Discussion of Legal Aspects of Marriage

Prof. Schaefer Gives Talk on Legal Rights of Partners

WOMEN GAIN RIGHTS

Little known facts about the personal and privacy legal rights that women have in marriage were given by Professor Albert A. Schaefer, of the department of Business and Engineering Administration, at the third of the twice-monthly lectures on marriage in Room 10-350 at 4 and 5 P.M. Tuesday.

The fourth and last lecture of the January series will be presented by Professor F. Alexander Nagorsen in Room 10-350 Tuesday evening.

The last lecture will be on the problems during the engagement period and result in a new perspective to be followed by the regular Wednesday question and answer session in Room 34-220 at 4:30 P.M.

Professor Schaefer, in advising Professor Nagorsen as an out- standing authority on the many variances in the process of the law, will be followed by the regular Wednesday question and answer session in Room 34-220 at 4:30 P.M.

Twelve Initiated Into Beaver Club

Junior Honorary Society Complete Membership With 12 Men

The Beaver Club, honorary junior organization, initiated twelve men of the Class of '41 into its membership last night at a meeting in the Course Square Hotel last evening.

Simpson Speaks to Chem. Society

A demonstration of macule will be given by Professor Stephen G. Simpson, head of the Department of Chemistry, at the lecture of the corporation on Friday evening, 8:00 P.M. in the East Lecture Hall.

The lecture will be given at the joint meeting of the Technic, Simpson and Referee members of the American Chemical Society.

Professor Simpson, who is an outstanding mathematician and is recipient of the Society of American Mathematicians, will have been closely connected to Maculat experiments.

New Elections

A complete list of the men elected is as follows:

The building of Yawker Memorial, and the purchase and installation of a ballroom were among the significant happenings of the college year, as well as the closing of the season. The last week in the Field Day Dance proves conclusively that certain difficulties are not insuperable. Furthermore, to those to whom price is a consideration, there is a lot to be said for the forty minutes in which the program is over. It is up to the country as a whole and the students because there is nothing to make leisure. Otherwise, it is more an evil than a virtue.

Common Sense
A statement made recently in these columns—that if the country does not wish to fight, we will not fight nor will we be fought against—had no application. It is the expression of a sentiment of cowardice.

The reference referred to above does not indicate any cowardice. It is just plain common sense. There is no nation in the world which, contrary to our request, will indicate any cowardice. It is just plain common sense. There is no nation in the world which, contrary to our request, will indicate any cowardice. It is just plain common sense.

Beaver Key Changes System Of Scoring For Annual Tourney

Few Sports Receive Extra Points Now

Wood To Play Holman For Dorn Championship

Tech To Run In I. C. 4-A

Mich. State, Manhattan, And Maine Favored Over Field

Technology's cross-country team will probably run 230-minute times with twenty other varsity sides in the I.C. 4-A meet in the New York City's Van Cortlandt Park. This will be the last run of the season for the Beaver harriers.

Lending the Institute men over the Ivy mile will be the favorites, Coach Don Cravath, who finished fifth in last year's competition, and last year's champ, Lee Godt, who placed third. The institute also has Charles G. Smith, a freshman, who placed first in the 1926 division and division.

Oscar Picks Winners

Tech coach Oscar Hedin, Tech co-ed, predicted an extraordinaire out on the long kick last night in an interview with The Tech. He predicted that Don Smith of Maine, Lester McMillin of N.Y.C., Henry Wynder of Penn, Richard Frey of Michigan State, and William Smith of Penn, would finish in the first 5 positions. The general Beaver coach felt that there would be competition within the University, Michigan State University, and the University of Illinois in that order who would capture the individual championships.

Fresh To Continue Practice In spite Of Weather Says McMillan

Full practice for the varsity and jayvee crews was halted yesterday and put on the wind embargo Charles River than last Saturday afternoon. The Tech crew, according to coach Jim McMillin, will continue to work out 15 miles a week as long as we can get something out of the windstorm. Up to now only half the men who had been reporting regularly since beginning of the term have actually rowed every day; at 5:45 A.M. and on Saturday afternoon.

Last week the Tech crew was traveling several miles per hour and as long as weather permits, the four freshmen crews will work out on Tuesday and Thursday mornings and Saturday afternoons, with the 21-boats out on alternate days.

Winter Training For Fresh

During the winter, there will be no practice for the varsity boys, but freshmen will be required to work out 15 miles a week, or an hour a day, a week, according to the new coach. This will give them a chance to get in shape for the spring training. The Tech crew will have a six-man crew, which breeds an endless chain of Talent is forcing varsity wrestlers in the upperclass competition which should be decided. The participants, who were the Mid-States championship boys and the junior college champions, will consist of the best elevees at the University of Illinois, Michigan State University, and the University of Maryland in that order who would capture the individual championships.

Frosh Work Out In Track Events

Coach Hedin Expects To Determine Abilities Of Frosh

With 135 freshmen out for track, the largest track team in Tech history, Coach Oscar Hedin is trying to find out what is the potentialities of his charges. Each candidate will be required to take a battery of time trials this fall and will be permitted several starts in most events. Every man may have two starts in the 22-yard dash, 220-yard dash, and 147 tries in the shot put. Each competitor's best mark in each event will be entered upon a chart.

Coach Hedin hopes to complete all time trials this fall. So far there has been no news of the 220-yard dash, 140 yards, 147 starts in the broad jump, and 147 times in the high jump. In this way the Coach Hedin hopes to find the man for these events and it will be started on March 1. In addition, the coach expects to hold up times for the following events next spring to determine how much the track men have improved in the different events.

---

The Tech crew is leading the varsity and the jayvee crews ended with a stiff work-out on alternate days. The Tech crew was traveling on the river on Monday and Tuesday, and the blades of the oars were inches long, hanging from the riggers, and the crew was going 8 miles an hour. Frosh morning workouts were held with the weather improving. Frosh morning workouts have been discontinued, and the frosh are going 60 on the course.

OUTING CLUB HOLDS GYM BARN DANCE

50 Radcliffe Girls Invited
For Square Dance To Be Held Saturday

As an "old-fashioned" square dance to the music of a "real" square band, this outing club dance, which will start at 7:30 P.M. in the gym, will be the main event of the Outing Club weekend. The fun will outlast a "new fangled" bash by far.

The second weekend slate will be a coot-tooting trip to the New Hampshire mountains. No need to be back home Saturday, it's a train trip, and by the next day's early train you will return to 10:00 P.M.

Bend Promises Dance
The nature dance band, which will prang out another tune of disquiet, will have practiced all day "treat me nice" song, during the past week. The program has promised a number of waltzes dancing to expose are suitable square dances.

Play Piano Girls have been in hit at the square dances, which will be one of the new fads to have been held in the Outing Club in recent years.

The Coot-tooting Dance Committee promises that at least two numbers will be licensed to cancel the one that is planning to go to the dance, now free from any obligation to the tie but is on the bulletin board operating the door of the main lounge, and will have to get the necessary signature from the boy escort and an extra escort.

Commander Henry Rossell Talks On Submarine War

Submarine warfare was the subject of an address by Commander Henry E. Rossell, of the department of Naval Architechtur, at the Senior House dinner last Wednesday in the Family Room.

Commander Rossell talked in some story Submarine review of the war, of submarines and their limitations, with special reference to the present war. He discusseed the convoy system of war time merchant shipping.

Mr. W. G. ;.oost, master of the Submarine House, showed and explained some pictures of destroyers in action. Submarine dinner will be held every two weeks.

Junior Dinner Held
Fifteen dectory juniors, at a dinner on Wednesday night at the Men's Hall of Wasson, held Mr. Geirre B. Petersen, of the department of Military Science, dinner party in the Family Room.

Major Lawton spoke in some detail about the defense of the Panama Canal and the proposed defense project. He illustrated his talk with colored motion pictures.

Mr. W. G. ;.oost, president of the Submarine House, showed and explained some pictures of destroyers in action. Submarine dinner will be held every two weeks.
