Next Talk On Legal Phases Of Marriage

Marital Laws Subject Of Schaefer's Lecture On Thursday

Thursday evening, Mar. 24, 1939 at 8:30 P.M., Professor Albert A. Schaefer of the Department of Business and Legal Administration will give the third in a series of four lectures to be given Thursday nights at 8:30 P.M. and Friday mornings at 9:30 A.M.

The question and answer period will be under the charge of Professor Schaefer in Room 610P on Thursday afternoon.

In the series, the first lecture will be devoted to the general subject of marriage, with a special discussion of the marriage law and its impact on the family. The second lecture will be on the legal phases of marriage, covering topics such as the formation of a marriage, the rights and obligations of the parties, and the dissolution of marriage. The third lecture, which will be on the subject of the present status of the law, will be given Thursday night, Mar. 24, 1939 at 8:30 P.M.

The fourth lecture will be on the legal phases of marriage, covering topics such as the formation of a marriage, the rights and obligations of the parties, and the dissolution of marriage. The fourth lecture will be given Friday morning, Mar. 25, 1939 at 9:30 A.M.

The series is sponsored by the Student Women's Association and the Student Men's Association.

Student Workers Will Have Dance

Best Wills And Orchestra Are To Play For Walker Assembly Ball

The Walker Assembly Ball, for all students working in Walker Memorial Hall, will be held Friday, Mar. 18, 1939 at 8:30 P.M. The ball will be held in the large gymnasium of Walker Memorial Hall.

The orchestra will be composed of the students of the University of Wisconsin, under the direction of Mr. Robert W. Nelson. The program will consist of a variety of musical selections, including old favorites and new hits. The dance will be open to all students working in Walker Memorial Hall.

First Fraternities Presented Varied Problems To Founders

The first fraternities to be presented varied problems to their founders. The first fraternity, Alpha Phi, was founded on the principles of brotherhood, charity, and scholarly excellence. The second fraternity, Delta Phi, was founded on the principles of fraternity, scholarship, and academic excellence.

T.C.A. Embassy To Start Soon

This year's T.C.A. Embassy, to be held April 14, 1939, will be the second of two such events. The purpose of the Embassy is to provide a social event for students to participate in and enjoy.

Subway Passage, Proposed In Thesis, Would Connect Walker and Building 2

Subway passage which would connect Walker Memorial with Building 2 and Building 1 was proposed in a thesis by a student in the civil engineering department. The thesis suggests that the construction of a subway passage would improve access to the various buildings and provide a more efficient means of transportation for students.

Subway passage which would connect Walker Memorial with Building 2 and Building 1 was proposed in a thesis by a student in the civil engineering department. The thesis suggests that the construction of a subway passage would improve access to the various buildings and provide a more efficient means of transportation for students.
This, however, is evidently the least important consideration.

The definition must be warranted upon moral and spiritual grounds. In spite of Warren, religion is now the keystone of many an all-powerful, super-natural Creator, a Father and Guide of mankind. The existence of such a being to whom we are answerable is probable; it can only be believed or disbelieved.

However, the belief in a Creator is assumed to be the basis of the first definition; and very similar to the second definition; and very similar to the definition suggested in a recent issue of the Tech. This fact may be construed as a philological justification for our definition.
Adelson Stars For Tech As He Wins Foils And Epee

FENCERS STAY ON TOP

The fencing team continued its winning record by winning Boston College by the amazing score of 24-1. Friday night in the Walker Memorial Gym H. J. "Cap" Adelson, a newcomer on the team, placed second in the individual novice foils in the No. 3 position. He and Westfall hold the saber and epee No. 1 position and are in good shape for the school which is scheduled to take place April 12, and in which Adelson is heavily favored to win.

The high spot in the collegiate competition will be the intercollegiate tournament which will take place in Philadelphia April 12. The team members will be allowed to enter as individuals, and the team is expected to do well in the tournament.

Graduated from Harvard in 1927, Professor Schaefer is the only one of the three students on the varsity who was present last April when Tech defeated the team from New York University 11-2. Paul H. Schneider, Thomas F. Samuels, and Richmond W. Wilson, the other members of the team, are senior members of the varsity and have contributed much to the team's success.

only other match played. The match was won by Long andsmith and falls 65. Summary of the B.C. Varsity match:

Fraternities (Continued from Page 1)
lived elsewhere. Performances by the Institute Musical Club and the Drama Club followed. Tracks and fields activities in the annual spring meet also gave their best efforts to please the fans there.

The Junior Prom was of, of course, the climax of the week. The beauty of that day and their Junior escorts may not have had Larry Orffers to play for them, but nonetheless they "wowed out" in the accepted manner of the time.

Mouse Dance Saturday Nights Saturday night was usually a tame of rest, except in 1921 when Technology’s own varsity in its first inter-collegiate run. Records from that time have it that the U.S. Naval Academy really had to bend their backs to beat the Institute by two boat lengths. Saturday night each chap- ter held its house dance, attended by its members, the lone house dances, attended by members of the indi- vidual houses. Elaborate decorations and excellent punch were always in order at these affairs.

Ladies’ Men in Houses It seems also that the early Tech traditions provided a good share of

A Combination that Satisfies with a Capital “S” Radio City’s world-famous“Rockettes” and CHESTERFIELDS…two can’t-be-copied combinations

There’s skill and precision in the way the Rockettes dance and there’s skill and precision in the way the mild ripe Chesterfield tobaccos are blended and proportioned to bring out the best in each.

That’s why Chesterfields are milder and taste better . . . that’s why they’ll give you more pleasure than any ciga- rette you ever smoked.

HESTERFIELD...A HAPPY COMBINATION OF THE world’s best cigarette tobaccos
