs. Henry B. Kane, Mr. and Mrs. J. Rhyne Killian, Jr., Mr. and Mrs. Delbert L. Rhind, and Mr. and Mrs. Dino G. Valz.

Institute Debaters Will Meet C.I.T.

National Pump Priming Policy Discussion Will Feature Oregon Style

Making the longest trip in the history of the organization, the Technology debating team will meet the Carnegie Institute of Technology team at Pittsburgh, Pennsylvania, Friday night. The question, which will be argued in Oregon style, is Resolved: That the United States should cease expenditures of public funds to stimulate business. The Technology team has the negative side of the issue.

Peter M. Bernays, '39, retiring president of the New England Intercollegiate Debating League, and Franklin P. Seeley, '42, will represent Technology in the debate. They will be the guests of the Western Pennsylvania Alumni Club. The coach of the C.I.T. team is a Technology graduate.

Approved List Of Tutors Is Now Being Compiled

The Approved List of Student Tutors in first and second-year subjects is now being compiled for the academic year 1939-40. Application forms should be filled out at the Office of the Dean of Students, Room 3-108, within the next two weeks.

HARVARD AND HOOP-ROLLING

The most encouraging news we have yet heard is the announcement of the new sport which has been raised to varsity standing at Harvard. We can look forward with excitement to the prospect of fiercely fought hoop-rolling contests between Harvard and Vassar, Harvard and Wellesley, Harvard and Smith.

We have deplored the way in which the Crimson has doggedly stuck to such purely masculine activities as football, baseball and soccer. We have felt that it just wasn't right. We have long known that Harvard was capable of other things. It does our heart good to see that Harvard has at last broken its hide-bound traditions and gone into an activity where its abilities are properly rewarded and where it can be appreciated at its full stature.

Now that the sons of John Harvard have taken this momentous step, they should look for new fields to conquer. We foresee stunning victories for Crimson squads in knitting, crotcheting, making-the-daisy-chain, and such allied strenuous sports. Frankly, other men's schools would feel out of place in such fields, but Harvard cannot. We feel sure that Harvard will thus earn its place in the collegiate world.

SEASON FOR LIVING

In spite of a few false starts, the pleasantest time of the year is at last with us. Each season has virtues of its own, but all seasons point to spring. The year grows and dies during summer, autumn, and winter; but spring is its literal rebirth.

Winter has its excitements and its pleasures, but it is a dead, impersonal season. Its beauty is frigid and intellectual-like. The snow gleams white, and one is forced to admire its purity; but there is no feeling of unity between it and us. It is apart from our being. Nothing of humanity is embodied in the clear sparkle of an icicle; the fascination is static, mathematical. Nothing is alive.

It is this background that gives to spring such a delicate charm. We begin to feel currents in nature which run parallel to our own currents. The life which is in us has begun to wake in our surroundings, and we feel an awareness of the warm sun and the greenness of plants. Subtly the spirit of living and rejoicing creeps into the air, and

our minds and bodies quicken in response to that spirit.

And, besides, it is the time of year when we can stop wearing coats and ties, and be comfortable.

DEAR EDITOR

Editor, The Tech:

The Friends of the Abraham Lincoln Brigade have requested me to help raise two hundred dollars for the repatriation of Max Shufer, a former Tech student who is now interned in France. Shufer was a graduate student of Physics when he left in June, 1937 to fight for the Loyalists in Spain. He was captured in March, 1938 and was held in a concentration camp until two weeks ago. At that time he was shipped to France together with nearly a hundred other American prisoners. They are all being held as virtual prisoners until funds for their return home have been raised.

I am taking this opportunity to appeal to the students and faculty of Technology to contribute generously now so that Shufer can come home. Like almost all of the prisoners, his health has been seriously impaired; the sooner he can return, the better are his chances to recover fully and to renew normal life where he left off. He gave two years of his life in the struggle for democracy; the least we can do is make possible his speedy return. To make a contribution, or to obtain further information, please get in touch with the undersigned at the Graduate House.

HAROLD L. POSNER

SCIENCE IN BRIEF

by ARTHUR M. YORK, '38

DIRECT SUN-POWER

Repeated failures to devise machines which operate solely on the sun's heat do not seem to have decreased greatly the number of attempts. Dr. C. G. Abbot, secretary of Smithsonian Institution, has devoted almost his entire scientific career to the development of such an engine. Recently he announced the completion of one that supplies power at a cost of about a half cent per horsepower-hour. However, the main drawback of all solar engines continues to be the absence thus far of a satisfactory and inexpensive method of storing energy so generated for use at night and on cloudy days. Dr. Robert A. Millikan, in a recent address, was highly skeptical about the practicability of solar engines during at least the next thousand years on the grounds that our supplies of coal will probably last that long. Of course man's power, in the form of coal, water power, electricity, and gasoline, has always come indirectly from the sun. The use of sun engines would merely eliminate many intermediate steps and, presumably, result eventually in increased efficiency.

NEW CANCER CONTROL

Coming during cancer month, as Congress has designated April, the announcement by Dr. G. Failla, New York, of a new method of cancer control seems highly significant. Dr. Failla claims that, if distilled water be injected into cancer growths, following x-ray treatment, the cancer cells will swell up and die. The water alone seems to have no effect and the x-rays, which have been given greatly increased attention during recent years, are effective only after application of intensive and repeated doses, with the use of expensive equipment.

ELIMINATING MINING

It appears to be no longer necessary to mine coal and transport it here and there in order to realize the benefit of the heat and power from it. In Russia there are in operation a number of mines where the seams of coal are burned in the ground and the resulting gas piped from the mine to points where it can be used. It is claimed that the combustion of the coal in the ground can be controlled satisfactorily and that a considerable economy results from the elimination of operations and the reduction of labor.

SURGERY BY TELEVISION

A Brooklyn hospital is planning to install television equipment which will enable student observers in the galleries of operating rooms to get a close-up view of the proceedings. From an electric camera directly over the operating table, cables will run to receiving sets in various points in the gallery as well as to the offices of surgeons and consultants in other parts of the building.

TACKLING ANOTHER GIANT

Now sulfanilimide takes on another adversary as preliminary experiments are completed to show the effect of a form of that seemingly universal drug upon tuberculosis. Guinea pigs inoculated with human tuberculosis germs and then given the drug had only minor infections; those inoculated but not treated died. Trials on human cases will come later.

Reviews and Previews

BROOKLINE — Charles Laughton's new production, *The Beachcomber* is the cofeature this week, with the accompanying production *Cafe Society* starring Fred MacMurray and Madeline Carroll.

COOLIDGE CORNER—Loretta Young and Warner Baxter are the stars of the week in the picture *Wife Husband and Friend*. The other picture is the filmed interpretation of the Hugo masterpiece *The Three Musketeers* with Don Ameche and the Ritz brothers.

UNIVERSITY — The fast moving heavy fisted melodrama *Stand Up and Fight* with Wallace Beery and Robert Taylor is the show this week while the intriguing production of *Fast and Loose* with the screen's great lover Robert Taylor playing the swain to that fascinating belle, Rosalind Russell.

FENWAY—The thrilling production showing the life in the wild western days *Dodge City* is being shown with the co-feature *Pardon Our Nerve*.

SCOLLAY AND MODERN — George Raft and Ellen Drew take the honors with the beautiful drama *Ladies from Kentucky*. The other feature is the thrilling, much published western *Stagecoach*.

of whom were educated at the Institute. Later she travelled in Europe and, upon her return to this country, was engaged in architectural drafting and design. Her activities in this field included work in the architectural department of Stone and Webster, Inc., where she acquired experience in such types of architecture as concrete dams and power stations. In private practice she has been interested in the design of small houses and remodeling old dwellings. This year she was elected an associate member of the Boston Society of Architects.

Miss Stiles became librarian of the Arthur Rotch Library of Architecture in 1931, and is a member of the Special Libraries Association, as well as the American Association of Museums. In 1937 she was national chairman of the Museum Group of the Special Libraries Association. Her appointment as adviser to women students at M.I.T. was preceded by a study of the needs of and facilities for women students and women's organizations at the Institute.

Chaperones Announced

Chaperones for the affair were announced last night by Carl L. McGinnis, '42, president of the freshman class. They are Dean and Mrs. Thomas P. Pitre, Professor and Mrs. George G. Marvin, and Professor and Mrs. Raymond D. Douglass. Invitations have also been extended to Doctor and Mrs. Karl T. Compton and to Dean Harold E. Lobbell, but they will be unable to attend.

Tickets have been going rapidly, and only a few now remain on sale. Final arrangements for the dance are to be made at a meeting of the freshman council tomorrow night.

SAILORS WIN INTERCOLLEGIATES

Varsity, Freshmen Win Track Openers

Colby Is Trounced By Balanced Varsity As '42 Trims Tufts

Jester, Wood, Nagle Lead For M. I. T. At Waterville

Brady Paces Freshman Team To 78-39 Dual Victory On Tufts Field

Trouncing Colby 80½ to 54½ and Tufts freshmen 78 to 39, both varsity and freshman track teams opened the 1939 season over the weekend with indications that they will repeat their undefeated season of last year.

A well-balanced varsity, twenty-eight strong, traveled to Waterville Saturday and with twenty-four men scoring, defeated the Mules by a wide margin, while the freshmen doubled Tufts score Friday afternoon at Medford.

Colby Furnishes Stars

Daggett of Colby was individual star of the varsity meet with first in the pole vault, broad jump, 100 yard dash, and 220 dash, while Captain Hodges of Colby took second place with firsts in the discus and shot put, and a second in the hammer throw. Together these two stars accounted for 34 of Colby's 54½ total.

Team balance won the meet. Tech won only eight of the fifteen events, but took ten second places and ten and a half thirds.

Jester Is High for Tech

Lewis Jester, '41, won both hurdles to take high scoring honors for M.I.T. He sprinted over the high hurdles in 16.4 seconds early in the meet and came back with a 25.4 low hurdle victory near the end.

Two clean sweeps stood out in Tech's scoring spree. Bill Halley, '40, Bill Wood, '40, and Vernon Kyllonen, '40 came in one, two, three in the quarter mile; and Jester, Bill Taylor, '40, and Kyllonen swept the 220 low hurdles.

440 Has Ironical Finish

The 440 finish was ironical. The three Tech men took the lead from the beginning and held it easily with Bill Wood ahead on the home stretch. He motioned for Halley, in second position to come up in a tie for first, but unfortunately the two failed to hit the tape together, Halley being awarded the race.

Wood came back later, however, and ran off with the 880 in 2:05.5. Dan Crosby, '40, captured the mile after a close race with Chase of Colby. Joseph Quill, '41 was third.

Parks Toolin, '40, won the two-mile grind easily in 10:25.2 while Stan Backer, '41, battled into second on the home stretch, just edging out Colby's Charboneau. George Clark, '40, and Rudy Hensel, '41, split honors in the dashes behind Daggett.

Nagle First for Tech in Field

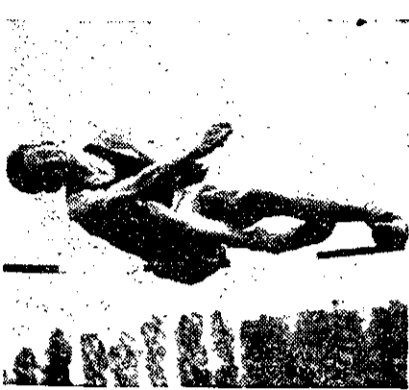

John Nagle, '41, starred for Tech in the field events with seconds in the discus and shot and a tie for third in the high jump. John Hamilton, '39, varsity captain, tied with Don Scharff, '41 in the high at 5 ft. 6 in. John Gilbert, '40, was second in the pole vault with Laurence Russe, '41, third. Stan Van Greenby, '41, took third in the hammer throw.

Chet Ross, '40, won the javelin

Dartmouth Beats Lacrosse Team

This Is Second Loss In Week; Harvard Defeats Team 8-2

The Tech lacrosse team absorbed a 11-2 licking from a strong Dartmouth squad yesterday afternoon on the Coop field. This was the second loss for Tech within a week, Harvard having defeated them last Wednesday by a score of 8-2.

Dartmouth brought one of the strongest teams in New England to the Tech field yesterday and, considering the past record of the Dartmouth team, the Tech showing was not bad. Last week the Hanover team defeated Harvard by a margin of six or seven goals. The two Tech scores in the meet were made by Browning and Hunsaker.

Fourth Straight Defeat

This was the fourth straight defeat for the Tech team, but all their losses except possibly the Dartmouth game have been by very close scores.

The loss to Harvard last week was much closer than the scores indicate. The teams battled nip and tuck throughout most of the game. Two of the Harvard goals were made on questionable decisions by the referee. Pete Hunsaker also scored one of the two goals in this match, while Thomas Craemer scored the final one.

Frosh Downed 5-2

The frosh team made a good showing of themselves in their freshman game with the Harvard Frosh. Two Harvard goals in the last period gave them a victory in this match. Leghorne and Artz scored for the Tech team.

The summaries:

HARVARD—Hanford, goal; Livingstone, Gilbert, p.; Lewis, cp.; Blotner, Wilcox, Childs, Tonner, Gilbert, Id.; Ferris, Edmunds, Behr, 2d.; Willard, Doughty, c.; Downey, Downes, Bird, Benedix, Blanchard, 2a.; Zouck, Ierardi, 1a.; Hammond, Halstead, Stein, oh.; Anderson, Riecken, ih.

M.I.T.—McPhail, goal; Cummings, Gabel, p.; Crawford, Silber, DeTler, cp.; Morehouse, Id.; Schucard, Browning, 2a.; Martin, Seim, c.; Ferrell, Halstead, 2a.; Alexander, 1a.; Hunsaker, oh.; Craemer, Toranski, ih.

Scoring—Harvard: Willard, Doughty, Halstead, Blotner 2, Anderson, Ferris; M.I.T.: Hunsaker, Craemer. Referee—Kosiba. Judge—William Schmeisser, Jr. Time—Four 15m. periods.

HARVARD FR. 5, TECH FR. 2

Harvard Freshmen—Whitehead, Sachs, goal; Rothschild, p.; Flint, cp.; Nagle, Marshall, Id.; Conlan, Lowe, 2d.; Alexis, Power, Gotham, c.; Murphy, Turner, Rogers, 2a.; Staber, Garrick, 1a.; Sullivan oh.; Simmons, ih.

M.I.T. Freshmen—Kelly, goal; Givin, p.; Fraser, cp.; Arnold, Id.; Gustopher, 2d.; Sibley, Evans, c.; Leghorne, 2a.; Artz, Leiser, 1a.; Gander, oh.; Sweeney, Friedler, ih.

Scoring—Harvard: Sullivan, Staber 2, Rothschild, Whitehead; M.I.T.: Leghorne, Artz. Referee—L. M. Childs. Time—Four 10m. periods.

Colby Falls To Racquet Team

Tennis Team Wins Third Straight To Remain Undefeated

Fresh from victories over Bates and Worcester Tech, the M.I.T. tennis team continued its three game winning feat by defeating a strong Colby College aggregation by the score of 7-2. The team is undefeated in matches played this year.

The strong Institute players dropped only one singles match in the games yesterday and won two of the three doubles matches.

Freeman Loses In Feature Match

Phil Freeman, '41, playing number three man for Tech, lost the feature match of the day to Binanske of Colby. Binanske matched Phil's steady game, stroke for stroke, but won only after the battle had been carried to three strenuous sets. The scores were 3-6, 6-4, 6-4.

Dick Braunlich also was extended to defeat his man but won his deciding set in easy fashion 6-0. Jack Berezow, six man on the Tech squad, played the longest match of the day before he defeated Talbot of Colby by a score of 5-7, 6-3, 6-3. In the only doubles loss for Tech, Colby's crack team of Binanske and Lord defeated Paul Keitel, '40, and Braunlich, 6-4, 7-5.

Tomorrow the varsity team will play host to a squad from Assumption college. The freshman squad, which absorbed a 9-0 defeat at the hands of Andover on Saturday, will play its third match of the year on Thursday afternoon.

Summaries

Millar, Tech, defeated Lord, Colby, 6-4, 6-1; Braunlich, Tech, defeated Chase, Colby, 6-3, 4-6, 6-0

Binanske, Colby, defeated Freeman, Tech, 3-6, 6-4, 6-4

Stone, Tech, defeated Fredinds, Colby, 6-3, 6-2

Keitel, Tech, defeated Lizzanano, Colby, 6-0, 6-3

Berezow, Tech, defeated Talbot, Colby, 5-7, 6-3, 6-3

Lord and Binanske, Colby, defeated Millar and Keitel, Tech, 6-4, 7-5

Millar and Freeman, Tech, defeated Chase and Fredinds, Colby, 6-3, 6-1

Samuels and Stone, Tech, defeated Lizzanano and Talbot, Colby, 6-1, 6-0

Tech Golfers Win Over Colby 6½-2½

Sophomores Help To Team In Recuperation From Weekend Losses

Winning decisively by a 6½ to 2½ score, a strengthened Institute golf squad returned from 8½-½ and 8-1 losses to Amherst and Williams to overpower a Colby team yesterday at a Boston Country Club.

The Technology linkmen took four of the six dual competitions and came out ahead in two of the four-ball matches, tying one. The team gained this decisive win in spite of the absence of Captain Weterer, '39, Jeffers, '40, and last year's star, Klock, '40.

Wynne Defeats Bender

Wynne, '41, defeated Bender, of Colby, eight up with six to go, and McEvoy, '40, came out ahead of Myshrral, of Colby, one up. Gregory, of Colby, downed Wuehrmann '40, with three up and one to go and Collidge, of Colby, defeated Scott, '41, four up and three to go, thus giving Colby two points.

Trexel, '41, led Berry, of Colby, five up and four to go, and Follansbee, '40, came out ahead of Bunting, of Colby, nine up and eight to go.

In the four-ball matches, Wynne and Wuehrmann of Tech defeated Bender and Gregory, of Colby, three up and two to go. Follansbee and Scott of Tech led Collidge and Bunting, of Colby, four up and three to go, while McEvoy and Trexel split with Myshrral and Berry to give each team a half point.

R. Colie Is Individual Winner As Tech Team Wins On The Charles

As Sailors Triumph

Victory for Colie

Crews Are Beaten In Ithaca Races

Freshmen And 150's Do Well In Races Against Cornell and Syracuse

The varsity and junior varsity crews were decisively defeated at a meet with Cornell and Syracuse at Ithaca, N. Y., last Saturday.

Cornell won the varsity race by eight feet in 4:57.9 after a close race with Syracuse. The Technology crew never had a chance and finished third, nearly six lengths behind the winning team in 5:20.2.

Junior Varsity Trails

The junior varsity did not fare much better. The race was won by Syracuse, who took the lead when Cornell took too wide a turn at the buoys in the bend of the course. The winner's time was 5:02.3. M.I.T. trailed by nearly 5 lengths, finishing in 5:22.

Frosh, 150's, Row Best

Again the freshman eight rowed the fastest time for Technology. Cornell took the lead in this race at the quarter mile mark and stretched the margin to a length and a half at the finish. They crossed the finish line in the very good time of 5:00.5. M.I.T. came in second in 5:06, defeating the Syracuse freshmen by half a length.

The opening race, at the Henley distance, was the closest of the day. Only the Cornell and M.I.T. lightweights competed. The race was nip and tuck all the way down the course, with Technology holding the lead in the early stages. Cornell finally won by four feet in 7:08.8.

Last Thursday the second 150's defeated the Boston University junior varsity in a closely matched race on the Charles.

Third Victory Gives M.I.T. Supremacy Of Yachting

Princeton Is Second, As Brown And Harvard Are Third And Fourth

By capturing the coveted Henry G. Morse Memorial Trophy last weekend for the third successive time, Tech's sailing team again showed their superiority to the inter-collegiate yachting world. Runyon Colie, Jr., '40, was the outstanding skipper of the regatta with the excellent total of 137 out of a possible 144 points.

The racing conditions were perfect for the regatta, with clear weather and a good breeze which was easterly the whole week-end. Saturday afternoon saw the completion of six of the twelve races, with Colie first in three. The Princeton team was Tech's closest rival from the start, trailing only a few points at the close of Saturday's competition.

Comodore Herman Hanson, '39, was the other representative of Technology and helped the Institute lead by placing third in his division. Sunday morning saw the weather rather calm, and the indication was that the meet might not be finished, but the breeze picked up in the course of the afternoon and all twelve races were completed.

Colie Stars

The Sunday morning race was a drifting match with Runny Colie starring in his division by sailing through the fleet on a broad reach pickup. Colie, of the second division, finished first in seven of the twelve races. Ralph L. Fletcher, of Brown, was the star of the first division with the total of 113 points which put him as the third high scorer of the regatta. Gardner Cox of Princeton having totaled 114 points for second in Colie's division.

throw at a distance of 166' 10" with John Sexton, '41, third. Howard Marshall, '39, was second in the broad jump; Al Booth '41 third.

Brady Paces Freshmen

Brady paced the freshmen to their win with a startling 2:02.4 half-mile and a first in the javelin. Silva won the 100. McKee, the 220; Schultz, the low hurdles; McBride, the quarter-mile; and Gow, the mile. Winners in the field events were Eberhard and Judd who tied in the pole vault; Ford, Powers, and Taylor who tied in the high jump; and Madwed who won the shot.

Varsity summary:

High Hurdles—Won by Jester (T); Burnham (C), second; Taylor (T), third. Time, 16.4s.

Hammer—Won by Levin (C); Hodges (C), second; Van Greenby (T), third. Distance, 142 ft. 6 in.

100-Yard Dash—Won by Daggett (C); Hensel (T), second; Clark (T), third. Time, 10.2s.

Pole Vault—Won by Daggett (C); Gil-

bert (T), second; Russe (T), third. Distance 12 ft.

Mile Run—Won by Crosby (T); Chase (C), second; Quill (T), third. Time, 4:36. 4:40-Yard Dash—Won by Hailey (T); Wood (T), second; Kyllonen (T), third. Time, 52.6s.

High Jump—Tie between Hamilton (T) and Scarff (T); third, tie between Thompson (C) and Nagle (T). Height 5 ft. 6 in.

Javelin Throw—Won by Ross (T), Allen (C), second; Sexton (T), third. Distance, 166 ft. 10 in.

Shotput—Won by Hodges (C); Nagle (T), second; Allen (C), third. Distance 41 ft. 8 in.

Two-mile Run—Won by Toolin (T); Backer (T), second; Charboneau (C), third. Time—10m. 25.2s.

880-Yard Run—Won by Wood (T); Carde (C), second; Workman (C), third. Time—2m. 5.5s.

Broad Jump—Won by Daggett (C); Marshall (T), second; Booth (T), third. Distance, 22 ft. 8 1/2 in.

220 Low Hurdles—Won by Jester (T); Taylor (T), second; Kyllonen (T), third. Time—25.4s.

220-Yard Dash—Won by Daggett (C); Clark (T), second; Hensel (T), third. Time, 23s.

Discus Toss—Won by Hodges (C); Nagle (T), second; Allen (C), third. Distance, 118 ft. 11 in.

I.F.C. Weekend

(Continued from Page 1)

Mayers and his orchestra Saturday evening. The highlight of the evening's program was the crowning of Miss Kim Sibley, a Simmons' freshman from Palo Alto, California, as the Carnival Queen.

Phi Mu Delta Wins

Phi Mu Delta won the first prize of 12 gallons of beer in the Rube Goldberg machine contest with their device to keep the sleepy brown-bagger awake. The second prize of three gallons of beer went to Lambda Chi Alpha for its contraption to insure rapid rising for nine o'clock classes. Goodale rated the third prize of 348 ounces of gingerale with its machine to cook and prepare a full sized breakfast for a person who is too lazy to get out of bed.

Wood's apparatus to turn on the light for the busy brownbagger, and the co-eds system for boring bores and getting rid of unwelcome boy friends were also entries in the contest. The door prize, a live duck, was awarded to A. Carleton Jealous, '42.

Approximately 200 people gathered in the Great Court before the Carnival to join in an All-Tech Sing where old folk and drinking songs were led by the M.I.T. Glee Club.

Boys' Work

(Continued from Page 1)

time commending the fine work which the volunteers have done this term.

Scholarship for One Year

The proposed scholarship, which would only cover the first year of the boy's studies at the Institute, and would include expenses incurred by the purchase of books and other necessary equipment, would be awarded to the most deserving boy in the many settlement houses in Greater Boston. The only restriction imposed upon the boy would be that he fulfill the necessary requirements for admission. Tuition for the succeeding years would have to be

secured through loans or scholarships from the school authorities, however, which would depend solely upon the student's rating.

According to members of the division executive committee, interviews of various Technology students representing a cross-section of the student body have been made concerning the wisdom of such a scholarship. Results, they said, indicated that the majority of the students would be in favor of the proposal.
