Heavily Camouflaged Drops, Digs Greater in Sidewalk

Several sociology students, trying to solve a .01 problem, left their marks for posterity last night. In their right hand, which they were trying to roll out of control and dented the sidewalk in back of Wood. The experimenters were pulling the snowboarded ground with the five eggs, when the rope parted and released the sphere. The laws of gravity operated fully, and the eggs fell landed with a re-

Boat Club Formal Set For Nov. 17 On Rowes Wharf

Allen Porter’s Orchestra To Play for Tech Sailors’ Open Dance

A formal dance will be held by the Boat Club on November 17 at the Boston Yacht Club, located on River Street. Allen Porter’s orchestra has been engaged for this dance, which will begin at 9 p.m. and continue to 1 A.M. Refreshments will be served. Although some tickets will be available for purchase, the limited number of tickets will be available to students on the basis of $5 per dance. The price will be $2.00 per couple.

(Continued on Page 2)

Option Sales To End Today

Sophomore Dance Options May Be Redeemed After Nov. 20

Over 160 options for the Sophomore Dance on November 14 have been submitted. Redemption for $2.50 will be made available to the dance option holders. Sales tickets will go on sale in the Social Science department and the former Institute president, Professor Magoun as follows: 1-Mutual 2-Mutual Sexual Attraction 3-Mutual Lobby on November 6. The price of $2.50 will be available after that from members of the committee, according to Dr. Magoun.

CAN WE CARRY THE TORCH

The efforts of the engineers and scientists must be turned from the problems of produc-
tion to those of consumption, or else the engineer will be an ex-urbanite, not an urbanite.

The problems of the world now are not those of physical science, they are those of human
science. The products of the physical
scientist are an ex-urbanite, not an urbanite.

It seems pertinent for us at this time to
It is more than a trust—it is a challenge.

It seems quite possible that its adop-
tion of it has been promised.

Have we got what it takes to meet it?

It is a sacred

And a challenge to remove this maladjustment.

The products of the physical scientist are even now going to waste,
and a challenge to remove this maladjustment.

Chalice Race Is Tomorrow

Eight Crews Hope For Keg Of Beer Offered To Winner

Five oarsmen, two dormitory owners, and three students have already identified their intention of entering the annual Chalice Cup Race tomorrow. The Chalice Race is said to be open to any student who can either learn to kick the soccer ball around, or can learn to kick the "gong" around.

Tennis Tournament Slow

The Tech tennis team will probably not get started until the spring. A meeting held one afternoon last week did not have the enthusiasm that it should have had. Other teams have two good men in each case, while Tech has not one in either. Atkinson, Duval, Estes, Loven, and Nygaard of Tufts finished the season with 100 and 97 points, respectively, in the men's division. On the women's side, Estes and Loven were the top finishers, with 92 and 86 points, respectively. The Tech tennis team, therefore, has a lot of work to do in order to make the sectionals.

Junior-Senior Football Game

The Tech varsity football team is planning on playing its first game of the season against Harvard. The Tech team has been practicing hard, and is expected to have its season off to a good start. The Harvard team, on the other hand, has been struggling and is looking to turn things around this season.

Varsity To Stop Rowing On River Nov. 11 Says Coach

Crews Will Not Use Machines in Bousehouse This Winter States Much

All varsity crews will stop rowing on the Charles this winter. The coaches have decided that the boats will not be used in the Bousehouse for the winter. This decision is due to the fact that the Bousehouse is being used for other purposes, such as the Varsity basketball court. The crews will continue to practice in the Bousehouse, but the machines will be stored away until the spring season.

Wrestling Champ Appointed Coach

Joseph Rivers To Succeed Jaks as New Coach Of Wrestling

Joseph T. Rivers, former college wrestling coach, has been appointed wrestling coach at the Institute. Rivers was the head coach of the Wrestling team at the University of Michigan for three years. During his tenure, the team won three national championships.

Swimming Change In Soccer Team

Ewing, Fernandez Replace Jossefowitz and Kimman on Saturday

Fast changes are being made in the Varsity soccer team lineup for the game against Clark University. The new lineup includes Ewing and Fernandez, who will replace Jossefowitz and Kimman. Other changes will be made in next week's lineup.

Harriers Facing Triangular Meet

Both the varsity and freshman cross country teams will face a triangular meet this Saturday. The meet will be held at the site of the New England Interscholastic Championships. The teams will be looking to secure wins and gain experience in preparation for the upcoming conference meets.

Tech Co-Eds Resume Practice

M.I.T. In Today's Race

The Women's intercollegiate slant-shot Putt meet will be held at the Harvard Club tomorrow. The meet will feature teams from both the east and west coasts. The team representing M.I.T. will be participating in the event.

Basketball Practice Has Begun In Hangar For Frosh, Varsity

Hersoz Unavailable Until Jan., Samuels May Not Play

Broken Wrist Expected To Keep Herosz Out Until Christmas

Basketball practice is already in full swing at Tech, as the boys and girls and varsity teams swung into practice this week.

This year was expected to be another banner year for the Tech team, with four of the five men's regulars returning to school. Last year's team was the strongest Tech team's has ever been in years. They held victories over Harvard, Tufts, and four other New England schools. However, this year the team has received two losses in the first few weeks of practice. Fred Hersoz, '41, broke his wrist last week and will definitely be back in the team until Christmas vacation, in time. He was last year's starting forward.

Salette Night Not Play

Hovias Samuels, '41, Herosz's running mate might not be able to play, due to a broken wrist suffered in a recent soccer game. The team's bench has been strengthened by the addition of a few new players, and is expected to remain strong throughout the season.

The First Church of Christ Scientist

Founded 1875

Address: 17 Federal St., Boston, Mass. 02111
Phone: 227-7620

Next Sunday 10 a.m. and 7:30 p.m. in the Church, with Rev. Jacob L. Moore, D.D., and Rev. William Stannard, D.D., as speakers. Also, classes for members and non-members of the Church in the Church School of the Church. For further information, please call the Church Office.

method of approach toward the problems of life.

True Love Defined

True love was defined as being able to make decisions. Professor Magoun, in his definition of love and more analysis, and followed by his love and more analysis.

Stage Knowledge Is No Value To Scientist, Claims Massey

"A knowledge of the theater or an ability to act or to direct in absolute value is no substitute for experience," the technologist said.

Raymond Massey As Abe Lincoln

Crowning Dressing Room

The room was named by the famous star for his dressing and makeup changes which could be made in the "facilities" wall. Twelve square feet long by six feet wide, the room is curiously equipped with only two items and members of the management. A small desk and a mirror trimmed in one wall, while a cricket stand, the dressing table like the other.

The renowned actor has put on his own makeup for every performance, that he has given. Two and a half times a month, he has sold over one third of the available 1,400 seats. The room was added to the collection of a few years ago after a party celebratin- ing "Epsilon's Delight in Ballet."
