Activity Notes

The Tech Smoker

Writing phase of newspaper work was completed last week for
the first issue. The paper will be presented at a smaller gireny The Tech in the Pantry Lounge of Walker Memorial Tuesday
at 1:30 P.M. Anyone interested in
writing or editing is invited to attend. The Tech should attend the
smoker. The smoker will be provided and the motorists assigned to
service.

AES Smoker

The Boston Engineering Society
invites all members of the society
to attend on Tuesday, October 8, 1940, at 7:30 P.M., for a preliminary
meeting to discuss the question of a
fund-raising program for Tech students, will contain the following ques-
tions.

1. If war should come, do you favor participation by
the United States?

2. Do you believe the United States should go to war against
Japan, if Japan attempts to
attack on the Americas?

3. How would you approve of a
clarification?

a) Sell everything on credit.

b) Sell other than direct war
directives only.

c) Sell everythip for cash.

d) Sell everything for cash.

Check one.

In order that some of the ques-
tions may be answered authoritatively,
the following announcement re-
ceived last night from the
Registrar:

"The questionnaire, which may be
available at all Tech offices, will con-
tain the following ques-
tions:

1. How much do you think the
Country requires of us, as individ-
uals, on this crisis?

2. Who do you think should
be the best kind of defense that
we can get?

3. If war should come, how
would you oppose the United States?

4. What would you approve of a
clarification?

The questionnaire may be
available at Tech offices, will con-
tain the following questions:

1. How much do you think the
Country requires of us, as individ-
uals, on this crisis?

2. Who do you think should
be the best kind of defense that
we can get?

3. If war should come, how
would you oppose the United States?

clarification?
"HANDS ON HIPS!"

Freshmen at the Institute sometimes have difficulty in believing that it is to their benefit to enlist under the banner of some Technology activity. From the time they hit Freshman Camp they consider student leaders' cries to "Come out for an activity!" as all just lip-service, but a bit of a cash. New men, without a doubt, would all like to be working with other men in some activity, but hesitate because of the threat of academic failure. They figure that fitting around some publication's office is o.k. for the other freshmen who are probably brighter than they, but they'll just play it safe and see how things go for a time. The time and effort, they think, which they would spend with some publication's office is o.k. for the other students, but they'll just play it safe and see how things go for a time. The time and effort, they think, which they would spend with an activity might provide the margin of succeeding or failing at the Institute.

Whether or not the benefits received from participation in an undergraduate activity at the Institute merit the time such participation requires (and it is our opinion that they do), there is one way in which freshmen can engage in an activity and still not spend an undue amount of time outside of purely academic work. The way is to substitute a sport for the required P.T.

There are three reasons why a new man should get into an athletic group at the Institute. In the first place, he will be supplementing his school work with an undergraduate activity as suggested before; he will be "in" an activity.

Secondly, he will aid the Institute's athletic program. A squad's success is dependent to a great extent on the number of men on it. Dummos or star, another player of the game is an asset to the sport.

Third, participation in a sport is good practice for Field Day, now just over three weeks away.

And last of all, there are few places where the spirit of Technology can be absorbed more quickly than with one of the school's athletic squads. The doctrine of sports participation at the Institute, the oft-heard "not to win, but to play the game," has sometimes been said to typify the whole undergraduate spirit at Tech. Freshmen could do little better in their first few weeks at the Institute than come out for a sport. The cry of the coach or the coxswain should be more attractive to the new man than the slogan "One, two, one, two" of the P.T. instructor.

JOURNALISTIC JOY

Literary would-be's, aspiring cartoonists, photographers, bugs, ad-sellers, bookkeepers, and associated glamour boys, are respectfully asked to come to the grand and mysterious Tech smoker today. Your paper would like to meet you. At the same time you can have your fill of cidal, doughnuts and weeds.

The mad whirlwind of social events has barely begun for members of The Tech. Join now and cash in later on beer parties, banquets, bowling parties, picnics, and Diots know what. The Faculty Lounge will provide the setting for today's glorious smoker. Come one, come all.

Warning

Do not be hoodwinked by the nefarious propaganda of other publications.

THE READER SPEAKS

Dear Editor,

The Tech's sports writing appears to be more in accurate, efficient, and representative fashion than ever. To quote the beginning of a story in The Tech of October 1, 1940. "HUVN SMASHES HIGH JUMP RECORD AS SIXTY-NINE YEAR-OLD ATTENDANT BREAKS RECORD AT FRESH CAMP CAMP in that event. To gods and little fishes! Is Hunn Clark Kent? A high jump of nineteen feet four inches positively breaks all existing and non-existing world's records. From the days of time before Tech's little boy held on his connection with the Javelinian principle."

"HANDS ON HIPS!" is a friend of mine who remarked that a normal human being would have to be on the eighty-eighth percentile of stature to be able to jump that high.

— F. D. H.

43-44 Teams Start Practice

Sailing, Tag of War, And Football Coaches Pointing For Nov. 1

For the inaugural season, the Charter Sailing team will be coached by Coach Arno Schutz, who has previously coached the Harvard and Yale teams. The Tag of War team will be coached by Coach George C. Hunt, who has won numerous championships in previous years. The Football team will be coached by Coach John T. A. A., who has been working on the team for five years and has a track record of success.

Swimming Team To Stage Rally

In New Tech Pool

Members of the Swimming Team will hold a rally to introduce the new Tech Pool to the students. The rally will be held at 5:00 PM on Friday, October 18, at the new Tech Pool. The rally will be attended by the entire team, and everyone is invited to attend. The new Tech Pool is expected to be a major attraction on campus.

The Sophomore Class tug-of-war will be a stiff one this coming Saturday. The team has been working hard for a week now and has confidence in their ability to win.

M. J. T. Bookman Start Practice

For First Game

Absence Of Coach Goldie Slows Specialised Practice

For First Game Saturday

Because practice by Techno's soccer team is underway this week in anticipation of the game Saturday, October 22, with Brown University, with forty men turning out the team hopes to start a successful season by taking this early progress.

The fresh squad has announced the first meeting with Director Schutz on October 18. Twenty men have signed up for the team, and they will have in good shape for the first meeting.

Practice has been limited mostly to preparing for this date, especially to the absence of Coach Goldie and his associates. It is hoped that more specialized training will be done before play will begin soon. Ultras will be on hand at practice this afternoon at 3:30. The team hopes to make the team and field this year's most interesting.

A swimming and diving exhibition will be given by members of the team in the gymnasium on Wednesday afternoon. Details of the exhibition will be announced later.

Frosh To Select Council Members

Next Monday

Members of the Class of 1964 will select their representatives to the Froshmen Council on Monday and Tuesday, October 14 and 15. Wilson Compton, Jr., '43, of the Election Committee, has announced. Nominations are to be made Thursday and Friday, October 10 and 11. One representative will be chosen from each froshmen section. The section leaders will then be given the opportunity to recommend to their classmates their choice of the class on the froshmen Council. Kevin F. Macara, '43, vice-president of the Froshmen Class, has chosen the Council. In his absence, however, the secretary takes command of the group.

Representatives of the Election Committee will meet each section to take nominations and will return on Sunday and Tuesday to conduct the balloting.

Frosh To See Movies

At Outing Club Smoker

The M.I.T. Outing Club will meet at 6 p.m. Thursday, October 10, in the Main Lobby. A special program has been arranged for the benefit of any interested freshmen.

Power plants and still photo graphs depicting the club's activities of last years are to be presented. Photos alone will be outlined with slides and developed on screen.

For the following Saturday, October 12, Walter K. Koh, '41, will lead a bicycle trip in answer to the requests of a number of freshmen.
