Tech, Brown To Struggle Here Tonight

Tufts Defeat Of Brs Not Act To Aid Tech Quiet

Burse's Card Will Admit Students, Dates To Game

A burst card will admit any member of the student body and his date to the basketball game. Brown, which tuned M.I.T. last week, made that decision after a thorough study of the situation. The card will be sold at the door in Building 6 and the Wave pool will be open from 1 to 4 p.m. today.

The freshman still holds at the end of the stampede variety will take the floor at 8:15.

Alumni Hear Dr. Compton

President Says Institute Pays $766 A Year Per Student

Dr. S. T. Compton discoursed to an overflow crowd in the auditorium of the laboratory building last night to that many alumni attended a meeting on the history and present activities of the institute.

It was stated by President Compton that each graduate student spent $1,063,000 in research activities on, and a total of $1,526,000 was spent by the institute on its regular dinner meeting last night.

St. Laurent who made the new associate board consists of Donald D. Scarff, '41, and Gordon R. Neuman, '42, make-up editor; John H. Shepard, '42, assistant art editor; and Dorothea Gordon, '42, associate editor.

Catholic Clubs Give Dance Here To Aid Charity

Over A Thousand Expected From Several Schools During Evening

The eighth annual Charity Ball sponsored by the Technology Catholic Club for the benefit of the charity maintained by the Federation of Catholic Clubs Ireland, was held last night in the Main Hall of Walker. The entire proceeds of the evening, estimated at hundreds of dollars, will be used to aid the Catholic church in Ireland.
change their administrative heads at different times throughout the school year. The Tech, for instance, has found it most advantageous to change its management at mid-year, while the Budget Committee, which has been bound by the fiscal year of the undergraduate activities, and therefore, changes its personnel later in the year. This is only natural, for each activity has to follow the course which seems most expedient for it.

Yet under the old constitution the ex officio representatives of these activities which change at mid-year remain in members of the governing body after their terms of office have expired. Likewise the new Institute Committee takes over in May and does not know just what is expected of it. Nevertheless, a number of these conditions seems to be desirable.

The solution appears obvious. Why not have the ex officio members who have relinquished their positions in activities relinquish their positions on the Institute Committee, thereby eliminating "lame ducks" and also changing the personnel of the Institute more gradually so that as new men have taken over at one point. That is as far as the Institute Committee gets before the motion floundered on the reefs of blind opposition and slip-shod planning.

We feel that it is a case of not being able to see the forest for the trees. Where every member of the Institute Committee was ready to defend the principle, but no two could get together on the mechanics of how the change should be arrived at. Also the question of how the change should apply to the Executive Committee of the Institute Committee was brought up to confuse the issue further.

We feel that it should not be difficult to work the kinks out of this idea and to get it accepted by the undergraduate governing body, but it can never be done if it is permitted to make this the manner in which we want to proceed, the meeting yesterday afternoon. The Committee was perfectly right in defeating it, for if it had passed it, the Committee would not have known just what it was letting itself in for. Yet down deep in our hearts we should like to see this idea accepted, for it seems to us that it is one step further toward giving the administrative power of the undergraduate associations to actual members that are in a position to make the best use of it.

Techmen Loses First Bout In Two Years As Tufts Wins

FROSH WIN 33-5

Technology's wrestling team split Tuesday evening at Tech in two 9,000-gallon tanks as the freshman men won the event, scoring 33 points, while the varsity was trounced to the tune of 52.

Johnny Carroll, brilliant varsity 138-pounder, lost his first match in two years of competition at Tech, while the grapplers gained a very rare victory in decision. Early in the match Carroll received a blow on the head that kept him geegly for most of the early minutes of the match while his opponent piled up an im-

Tech Chances High After Battle With Brain Team

Minor Injuries Plague Team As The Starting Time Draws Near

(Continued from Page 1)

Tech Hangs", however, the Tech team is confident of putting its opponents to the limit and the game will be no pushover for the visiting Brain Team.

Minor injuries Plague Tech

On the eve of the game, two Tech regulators were found to have minor injuries. Sanford Gish, sharp shooting forward, sprained his finger in a practice session, but is expected to be in shape for the game. Although Howard Burnham, Gish's reward cunning semi, is again having trouble with his injured finger, Trainer "Doc" Johnston expressed optimism that he also would be in shape for the game. Aside from these two weaknesses, the team is in perfect condition. It is probably stronger than it has been all year with Fred Hervey, who has seen little action, so far because of a broken wrist, ready for regular action.

5:15 Club. But this idea is in the early stages of development. The plan was evolved, said Casey, because of the prevalent feeling for the need of a house that it will be very useful and beneficial to the house.

### Officers

The final installation of the house officers for the coming academic year was announced. Officers elected were:

- President: Joseph J. Casey, '40
- Vice-President: Dr. Robert H. Persons, '41
- Secretary: William H. Taylor, '41
- Treasurer: Joseph J. Casey, '40

### Two minutes of the river from Tech.

The play is a popular one, whose chief advantage appeal lies in its well-blended plot, its cleverly made-up comedy, its wit, and tragic situation.
