

39 Take Part In Three Trips Of Outing Club

**Good Turnouts Enjoy
Trips To Greylock,
Quincy And Concord**

Thirty-nine members of the M.I.T. Outing Club, about one-half the membership, the largest participation for a long time, turned out for the various trips of the club last weekend. The Technology representation of 12 men at the Mount Greylock trip with the Intercollegiate Outing Club Association on Saturday, October 19, was the largest group from any school. Snow in the mountains made this trip with men from many New England schools a particularly enjoyable one.

On Sunday twelve novice members of the club went rockclimbing at the railroad quarries in Quincy, Mass., and Saturday fifteen members went canoeing on the Concord River with fifteen members of the Radcliffe Outing Club.

First Barn Dance

The M.I.T. Outing Club will hold its first barn dance of the year in the Hangar Gym Saturday, October 26 from 8:00 P.M. on. Girls from various girls' schools have been invited to the dance, the first of a series of four that the club has scheduled.

Mike Frueh, '42, will call the numbers, while the music will be supplied by Al Smith's Hill Billy Band. Refreshments will be served during the evening.

Not Land Grant, But Faculty Decision Gives Military Science To Institute

If you ask somebody on the campus why military training is compulsory at the Institute, you are very likely to hear that it is so because Technology is a land grant college. But this is wrong; it was a faculty decision which made "M.S." compulsory.

However the Land Grant Act, which Abe Lincoln signed in 1862, did give military training a start. Under the provisions of this act the Federal Government donated public lands to the several states. The proceeds from their sale were to be invested in stocks whose interest was to serve as an endowment for the maintenance of an agricultural and mechanical arts college. Colleges receiving such benefits were required to offer courses in military science.

Technology Gets Grant

When the Massachusetts General Court accepted land from the United States Government in 1863 under the provisions of the first Morrill Act, as the Land Grant Act was also called, the Massachusetts Institute of Technology was designated as one of the beneficiaries and thus became a "Land Grant college."

Dorclan Candidates Dine At Parker House Friday

Eligible candidates for Dorclan, honorary Dorm Society, were entertained at a dinner dance Friday night, October 18th, at the Parker House.

The Juniors and Seniors who were invited and the Dorclan members enjoyed themselves, especially when the various refreshments were served.

Candidates Chosen Tonight

Dorclan is meeting tonight to select the candidates for membership, the selection being based on, among other things, the dorm service record of the candidate.

The next thing planned for the calendar of Dorclan is the initiation of those men selected for membership.

Technique Options On Sale Two Days

Options for the 1941 Technique, Technology's year book, are on sale in the Main Lobby of Building 10 today and tomorrow from 9 A.M. to 5 P.M. The options are priced at \$4.00, payable in cash or by bursar's pledge cards. This is the last time that the books will be on sale for \$4.00, the price being raised after Wednesday. Also it is of advantage to get the options early as last year's issue sold out.

The Technique management asks that any freshman interested in working for the year book come up to the Technique office where there are opportunities for all.

Phos, Despondent Over Dud Issue, Defies The Tech

After perusing the result of their latest literary efforts, members of the Voo-Doo staff unanimously voted to commit hari-kari by challenging the muscle-men of The Tech to a game of football to be played on Sunday, November 3.

Dreadful defeat faces Phos on that day if results of previous encounters are any criteria. Throughout the half-century that the series has been in existence, the "humor"-men have failed to score a single point much less win a game.

added to the curriculum, and, by a vote of the faculty, such training was made compulsory for all Sophomores, Juniors and Seniors except aliens and those physically unfit. Subsequently, the requirements were changed, and only Freshmen and Sophomores were required to study military tactics.

R.O.T.C. Established

In 1917, when the United States War Department established Reserve Officers Training Corps in colleges, Technology applied for one of these R.O.T.C. units. The request was granted and the optional course in advanced military science added to the

(Continued on Page 4)

A. S. U. Plans Political Talks

Four political parties will be represented on the speaker's platform of a "Political Symposium" which is being sponsored by the American Student Union in Huntington Hall Thursday, October 24, at 4:00 P.M.

The Republican, Democratic, Socialist and Communist point of view on pertinent issues of national importance will be discussed by members of local party organizations. Each speaker will present a fifteen minute talk. At the conclusion of the speech, the meeting will be open to discussions and questions from the floor.

Levine to Preside

I. Seth Levine, G., president of the A.S.U., will preside over the meeting, which is one of the first of its type ever to be staged by the student union.

The symposium was arranged because of the large number of Technology students of voting age as indicated by the numbers registering under the Selective Service Act. Since

Harvard Debate Held Sunday

**Season's First Debate
In Old South Church
Ends With No Decision**

In its first appearance of the season the M.I.T. Debating Society met Harvard in the Old South Church, Boston, Sunday, October 20. The debate, sponsored by the Old South Student Group, was witnessed by an audience of 300 who participated in a question period at the conclusion of the contest.

The Technology team made tentative arrangements for another appearance before the group sometime in January.

Another Meeting Scheduled

The second regular meeting of the Society will be held tonight at 5:00 o'clock in Tyler Lounge of Walker Memorial, and those who are interested in debating but who missed the smoker are expected to attend. At the meeting competitors for the executive council and for freshman manager will submit lists of possible subjects for the freshman debating contests which are to be held in November. The various committees will be organized at this meeting and the schedule for the coming month will be discussed.

Tech Boat Club To Hold Banquet

**Harvard Crew Coach
And Varsity Crew
Captain To Give Talks**

Tom Boles, varsity coach of the Harvard crew, will present a talk at the Tech Boat Club banquet to take place in Pritchett Hall of Walker Memorial at 6:30 P.M. Wednesday, October 23.

The subject of Coach Boles' talk will probably be Technology-Harvard crew rivalry. Sherman Gray, the captain of the Harvard Varsity crew, will also speak at the supper about some phase of crew life.

Former Members Invited

In addition to the present crew, all former crew members are urged to attend the banquet. The Tech Boat Club is the honorary crew society.

Although the dinner is the club's first event of the year, it is estimated that approximately 100 men will be present, according to Theodore H. Guething, '41, president of the Boat Club. Tickets for the affair are priced at one dollar.

Chemical Society Meets For First Time Tonight

The first meeting of the year for the M.I.T. Chemical Society will be held tonight at 8 o'clock in Room 2-390, inaugurating the groups schedule of activities for 1940-41.

After the regular business of the society has been disposed of, Professor Grinnell F. Jones will speak to the group. His subject will be "Murder by Proxy."

The Chemical Society is the Technology student affiliate of the American Chemical Society. Membership is open to men in the Chemistry Course.

KRUPA SWEETHEART

Irene Day, who will sing the melodies for Gene Krupa at the Sophomore Ball on November 22 at the Hotel Statler.

New Decorations For Field Day Ball To Be Discussed

**Options Redeemable
At \$2.25 Apiece
During Week Of Dance**

Decorations for the annual Field Day Dance to be held in Walker Memorial on Friday, November 1, will be decided upon by the committee in charge at a meeting tomorrow evening in Ware Lounge of the undergraduate dormitories.

A sub-committee under William G. Kussmaul, Jr., '41, has been appointed by Chairman Charles A. Wales, Jr., '41, to study the subject and to report on their findings.

Last Day for Options

Today is the last day that the options will be on sale in the Main Lobby of Building 10. The 250 options already sold may be redeemed at \$2.25 apiece during the week of the

(Continued on Page 4)

APO Organizes Committees

The Technology chapter of Alpha Phi Omega, National scouting service fraternity, held its second meeting of the year last Wednesday October 16 in the Litchfield Lounge and discussed the organization of new committees.

Several committees were established and their personnel chosen as follows. The Membership Committee includes: Maurice E. Taylor, '42; Carthrae M. Laffoon, '42; G. Hoover Shaw, '42; Daniel M. Schaeffer, '42; Leslie Corsa, Jr., '41.

Social Committee Appointed
Appointed to the Social Committee were: John E. Gardner Jr., '42; Maxwell H. Kaplan, '42; Sidney Cramer, '41; while the following were elected to the Scouting Committee: Richard R. Heldenfels, '42, Robert R. Imsande, '42; E. Chariton Crocker, '43; Maxwell H. Kaplan, '42.

Options At \$2.00 On Sale Tomorrow Irene Day And DuLany Vocalize

Gene Krupa, "Ace Drummer Man", and his 14-piece orchestra will play at the Sophomore Ball on Friday, November 22, Robert S. Reeble, president of the Sophomore Class, announced last night. The dance is to be held in the Imperial Ball Room of the Hotel Statler from 9:00 P.M. until 2:00 A.M. the following morning.

Options for the affair will go on sale tomorrow in the Main Lobby of Building 10 at \$2.00 apiece. During the week of the dance, the options are to be redeemed for an additional \$3.00, bringing the total to \$5.00 per couple.

Now at Glen Island Casino

The Krupa organization is now playing nightly in the Glen Island Casino of New Rochelle, N. Y., famed for the big-name bands which are featured there.

In addition to Gene's notable performance on the drums, the orchestra will highlight the vocalizing of Irene Day and Howard DuLany.

The thirty members of the dance committee will meet tomorrow evening at 5:00 o'clock in Tyler Lounge to discuss further the favors, chaperones, refreshments, and decorations for the ball.

A. E. S. Inaugurates Gliding Course For New Members

**Club's Ground Trainer
And Utility Glider Used
For Weekend Instruction**

A weekly gliding course for novices was inaugurated this weekend by the Aeronautical Engineering Society with three trips leaving for Sherman Airport, near Plymouth, R. I., on Friday afternoon and Saturday and Sunday mornings.

The groups, which used tow-car launching, flew both their ground-trainer and their utility glider. A few Northeastern University men are to be present to learn both the methods of training and how to soar.

Trips Scheduled

On schedule for the fall is a trip to the Squantum Naval Air Base near Quincy on November 16. A group of seniors and juniors may also attend the Snow-bird Glider Meet at Elmira, N. Y. over the Thanksgiving weekend.

Besides the trips a number of smokers are scheduled at which men distinguished in aviation are to speak. These smokers will be announced on bulletin boards.

Prof. Parks To Address Mining Society Meeting

Professor Roland D. Parks of the department of Geology will discuss "Some Aspects of the Present Mineral Situation" at a meeting of the Technology Mining and Metallurgical Society next Wednesday, October 23, at 5:00 P.M. in Room 1-390.

Professor Parks came to the Institute this year as Assistant Professor of Mineral Industry from the Michigan School of Mines. The meeting is to be open to the entire Institute.

L'ENVOI

A twenty-eight man Tech football team saw themselves defeated at Hyannis because of insufficient practice. There was an obvious lack of team unity and individual smoothness.

Yet there was a definite sign of healthy spirit present. The team took its defeat in its stride. It didn't stop playing until the final gun. Every man got a chance to play, and every man did his best.

And best of all, our football team had student support—even though the game was away from home. They had cheering, organized and unorganized. They felt that others wanted them to win. And they tried.

Next Saturday we play at home. Those who didn't go because of the trip last week should find it easier to attend the next game.

And our team, with one game to their experience, should be over their case of stagefright and turn in a better performance.

ON THE BRINK

Reports of conditions in the Balkans have a familiar ring. Conflicting rumors are circulating through the populous Slavic cities. We read of unobtrusive visits of statesmen to and from the Balkans and Central Europe. An ally of one day becomes an enemy the next.

And it's all old stuff. The world saw the same kind of conditions in Norway, Denmark, Poland, Austria and Czechoslovakia just before the occupation of these countries.

The circulation of rumors and alarms is particularly effective in the manner of easing the way for military occupation. They

serve the double purpose of confusing the countries concerned and keeping the outside world guessing.

Today there is no other place in the world more saturated with conflicting rumors than the Balkans. We hear that Germany is strengthening ports on the Black Sea and is building submarines there to use against Russia; that Russia is armed to the teeth and set to back up Turkey, that she is still recovering from the Finland campaign and isn't prepared for anything; that Turkey will go to war for Greece, that she won't; that Yugoslavia will resist any violation of her territory, that she will allow the passage of German troops to the south. We read of atrocities committed on both sides of the dividing line of Transylvania, and then the Nazis order the press campaign stopped and the atrocities disappear.

It's almost certain that these rumors portend what they have in the past—a military move by Germany. What that move is, we can only guess. This time, however, with the Nazi *modus operandi* more familiar, the signposts of an Axis thrust can be interpreted more accurately.

The future of two countries, Greece and Bulgaria, seem well defined. The former will be the victim of the next Axis move; the latter, the immediate beneficiary. The presence of Bagrianoff, Bulgaria's "strong man," in Rome appears to be the prelude to an Italian invasion of Greece coupled with a restoration of Western Thrace to Bulgaria. Successful achievement of this action would mean the complete encirclement of Yugoslavia and the fulfillment of the conquest of the Balkans, long a thorn in the side of any European conquest.

Bagrianoff's path is not straight and sure. Although a friend of the king and probable head of a new Bulgarian government, he must realize that his plans depend on the prevalence of Bulgarian nationalism over pan-Slavic sentiment. A coalition of Turkey, Greece, and the British Mediterranean fleet could also stop such a coup.

The Balkan states face their zero hour. When the clock will strike, and where, however, is still a destiny unknown.

SLAUGHTER ON MASS. AVENUE

Voo Doo has challenged The Tech to a football game. The Tech accepts the gauntlet flung by the so-called humor magazine.

We shall be only too happy to trample upon the members of that magazine as we have done so many times in the past.

If they can find eleven men, who, though already doomed to defeat, have enough foolhardy courage to face The Tech players, then we shall be glad to meet them and to restrain ourselves from grinding our heels on their soon-to-be inert bodies.

The time convenient: 10 A.M., November 3; the field of honor: Briggs Field.

T. C. A. Cabinet Paints Tech Cabin

A new coat of stain was added to the walls of the Tech Cabin last week-end by thirteen members of the T.C.A. Cabinet who were holding a retreat at Lake Massapoag in order to become better acquainted with each other.

Sterling H. Ivison, '41, president of the T.C.A., was in charge of the week-end's activities which included a lengthy search for the blankets which disappeared from Freshman Camp. None were found, however, and thirteen are still missing, two having been turned in during the last two weeks. The group held an informal meeting Saturday to discuss plans for the T.C.A. drive. The cooking for the week-end was in charge of Hoover W. Shaw, '42.

Dramashop Holds Dinner At Kay Hong Guey Cafe

The members of Dramashop will try the rare delicacies of the Orient at a dinner to be held at Kay Hong Guey's Chinese Restaurant at 6:30 P.M. on Wednesday, October 23. All prospective members are invited as well as present members.

After the dinner the fall dramatic programs will be discussed. The first of these will be presented in Room 2-190 next Saturday evening. The price of the full course Chinese dinner will be sixty cents.

A.S.U. Forum

(Continued from Page 1)

the greater part of the Institute students are not from the Boston district, the A.S.U. has asked that all of the speakers confine their discussions exclusively to national problems such as foreign relations and policy, peace efforts, jobs and unemployment, civil liberty and democracy.

The Lure of the Unknown

Near the end of class the other day, one of our wittier professors remarked that knowing the answers without the accompanying data was as good as having a list of telephone numbers without any names. A voice from the rear stole his thunder by amending: "But it ain't at all as much fun".

Camouflage

The shortest member of one of the Junior drill companies found himself in a rear rank which made for very poor visibility for one of his stature. Eventually the drill sergeant came to his name in calling the roll and uttered it with considerable mispronunciation. Our hero replied in an injured but loud tone, "Here".

But a worse blow was yet to come. The puzzled sergeant paused for a moment then shouted: "Where?"

Shorty's New Car

At the conclusion of a Simmons sociable the other night, a member of the managing board of a certain publication was touched for a ride by a six-foot damsel. Our hero's two companions argued heatedly as to which of them should have the coveted location in the back seat with the Simmons gal. But the object of their argument settled the question for them. Quoth she: "Perhaps it would be safer if I sit in front with Shorty."

Philosophy

The sub-Lounger, having a free period to waste trying to study an Ec course, wandered the other day into an empty classroom in Building 2 and sat down at one of the desks. He was just pulling out his books and paper to start work, when this little ditty, written on top of the desk caught his eye:

rather round, ye budding Einsteins,
 Find the crooked, hidden path;
 Blunt your razor understandings
 On the stone of Dougy's math.

Tech Gridmen Go Down 13-0 In First Game

Hyannis Squad Wins Over Green Beavers In Hard Fought Battle

Lack of coordination, due to too little practice, proved the undoing of the Beaver Football team, last Saturday, when it travelled down the Cape to lose a hard-fought battle against Hyannis State Teachers College, 13-0.

The seasoned Hyannis team, playing the fourth game of their schedule, took advantage of unfortunate punting of the green Tech team in both the second and third quarter to earn their scores.

State Fumbles Early

Tech opened the game by kicking off to Hyannis. Two plays later Capt. Mike Hook wrapped himself around a State fumble on the opposing 32 yard line. Bill Hooper smashed through tackle to the 26. An ill chosen reverse, with Hooper carrying, was smeared by Pendrake.

They tacked up a ten yard advance, but a fourth down buck just fell short of the required yardage and Hyannis kicked out of danger. Jack Arnold quick kicked to the State 37 on first down.

Pass Intercepted

Murphy's first down pass was intercepted by Bill Hooper and carried back to the forty yard line. A Hooper to Arnold pass was good to the 24, and Tech again was knocking on the door. Hooper carried to the 22.

Hooper's pass out in the flat was spectacularly intercepted by Maki who sprinted away down the sidelines for the payoff stripe. He nearly broke away, but McGuire, Beaver right guard, slashed through the blockers and nailed the flying Maki on the 30 yard M.I.T. line.

Fifty Yard Kick

Tech held for downs and Arnold quick kicked fifty yards to the State thirty yard marker. Bob Fabacher intercepted a desperate State pass at midfield and Tech was ready to march for the third time. Gene Brady came in at quarterback and took a few shots at the line without success. Arnold kicked over the goal line as the quarter ended.

State kicked off to Dodson who ran it back to midfield. Hooper's pass was incomplete and his attempted quick kick was smothered by Norm Drew, the Hyannis left tackle. Maki recovered for the home team. Mills passed to Pendrake, then to Williams for successive first downs. A line play gained a yard, a pass was incomplete, and then Mills smashed over his own right guard for nine yards and a touchdown. Herbert dropkicked the point after.

Tech Again in Danger

A Hooper fumble right after the kickoff gave State a second chance to punch over a touchdown. State started on the 20 and drove to the Tech 1 yard stripe where Bob Evans and Mike Hook stopped the drive. Arnold kicked out of danger. Given recovered a Mills fumble as the half ended.

The second half was exclusively a kicking duel between Jack Arnold and Mills with both very evenly matched. One Tech kick however travelled off-side on the Tech 15 yard line and Frank Murphy fooled the Tech defense with a down-the-alley pass for the touchdown. Herbert missed the point after.

The Beavers will play their next game against the team of Bethlehem Steel Company apprentices of Quincy, Mass., on Briggs Field at 2:00 P.M., next Saturday.

BEAVER PASS

Four Hyannis players surround a lonesome Beaver receiver during the contest which ended in the 13-0 defeat for the Technology eleven. Passing was not so disastrous for the Institute gridders as was the kicking end of the game.

Varsity Sailors Drop Brown Regatta To Harvard Team

Coe And Knapp Skipper Technology Fleet At Providence, Sunday

Hampered by tricky winds Technology yachtsmen failed to win the Brown University Regatta Sunday at Providence. A team of sailors from Harvard sailed through the fleet of boats representing contingents from Yale, Dartmouth, Princeton, Williams, Harvard, and Technology to take the Brown trophy.

Jerome T. Coe, '42, and Richard Knapp, '41 were at the helms of the Tech boats through the four completed races and had gained a good chance of victory in the fifth race when dying breezes caused the race to be cancelled. Crews on the Tech boats Sunday were Gilbert I. Clark, '41 and Thomas T. Crowley, '42.

Holy Cross Wins Regatta

On the chilly Charles Basin Sunday Holy Cross and Amherst led groups from seven colleges, including Wesleyan, American International, Bowdoin, non-members of the ICYRA, competing for a chance to enter the Boston Dinghy Cup Regatta, classic of intercollegiate yacht racing, which will be held next Sunday at the Charles.

Harriers Beaten By Mass. State

Handicapped Tech Squad Loses 23 To 33 In Four-Mile Affair

The Technology cross-country team was beaten 23 to 33 by Massachusetts State College in a four-mile race held at State's course, in Amherst, on Saturday, October 19.

The M.I.T. harriers were handicapped by the absence of William J. Cochran, '43, who was unable to run because of an injured leg. Cochran who was the second Tech man to finish in the Connecticut meet, would probably have placed well against Mass. State if he had been able to run. This would have meant the difference between defeat and victory to the Techmen, according to Coach Oscar Hedlund.

Tie for First

The race, which was over a four-mile course, resulted in a tie for first between Kimball and Putney, both of Mass State. The time of the race (Continued on Page 4)

Touch Football Results For Weekend Announced

The first games in the Beaver Key fall touch football tournament were played on the Coop field last Saturday and Sunday.

The scores were as follows: Theta Chi 0, Phi Kappa 0; Phi Gamma Delta 12, Sigma Alpha Epsilon 0; Beta Theta Pi 6, Phi Delta Theta 0; Phi Beta Epsilon 0, Delta Tau Delta 0; Chi Phi 18, Theta Delta Chi 6; Delta Upsilon 6, Lambda Chi Alpha 6; Commuters 12, Phi Sigma Kappa 6; Delta Kappa Epsilon 18, Phi Mu Delta 0; Phi Beta Delta 7, Theta Xi 6; Kappa Sigma 7, Student House 0.

Phi Kappa Sigma won by default over Delta Psi, and Sigma Alpha Mu won by default over Sigma Nu.

Frosh Must Sign Up For P. T. Substitution

The last day on which freshmen may sign up for a Physical Training substitute is Wednesday, October 23, and all freshmen who have not signed up for some P.T. substitution by noon on that day will have to take P.T. twice a week in the Walker Gym after November 1.

The sports which may be substituted for the required course in physical training are: crew, basketball, squash, swimming, wrestling, boxing, fencing, track and soccer, and hockey and lacrosse in season.

Soccer Squad Again Beaten By Bad Breaks

2-0 Victory Gained By Trinity In Rough Game On Saturday

Losing a hard-fought game to Trinity 2-0, the M.I.T. bootmen were again beaten by tough breaks in a game played at Trinity last Saturday. The game was rough throughout and many unpleasant incidents on the field resulted.

Tech pressed hard throughout the game but lack of teamwork kept them out of the Trinity goal, although all the men were playing good games. The first Trinity goal came in the first quarter, when a penalty was awarded against Herzog, for taking too many steps out of the goal area. The kick was good.

Team Lacks Finesse

The second goal was scored well into the second period when Trinity forced a corner after the Beavers had been camping in their territory for almost the entire period. The center got his head to the corner kick and pushed the ball into the net. From this point to the end of the game, the Cardinal did everything but score, lacking only the finishing touch.

The next game to be played by the varsity will be against Coastguard at 2:00 P.M., next Saturday on the Coop field. The frosh will play their first game the same day against Governor Dummer away. Manager O'Connor has addressed a last appeal to all freshmen to come out this week in order to put a good team on the field Saturday.

Tennis Tourney In Third Round

Nineteen Men Left To Vie For Spots In November Finals

With the finals due in early November, the Fall Upper Class Tennis Tournament moved into the third round yesterday, when the results of the previous week were posted. Returns for this round must be recorded by Monday, October 28.

The three seeded men, Philip B. Freeman, '41, Howard Samuels, '41, and Maurice N. Katz, '42, are scheduled to meet sometime this week. Milton Yusem, G., Louis E. Stouse, Jr., '42, and James W. Mar, '41, respectively.

Other matches also set for this week include: Trowbridge Kennedy, '42, vs. Alan D. Lubell, '43; Franklyn W. Phillips, '41, vs. Charles R. Jelms, '43; Robert S. Kelso, '43, vs. V. E. Grahm; Samuel Joroff, G., vs. C. D. MacCracken, David Josefowitz, '41, vs. C. A. Lau.

The frosh Tennis Tournament, a round away from the finals, should be completed in two more weeks. Returns of the third round results are due on or before Monday, October 28.

Freshmen Skippers Win First Regatta

Winning the first intercollegiate event they had entered, a team of sailing freshmen submerged yachtsmen from Proctor Academy, 108-82 Saturday in a regatta on the Charles Basin.

The frosh had had plenty of practice in the last several weeks, under the tutelage of Coach Dick Knapp who put them through intensive racing preliminary to the Field Day Competition of November first. The team which sailed through the Amherst Mass. preppers Saturday was chosen on the basis of these races and included Skippers Taft, Parkinson, Beoricke and Bromfield.

Freshmen Needed For Managers

Approximately twenty positions for freshman managers of the various sports played at Technology are still open for competition by members of the class of '44. Freshmen wishing to take part in managerial capacities at M.I.T., should go out now. Those interested may receive additional information from the present managers of the sports.

curriculum. In return the Institute agreed to have what it already had, namely a compulsory two-year basic training course.

In 1937 the Corporation of the Institute decided to permit conscientious objectors to substitute other subjects on the approval of the President and the Deans.

Advanced Course May Expand

This year, in line with national defense, the advanced military science course may be expanded to permit more students to take the training which leads to the commission of second lieutenant in the U. S. Army Reserve.

Lyman Dawes To Speak At A.S.M.E. Party

An informal get-together will be held at the Jefferson Club, 83 Austin St., Cambridge, on Friday, Oct. 25th, at 8:00 P.M., by the A.S.M.E. Mr. Lyman M. Dawes, department of Electrical Engineering, will tell the group about a 17,000 mile trip he took last summer up and down the entire United States. The talk will be illustrated with slides.

Non-members are invited to attend and tickets of admission to the lecture and party afterward may be purchased for \$1.00 from members of the A.S.M.E. or at the door.

was 21:22. The first Tech man to finish was Malcolm A. McGregor, '42, who finished third.

The other Tech men to finish were: Stanley Backer, '41, 4th; Lawrence C. Turnock Jr., '41, 7th; Arthur S. Gow Jr., '42; 8th; Lester W. Gott, '41, 11th; and Edward S. Campbell, '42, 13th.

The next race scheduled against Yale, will take place at New Haven on Saturday, October 26.

Technology Dames Hold First Meeting

The Technology Dames, official organization of the wives, mothers and sisters of Institute students, held their first meeting of the year yesterday in the Emma Rogers Room.

The Dames, whose purpose is to promote friendships among the women of the students' families, extend an invitation of membership to all those who have not participated yet.

The programs of the meetings held on the first and third Mondays of the month, are varied, and include music, lectures, and talks on such subjects as current events, travel and interior decorating. After the meetings tea and refreshments are served. The next meeting is to be Monday, November 4 at 2:30 P.M.

Names Of Institute Rooms Listed

The Tech has received numerous requests to print a list of the rooms in the Institute which have recently been renamed. They are as follows:

- Building 1 . . . Henry L. Pierce Building
- Room 10-250 . . . Huntington Hall
- Main Hall Morss Hall
- North Hall Pritchett Hall
- Library (Walker) Cilley Library
- Upper West Lounge . . . Faculty Lounge
- West Lounge Tyler Lounge
- East Lounge Litchfield Lounge

Field Day Ball

DO YOU SMOKE THE CIGARETTE THAT SATISFIES

It's the Smoker's cigarette
**COOLER...MILDER
BETTER-TASTING**

Chesterfield has all the qualities that smokers like best — that's why it's called the **SMOKER'S** cigarette. Smoke after smoke and pack after pack, they give you more pleasure.

Chesterfields are made of the RIGHT COMBINATION of the world's best cigarette tobaccos.

TEDFORD TAILORED CLOTHES

It Is Not What You Pay But What You Get That Counts.

IT WOULD BE ABSURD FOR US TO TELL YOU THAT YOU CANNOT BUY YOUR CLOTHES AT LOWER PRICES THAN OURS, AND IT WOULD BE EQUALLY ABSURD FOR YOU TO TELL US THAT OUR QUALITY CAN BE BOUGHT FOR LESS

THERE ALWAYS WILL BE CLOTHING MADE TO SELL AT A PRICE, NO MATTER WHAT THAT PRICE MAY BE.

QUALITY IS OUR FIRST CONSIDERATION AND IS OUR FOUNDATION ON WHICH WE BUILD.
