## All-Day Picnic Will Be Given By Commuters

### Outing To Replace Moonlight Sail On Memorial Day

Green Acres Country Club, complete with golf links, swimming pool, dance floor and many other facilities for sports and deck games, has been reserved for the exclusive use of the 5:15 Club picnic to be held Memorial Day, May 30, from 10 A.M. until 2 A.M.

Because of popular demand, the dance committee has decided that the picnic will be held instead of the scheduled Annual 5:15 Club Moonlight Sail on the same date.

#### Accommodations for 50 to 75 Couples

Accommodations for the picnic has been limited to a maximum of 75 couples and a minimum of 50 couples. All students who plan to attend must sign the notice on the bulletin board in the 5:15 Club before Saturday, May 18. If 50 couples have not signed up at that time, the picnic cannot be held.

The entire cost of the affair including a full course chicken dinner, and dancing in the evening is set at \$2.49 per couple, according to Norman I. Shapira, '41, chairman of the dance committee. Tickets will go on sale in the Main Lobby next week, before the examinations.

## New Men Elected By Beaver Key

### Banquet For Initiates Thursday In Walker; To Hear New Policy

Election of new members to the Beaver Key honorary Junior Society, was announced today by President Robert Wilson Blake, '41. The following men have been chosen:

Harry E. Knox, S. Young Tyree, Frederick W. Gander, Charles S. Ricker, Alfred T. Dengler, C. Frederick Leisserson, Arthur H. Sweeney, Charles H. Smith, Karl E. Wenk, Daniel G. Hulett, Jack P. Briggs, Jack L. Collins, Jerome T. Coe, James H. Henderson, W. Hoover Shaw, Daniel L. McNeal, John J. Quinn, Harvey I. Kram, Ray O. Wyland.

#### 6 Elected By Class

Ernest F. Artz, John T. Carleton, Robert S. Shaw, Robert B. McBride, William A. Denhardt, and Peter B. Sibley were elected by the class at the elections last month.

The initiation banquet will be held Thursday evening, May 16, at 6:00 o'clock in the Walker Memorial Grill Room.

The meeting will be addressed by the incoming officers who will outline the policy of the society for the next year in guiding intra-mural sports.

## John M. Biggs Elected Chi Epsilon President

John M. Biggs, '41, was chosen president of Chi Epsilon, honorary Civil Engineering fraternity, at a meeting held last Thursday evening in the Business and Engineering Administration Common Room. James W. Mar, '41, was elected vice-president and Milton A. Abel, '41, and Eugene F. Lawrence, '41, were elected treasurer and secretary, respectively.

The retiring officers are: Richard Eberle, '40, president; Donald Monell, '40, vice-president; James Mar, '41, secretary; and William Hart, '41, treasurer. Chi Epsilon is a national fraternity composed of members of the Junior and Senior classes who are scholastically in the upper third of their class.

## All-Tech Carnival Bonds Redeemed Wednesday

Redemptions of the Embryo Bond Issue of the All-Tech Carnival will be made Wednesday, from 12 to 2, in the Main Lobby, according to David S. McNally, '41, treasurer of the 5:15 Club.

Interest on the bonds which has been computed from a reported profit of \$69.90, amounts to 43.33% for yearly interest or a profit on each bond amounting to five cents for the six weeks loan.

## Ben Ames Williams Will Speak Tonight At Gridiron Dinner

### Judges To Name Winners Of Gridiron Contest; T.E.N. To Award Cup

One hundred ten staff members of the Institute's four undergraduate publications will attend the annual Gridiron banquet at 6:30 this evening in the Parker House. Ben Ames Williams, noted American writer, is to be the main speaker of the evening.

Mr. Williams was a newspaper writer from 1910 until 1916, when he became a novelist. He is noted chiefly for his mystery stories such as "Splendor", "Great Oaks", and "Thread of Scarlet", which was written recently. Mr. Williams, an ardent naturalist, lives in Chestnut Hills, Massachusetts. Following his talk, a movie about publications, which was prepared by Fortune, Life and Time magazines will be shown.

#### T.E.N. Cup Awarded to Michigan

The T.E.N. cup, awarded yearly to the outstanding college engineering magazine of the country, will be presented to Mr. J. Anderson Ashburn, acting for the Michigan Technique, engineering magazine of the University of Michigan. The awarding of the cup was started a few years ago after the T.E.N. had won the Yale cup three years in succession and thereby gained it permanently. Last year the cup was awarded to the Marquette Engineer.

The winners of the annual gridiron contest for writing for publications will also be announced at the banquet. The judges, Dean Robert G. Caldwell, Professor Paul C. Eaton of the English department, and Ralph T. Jope, Business Manager of the Technology Review, will pick the winners today.

## 'Grand Illusion' Shown Today

### Peace Federation Presents French Anti-War Movie In 10-250

"Grand Illusion", a famed French movie depicting the evils of war, will be shown to day at 4:00 P.M. in Huntington Hall under the auspices of the Technology Peace Federation.

The plot of the film concerns the adventures of three French officers in the last World War. Captured by Germans, they are confined in enemy prison camp. In an attempt to escape, one of the Frenchmen, an aristocrat, is killed by the German prison head, with whom he has become a close friend. The other two escape and find shelter in the home of a sympathetic German woman. They finally cross the Swiss border just ahead of a troop of pursuing Germans.

#### Best Foreign Film

The film was named the best foreign film of last year by the New York Motion Picture Critics. The dialogue is in French, German, and English with complete English sub-titles throughout the picture.

Unlike "All Quiet on the Western Front", which was shown last fall, "Grand Illusion" is to be shown without interruption. Complaints from the students have convinced the Federation to exclude the commentary.

## Prof. Bennett Gives Sigma Xi Lecture

### Uses Of Micro-Film Will Be Discussed With Demonstrations

Professor Ralph D. Bennett of the department of Electrical Engineering will deliver a public lecture sponsored by the Technology Chapter of Sigma Xi, the national honorary scientific fraternity, at 8:30 Friday evening, May 17, in Huntington Hall.

The lecture will be entitled "Micro-film—all the Books on a Five Foot Shelf," and will deal with the latest development in transcribing literature to the more permanent form of photographic films.

Professor Bennett, who is a specialist in the field of electrical measurements, will illustrate the lecture with several exhibits and a demonstration of microfilm.

## Dorm Radio Network Supplies Daily Musical Programs

Residents of the dormitories may now enjoy the sving music of Benny Goodman and his orchestra through the facilities of the New Dorm Broadcasting System. On the air every evening, the network provides a pleasant diversion for dormitory men from the regular grind.

WBDG, operating on 540 kilocycles and WBOQ on 1620 kilocycles, are run by Carl A. Kendziora, Jr., '43, with studios in Monroe 504, while WYSS, on 1650 kilocycles, is operated by Robert T. Benware, '42, in Monroe 514. Originally the two operated independently until competition necessitated a merger, bringing about the establishment of regular schedules.

The demand for announcements brought about the present state of development. Both fellows have been playing the records for their own amusement all this year. Neighbors

who could pick up the music on their radios became curious about the titles of the various selections and asked for announcements.

Lately an agreement has been reached with the Record Shop which puts the stations on a commercial basis. Requests for various numbers are received inversely proportional to the following day's examination coefficient. Two favorite numbers are "The Man Who Comes Around" and "Old Man Mose."

#### Large Repertoire

A collection of over 200 records gives considerable variety to the programs. Carl Kendziora claims to have one of the best collections of Benny Goodman in the dormitories.

The rush before the final exams will probably cause the managers to cease broadcasting in the near future, but they plan to continue next fall.

## Official Notice

Reports for the second term are sent to the student's home address. For students living outside the United States or Canada, reports are mailed to their term addresses. Students who want their reports sent elsewhere must call at the Records Office, Room 3-107, not later than Friday, May 24. Reports will be mailed on Wednesday, June 5.

Any senior who desires a photostat copy of his complete record at the Institute should leave an order at the Records Office, Room 3-107. There is a charge of 50c for the first photostat and 25c for each additional copy ordered at the same time. These will be ready for delivery about the first of July.

## Prof. Ingraham, Economics Author, Dies Last Friday

### Heart Failure Ends Career Of Eighteen Years Here In Economics Department

Professor Olin Ingraham of the department of Economics and Social Science died of heart disease at a local hospital early last Friday morning. Professor Ingraham had been in ill health for the past year and was to have taken a year's leave of absence in the Fall.

After receiving his Bachelor of Philosophy degree from Wesleyan University in 1904, Professor Ingraham attended Columbia University, from which he received his A.M. in 1905. He was an assistant at the University of Wisconsin from 1913 to 1916, and then he became an instructor in Economics at the University of Colorado from 1916 to 1920.

He first came to the Institute in 1922 as an instructor in Economics and was promoted to the rank of Assistant Professor in 1930 a post which he held until his death.

#### Authority on Bird Life.

Professor Ingraham was the author of the chapters on Business Cycles and Money and Banking in "The Economic Process," the textbook used in the second half elementary economics course at the Institute. He was also an authority on bird life and was actively interested in his hobby of color photography.

## A. I. Ch. E. Dinner Will Feature Skit

A parody on some of the students in Course X will be presented in the form of a skit by three members of the Chemical Engineering faculty at an A.I.Ch.E. dinner and party to be held at Gundlach's Hofbrau next Thursday evening at 6:30 P.M.

Professor Walter C. Whitman, head of that department, will take the key role, in the performance, with Professors William C. McAdams and Hoyt C. Hottel assisting in the various roles. Later in the evening Professor McAdams will receive a gift in token of his work in Course X. Dr. Herman P. Meissner of the Chemical Engineering department will be the principal speaker at the dinner.

#### 200 Expected

Approximately two hundred are expected to attend this party in celebration of those Seniors who have already turned in their theses. The new officers for next year will take over the meeting sometime during the evening. The toastmaster for the occasion, which is open to any Course X man, will be Professor Charles E. Reed.

## Upperclassmen Will Vote Today In Referendum

### Honorary Societies' Official Class Status To Be Determined

Sophomores, Juniors, and Seniors will decide whether the four honorary societies, Osiris, Beaver Key, Beaver Club, and Quadrangle Club, are to represent their respective classes in a referendum to be held tomorrow in the Main Lobby, Building 10, from 9:00 A.M. to 5:00 P.M.

Only the three upper classes are permitted to vote because they have had more experience with the societies. The present Seniors, Juniors, and Sophomores will vote on the Quadrangle Club; the present Seniors and Juniors on the Beaver Key and Beaver Club; while only the Seniors are eligible to vote on Osiris.

#### Passed By Slim Margin

The motion to hold the general referendum was passed by the slim margin of one vote at a regular meeting of the Institute Committee on Thursday, April 12. The committee which undertook the investigation of the Technology honorary societies recommended that a student vote should be held to determine the right of the four organizations to be recognized as representing their respective classes.

The investigation was precipitated by student complaints that the societies in question did not fairly represent the three residential groups.

## Levere, Hummer Win Boit Prizes

### \$135 Awarded To Eight In Freshmen-Sophomore English Contest

Bernard Levere, '42, and John L. Hummer, '43, won \$25 first prizes in the Boit Prize Contest held annually for best written work in English and History by sophomores and freshmen.

Levere's work which won the first prize was entitled, "The Hope of the World"; Hummer's was headed "How Harmful Is Moral Indignation".

Ring and Rowe Take Second Prizes  
Second prizes of \$20 went to Harold F. Ring, '42, for "The Purpose of Education," and to Stewart Rowe, '43, for "It Is a Strange Thing to Be an American."

Ernest M. Kenyon, Jr., '42, and Andrew E. Skinner, Jr., '42, tied for third place with \$10 prizes for each, while George Freedman, '43, won third prize among the freshmen of \$15. A fourth prize of \$10 was awarded to Sherman P. Sackheim, '43.

Judges for the competition were Dr. Robert G. Caldwell, Dean of Humanities, Professor Joseph H. Keenan of the department of Mechanical Engineering; and John J. Rowlands, Director of the News Service.

## Commencement Exercises To Be Broadcast June 4

The commencement exercises of the Class of 1940 will be broadcast over two radio stations, WMEX and WRUL, on long and short wave respectively, from Symphony Hall on June 4, according to Professor Ralph G. Hudson, Chairman of the Committee on Commencement.

Station WMEX, transmitting from Boston on 1500 kilocycles, will broadcast from 11 to 12 noon, Eastern Standard Time, which time will include the Commencement address by Henning W. Prentiss, Jr., President of the National Association of Manufacturers.

The entire Commencement program, including President Compton's message to the graduates, will be put on the air in an international broadcast by Station WRUL.

## Gentlemen, The Theme

Today the Senior, Junior, and Sophomore classes are voting on whether "the following societies shall be recognized as having the right to represent themselves as honorary societies for the groups indicated—Sophomore, Quadrangle Club; Junior, Beaver Club, Beaver Key; Senior, Osiris."

The referendum smacks of anti-climax. It is the product of a good deal of time-consuming bickering in the Institute Committee, a great amount of publicity among student groups, and a still greater amount of misunderstanding.

What the referendum will accomplish is strictly limited. All we're voting on today is the legality of the named societies to call themselves "class honorary" societies. If the voting members of the Class of '42, for example, indicate that they don't think the Q-Club can call itself "a Sophomore honorary society," that organization can merely blue-pencil the words "Sophomore honorary" and continue on exactly as before, electing similar members, in the same way, at the same time, to perform the same functions which the society has always performed.

The referendum will not decide whether the indicated societies have too many members from one residential group. It will not determine whether the societies are carrying out purposeful programs. It will not abolish any honorary society.

It is hard to believe that the referendum's narrow possibilities of accomplishments were what was wanted by those who originated the whole investigation of the honorary societies some time ago. We hope that the uncertain satisfaction derived from the possibility that an honorary society may change its name is reward enough for the unpleasantness which preceded, and the inadequacy which follows, today's referendum.

## Pass In Review

The last day of this term spells finis to the Technology career of a man who in his brief stay of four years here has become one of the best liked men on the Institute faculty. Major Kirke B. Lawton will leave the Institute after this year to take a post in the office of the Chief Signal Officer in Washington.

The major's popularity is not confined to the men in the Signal Corps of the Military Science Department with whom he worked. Every one knew him; every one liked him. At dinners, smokers, dances, receptions, teas,

concerts, and athletic contests, as well as in his sparkling classroom sessions, the name, appearance, and personality of Major Lawton came to be known as well as any in the school.

Next year his absence from Technology will be regarded by nearly every one who knew him as a personal loss. And The Tech here and now doffs its hat respectfully in the direction of Major Kirke B. Lawton, teacher, soldier, friend, and "reg'lar fella."

## Always A Bridesmaid

The week before last should have been officially designated as Tech-Before-Harvard Week. We have Posture Week, Clean-and-Paint Up Week, Better-Food-for-Babies Week, Write-More-Letters-Week, and a score of others. A Tech-Before-Harvard Week would be just as pertinent as any of these.

Events of the week of May 1 merit the suggested naming. First, the up-river freshmen were scooped when a group of Technology fraternity brothers kidnapped "Rochester", the former's intended entertainer, for a show at their own house. Secondly, attempted retribution for the act ended in disaster for the Yardlings when they tried to storm the kidnappers' fraternity house. Further indignities, such as the burning of John Harvard's effigy, were inflicted by Institute students as the week went on.

Then the Technology crews came along and gave the Harvard boats a corking good run for their money in the Compton Cup races at Princeton.

Finally, in an entirely different field, *The Harvard Crimson*, student newspaper at the Square institution, adopted flush headlines a week after The Tech went over to their use.

## THE READER SPEAKS

Dear Editor:

In a recent editorial which appeared in "The Tech", directed primarily against the Musical Clubs and their forthcoming concert in Canton, reference was made to the political implications involved in such a concert. If even one person has the opinion that it might reflect upon the Institute, I feel that an explanation of the circumstances surrounding this concert should be made.

In the first place, it was stated in this editorial that the concert was being presented for the Canton Republican Town Committee. This statement is somewhat misleading. To be more exact, the Canton Republican Town Committee is sponsoring a concert and dance as a purely social affair for the townspeople of Canton and the neighborhood. There are no politics involved in the concert, as a reader of the editorial may have inferred, with the exception of the one word in the name of the sponsoring organization.

Secondly, as far as outsiders are concerned, they may be divided into two groups, the students of Technology and the patrons of the concert in Canton. Any opinions which the first group may form will be controlled by "The Tech." The patrons of the concert will be mainly Republicans, Democrats, Communists, and Zulus inasmuch as the concert was requested by a group of prominent Tech alumni. Consequently, the patrons will be students, past and present, of Technology.

The Musical Clubs is to a certain extent a self-supporting activity. Within the past few years it has been necessary for us to come to depend upon the Institute Committee for help in sharing our administrative expenses. Because of the constantly improving musical reputation of our Glee Club, we have been able to expand our musical repertoire and concert schedule. This has involved an increase in our expenditures with little increase in our income. In order to remain in a financially solvent state, we have been forced to resort to commercial concerts such as the Canton concert as an additional source of income.

I hope that the readers "The Tech" will be able to understand our position. It is unfortunate that any student organization similar to the Musical Clubs must consider the state of its finances as the primary factor controlling its existence. We appreciate the concern of your editorial staff in regard to the policies of the Musical Clubs because we are always anxious to obtain the representative opinions of the student body, expressed by "The Tech."

The Musical Clubs wish to take this opportunity to thank you for your fine cooperation in announcing and reviewing our concerts. Much of our success this year may be attributed to the student support of our concerts, resulting primarily from the efforts of "The Tech."

Sincerely,  
 ROGERS B. FINCH, '41,  
 General Manager.  
 M.I.T. Musical Clubs.

## Tech Activity Notes

### Junior Technique Pictures

All Juniors must sign up for their 1941 Technique and placement pictures this week with the photographer in Room 3-432.

### A.P.O. Initiation Banquet

Mr. Kitterman of Boston Scout Headquarters, will be guest of honor at the Alpha Phi Omega Initiation Banquet to be held this Wednesday at 6:30 P.M. at the Colonial Kitchens, Charles Street, Boston.

Nine pledges will be formally initiated into the national scout service fraternity with a traditional ceremony at the banquet.

### Catholic Club Elections

Edward F. Murphy, Jr., '41, was elected president of the Catholic Club at the elections last week.

The other officers elected were: Carl Zengel, '41, vice-president; Richard Burns, '42, treasurer; Francis Herlihy, '42, corresponding secretary; John O'Connor, '42, recording secretary; John Mullen, '41, senior director; Jose Macorra, '42, junior director; and Thomas M. Bennett, '43, sophomore director.

Following the elections, a supper dance was held with Radcliffe Catholic Club. This week the new and old officers will attend a testimonial dinner to their chaplain, Monseignor Richard J. Quinlan at the Engineers Club.

### Mining Elections

J. Lester Klein, '41, the newly elected president of the M.I.T. Mining and Metallurgical Society introduced the other new officers at a meeting addressed by Professor Charles E. Locke, head of the Mining department. The other new officers are Crosby F. Baker, Jr., G, vice-president; Alfred J. Frueh, Jr., '42, secretary; and William H. Dennen, '42, treasurer.

### "Harvard" Painted On Walker Pillars

In the wee hours of last Sunday morning, vandalic Harvard students spelled out in vivid red ink on the pillars of Walker Memorial the word "Harvard".

Workmen sanded for quite a few hours to rid the front face of Walker of this unsightly blemish. But even yet the red outlines of the letters are faintly visible, in spite of the workmen's efforts.

### The Tech Festival

Conforming with tradition, about fifty members of the staff of The Tech and their guests held their annual all-day Strawberry Festival last Saturday at Fieldston. The afternoon was spent in a spirited game of softball and in the consumption of refreshments.

The couples bowled after eating supper, and then danced the rest of the evening to the music of Jay Mandos' orchestra. An unscheduled entertainment was the nocturnal swimming exhibition put on by Cyril M. Krook, '43; Peter E. Gilmer, '41, and Walter C. McCarthy, '43, who were the only ones who dared brave the icy waters of the pool.

### International Students Club Menorah Society

Mr. Nathaniel McL. Sage will discuss placement problems at an election meeting of the Menorah Society to be held promptly at 5:00 P.M. this afternoon in Pritchett Hall. Refreshments will be served.

### New England Intercollegiate Driving Championship

MAY 17 AND 18

at Ted Madden's Golf Driving Range, Soldier's Field

Entries open to all college students

1st prize—1 set of woods.  
 2nd prize—1 dozen golf balls.  
 3rd prize—1/2 dozen golf balls.

# TARS REGAIN CHAMPIONSHIP

## Varsity Heavies Nosed Out By Yale In Last Hundred Yards Of Race, Ending Good Season; Beaver Freshmen Outrace Syracuse And Elis

### Juniors Victors In Class Track And Field Meet

#### 1941 Tracksters Take Nine Individual Cups; Booth And Jester Star

In their third consecutive Spring Interclass Track victory, 1941 tracksters trampled Sophomores, Seniors and freshmen by a 34 point margin on Briggs track Saturday afternoon to win nine individual cups and first place on the 5:15 cup.

The Juniors tallied 83½ points against 49½ for the Sophomores and 16 for the Seniors. 1943, favored to give the winners a battle for first place, were a disappointing last as upperclassmen turned out in unprecedented numbers to account for scoring places.

#### Three 1941 High Scorers

Al Booth, John Nagle and Lew Jester, all of the class of 1941, were highest scorers with only half a point separating them. Booth repeated his Bates performance of firsts in the 100, 220 and broad jump; Nagle scored wins in the shot put, discus throw and high jump (tie with Dick Wilson); and Jester hurdled to two firsts and was second in the 100.

Other cup winners were Bob Mc-  
(Continued on Page 4)

### Beaver Sailors Win Brown Race And Also Boston Dinghy Club Cup

Making a glorious comeback, Beaver sailors retained their championship status at the Brown Invitation Regatta at Providence on Saturday, and regained the Boston Dinghy Club Challenge Cup from Williams on the Charles Sunday.

At Providence Olsen and Knapp beat Brown out in their own boats to score again, thus revenging their defeat at the hands of Princeton in the Morss Bowl last week.

#### Colie Aces

On Sunday, the Engineer skippers sailed to victory well ahead of all contenders over choppy white-capped waters. Colie won all three of his qualifying rounds in the morning well ahead of the field to a perfect score of 27. Coe kept his end up very well and Tech qualified in a first place tie with Williams.

In the final rounds in the afternoon, Williams fell well back and Dartmouth came up to give Tech its closest competition. Colie won his first four races but fell back in the last three of the day, but his sixty-nine points put him at the head of his division.

#### Coe High Scorer

Coe, on the other hand, although he managed to collar only one first  
(Continued on Page 4)

### TOPNOTCH FRESHMAN CREW

Staff Photo

Tech's victorious freshman crew, conquerors of Syracuse, Yale, Princeton, and Boston University: Jim Malloch, Ed Mikolajczyk, Fred French, Jim Leader, Oivind Lorentzen, Frank Clausen, Bob Metzger, "Otto" Kelso, Captain Al Meyer, and Coach Jim MacMillan.

### Frosh Win Place As One Of Best '43 Crews In East, Jayvee Lose Race

Ending their most successful season in many years the Tech varsity finished three-quarters of a length behind Yale and a half-length ahead of Syracuse in the Derby Day regatta on the Housatonic last Saturday. In other races on the day's program, the M.I.T. freshman crew did itself and its coach, Jim MacMillan, proud by crushing the Yale and Syracuse '43 eights thereby insuring itself a place among the top frosh boats in the country. The Beaver javee aggregation was beaten by both the Eli and Orangemen.

Bob Moch's varsity crew gave Yale the fright of its life by leading the Blue until the final last 100 yards. Many spectators believed that, but for a crab caught in the first quarter of the two mile grind and a faulty stroke near the finish, the Technology varsity would have upset the highly favored Yale crew. At any rate, the Engineers did vindicate their loss to Syracuse earlier in the season. Tech held a half-length advantage as the crews passed the mile and a half mark, but Yale's clawing carried them into the lead over the final quarter.

#### Frosh Row Beautiful Race

In the freshman race the cardinal eight, stroked and captained by Al Meyer, rowed as beautiful a race as has been seen on the Housatonic in many years according to one observer. The boat gained steadily throughout the race to finish more than a length ahead of Syracuse with Yale a close third. The same day the Technology second freshmen and '43 fifties journeyed to Tabor, where they lost to the Tabor varsity and javee eights respectively in very rough water.

### Beaver Stickmen Lose To Williams

#### Engineers Go Down In Second Half Of Game Despite Good Teamwork

Although they showed the best teamwork of this season, Tech's stickmen went down, 11-6, to a strong Williams combination in a game at Williamstown on Saturday.

The Beavers got going right from the beginning of the game and put three goals in in fast succession to make the quarter score 3-2 in their favor. Williams came back in the second quarter, however to end the half at 8-3. After the half Williams again pulled away, but the Engineers came up in the last period to make the final score 11-6 in favor of Williams.

Since Williams is one of the strongest college squads in New England, the Beavers did well to give them such a close fight. This was the first game of the season that the Engineers really worked together in their plays to attain the combination they have been reaching for all spring.

### Interclass Crew Meet To Be Held Thursday

Technology's traditional Inter-Class Crew Race will be run off on the Charles River next Thursday afternoon beginning at 5:30 P.M., the Boat Club announced last night.

Each member of the winning crew will receive a suitable medal upon which will be engraved his name. Eligibility rules this year limit the contestants to any student at Technology who has not competed on a Tech crew this season.

### Engineer Fencers Win Open Air Meet Events

Beaver fencers ended the year's activities on a victorious note Saturday as "Cap" Adelson won the foil and sabre and Ray Krieger won the epee section of the A.F.L.A. meet held on Boston Common.

Hinchman made the final round in the sabre section, while Kellogg and freshman Shoffner made the epee finals, Shoffner taking third place. In the foils Ackerman, captain of the freshman team, made the final. Krieger won the epee title without having a single touche scored against during the whole day of competition.

### Tech Tennis Men Lose To Harvard

The Harvard netmen soundly trounced the Technology racquet-wielders, 8-1, yesterday afternoon on the Crimson Courts. Doubles team Phil Freeman and Dave Herron saved the Beavers from a complete rout by taking their match, 8-6, 6-2.

#### Summaries:

1. Miller (T) lost to Legg (H)—6-3, 6-3; 2. Braunlich (T) lost to Ryell (H)—6-2, 6-2; 3. Freeman (T) lost to Wynn (H)—6-3, 8-6; 4. Kaneb (T) lost to Hough (H)—7-5, 6-1; 5. Samuels (T) lost to Wilson (H)—7-5, 6-1; 6. Herron (T) lost to Marvin (H)—6-1, 6-3.  
Doubles: 1. Miller and Cist (T) lost to Stern and Legg (H)—6-1, 6-3; 2. Braunlich and Kaneb (T) lost to Peabody and Wilson (H)—8-6, 8-6; and 3. Hough and Marvin (H) lost to Freeman and Herron (T)—8-6, 6-2.

## BEAVER TALES

By JACK QUINN

Our hats are off to Bob Moch and Jim MacMillan and their respective crews for their wonderful job this season. That a combination of excellent team spirit and modern coaching methods will place Tech crews in their rightful position in the boating world was ably demonstrated in this instance.

With the varsity heavies well on the road to actual, rather than moral, triumphs, and the freshmen rated with the top first year crews of the country, next year's crew picture is bound to be bright. This Saturday, however, the 150's driving a Pocock for the first time this year, are expected to give Harvard a sharp fight for first place in the American Henley Regatta.

If you don't think the frosh crews won on pure form and determination, witness the locker room scenes at Derby. Both the Syracuse and Yale first year men averaged over 185 pounds. It was only natural for an Orange plebe to say, "If we can't beat Tech, we better hang up our oars"—that was before. The after part of this story is simply the Syracuse remark: "Maybe we were carrying too much weight." Six foot-one Mikolajczyk, however, had to look up at both the Yale and Syracuse men who so graciously handed him their shirts.

Interclass crew takes the spotlight Friday afternoon when the Boat Club sponsors a belated class crew competition. Although the freshmen (third boat) are favored, boats from the other classes are expected to be upholding their respective class honors.

It is even rumored that some local newspapermen are putting a strictly '42 boat on the river for a crack at the title. Lucky thing that there are plenty of husky Sophomores on the staff of The Tech. Wouldn't it be grand if a certain "humor" magazine came out and rowed also. Take it from me, this race will be plenty lively.

A late flash from the frosh tennis team informs us of their victory Monday over New Bedford Textile. We wonder whether the boys on the squad put on as much polish before the match today as they did before their scheduled bout with Wellesley May 2. The air surrounding those "beau brummels" suddenly grew as bad as the outside air, however, when the rains came just an hour before game time.

- 6:30 P.M. A.I.Ch.E. Dinner—Gundlach's Hofbrau.

### Tech International Club To Meet Today At 5:30

Ratification of the constitution of the newly-formed Technology International Club is to take place at a public meeting for all interested American and foreign students today, at 5:30, in Room 6-120.

The constitution has been prepared by a steering committee of fifteen members who were selected at the last public meeting, April 30. If the constitution is satisfactory, officers for next year will also be elected at the meeting.

#### Club to Promote Better Relations

Paul C. Gomez, '43, director of Foreign Students of the T.C.A., will preside at the meeting and will introduce C. Napier Thomson, '43, chairman of the steering committee who will read the constitution. The International Club is not exclusively for foreign students; its purpose is mainly to promote closer relations between students from other nations and students from America. According to the committee, for that reason, both American and foreign students have been invited to attend.

## THIS YEAR WE CELEBRATE OUR FORTIETH ANNIVERSARY OF THE FOUNDING OF OUR COMPANY

Throughout this month and next, we will offer some very attractive camera and photographic items at a very special anniversary price.

Phone our Cambridge Branch for Each Weekly Special — KIRKland 7040. See what you will save on all your photo needs.
