Problem To Be Discussed

---

The meeting will be held in room 6120, Tuesday, October 3rd, at 5:15 p.m., for the purpose of discussing the proposed bill. After both sides of the issue have been presented, a vote will be taken.

The question is being debated in the House of Representatives, while Professor Smith will be present in the gallery.

"Neutrality is a Critical Problem"

The resolution of the question of neutrality is without a doubt the most crucial problem in the United States foreign policy at the present time," stated Professor Smith. "This is particularly true because the country has been at war with other countries for many years, and it is the deciding factor for our participation in the present war, he added.

Approved by the Senate Foreign Relations Committee, the Neutrality Act will be discussed at the meeting tonight.

Eight of Technology's New Coeds

Standing, left to right: Marie Guinan, '44; Gloria A. Kay, '43; J. Gladys Thompson, '41; Sylvia Shimberg, G. Sitting, left to right: Katherine B. Adams, '44; Maryalice Cenery, G.; Maryann Yost. (Concluded on Page 4)

The majority of the new coeds are freshmen students, and Coeds VII, Biology and its options, seems to be their favorite science. Of the twelve majors that are offered in Coed, Biology and its options is the most popular.

Undergraduates Favor Course

Among the new coeds in the undergraduates, architecture and engineering students are the most popular, with four of the twelve majors interested in architecture. Chemistry and its options will also be offered.

The attack is under the direction of (Continued on Page 4)

Class Of '42 Gets
$1390 Grant For Band

Lient. Wray Will Coach The Senior And Junior Ball Teams

Football for the Junior and Senior classes was approved by the Institute Committee at its meeting of the year in Walker Memorial yesterday afternoon. A $1390 fund from the A.S.U. has been authorized for the Institute Committee to purchase for the student body the first equipment without funds provided by the Fall Band. The coach for the newlly installed team will be Lieutenant Wray. Wray, former All-American football star and a professor in the Military Science Department, will work in conjunction with the Athletic Association which will manage the teams from the start.

Levis to Head Fencing Team

Levi's graduation from the Institute and volunteering to lend his services as coach of the last three Olympic teams and five-time second, and one-third chalked to his credit below to the States to return to the States again this year, which he and two other men undertook the fisticuff which included the splendid old 1926 when Levi's left Tech, is expected to bolster the squad this year.

Who'n the conflict broke out in the States until now, managerial staff there is a no place open in the sophomore. For the amusement of the guests at Beaver Key history that matches were played both in 1923 and 1924, they were the first major sport to get under way at Tech. Levi's career as a coach is marked by the fact that they were scheduled to play Tufts next Saturday, October seventh. Among the freshmen there will be several men coming up from last year's freshman team, including John Ewing, Bob Perry, George Miller (from freshmen league that matches were played both in 1923 and 1924, they were the first major sport to get under way at Tech. Levi's career as a coach is marked by the fact that they were scheduled to play Tufts next Saturday, October seventh. Among the freshmen there will be several men coming up from last year's freshman team, including John Ewing, Bob Perry, George Miller (from/26 when Levi's left Tech, is expected to bolster the squad this year.

Coaching of the freshmen is expected to be as follows: Saturday, Oct. 7, Tufts; Thursday, Oct. 13, Hamilton; Saturday, Oct. 14, A.C. & S; Springfield; Wednesday, Oct. 18, Tufts; at New Haven; Saturday, Oct. 21, Hartford; Sunday, Oct. 22, Boston; Monday, Nov. 4, Clark; at Worcester; Saturday Nov. 11, Mass. State; at Anchor; Saturday, Nov. 18, Springfield; at home. This is likely to be the year's schedule for the varsity team to look forward to and indications are that it will be as interesting season.

The freshmen have drawn some new blood, Jim Gillis, who was an assistant coach of the varsity in 1926. Many freshmen are not new at the game of soccer, by no means, as they have been active on high school teams in their earlier years. With this combination of an experienced varsity man as coach and promising team material, the freshmen can be expected to have a very good season.
