

SAVITT TO PLAY ON FIELD DAY

C. A. A. Quota Raised To 50 For 1940-41

Flight Training Will Be Given By Wiggins; Men To Pass Physical Exam

A new quota of fifty students has been assigned to the Institute by the Civil Aeronautics Authority for training in the primary and secondary courses for civilian pilots this autumn. Professor Richard H. Smith of the department of Aeronautical Engineering announced last night. Technology has already instructed more than 200 students since the course was instituted in the Fall term of 1938.

Ground school instruction will be given at the Institute and will include instruction in civil air regulations, navigation and meteorology and flight training will be given by the E. W. Wiggins Airways, Inc. 20 students will receive their flight training at the East Boston Airport and thirty at Norwood. Application blanks may be obtained at the Institute Information Office in Building 7.

Applicants Must Be U. S. Citizens
Candidates for this program must be citizens of the United States and must have reached their nineteenth but not their twenty-sixth birthday on or before Oct. 1 this year. No student who holds or has held a pilot's certificate of private grade or higher is eligible. Applicants who are undergraduates must be fully matriculated for a degree and must have satisfactorily completed at least one full year
(Continued on Page 4)

Catholic Club Plans Fall Dance

400 Girls Expected To Attend Informal Affair In Walker

The annual informal Fall Acquaintance Dance of the Technology Catholic Club is to be held next Friday evening, October 11, from nine to one, the eve of the Columbus Day holiday, in Morss Hall. Music will be furnished by Jim Carmody and his twelve-piece orchestra, according to John O'Meara, '43, chairman of the dance committee.

Over 400 girls from nearby colleges, including Wellesley, Simmons, Radcliffe, Framingham, Emmanuel and Jackson, have promised to attend in the hopes of leaving names, addresses, and phone numbers galore in the little black books of Technology men.

The affair is to be stag and is open to all students, club members as well as others. Tickets for the dance, priced at 75 cents, will be on sale from twelve to two, next Tuesday to Friday, in the Main Lobby.

A.C.E. Will Sponsor Selective Service Quiz

To answer specific questions of students and faculty members regarding the Selective Service Act and potential military training the American Council on Education will sponsor a national broadcast on that subject over the network of the Columbia Broadcasting Company next Tuesday evening, October 8, from 10:15 to 10:30 P.M. E.S.T.

Questions will be asked by noted educators, while executives from the National Selective Service Headquarters will respond with the answers.

Pre-Medical Students Must Take Aptitude Test Nov. 8

All students who plan to enter a medical school in September, 1941, must take the Medical Aptitude Tests which will be held only once during the current year, viz., November 8, 1940, in Room 3-305, 3:30 to 5:30 P.M.

All desiring to take these tests should notify Dean Prescott, Room 3-207 before October 20. Announcement of the tests has been posted on the Official Bulletin Board near the Cashier's office, and on the main bulletin board in the Department of Biology and Public Health.

\$2000 Granted Sophomore Class For Formal Dance

Year's First Meeting Of Institute Committee Held Yesterday At Five

A \$2,000 budget for the Sophomore dance to be held November 22 was approved last night at the first meeting of Institute Committee this term. The \$2,000 is to be partially covered by a \$300 bond to be posted by the dance committee.

Robert S. Reebie, '43, President of the Sophomore Class and Chairman of its Dance Committee, has plans for a twenty member committee well under way. With the budget approved, the way is now clear for Reebie to proceed with the details of the dance.

Tentative budgets for all activities for the coming year must be submitted to the Budget Committee, before October 22, or they shall be subject to a \$5.00 fine.

Baton Society Officers Approved

Two changes in the constitution of the Baton Society were read and approved at the meeting and the election of the new officers of the Society was also approved.

A motion was proposed and tabled to change the by-laws of the Field Day Committee, so that the vice-president of Junior Class would be on the committee in place of the president.

Absentees were Lester W. Gott, '41, 5:15 Club representative and Harold E. Dato, '41, The Tech representative, Joseph G. Gavin, '41, Senior Class representative, and Rogers B. Finch, '41, General Manager of the Musical Clubs were absent but were represented by proxy.

Outing Club Plans Two Weekend Trips

The M.I.T. Outing Club is opening its season with a hike to the Blue Hills on Saturday at 3 P.M. and a rock-climbing trip to the Middlesex Hills on Sunday at 10 A.M. The trips are to start from the front of Walker Memorial.

For both the trips the members are requested to come in their oldest clothes. They will leave by street car or by auto. Those who wish to attend the Saturday hike should sign their name on the bulletin board in the lobby of Building 10 before 5 P.M. on Friday.

For the Sunday trip the members should wear tennis shoes or sneakers, and should bring their lunch. The cost of the first trip is \$5.00 and for the other about \$2.00. For those interested in joining the Outing Club, the office in the Walker basement is open daily from 5 to 6 P.M.

Dean's List Number Decline

583 Receive Ratings Over 3.50 As 1942 Leads Other Classes

Revealing a contra-seasonal decline in Technology's brainpower the official Dean's List for the second semester of last year has just been issued. 583 men received recognition for ratings of 3.50 and over. This was 15 less than for the same period of the previous year and 29 less than for the same three classes during the first term.

The class of 1942 eclipsed their brothers of '41 and '43, leading by a total of 215 men or 38.8 per cent of their class. The present Seniors had 196, Sophomores 172, which represented 37.9 and 31.1 per cent of the total respectively.

1942 on Top

31 men of 1942 led their class to first place on the first Dean's List, of those with 4.50 and over, while 1941 had 26 and 1943, 19. This was a victory on a percentage basis also.

A similarity between the Juniors and Seniors occurs in the second and third lists. 11.1 per cent of the Juniors and 11.0 per cent of the Seniors are on the second list, while 22.1 per cent of each class is on the third list. The Sophomores had 10.7 per cent on the second and 17.0 per cent on the third list.

Coeds Hit Decline

Eight coeds were on the list, as compared with 11 last year. Copies of this list may be obtained in the Information Office, Room 7-111.

Registration Up For First Term

Enrollment Of 3095 For 74th Year Of Institute Shows Increase Of 45

Registration of three thousand ninety-five students last Monday inaugurated the seventy-fourth academic year of Technology. This term's enrollment represents an increase of 45 over last year's.

The present freshman class numbers 610, with 1,743 students in the upper three classes. The graduate school has a total of 737 students, including 65 who are enrolled for a special course in meteorology in conjunction with the United States Army in the interest of national defense. Upon completion of the course, these men will enter the Army as flying cadets for a year's service, and will then be transferred to the weather forecasting division of the Air Corps.

Frosh Forget Fastidiousity; Fling Effects Afar In Flurry

Everything from underwear to overcoats, from hats to one brown and white shoe, was left by the Class of '44 as they beat a hasty retreat from the regions of Lake Massapoag last Monday morning.

Nine pairs of pants were found on the scene of the freshman debacle, but much doubt is held in the minds of the T.C.A. members as to whether they belong to freshmen or to the members of the Sophomore blitzkrieg party who were denuded in the service of their class.

TCA Cabinet Well Dressed Now

Everything to make a complete

Dorm Dance Committee Announces Orchestra For Annual Dance

FIELD DAY MAESTRO

Jan Savitt, whose orchestra will play for the Annual Field Day Dance, November 1.

Dorm Freshmen Dance Tonight

Girls Coming From Radcliffe And Simmons To Annual Affair

Dormitory freshmen will play host tonight to fellow freshmen from Simmons and Radcliffe at the annual dormitory freshman dance in Morss Hall of Walker Memorial. This is the first social event of Technology's class of 1944 and is held to give them a chance to meet classmates from the neighboring colleges.

Paul Byrnes and his orchestra will supply the motive for dancing with music from 8:15 until 1, and all guests will be given name tags to aid impromptu introductions which are in order at this dance.

Guests to Come in Busses

Herman Gabel, '41, chairman of the freshman committee, announced that busses will be provided to supply the transportation for the girls to and from their schools.

Faculty members who have been invited to be present this evening include President and Mrs. Karl T. Compton, and Dean and Mrs. T. P. Pitre as well as members of the faculty of Radcliffe and Simmons.

Price Of Tickets Set

At \$4.50; Options To Go On Sale Monday In Lobby Of Bldg. 10

Jan Savitt and his Top Hatters will play for Technology's annual Field Day Dance as a climax to a day filled with the traditional freshmen-Sophomore Field Day rivalry, the Dormitory Dance Committee announced late yesterday evening. The dance will be held in the Morss Hall of Walker Memorial, Friday evening, November 1, from 10:00 P.M. to 2:30 A.M.

Charles J. Wales, Jr., Chairman of the committee, stated that tickets to this dance are priced at \$4.50 and will go on sale Monday in the Main Lobby of Building 10. As an aid to those wishing to purchase tickets, the committee will offer options for \$2.50, the other \$2.00 becoming payable sometime during the week of the dance. It was emphasized by Chairman Wales that the dance is open to the entire Institute.

Savitt at Meadowbrook

The suave maestro who made shuffle rhythm famous over the airwaves as well as on the dance floor, opened a lengthy engagement at Frank Daly's Meadowbrook yesterday evening, and will swing up north soon after its conclusion, making the M.I.T. Field Day Dance one of his stops.

'43 Men To Vie For Walker Posts

Meeting On Tuesday To Acquaint Sophs With Present Staff

All Sophomores who would like to try out for positions on the Walker Memorial Committee are invited to a meeting in Litchfield Lounge Tuesday, October 8 from 5 to 6 P.M. Candidates will have an opportunity at the meeting to get acquainted with the present committee.

All members of the Sophomore class are eligible to take part in the competition for the six positions. The men will be judged by the manner in which they handle certain work of the committee, including office work and reports for the Institute Committee, which will be assigned to them.

About half of the candidates will be eliminated after the first week, while the final selection will be made after the second week.

Dr. Rockwell To Speak At First A.A. Meeting

Dr. John A. Rockwell of the department of Hygiene is scheduled to speak at a combined meeting of the Advisory Council on athletics and the M.I.T.A.A. to be held in Litchfield Hall this Sunday afternoon at three. Dr. Rockwell, who is the chairman of the Advisory Council, will discuss among other things the duties and responsibilities of team managers and captains.

He will be followed by Mr. Ralph T. Jope, Treasurer of the Alumni Association, the coaches of the various sports and Dr. George Morse, head of the Medical Department.

The Advisory Council meeting will precede that of the Athletic Association where new members will be elected to the Executive Committee and plans for the Field Day events discussed.

knife for the Army by their own actions of signing a contract or two.

There are several causes for the slow progress of the United States defense program. Lining up a huge nation for military preparedness is bound to take time. But the point is that we have created a body to see to it that we have, as a nation, adequate defensive strength. And by whatever name it is called, it should do just that. What is needed in Washington, in strong contrast to what is there, is a potent war defense board with one responsible executive head, and sufficient executive authority per se to get the Army, Navy, and Air Corps the equipment they need so desperately.

Moreover, the Army and Navy have urged the creation of such an agency in a national emergency. The Senate Document, Number 134, 76th Congress, Second Session, reveals the desire for a real industrial defense board with a single executive at the helm, "charged with the responsibility and clothed with adequate authority to make and enforce"—not simply to advise—"decisions."

This recommendation, however, has been passed by. President Roosevelt should temper his reluctance to share authority—even with the Supreme Court—at least in these moments of national need and immediately set up a self-sufficient, responsible, war industries agency. For if we're going to do a job, let's do it right.

DO OR DON'T

In spite of the tremendous sums recently appropriated for national defense and the efforts of conscientious workers in Washington, the facts reveal a nation which is still pitifully unprepared for any military challenge.

Everybody is placing the blame somewhere. The Administration declares it is the unwillingness of large basic industries to cooperate. Political hedging and just plain bungling of a vital task is slowing down the defense program daily, say the Republicans. Totalitarian propagandists hit directly at the "slow process of democracies."

At any rate, we now have a Council of National Defense. President Roosevelt created it some time ago. The people of the United States feel that this defense business is mostly up to this body, and that any criticism or any praise should be lodged with it. If the Army and Navy still have only 500 first-line fighting planes, why doesn't Mr. Knudsen and Mr. Stettinius get on the ball and see that we get some more in a hurry?

The truth is that the thing handling our national defense preparations is not at all what a lot of people seem to think it is. The Council of National Defense is not a powerful emergency committee consisting of leading industrialists, like Mr. Knudsen and Mr. Stettinius, which can quickly get the guns, tanks, and planes we need. In fact, Mr. Knudsen and Mr. Stettinius are not even members of the Council, but only members of an "Advisory Commission". The Council is composed of six Cabinet officers, up to their ears in business in their own departments, and at least two of whom, Miss Perkins and Mr. Ickes, can scarcely be considered experienced in national defense.

Now this "Advisory Commission," on the other hand, takes its cue from its name and can do nothing but advise. It has no authoritative powers whatsoever. It doesn't even have a chairman to call meetings. Mr. Knudsen or Mr. Stettinius, though they undoubtedly are doing a fine job in the duties they do have, couldn't even secure a bread-

INSIDE STORY

Currently, the most popular features of newspapers and periodicals are departments pertaining to the Selective Training and Service Act of 1940. Question and answer columns, explanations of clauses, feature stories, etc., all are designed to clear up uncertainties regarding the conscription bill.

Of particular interest to college men is the news that one such interpretative department soon will give forth with advice strictly for collegians through still another medium of communication, the radio. The American Council on Education is sponsoring a broadcast next Tuesday to answer specific questions of students and faculty members pertaining to the Selective Service Act.

Probably the best point in the broadcast's favor is that it will give out accurate information. The executive officer at National Selective Service Headquarters and the chairman of the Advisory Committee on Selective Service are to do the answering. Joe College should grab at this chance to get the inside dope.

WELL !!

In view of the fact that a special program of training for women students is being worked out in connection with the general war effort of McGill University, it will be necessary for all women students to be physically examined by the medical authorities of the University prior to October 19th. A fine of \$10 will be imposed on any students who do not present themselves before this date.

All students who have not already made an appointment for examination should apply to Dr. Frances Fisher at the Royal Victoria College as soon as possible.

With common policies and ideals, these Bell System companies work as one to give you the finest, friendliest telephone service... at lowest cost.

Chi Phi Takes Beaver Key First Place

Sigma Chi Runner-Up In Annual Competition For Athletic Trophy

Piling up a total of 76 points Chi Phi was recently announced winner of the 1939-40 Beaver Key trophy, edging out Sigma Chi by a margin of 2½ points.

Chi Phi won the football competition and were runners up in the basketball. They piled up quite a few points in the other events, except baseball in which they were beaten in the fourth round. Sigma Chi's position as runner up close behind Chi Phi is notable because of the fact that it was gained without the fraternity winning any event at all, merely placing well in all of them.

The Society's plans for the coming year will constitute a new note. Due to difficulties in handling a full sports program experienced in the past, there will be only four tournaments run this year plus the usual track meet, namely the football, basketball, baseball and volleyball tournaments.

Entrants to Meet

With the object of ensuring a smooth running sports program this year the society will hold a meeting to which all groups are asked to send their athletic chairmen or representatives on Wednesday, Oct. 9 in Walker Lounge at 5:30 P.M. Chief item on the agenda will be the discussion of the fall football tournament. At that time scoring information, rules, and draw sheets will be distributed.

Results of last season's tournament are as follows: (1) Chi Phi, 76 pts.; (2) Sigma Chi, 73½ pts.; (3) S.I.S. Club, 58 pts.; (4) Phi Gamma Delta, 56½ pts.; (5) Senior House B, 45 pts.; (6) Goodale, 42½ pts.; (7) Senior House A, 41 pts.; (8) Delta Epsilon, 41 pts.; (9) Phi Mu Delta, 29 pts.; (10) Phi Kappa Sigma, 28 pts.; (11) Walker, 22 pts.; (12) Beta Theta Pi, 20 pts.; (13) Phi Sigma Kappa, 20 pts.; (14) Sigma Alpha Epsilon, 14 pts.; (15) Delta Tau Delta, 14 pts.; (16) Student House, 12½ pts.; (17) Phi Beta Epsilon, 10 pts.; (18) Alpha Tau Omega, 10 pts.; (19) Sigma Nu, 9 pts.; (20) Phi Beta Delta, 9 pts.; (21) Kappa Sigma, 9 pts.; (22) Phi Kappa, 9 pts.; (23) Delta Kappa Epsilon, 8 pts.; (24) Hayden, 7 pts.; (25) Beta Chi, 7 pts.; (26) Wood, 7 pts.; (27) Lambda Chi Alpha, 7 pts.; (28) Monroe, 6 pts.; (29) Delta Psi, 4 pts.; (30) Sigma Alpha Mu, 4 pts.; (31) Theta Xi, 4 pts.; (32) Phi Delta Theta.

Wrestlers Begin One Month Early

18 Matmen Turn Out As Joe Rivers Begins Second Year At Tech

Pre-season enthusiasm sent eighteen members of last year's varsity and freshmen wrestling squads onto the mats in Hangar Gym yesterday afternoon a week in advance of the regular turnout scheduled for October 7.

Coach Joe Rivers, who in his first year as wrestling mentor piloted the Beaver squads to their most successful season in recent years, commented favorably on the spirit and willingness of the returning veterans. Captain Johnny Carleton, 175-pound grappler; Hugh Byfield, unbeaten 175-pound sensation of last year's freshman squad; Barrie Mackenzie, 145-pound Captain of last year's freshmen, and 123-pound Bob Fettes, back after an appendectomy last fall forced him to retire from the mat for the season, were all in evidence at this pre-spring meeting.

Starting Practice Early

Coach Rivers plans to steal a march on the rest of New England this fall by beginning practice more than a month early. Good weather will allow the men to round into better shape this season by more outdoor roadwork. After a late start last year and the difficulty of working with a new coach, the Beaver varsity astonished New England wrestling circles when they finished second to Springfield College in the New England Intercollegiate last winter.

Turnout For Field Day Poor In All Sports

With a full week of the term already gone by, all the coaches of the field day teams, both freshmen and Sophomores, have expressed disappointment at the turnouts to date. Field day spirit this year seems to be definitely lacking according to these mentors.

All men of both classes who have any ability or any interest in any of the sports are urgently needed by their classes, and are requested to report as soon as possible. If no more spirit is shown in the near future it is feared that field day will be a very poor affair this year. All men, managers, coaches, and players on the winning teams will be awarded their class numerals, and all participating will take part in the field day banquet on field day evening.

Frosh Crewmen Break Turnout Record This Year

Morning Practice Begins Monday As Four Boatloads Of Varsity Hit River

Keynoted by one of the largest frosh turnouts on record, crew at Technology is in full swing. More than eighty freshmen are learning elementary rowing technique on the machines from freshman coach Jim McMillan and 150-lb. coach, Pat Manning. "The freshmen this season look taller and heavier than last years, but with four boatloads coming out I could use more of them," said McMillan. "We also need coxswains. I wish every freshman under 130 pounds would see me at the boathouse." A majority of the first year men turning out are 150 pounders.

Varsity Strong

Varsity forces under head coach Bob Moch are not taking a back seat to the freshmen. With three shells on the river this week and a fourth expected when the crews begin early morning practice on Monday, Bob is looking forward to a good season. Two shells of fifties are beginning preparations for a heavy schedule.

'44 Managers Wanted

Head manager Bill Hense requests all freshmen turning out to take their physical examinations in the infirmary immediately, so they can go out with the boats next. Hense has also announced that he is seeking candidates for freshman managerial positions. Men interested in the work are urged to see him at the boathouse. The varsity manager gets his letter in crew.

Harriers Prime For First Meet

To Face Connecticut On Columbus Day At Franklin Park Course

With the University of Connecticut cross country meet just a week and a day away, varsity harriers are scheduled to preview the Franklin Park course at 2:30 tomorrow afternoon.

Six men—Stanley Backer, '41, captain; Theodore Cale, Jr., '43; William J. Cochran, '43; Leslie Corsa, Jr., '41; Malcolm A. McGregor, '42; and Robert A. Miller, '43—went into intensive training at the Tech Cabin. Lake Massapoag, two weeks before registration day. All registered members of the squad have been training under mailed schedule since the last week of August.

In addition to the above six, seven others—Eugene J. Brady, Jr., '42; Russell W. Brown, '42; Edward S. Campbell, '42; Arthur S. Gow, '42; William M. Pease, '42; Daniel M. Schaeffer, '42; and Lawrence C. Turnock, Jr., '41—are running regularly now.

Four dual meets and two intercollegiate champion meets make up the 1940 schedule. The University of Connecticut comes to Franklin Park Columbus Day, while the Tech team goes to Massachusetts State, Yale and Dartmouth on succeeding Saturdays. New England Intercollegiate will be held at Franklin Park Armistice Day; national intercollegiate in New York the following Monday.

Junior-Senior Grids Prep For First Intercollegiate Fray

Arming for its first season in intercollegiate wars, Technology's junior-senior football team has been staging light drills on the Coop Field for the past three days in preparation for the lid-lifter with Massachusetts State Teachers College at Hyannis on Saturday, October 19.

Sergeant George C. Hunt, head coach, has been running his charges through calisthenics, and signal and blocking drills. Serious work-outs will commence next week.

Uniforms Issued

Suits have been handed out to the following candidates: Seniors Milton R. McGuire, Joseph S. Bowman, Stanley H. Van Greenby, Conrad N. Nelson, Michael Driscoll, Donald J. Dixon, Sam Fry, Raymond Harper, Joseph H. Myers, and Filo S. Turner; and Juniors Earle G. Foote, Robert J. Fabacher, Robert R. Given, John B. Arnold, John J. Quinn, Robert C. Evans, Charles O. Dodson, Jr., Michael Hook, Jr., James H. Klein.

Herzog Predicts Winning Soccer Team This Year

Veterans, Capable Frosh Return For First Game Against Brown, Oct. 12

Basing his opinion on the fact that forty men are out this season for soccer, with most of last year's team back. Captain Fred Herzog, '41, now looks forward to a successful season.

The only men missing from the team which played Harvard last spring are Russell Haden, '40, and Charles L. Estes, '42. Al Wu, the star winger on last year's regular squad has also been lost due to graduation, but there are many capable men left to take his place. Howie Samuels, outstanding among last year's players in the center half berth will be back in his position and will be able supported there by a fellow townsman of his, Howie Heidt, captain of last season's freshman team.

Besides these veterans there are several men up from last year's freshman squad, and one or two star players who were ineligible transfers last year.

All on the team are training hard in preparation for an early first game against Brown scheduled for October 12 at Providence. Twenty men have reported for varsity practice and twenty for the Frosh teams. Practice so far consists mainly of scrimmaging, but it is intended that more specialized training will begin as soon as Malcolm Goldie, the mentor, who is down with a broken vertebra, comes back. Training at present is under the guidance of his son.

Schedule for the varsity is as follows:

- Oct. 12—Brown. Away.
- Oct. 19—Trinity. Away.
- Oct. 26—Coastguard. Here.
- Nov. 6—Army. Away.
- Nov. 11—Harvard. Away.
- Nov. 16—Dartmouth. Here.
- Nov. 23—Tufts. Here.

Five games make up the team's schedule: Mass. State Teachers, away; Thayer Academy, away; Bethlehem Steel Apprentice School at Fall River, home; Tufts J. V., away; and Boston University Frosh, away. One open date, October 26, breaks the schedule.

Hedlund Asks More Men For Field Day Track

Seventy-one freshmen have already registered with Coach Oscar Hedlund at Briggs Field for Field Day relay, freshman cross country, and the 1944 track team as a result of track activities winding up with a rally in the field house Wednesday afternoon.

Oscar wants all freshmen intending to try out for the Field Day relay team to report at once to the track office in Briggs Field House so that they may get preliminary workouts completed and start sprint work by Monday.

'44 To Select Dinghy Crews

The first race to select the dinghy crews for Field Day will be held this Sunday. "There is a good turnout of freshmen," according to Jack Wood, sailing master, "and they are shaping up into a good group, but we can use more men." Preliminary practice for the races will take place Saturday afternoon.

Six Boston colleges will compete in a regatta to be held the morning of Columbus Day on the Charles River Basin. Dinghy crews from Boston University, Boston College, Northeastern, Tufts, Harvard, and Tech are expected to participate.

 5:00 P.M. Class of '43 Rally—Huntington Hall.

C. A. A. Quota

(Continued from Page 1)

of accredited work acceptable to the Institute. All candidates must meet the physical requirements for student pilot certificates of commercial civilian pilot training grade, as determined by the medical standards of the Civil Aeronautics Authority. Applicants under twenty-one years of age must have the written consent of parents or guardians before being accepted. No candidate who has been disqualified from participation in the civilian pilot training program by action of the advisory board will be eligible.

Physical Examination Necessary

Candidates for the pilot training course will be required to have a physical examination by the Institute's doctors, but this examination does not take the place of the Civil Aeronautics Authority's examination. The maximum height for candidates is 76 inches.

The required fee for the Civil Aeronautics Authority program is \$25, which includes \$9 for insurance, \$6 for the Civil Aeronautics Authority medical examination, and a course fee of \$10. Before the final choice all candidates will have an opportunity for a conference with Professor Richard H. Smith and representatives of the E. W. Wiggins Airways in Room 1-390 at 7 o'clock on Wednesday evening, October 9. It has been suggested that all applicants attend this con-

ference whether or not they have had their Institute medical examination.

It is important that efforts be made to have physical examinations on Monday or Tuesday, October 7 and 8, when extra doctors will be available in the medical department.

Method of Selection

Considerations governing the choice of applicants will include curricular and extra-curricular program or other class activities, class seniority and time available for training. The ground school schedule requires 72 hours and the flight program 25 hours.

Boston Public Library Discontinues Privileges

Mr. William N. Seaver, Institute Librarian, announced recently that the Boston Public Library has discontinued the privilege of borrowing its books which was formerly accorded to Technology students upon certification by the Institute Library. The library authorities gave the reason that the step was necessary as a measure of economy.

Those students who live in Boston (not Cambridge), either at home or at fraternity houses, will be able to borrow books by registering at the library as resident borrowers. Other students, however, will have to use the books while in the library.

Musical Clubs Outline Schedule

An outline of this year's concert schedule was presented at the first Technology Musical Clubs rally last night at 5:00 P.M. in room 10-250, Huntington Hall.

Arthur L. Lowell, '41, concert manager, announced that the schedule would be limited to about 15 appearances in contrast to last year's 24. Through this means, the organization hopes to make the concerts more worth while.

The fall schedule will be built around a tour to Worcester for a joint concert with Wellesley, Pembroke, and Worcester Polytechnic Institute. Highlight of the spring activities is to be a trip to New York some time during spring vacation.

Henry Jackson Warren, leader of the club, announced that a concert tour may be arranged with Bradford Junior College.

Voters May Register In City Of Cambridge

Technology students, graduate and undergraduate, who are qualified to vote, may register in the city of Cambridge for the coming November election only if they are self-supporting in their present occupations, Ethel W. Thomas, Vice-Chairman of the Republican City Committee, has notified Professor L. F. Hamilton of the Chemistry department.

If the student is self-supporting, he must appear at the Election Commission's Office, Central Square, and make a sworn statement to that effect.

"No foolin'... it makes you feel refreshed"

The popularity of Coca-Cola is assurance of its quality. Four generations of acceptance have made Coca-Cola known to all. You will like it, too. Pause and refresh yourself.

THE PAUSE THAT REFRESHES

Bottled under authority of The Coca-Cola Co. by
 COCA-COLA BOTTLING COMPANY

He could have been "The Man Most Likely to Succeed"

but indifference, like using a faulty pen, kept him behind the 8-Ball

Harry had everything, except a sense of discrimination. Perhaps he leaned too heavily on his natural gifts. Anyway he never added to them in college, but laughed things off—like the times his old-fashioned pen ran dry in classes and exams. Our bright alumnus is out in the world today—a man who could have given orders, he is taking them.

Sure, it seems far-fetched, but you'll be surprised what a great big difference it makes in your grades to carry a sure-fire pen like the Parker Sacless Vacumatic.

It's this revolutionary streamlined Beauty that never runs dry unless you let it. For its sacless Television barrel holds nearly twice as much ink as our old type, and it lets you SEE days ahead if it's running low.

It's the only Style that looks like circlelets of shimmering velvet—ring upon ring of luminous Pearl and Jet. The One-Hand sacless filler with the "Inlubricated" Point of extra fine-grained 14K Gold, extra resilient—tipped with Osmiridium that writes "as smooth as oil."

It's the college favorite by nearly 3 to 1—so it rates one "in the Know" to carry the genuine.

Be sure to look for Parker's Blue Diamond—it means Guaranteed for Life. Avoid all substitutes—then you'll have no regrets.
