Many Activities Of The Tech Offer New Men Opportunities

With happy smiles and a seemingly endless variety of eyes, the cream of the crop eagerly swarming over the counter has returned to the Institute. Having proved that they can take it, having learned some of the niceties of the game; and having seen examinations now a thing of the past; they are all set for the time to try their respective hands in extra-curricular activities.

Offering those anoints and bruised and battered men new opportunities in a small world. They have been a threat to the tech flora, ready to abduct and trample them in order to keep up the standards that will be most beneficial in years to come.

Opportunity for Contacts

Perhaps the most important of the opportunities which a school newspaper has to offer is that of making personal contacts with faculty activity men, who have been shown by many sororities will be the leaders of tomorrow.

Training in writing and newspaper composition is offered to those who are candidates for the news staff, and the society, a continuation of the Journalism department of the English Department at the Institute, will be offered to new men, who will be conducted through a carefully planned training course before they are sent on assignments.

New Quotient Plant

Leading in the field of new men opportunities is a small frame and unimposing sort of plant in the Chemical Engineering building, ready to absorb and train them in the tricks of the trade and a well-grounded training may be obtained.

Peace Federation To Attend Meeting

The Technology Peace Federation is planning to attend the upcoming Citadel Peace Congress sponsored by the American Youth Congress to be held in Washington over the weekend of February 5.

Those attending will have an opportunity to discuss problems of youth with prominent persons as Mr. Roosevelt, Senator Key Pittman, John L. Lewis, Senator LaFollette, and Attorney-General Robert Jackson. The trip is open to all who are interested and anyone who wishes to go should ask 1. Beth Levin, '41, for information.

Pucksters Overcome New Hampshire's Six After Tough Battle

Tech Team Wins 4-2 In Stiff Clash At Durham

Capt. Sage Injured As The Engineers Win; B.U. Contest Next

Fighting a tough battle the M.I.T. hockey team defeated New Hampshire 4 to 2 at Durham Friday evening, January 18. During the game Sage left defense man, received a chest injury requiring eight stitches.

With the game tied at 2 the first and second period, M.I.T. goals in the third frame by Boynton and Thomas decided the contest. These goals marked the second time that both teams found the wildcat cords.

The match attracted an enthusiastic audience. The score stood at equal 2 to 2. At the beginning of the third period the Beavers shed the wildcat cord and in the tenth minute of play, Sage left defense man, received a chest injury requiring eight stitches. The score was tied at 2 to 2.

The game was decided by the following goals in the third period: M.I.T. first with 9:00, and M.I.T. third with 11:15, while New Hampshire scored with 7:30 of the third period.

The game was an exciting one with both teams playing a fast, open, and relatively evenly matched game.

The final count for the M.I.T. game will be 4 to 2.

Basketball Games Start Next Week

Phi Gamma Delta Defends 1939 Beaver Key Championship

One of Tech's most popular interscholastic sporting events, the Beaver Key basketball tourney, starts next week. Teams wishing to enter should start practicing now and a schedule of the times and places of games will be available later in the week. A large number of entries are expected to enter this year as the number of entrants has been steadily rising during the past few years. Last year 2474 teams entered 2474 teams entered.

Phi Gamma Changes

The competition will be run along the usual lines, starting off with a week of games between all the teams competing. After a certain number of games have been played, depending on the number of teams entering, the teams being reviewed will play a round robin tournament among themselves to decide who is to be champion of the group. The format and schedule will be announced later.

Tech to Play Harvard Three Times This Year

The following crew schedule for 1940 was announced yesterday: April 27 Rose Cup. On the Charles. M.I.T. vs. Harvard vs. Yale May 6 Covert Cup At Prinston M.I.T. v. Harvard vs. Princeton May 11 At Dartly M.I.T. vs. Yale May 18 American Henleys On the Charles

M.I.T. Sponsors New Basketball Contest in Gym

“A” Tournament Semi-Finals Will Be Played Off Friday Evening

Technology's annual New England interscholastic basketball tournament will be supplemented this year by a second tournament for smaller high schools.

The new tournament will be run along the same lines as the present one. The Boston team will be seeded first in the new tournament. The first two this year will be held at Prinston and Harvard.

The semi-finals will be held on Friday afternoon and the final on Saturday afternoon.

Final Saturday Evening

The old tournament, known by the New England Interscholastic Athletic Association, will be continued as usual and when elimination rounds will be played. Friday evening will see the semi-finals in the tournament and the final will be played the next evening.

Monday morning will see the semi-finals in the tournament and the final will be played that evening. The semi-finals will be played on Friday and the final on Saturday.

The tournament will be run along the same lines as the present one. The Boston team will be seeded first in the new tournament.

Crew Mentor Outlines The Activities For 1940 Spring Season

Crew activity sprouted again last Saturday afternoon at the best houses when Coach Bob Rock attended the opening an essential group of some sixty crew candidates.

Monday, Tuesday, Wednesday saw pictures in his promenade talk, the Beaver Keeper showed two rows of the Washington Men's Athletic Association at Fenway Park as an example of top rowing form. Colorful slides taken at the dedication of the new varsity shell last spring were also projected.

Week Post Week

When someone announced that rowing would start next Monday, Most advertised a plan to a full audience in behalf of the freshman crew members who are entering the varsities in coxswain competition. He asked them to re-

"Next week", continued the Keeper for the Bow, "You men will have to work on the crew. We would like all candidates and present crew members to get in the boat before that time. The crew will be open every afternoon this week.

Training Table

The training table system will be put into affect starting February 15. It was announced. From then on all crew members are to eat at the Walter Mentor House.

With the new freshman crew still expected to arrive any day, Coach Rock will begin the following crew schedule:

February 15 - Freshman crew will enter March 18 - Junior varsity crew will enter

The new tournament will be run along the same lines as the present one. The Boston team will be seeded first in the new tournament. The first two this year will be held at Princeton and Harvard.

The semi-finals will be on Friday afternoon and the final on Saturday afternoon.

Final Saturday Evening

6:30 P.M. A.S.M.E. Dinner.—North Hall.
7:00 P.M. Chemical Society Smoker.—Main Hall.

The Tech (Continued from Page 1)

The advertising department offers valuable training to men in advertisementship, and gives them valuable business experience. Students are given the opportunity of making a great variety of contacts among business men, and get selling experience which will be invaluable in their future careers. A special training course for interested freshmen will be given on Monday the 13th, andThursday the 16th, from 5 to 6 P.M. in the business office of The Tech.

Bookkeeping Taught
Many employers desire men who have a thorough knowledge of standard bookkeeping practices. The Treasury Department of The Tech provides such training, as well as an understanding of the financial structure and operations of an enterprise.

Of course work on The Tech is for a grade, like 8.02. In the place of quizzes, quizzes are often used. On Monday and Thursday nights, when the paper is written, the news staff helps at a special table, where staff members have a chance to become better acquainted with each other.

A man who comes out for The Tech will be, thus, not only to gain invaluable experience and training but also to increase the value of his leisure time. All men who are interested in coming out for this publication are urged to come down to The Tech News Room, Room 3, Walker Memorial basement, from 5 to 6 P.M. on Mondays and Thursdays, or to The Tech Business Office, Room 30, every evening from 4:30 to 6 P.M.

Stereoscope (Continued from Page 1)

In action showing the varied number of natural effects, are also to be a part of Professor Edgerton's exhibit.

Color Pictures Included
In addition to many black and white and high speed prints, screen projections of a number of natural color transparencies will complement the display. Color prints of three cast members of a number of unusual effects, are also to be a part of Professor Edgerton's exhibit.
