Back to its management board went You Don last night after a long, hard-fought, but successful battle. A bare two-to-one vote defeated a motion which would have effectively removed the present management with four new men. The subsequent motion also defeated a motion to compel board control in case was passed with no opposition.

INTELLIGENT HATRED

With Christmas nearly here, let us consider things of the spirit. For this year the Christmas spirit is not that of gratuitous and unscientific spirit will be for many little more than a mockery. Men and women all over the world will feel the cutting edge of their ownventures to raise their voices above the usual "tides of joy"; and the beneficent Peace on Earth, Good Will Toward Men can this year be hardly more than a doleful prayer. A younger world recognizes the more potent things of the spirit to be faith, hope, and charity. "It is the greatest of these is charity." These spiritual virtues have not passed from the hearts of men. Faith has been tried, hope has been tested, and charity is still with us. They are the greatest of these things.

Three reasons. First, the extraordinary work of the German Chancellor has won the respect of the world. Second, the policy of the United States has been wisely conducted in the matter of spreading the news of the war. Third, the whole world is in the mood to become more charitable. This is an old idea, and we should be grateful for it.

FAITH, HOPE, AND CHARITY

The world is in a mood to become more charitable. This is an old idea, and we should be grateful for it. But it is not enough to say that we are going to be charitable. We must actually do something about it. The only way to be charitable is to give actual help to those who need it. This is not easy, but it is not impossible.

CHRISTMAS-TIDE

With Christmas nearly here, let us consider the season of charity and goodwill. Let us remember that the greatest of these is love. Love is patient, love is kind. Let us try to be kind and patient in all our dealings with others.

College Men Prefer Capitalism

The College Men prefer Capitalism. This is a fact that is not often mentioned. It is because the College Men are a select group and because they are the ones who have the money to spend. But it is true. The College Men prefer Capitalism. They believe that the best way to make money is to put it into the production of goods and services. They believe that this will make the world a better place for everyone.

Money News

The government is running a campaign to get people to save money. This is a good idea, but it is not enough. We must also work to make sure that people have enough money to live on. This is the responsibility of the government. The government must work to make sure that people have enough money to live on.

To the Editor:

Dear Sir:

I have been a member of the church for many years, and I have noticed a change in the way the church is run. The pastor has been replaced by a new one, and there seems to be a lot of confusion. I am writing to ask if there is anything I can do to help make things better.

Sincerely yours,
