

Anti-War Rally Held At Noon Beside Walker

Murdock, Harper Will Give Views On Peace Question

In recognition of President Franklin D. Roosevelt's "I Am An American" Day proclamation, a giant student peace rally will be held today from 12 to 12:30 P.M. The gathering will take place on the lawn between Walker memorial and Building 2, and speakers will address the crowd from the West Terrace of Walker Memorial where a public address system has been set up.

President Roosevelt set next Sunday as "I Am An American" Day as a time for American citizens to rededicate themselves to the ideals and beliefs upon which the United States was founded, and to especially honor new citizens and other persons who will vote for the first time in next November's election.

Murdock Will Speak

John B. Murdock, '41, chairman of the Institute Committee and president-elect of the Senior Class, will address the meeting. The president of the United Student Peace Committee, Harper Poulson, will also speak at the rally.

A student peace committee decided that Sunday was not suitable for a rally at Technology and consequently made arrangements for today's gathering. They decided that peace and anti-war propaganda were the most important topics to be emphasized at this time in view of the international situation.

Uses Of Microfilm Subject Of Lecture

Sigma Xi Sponsors Public Lecture In Huntington Hall

New methods in the use of microfilm for the compact preservation of printed matter will be discussed by Professor Ralph D. Bennett of the department of Electrical Engineering in a public lecture tonight at 8:30 P.M. in Huntington Hall, sponsored by Sigma Xi, honorary scientific society.

Entitled "Microfilm—All The Books on One Shelf", the discussion will explain how all the printed matter in an encyclopedia can now be reproduced on about 50 foot-square sheets of film, which may be enlarged on a reading machine.

Cost Is Disadvantage

"The main disadvantage in the use of microfilm at the present time," says Professor Bennett "is the prohibitive cost to readers." He will tell how an effort is being made to develop a reading machine within the budget of the average individual.

Paul M. Erlandson Heads Debating Society

Paul M. Erlandson, '41, was elected president of the Institute's debating society Tuesday night at the annual dinner meeting of the orators held in the Dutch Room of the Graduate House. Other officers chosen include Franklin P. Seeley, '42, new manager, James O. McDonough, '43 secretary-treasurer, Raymond F. Frankel, Jr., '43, assistant manager, and Alfred Goldos, '42, publicity director.

Class representatives on the society's executive committee are Stanley L. Backer, '41, Jack Klein, '42, and Ward J. Haas, '43. Before the business meeting at which reports of the outgoing officers were read and policies for the coming year considered, Professor Theodore Smith of the English Department led the group in a round table discussion on the European situation.

Official Notice

Reports for the second term will be sent to the students' home addresses on Wednesday, June 5. For students living outside the United States or Canada, reports will be mailed to their term addresses. Students who want their reports sent elsewhere must call at the Records Office, Room 3-107, not later than Friday, May 24.

Any senior who desires a photostat copy of his complete record at the Institute should leave an order at the Records Office, Room 3-107. There is a charge of \$0.50 for the first photostat and \$0.25 for each additional copy ordered at the same time. These will be ready for delivery about the first of July.

Institute Committee Appropriates \$250 Extra For Darkroom

Permission Is Given For Freshman Dance Loss To Come From '43 Funds

An additional \$250 appropriation, for additional expenses incurred in the construction of the new publications darkroom, was recommended by the Institute Committee last night and submitted to the Undergraduate Budget Board for approval.

The previous appropriation of \$650 for the darkroom proved to be less than the amount needed for necessary expenditures which had not been considered previously.

Frosh Dance Report Approved

A report on the freshman dance was approved, and a request that the loss incurred by the dance committee be appropriated from the class treasury was granted.

Recommendation that a sub-committee of the Institute Committee be formed to collect and disseminate information to the various large Institute dance committee chairmen on the "big name" band situation was passed. The committee is to consist of the three class presidents, secretary-treasurer of the freshman council, I.F.C. chairman, Senior Week chairman, president of the 5:15 Club, Dormitory committee chairman, and vice-president of the Junior class.

Activity Elections Ok'd

Elections in the following organizations, Army Ordnance Society, Camera Club, Nautical Association, Quadrangle Club, and the I.F.C. were approved. An amendment in the constitution of the Nautical Association and the constitution of the newly

(Continued on Page 4)

Six Are Initiated To Scout Fraternity

Six students were initiated into Alpha Phi Omega, national honorary scouting fraternity, at its annual Banquet held last Wednesday at the Colonial Kitchens.

After the traditional initiation ceremonies were over, the new A.P.O. members were John J. Guarrera, '43; Sidney Cramer, '41; John E. Gardner, '43; Maxwell H. Kaplan, '42; Thomas A. Mitchell, '43, and Wilton M. Fraser, Henry L. Pohndorf, '41, president of A.P.O., and toastmaster at the banquet, introduced the guest of honor.

Mr. Kitterman spoke about his experiences at the World Jamboree held in Holland in 1936, and then discussed the effect of the present war on Scouting. Oscar Hedlund, track coach and Faculty Adviser, and Norman R. Scott, '40, former president, also spoke briefly.

Institute Committee Refuses Recognition Of Referendum On Class Honorary Societies

1940 Smoker Plans Made

Activities To Set Up Exhibits; Sports Films To Be Shown To Frosh

Activity demonstrations and exhibits by Technology publications are among the new ideas being planned by the committee in charge of the 1940 All-Tech Smoker next September.

Many activities and all the publications will set up booths in the Walker Memorial building to acquaint incoming freshmen with activity functions. John W. Jenkins, '42 in charge of this aspect of the Smoker, is arranging for each publication to show how it is put out.

Colored Movies of Sport

In place of the athletic contests presented in previous years colored motion pictures of all sports teams in action will be shown to the guests at the Smoker. The pictures will be described and explained by William R. Ahrendt, '41, chairman of the Smoker Committee, who will also give a brief history of the success of each sport.

No active campaigning for members will be allowed at the Open House but as in past years separate smokers will be held during the first week of school by each of the activities.

Banquet May Be Served

A change in serving the annual Freshman Banquet is also being considered by the Committee. It is pro-

Pickard New Head Of Tau Beta Pi

Six Juniors Elected To Serve As Officers In Local Chapter

Tau Beta Pi, honorary engineering fraternity, elected James K. Pickard, '41, to succeed Charles S. Godfrey, '40, as president of the Technology chapter at a meeting held last Tuesday evening.

Other officers elected to the remaining offices in this organization during that meeting are Carl M. Mueller, the new vice-president; Frank L. Langhammer, recording secretary; Lawrence C. Turnock, corresponding secretary; Frederick Kunreuther, Treasurer; and Nathaniel Rochester, cataloguer. All of these officers are members of the class of 1941.

Technology Review To Include Commencement Day Ceremonies

Complete lists of recipients of degrees in the Class of 1940, with full reports of the Baccalaureate Ceremonies and Commencement Day Exercises are to be published in the July issue of the Technology Review, the Alumni Association magazine.

Formerly the Review was given to the members of the Alumni Association in return for part of the Association membership dues. This year because of the new plan adopted by the Association, no dues are asked from the graduating class.

Donation Pays For Dues And The Review

Instead each recipient of a degree from the Institute is requested to make a donation to the newly estab-

WMEX, WRUL Broadcast Graduation Ceremonies

The recently announced broadcasts on short and long waves of the Institute's graduation exercises on Tuesday, June 4, will be scheduled for Eastern Daylight Time, instead of Eastern Standard Time as was previously announced. Station WMEX, transmitting from Boston on 1500 kilocycles, will broadcast part of the exercises from 11 a.m. to 12 o'clock noon. Station WRUL of the World Wide Broadcasting Foundation will broadcast the entire Commencement program from 11 a.m. until 1 p.m., Eastern Daylight Time.

Michigan Technic Receives T.E.N. Cup At Gridiron Dinner

Novelist Williams Speaks At Banquet; Gridiron Awards Presented

Gridiron, honorary society for student publications, saw the presentation of the T.E.N. Cup to the Michigan Technic and listened to an address by Ben Ames Williams, prominent novelist, last Tuesday night at the annual Gridiron banquet in the Parker House.

J. Anderson Ashburn, editor of the Michigan Technic, received the cup from Warren J. Meyers, general manager of the Tech Engineering News. From 35 college publications, the Technic was selected for the second time in three years by the judges, Eric Hodgins, publisher of Fortune, and S. Paul Johnston, former editor of Aviation.

Awards Announced

The annual Gridiron awards were announced by Professor Paul C. Eaton of the English department. A. Carleton Jealous, '42, took first prize of \$15.00 for his T.E.N. article on petroleum cracking. \$10.00 went to Charles V. F. DeMally, '40, for "Paris in the Spring" in Voo Doo; while \$5.00 was awarded Clayton K. Baer, '41, for a The Tech editorial, "Inventory".

Introduced by Eugene E. D. Crawford, '40, retiring president of Gridiron, Ben Ames Williams spoke of his experiences as a reporter on the Boston American and as a novelist. Citing examples from his life, he outlined

(Continued on Page 4)

Only Beaver Key Gains Approval In Small Vote; Others Rejected

Results of the honorary society referendum were refused recognition by the Institute Committee last night after a stormy debate on their validity because of the definite minority of eligible voters who cast ballots.

Beaver Key was the only society, of the four voted upon, whose right to use the word "honorary" was approved by the referendum. Osiris, Beaver Club, and Quadrangle Club, the other societies under discussion, were disapproved by the majority of the voters.

Small Percentage of Voters

Only 319 of the 1,600 eligible voters cast ballots during the referendum held Tuesday, and consequently, the Institute Committee considered that the results expressed were not entirely representative of the student opinion. Ten percent of the Senior class, twenty percent of the Juniors and approximately sixteen percent of the Sophomores stated their choices in the poll.

The results of the referendum were: 58 to 29 that Osiris, Senior class society should lose its "honorary" designation; 112 to 74, that Beaver Club lose its "honorary" position; and 176 to 136 that Quadrangle Club lose its "honorary" standing. 97 ballots approved the designation of Beaver Key as Junior honorary society and only 88 voters expressed their disapproval.

Dramashop Outlines Next Year's Plans

Four Sets Of Three One-Act Plays To Be Presented

After a dinner meeting held by the Technology Dramashop last Wednesday night in the Graduate House Miss Pauline H. Morrow, G., announced the club's plans for next year.

Members of the Dramashop plan to produce and direct, during the course of next year, four sets of three one-act plays, to be presented on four different Saturday evenings starting October 26. The later dates, and the plays to be presented have not yet been determined.

To Issue Season Tickets

It was announced at the meeting that students will be able to obtain season tickets to all of the productions at a fee of 75 cents, but they will also be able to buy single tickets if they so desire.

Joseph E. Dietzgen, '41, the new president of the Dramashop, gave a short speech of acceptance of office at the meeting. He spoke of the splendid work done by all members of this year's club, and expressed the hope that next year's group will do as well. He then called on several members of the class of 1940 who also spoke about their associations with the club during the last few years.

Plans were also discussed for a freshmen smoker to be held on October ninth. The committee elected to take charge of it are, Kendall H. Spencer, '43, chairman; Paul I. Pressel, '43, and Robert L. Mitchell, Jr., '43.

A New Role For An Old Trouper

According to the men who ought to know, we don't have much to worry about with regard to finding an opportunity to prove our mettle.

Especially at this time of the year, students begin to have a little doubt as to whether industry has any thing to offer them in the way of real opportunity. Sensing this dubiousness and in an effort to justify or confute it, the University of Rochester recently sought the advice of America's leading industrialists. At the many round-table discussions just completed, students put the question squarely up to American industry. Does industry of tomorrow have anything to offer ambitious youth? Are technological as well as geographical frontiers slowly closing?

The answer came bounding back. From Eric Hodgens, Owen D. Young, David Sarnoff, John Hay Whitney, David O. Selznick, Clarence Francis, and scores of other prominent business leaders came assurances that not only was business optimistic about the future, but that its optimism key-noted a sincere faith in the wide expanse of opportunity being thrown open in every branch of life through amazing new developments in technological and social fields.

But the listeners at the Clinic were not satisfied with merely an expression of a you-too-can-be-a-tycoon attitude. They demanded to know just how the new frontiers would be created. What good fairy, they asked, was going to conjure up a prolific system of opportunities out of a world in its present state?

Industry knew this answer, too. Discussions at the Rochester Clinic indicated that in some instances the new frontiers are to be found by merely expanding the individual industries. But that in most cases new frontiers are discovered by technological advance resulting from research.

In the light of this latter point, the academic program of the Institute takes on new importance. Research, which is carried on here as intensively as any where in the world, has shown itself time and time again to be well worth the millions of dollars spent for it by industrial corporations. Now, however, if we are to believe our industrialists, not only does research have to be responsible for expanding scientific knowledge, but it must bear the burden of furnishing opportunities for tomorrow's American men and women.

Dr. Compton evidently feels the weight which research can enforce on modern living. Commenting on Research Day, today May 17, he recently remarked, "New England has no alternative but to participate in this nation-wide, and in fact world-wide, movement to improve the convenience and comforts of living and ultimately to increase gainful employment through use of the methods of organized research."

Elections

Volume LX of The Tech takes pleasure in announcing the following elections to its staff: Burton S. Angell, '43; Carleton F. Bryant, Jr., '43; Charles M. Clapp, '43; Edward F. Czar, '43; J. Daniel Eagan, '43; Robert M. Greene, Jr., '43; Richard E. Henning, '43; Robert R. Imsande, '42; John W. McDonough, '43; Harry Ottinger, '43; Stewart Rowe, '43; Morton L. Schultz, '43; William A. Selke, '43 and Joseph S. Tankoos, '43.

CALENDAR

FRIDAY, MAY 17

2:00 P.M. Varsity Golf, N.E.I.G.A.—Oakley Country Club.

6:00 P.M. Track Team Dinner—Faculty Dining Room.
6:00 P.M. Lacrosse Team Dinner—Grill Room.

Harvey Pofcher Elected President of Menorah

Harvey I. Pofcher, '41, was elected president of the Menorah Society at a meeting held last Thursday in Pritchett Hall. The other new officers are David B. Nicholson, '42, executive chairman; Bernard A. Greenes, '42, vice-president; Paul I. Pressel, '43, secretary; and Marvin P. Epstein, '42, treasurer.

Mr. Nathaniel Mel. Sage, speaking of the industrial world of the near future in relation to the present war, said that next year's graduates would have to face many problems similar to those which arose during the early stages of the last World War.

CREW, TRACKMEN IN FINAL TEST

SPORT SLANTS

by H. ICHABOD KRAM, '42

Crew will officially close its 1940 season of competition tomorrow in one of the largest inter-collegiate sporting events in the East, the American Henley Regatta. This meet is fashioned after the English Henleys which are held annually on the Thames River, and which are probably the most traditional crew races held in the world. It was at these races that crew first became popular, and the various traditions attached to this sport established.

Crew in England, where this sport was first conceived, encompasses a number of small private boat clubs which compete in races as do the colleges. In a similar manner a number of private boat clubs will compete in tomorrow's races making up the American Henley Regatta. The main event of the day, however, will be the intercollegiate varsity one-fifties race, which will start at five in the afternoon from a starting line located about a half a mile below the M.I.T. Boathouse.

150's Have New Boat

It is in this event that the only Tech varsity crew to have won a race this season will compete. The race will be a mile and five-sixteenths long, which is known as the Henley distance. The Beaver oarsmen will race in one of the Institute's new Pococks for the first time. The varsity "lightweights" have been practicing in this boat, the BEAVER, all week, and it is hoped that in this new shell, which is faster and better than their old one, they will continue the fine performances which all the Tech oarsmen have shown this year.

Whether or not the one-fifties take first place is not too important, the important thing is that they will be in there pulling as hard as they can for M.I.T. Competition will be keen, since six of the best crews in the East are entered. However, in view of past performances, if the Beaver oarsmen perform as they did down at Princeton it is without doubt that they will be among the leaders.

Tech's Only Undefeated Team

Also ending their 1940 competitive season, Tech's undefeated track team will meet Brown on the Briggs Field at 1:30 tomorrow. Tomorrow's cinder meet should be a very interesting one for Tech upset the Bruins two years ago to win by one point, and Brown came back last year to give Tech its only loss. The track meet tomorrow should be a swell sporting event to witness and as many Tech men as possible should come out to cheer their team on to revenge last year's defeat and to remain the Institute's only undefeated team for the 1939-40 season.

Beaver Key Tourney Enters Round Robin

Delta Upsilon, Senior A Down Phi Mu Delta, And Sigma Chi

Delta Upsilon and Senior A romped to easy wins over the Phi Mu Delta and Sigma Chi teams, respectively, in the first contests of the Beaver Key baseball round robin last week.

Johnnie Artz of the DU's hurled his second shutout of the tournament when he and his mates chalked up their fourth consecutive victory by a score of 6-0. Bill Kather, Chuck Dodson, and Frank Mabbett supplied the necessary batting punch for the victors as they pounded out their six tallies. Altogether in the four contests in which the DU team has played they crossed the plate 57 times to their opponents 7.

Senior A Wins

Senior A, behind the steady hurling of Morrie Gabel, trounced the Sigma Chi team by the score 8-2, last week. Big gun in the Senior attack was Howie Samuels who drove out a home run in the third inning with two of his mates aboard.

This Sunday the DU's will oppose Sigma Chi on the Coop field at nine-thirty in the morning, while the Senior A team will attempt to keep their streak intact when they meet the Deltas in the afternoon.

Dorm Ball Team Plays Boy's Club Second Time

In an effort to avenge the 6-1 lacing handed his team two weeks ago by the Boston Boys' Club, Ed Beaupre, captain-manager of the Dorm baseball team, has scheduled a return game with the Boys' Club at 2:30 Saturday afternoon, on the Coop field.

The dormitory lineup is to remain practically the same as that which started the first two games, with the only undecided positions being the outfield and starting hurler. The Dorm fly chasers will be made up of Bowman, Dine, Carpenter, Kosztyla or Schaefer, with either Bob Grosselinger or Ed Beaupre taking the starting pitching assignment.

Undefeated Trackmen Meet Strong Brown Squad Saturday; 150's Compete In Regatta

Races To Be Run On Briggs Field; Freshman Team Will Also Compete

With an even chance of completing another undefeated season, the Institute's varsity track team faces Brown University at 1:30 Saturday afternoon on the Briggs Field track while races between Brown and Technology freshmen make it a double feature.

A Technology balanced performance will have to overcome the power of Bruin stars if the varsity is to go through the current season without a loss. Two years ago M.I.T. won by a single point but last year Brown upset Institute hopes for a second consecutive undefeated season by edging both varsity and freshmen.

Brown Has Three Losses

Bates and Colby have been swamped by Technology this season while Brown has defeated New Hampshire and lost to Army, Rhode Island and Holy Cross. It is significant that in losing to the Crusaders Wednesday.

(Continued on Page 4)

Arthur Sampson To Speak At Track Dinner Saturday

Arthur Sampson, Boston Herald sports writer, will be guest speaker at the annual track banquet to be held in North Hall at 6 p.m., Saturday, following the Brown meet.

Presentation of Spring Inter-class Meet cups and medals, election of the 1941 varsity captain, and talks by outgoing trackmen are to be included. Everyone interested in attending may obtain tickets for the turkey dinner at Briggs Field House.

Engineer Golfers Will Send Team To Championship

Team's Record Indicates Good Chance Of Placing In N.E.I.G.A. Matches

Beaver golfers will enter the New England Intercollegiate Golfing Association championships, today, with a successful season behind them and a fair chance of placing. The match will be held at the Oakley Country Club, Belmont. Chief competition will come from Amherst, Harvard, and Yale, at present the top ranking teams in New England.

Wellesley Wednesday

The Beavers have won four and lost three games this season, having beaten Bowdoin, Tufts, Rhode Island, and Colby, and losing hard fought games against Amherst, B.U. and Brown. In an informal game against Wellesley on Wednesday, the Engineers played with precision and grace.

Team for the Championship and for the scheduled game against Worcester Polytech on Monday will consist of Wynne, Jefferds, Follansbee, Klock, Trexel, and Peek, all of whom have played good golf this year.

Engineers To Row With Six Colleges For Henley Honors On Charles River

Tech's 150 pound crews will end the most successful season in the Institute's rowing history this Saturday afternoon when they compete in the American Henley Regatta on the Charles River. The Varsity and jayvee lightweights coached by Pat Manning, will race at 5:00 and 4:30 respectively against the best college fifties in the East in this "Pough-keepsie" of the lightweights.

Other crews entered in the varsity competition are Harvard, Yale, Princeton, Penn, Columbia, and Cornell; while the Beaver jayvees will be rowing against Harvard, Yale, and Columbia. Last night the two Tech crews had a speedy time trial over the one-mile course, at which time both showed themselves to be ready for Saturday's competition.

Woodward Stroke

The varsity, stroked by John Woodward, finished ahead of Princeton and a half-length behind Harvard already this season. They hope to vindicate the loss to the Crimson eight and at the same time to take possession of the Joseph Wright Challenge Cup which was last taken by Tech three years ago.

The jayvee lights taking their stroke from senior Norm Klivans, have had but one race this season, in which they were defeated by Harvard's second fifty aggregation, but in informal races against Cantab house crews the boat has demonstrated the power of which it is capable.

Lasts All Day

The American Henley Regatta will begin Saturday morning and continue throughout the day. Club races for single, double, four-oared, and eight-oared shells will take up most of the program.

Successful Crews To Hold Annual Banquet Tuesday

Technology's successful oarsmen will end their activities for the present official season with a banquet in the Graduate House next Tuesday evening at 6.30 P.M.

In an interview today Bob Moch, popular crew mentor, announced that he would like to see every man who had been out for crew at any time during the past year, present at the dinner.

Class Of '43 Defeats '41 In Interclass Crew Race

The Class of '43 won this year's Inter-class crew race by finishing more than three lengths ahead of the Junior Class, over a one-mile course yesterday afternoon. No crew from either the Sophomore or Senior class was entered in this annual contest.

Boatings for the race include:

Freshman—S. Reswick; 7. Holbig; 6. Hettich; 5. Bowen; 4. Brice; 3. Goodfriend; 2. DeConto; 1. Jenks; C. Kano
Juniors—S. Farnell; 7. Schwanzfelder; 6. Davies; K; 5. King; 4. Smith; R; 3. Staros; 2. Walkowicz; 1. Abzug; C. Blake, R.

Beaver Stickmen In Season Finale

Playing its last game of the current season, the Engineer lacrosse team will come up against the Tufts squad at Tufts tomorrow afternoon. This game is probably the easiest on the varsity schedule, since Tufts has not put a very strong team on the field thus far.

In a rough game with Harvard on Saturday, the frosh stick welders finally won their spurs, with a 5-4 victory. The game was marked by hard, fast, and rough play on both sides. First man to go down was a Harvard defence man with a bad knee. Many bruises were incurred, but the only other serious accident came in the final quarter when Lichten, playing cover point for Tech, went off with a broken ankle.

The scoring in the game was in ding-dong style, with one team scoring and the other retaliating soon after. Tech was in the lead throughout the game.

International Club Elects Thomson

Charles W. N. Thomson, '43, of Australia, was elected president of newly-formed Technology International Club and the constitution adopted at a meeting in Room 6 on Tuesday, May 14.

Other officers chosen at the same time are: Vice-President, Paul Pressel, '43; secretary, Paul C. Gor, '43; assistant secretary, Allaettin Aksoy, '40; and treasurer, Ray Misra, '41. The constitution, which had been previously approved by steering committee of twelve, was proved by the Institute Committee last night. It was derived from the constitution of the Cosmopolitan Club, M.I.T., which was disbanded in 1938.

Railway Express Agency Will Cart Your Livestock

An increasing trend among college students to acquire animals and other pets is revealed in the recent report of the Railway Express Agency that it is carrying, and caring for in transit, a very large number of dogs, cats, and other wild animals.

Many college students have taken advantage of the Railway Express Service of pickup and delivery, to send home, besides their trunks and baggage, the quacking ducks and other animals they don't wish to carry home with them for summer vacation.

Trackmen Meet Brown

(Continued from Page 3)

Brown was competing without the services of her strongest runners. Injuries to Brown's captain, Ken Clapp and Technology's Gene Brady have added to the uncertainty which always fogs M.I.T. — Brown predictions. The visitors' strength lies in dashes and weight events. Ten of them—Clapp, Chafee, Mikolas, Clark, Klie, Fisher, McLaughry, Gosnell, Crollius, and Ricciardi—will probably account for all Bruin scoring.

Tech Offers Balanced Competition

Against them are Lew Jester, Al Booth, Arnold Mengel, and Bob McBride in the dashes; Vern Kylonen, Gene Brady, and McBride in the 440; and Brady, Les Corsa, and Ralph Kelly in the 880.

Dan Crosby, Jud Rhode, Art Gow, Larry Turnock, Olaf Rustad, Stan Backer and Les Gott should make clean sweeps of the mile and two-mile. Jester, Bill Taylor, and Jack Schultz will meet strong competition in the hurdles.

Beavers Have High Jump Edge

Tech should be ahead in the high jump with John Nagle, Dick Wilson and Bob Ford, and in the javelin throw with John Sexton, Irv Koss, Alex Welch and Booth. Booth, Ford and Chuck Smith also have scoring possibilities in the broad jump. Walt Eberhard and Ted Judd should gather two places in the pole vault.

Paced by McLaughry and Gosnell, Brown has a big advantage in the hammer, discus and shot. Stan Van Greenby, John Meier, Jack Madwed, Reeve Morehouse, Nagle, George Schwartz and Karl Baresel will take the field for Technology.

Freshman Entries

Freshmen competing against Bruin clubs are Coles, Stewart, Loomis, Czar, Feuer, Lord, Casagrande, Cochran, Stephens, Holt, Miller, Muzzey, Terry, Ingham, McJunkin, Moll, Pastoriza, Horst, Haas, Spears, Azarian, Marakas, Kelly, Van Voorhees, O'Hara and Goldberg.

All-Tech Smoker

(Continued from Page 1)

posed to have the dinners served at tables rather than cafeteria style as in the past.

The All-Tech Smoker Committee, which is arranging the affair includes William R. Ahrendt, '41; Jack M. Klyce, '41; John B. Murdock, '41; Joseph G. Gavin, '41; Martin Mann, '41; Joseph H. Myers, '41; Franklin D. Mabet, '43; John L. Whelan, '42; and John W. Jenkins, '42.

Institute Committee

(Continued from Page 1)

formed Technology International Club were also approved.

The calendar for next year's activities was removed from the table after slight correction. VooDoo was recognized by the Institute Committee and its representative was reinstated.

Gridiron Dinner

(Continued from Page 1)

the pitfalls which the professional writer encounters.

Gold Keys Presented

Dr. Karl T. Compton spoke briefly, saying that he was proud of Gridiron and its work. Mr. James R. Killian, chairman of the advisory council on publications, presented gold keys to the officers of Gridiron 1941. President James S. Thornton, '41, and Treasurer Howard A. Morrison, Jr., '41. Albert F. Clear, Jr., '42, is the new secretary.

The Tech Confers Publicity Favors On New Voo Doo

Proving once again that The Tech lives up to the golden rule of doing good for evil, the unrequested preview of tomorrow's issue of Voo Doo above enables the student body to see about the only good part of the issue before even the Voo Doo staff has had a chance to get it from the printers.

For months, The Tech has been submitting to the most unscrupulous humiliation at the hands of Voo Doo, often referred to as a 'humor' magazine. All proposals for any many competition in the athletic realm or mental combatry met with absolute refusal from the Voo Doo staff.

To Be Distributed At Races

Today about noon the Voo Doo's will be delivered to the Voo Doo office for the first time, and will be distributed Saturday at the Henley Cup Races, to which the issue is dedicated. Once again, Murgatroid provides about the only highlight to the issue.

In addition to proving that The Tech men are still far superior to the best of the Voo Doo men, the unorthodox preview completely unknown to the Voo Doo boys shows that The Tech knows all, sees all, and tells most of it. As usual The Tech has pulled another one over on Voo Doo.

Voo Doo's issue tomorrow will, however, contain a complete line-up of the crews entering the 150 pound competition on the Charles, and a program of the events of the day. The Tech broadmindedly gives Voo Doo credit for this portion of their issue.

Seniors May Now Obtain Themes Of Past Years

All Seniors may obtain their English papers and themes for past years from the English department office any time between now and June 30.

It used to be the policy of the English department to keep all students' English papers till their graduation. The Class of 1940 was the last class to be so treated, as the system has now been discontinued.
