Advance Sales For Field Day Dance Opened
Paula Kelly Is Scheduled To Sing With Band As Vocalist

AL DONAHUE TO PLAY

Three sales were reported by the Field Day Dance Committee last evening at the North Conway Airport. The next day, on the sale for Friday, October 27, advance sales were at no sale for the dance and will be available in the Main Lodge through the week. Redemptive price $1.50

Paula Kelly to Appear One of the loveliest feminine vocalists appearing in the Northeast this season will be Paula Kelly, has definitely been the sensation of the concert for the use of only the vocal services of Patsy Kelly. Al Donahue, whose band is especially strong in the female department, makes an appearance with his orchestra Wednesday evening and will be in residence at the beginning of Paula Kelly. Invitations to the several fall fairs were mailed recently. All the technology societies and the Glee Club have been invited to the fall program at Institute students regardless of membership. William O. Cossin, '40, has charge of ticket sales in the Graduate House.

Played at Smart Spots The fashionable Fordham hostess, Miss Kelly, came to the ball as a top-flight dance co-ordinator as she did to the exclusive Sands Point Bath house and the Peabody Boulders on Long Island. There the Kelly requests was such a hit that it was carried to the Rainbow Room for a tour and to the United States, probably the most fashionable spot in the world.

Menorah Society Is To Give Dance Dinner Party With Radcliffe To Be Held In Walker This October

A dance sponsored by the Menorah Society will be held tomorrow evening in Walker Hall. The dance will be from 8:30 P.M. to 1:00 A.M. tickets will be sold in advance for $1.00. These trips will bring the total held for the fall to three. The first canoe trip is mainly for experienced canoeists, and the second canoe trip with Radcliffe and the Technology Club. The trip will start from Walker Memorial, and the last one will be held at the Basketball at 3:00 P.M. The contributions by the heads of Menorah Society include an informal dinner party with Radcliffe near the entrance, a dance to be held next week in Memorial Walker, and a bowling trip to be held at a later date.

Debating Society Opens Against Emerson College

In what is promised to be an unusually wet season, the M.A.T. is looking forward to a busy season with a debate against Emerson College in Boston. The debate will be held Wednesday, November 8th. The debate will be held Wednesday, November 8th, and the game will be played at Emerson.

Field Day Singer

50 Students To Be Pilots
Plan Part Of Nationwide Program To Train 10,000 Flyers

Fifty upperclassmen and graduate students of the Institute will receive training this fall in the program sponsored by the Civil Aeronautics Authority. It was announced by President Dean Peabody of the department of Aeronautical Engineering at a meeting of the Student Council last evening.

The training at Technology, which includes general school instruction at the Institute and flight training at nearby airports, is part of the five-year program to produce first-rate pilots under the Civilian Pilot Training Act for training between 1939 and 1942.

Two Twirled Last Spring Last spring, when the program was inaugurated, twenty Technology students participated, and, although the Institute's minimum quota has been announced at fifty, it is expected that the first year will provide for the training of a greater number.

Starting with ground-school instruction, the students will receive the basic training to pilot aircraft. The students have been selected directly to the Rainbow Room for a few weeks and the first course will be held in the evening.

Flights Begin Next Month Flight training is scheduled to begin in late November and, at the ends of the course have been solved.

The Main Hall will be decorated for the dance in traditional autumn style. The following chaperones have been invited: Professor and Mrs. Leatin.

A.E.S. Glider Crashes In Landing Attempt; Pilot Escapes Injury

Freshmen Remove Signs; Freshmen To Wear Signs

Late last week, in an attempt to throw off Sophomore tyranny, two freshmen removed from the bulletin board the signs, "Stop Freshmen" and "Freshmen To Wear Signs." This was being forced to make reasonably accurate facsimiles of the posters which had been torn away, they said, and its end in, all Wednesday.

Sophs' Field Day Rally In 10-250 Tomorrow Night

Speeches On Football, Track, Sailing, A.E.S. Will Hold Inquiry At Special Meeting This Evening

The class of 42, one of the two annual elections, will meet for the first time tomorrow afternoon at the Field Day rally near the Rainbow Room. Speaking at the Sophomores at the rally will be Oscar Gladstone, coach of track and field, who will try to keep the 10-250 meeting at the same level as the Sophomore. He will be the only speaker at the Field Day sport, definitely ruling out the second-year man.

To Speak to Students The two seniors in charge of the Sophomore football and tug-of-war committee, Mr. and Mrs. R. Goodman, '40, will talk to the cause of their class are three weeks to plan and recruit for the Sophomore. One wing was completely raised, while the nose and other wing were considerably crushed.

Suck Tree in Landing The crash occurred when Brunner- hof, a Boeing 247, was about to start up the relatively high wind, vision, the field. He managed to turn the glider back but was not able to land at the school to the field but had lost altitude at the field. He managed to turn the glider back but was not able to land at the school to the field but had lost altitude. It was estimated that the glider would meet the needs of the class. The crash occurred when Breitenbach, attempting to land in a relatively high wind, overshot the field. He managed to turn the glider back but was not able to land at the school to the field but had lost altitude. It was estimated that the glider would meet the needs of the class.

A.E.S. Will Hold Inquiry At Special Meeting This Evening

Department Heads Write For T.E.N.

First Issue Of Year Includes Stratton Prize Winner's Article On Jobs

Article by the head of each department in the Institute will discuss the individual course offerings in the field section in Friday's issue of the T.E.N. The first issue of the week will also include "The Calendar," by David S. Praksa, '39, the article which was a regular feature.

Radio Station Broadcasting Methods will be the subject of the next article, while the monthly technical files of the letter will be devoted to a pictorial account of the making and printing of the T.E.N.

The contributions by the heads of the departments will explain the role of their respective courses and the possibilities for jobs that a student can be graduated from.

So There!

Because of the fact that four hundred and forty-seven years ago, this Thursday, Christopher Columbus discovered America (Epic notwithstanding), and that Friday is "Friday the Thirteenth" anyway, the regular issue of The Tech for Friday won't be.
cution of new classes, on such days most people will wear good clothes to classes and take a little time to emerge later from lab or shop with said good clothes intact.

It is true that there are sputers and lab costs designed to protect a suit, but in a steambath such a suit is initially hot and annoyingly cumbersome.

We would like to see the preceding set of wearing utilitarian clothing, such as good, tough shirts and trousers, which are worn later from lab or shop which also involve shop or lab work.

It would be interesting to collect some figures on the value of the clothes that are ruined in the steambath in the lab and theDI.

Not only is such damage expensive but it is downright inefficient and as such hardly worthy of scientists.

**Aviation**

(Continued from Page 1)

(part of the program will continue as rapidly as possible until winter sets

acts and will be completed in the spring)

Flying will most likely be continued between daylight and nine a.m. in the morning or regular school work days on October 17st. May be arranged for week-ends.

*With Cost $40.00 Airline*

Total expense to students is approximately $40.00 each to cover physical examination, insurance, and incidentals. Transportation to and from the airports also must be arranged and paid for by the student.

Method of selecting flight captains this year will follow closely the standards set up in last year's experiment program. In addition to the physical qualifications set up by Dr. E. Judkins Adams of the A.A.A. results of which are not kept on hand but at various points about the

*committee in charge of the program will require that the academic record of each applicant show his ability in mathematics required also in a liberal amount of extra-curricular activities.*

**Parental Permission Required**

During their senior year the program, the student must produce writ-

tions from his parent or guardian of consent. Such official consent forms will be available at the Tech Student Building from 9:00 to 5:00 daily. All forms should be completed and returned there at least one week prior to the departure date.

During the week of October 17th, the Technology committee, consisting of President F. P. Hurlbut, Associate Dean T. R. Storer, Dr. E. Judkins Adams, E. M. Kopper, and Charles R. Draper, to

meet three flight instructors will arrange to see all applicants. For the purpose of expediting these interviews each applicant should add to his application form the open hours and time of his schedule.

**LOOK YE WELL, FRESHMEN!**

At the end of this week, the first expression of the froshman class as a unit, will find its

existence. Many of them will retain their class leaders for the next four years, but that does not diminish their importance. The display of Field Day, when the frosh lift

as always, overshadowed by the more gaudy

the things during the week in which both classes were

Frosh Tryouts For Sail Races

Intercollegiate Races To Be Held Sunday At Tech

The freshmen are holding their tryouts for the tricky races to be staged field-day, Calvin Daywood, '43, has been named freshmen captain, and will be taking place under the direction. Although the turnout already is encouraging, more freshmen are urged to come to try their skill at the caravels.

Intercollegiates Hold

The New England Intercollegiate Caravel Racing Team will be held on the Basin next Sunday, October 15.

Freshmen Invited To Hear Smith, Jaroch, Dean Explain Sport

At 5:30 this afternoon a rally will be held in the front of the Freshman dormitory to interest in turning out for the varsity team. Speakers at the rally will be Freshman Smith, '43, Jaroch, '43, von Mieneburg, '43, and Bracken, '43.

Frosh Hold Scrimmage

Freshmen have had their first tryout for the football team and with the exception of three men playing for the second team, the varsity has been chosen.

Sophomore And Frosh Practice Hard At Track

Suffialed and Sophomores are furiously rounding the track in preparation for the fall relay race, according to Jim O'Neill, the track's most likely future star. The relay race will take place on the track, but the relay races will be run on the field.

Frosh Try-Outs For Field Day

Tom Johnson, '41, whose name was on the list of those who have tried out for the football team, reported last night at 5 on the Tech digging team. Not many freshmen have been named up to date.-

Frosh Tug-of-War Team Practicing For Day Field

The Frosh tug-of-war team has been practicing vigorously and has started last night at 5 on the Tech digging team. Dorm Riot

Floor by floor, carrying all Sophomores into the showers by sheer man power.

Sixty Invaded

It has been estimated by neutral observers that no fewer than sixty of the Class of ‘42 were routed out of their rooms and propelled forcibly under the icy waters. One of the victims, seen the drenched by the submersion, followed the marauding throng around to the other floors to warn and protect his fellow classmates.

Peterhood the Bull”, who bothered the freshmen as they set out for the showers by sheer man power.

Outing Club

(Continued from Page 1)

Peabody, Massachusetts. The group will leave from the steps of Walker Memorial at 9:00 A.M. It is requested that all members wishing to attend this or one of the other trips sign up at the bulletin board in the main lobby of Building 13.

The first rock-climbing trip, which was attended by sixteen people, was held last Sunday at Quincy quarries. The majority of the time was spent in instructing the novice in the use of the climbing-ropes in belaying and rappelling. (Belaying is the use of a rope as a safety device while climbing, while rappelling is the use of a rope to lower oneself down the face of a cliff.)
