

Tech Embassy Plans Dinner For April 15

Stidger Will Address Students, Ambassadors In Huntington Hall

Dr. Karl T. Compton will introduce the speaker at this year's Tech Embassy meeting, which will begin at 4:00 P.M. on April 15, three weeks from this Tuesday. This year Dr. William L. Stidger, noted speaker of radio, platform, and pulpit, will address students and their "ambassadors" in Huntington Hall.

This year, as in the past five, first on the program will be the afternoon address, after which each group of students will have dinner with its chosen ambassador. Their ambassador will lead a bull session after dinner in which their own ideas and those of Dr. Stidger will come under discussion.

Selection Problem Faces Students

The immediate problem is the selection of an ambassador for each group of students. This evening definite arrangements for fraternity participation in this year's Tech Embassy will be made in the T.C.A. office as Charles C. Holt, chairman of this year's Embassy, confers with representatives from the different fraternity houses. At this evening's meeting, three men will be appointed to supervise selection for each fraternity of an ambassador.

Each campus group will soon be
(Continued on Page 4)

Harvard Group Meets This Week

Conference To Discuss Defense Of Education Against Intolerance

Outstanding scholars in four different fields will address the National Conference for Democracy in Education to be held at Harvard University, March 29 and 30. The conference was called to "defend education against a wave of the 1917 variety of intolerance that is being fostered on the campus."

The speakers will include Jack McMichael, Chairman of the American Youth Congress, Dr. Doxey Wilkerson of Howard University, Dr. Colston Warne of Amherst College, and Dr. F. O. Matthiessen, Professor of English at Harvard University. The delegates to the conference will attend panel discussions on the college press, the effect of conscription on the students, and "the Bill of Rights on the Campus."

Outing Club Plans Ride And Cycle Trip

Starting its spring season the M.I.T. Outing Club has scheduled a joint horseback trip with Radcliffe and an all-day bicycle trip for this week-end. The horseback trip will leave for the Blue Hills from Walker steps at 1:30 P.M. Saturday afternoon and the cycle trip will leave the same place at 10:00 A.M. Saturday morning.

Alfred J. Frueh, Jr., '42, the new trips director of the club, will lead the cycle trip. For those who do not have their own bicycles, cycles may be hired at \$1.25 for the day.

For the horseback trip, horses may be hired at \$1.00 an hour. In addition those going on this trip will have to pay for transportation. Sign-up lists for the trips are in the Main Lobby of Building 10.

Military Review To Aid Sr. Week Option Sales

Senior Week option sales continuing for the rest of this week will receive an added impetus tomorrow when a "regimental review" is to be held in Buildings 7 and 10. Accompanied by a blaring brass band, the marchers are to parade between the two buildings from five minutes before twelve to five minutes after twelve.

The options are on sale during this week for \$4.50 and may be secured in the Main Lobby or from any committee member. A drawing is planned for Wednesday, April 9, wherein two paid-for options thus "drafted" will be redeemed free. All other options will be redeemed early in May for \$8.00.

Delta Omega Elects Four Grad Students

Honary Public Health Fraternity Maintains Chapters In 6 Schools

The Gamma chapter of Delta Omega, honorary public health fraternity, announced that Dr. G. Lynde Gately, G. Warren H. Southworth, G. Joseph Franklin, G. and Marie Fortunati, G. were elected to membership in the organization, which is open to graduate students in Public Health.

The society will hold its annual lecture in Eastman Hall, at 4:30 P.M. on Friday, March 28. The lecturer will be Dr. Edward J. Stieglitz and his subject, "The Potentialities of Preventive Geriatrics."

Dr. Stieglitz was graduated from Rush Medical College in 1921 and in recent years has been active in the field of geriatric research. This lecture on the processes and conditions associated with old age is open to all who are interested.

The fraternity was established at
(Continued on Page 2)

Walker Ball Plans Buffet

Wellesley, Radcliffe Simmons, Smith Girls Will Pour

Wellesley, Radcliffe, Simmons, Mt. Holyoke and Smith College girls will act as pourers at the midnight buffet supper to be held during the Walker Assemblies Ball on Friday evening, April 18th. The Ball is the seventh annual dance held by and for the student staff members of the Walker Dining Staff.

Acceptances have been received from the following patrons and sponsors to date: Mrs. Horace S. Ford, of Belmont, Mr. and Mrs. Delbert L. Rhind, of Newtonville, Mr. and Mrs. Albert W. Bridges, of West Roxbury, Mr. and Mrs. Wallace M. Ross, of Newtonville, Mr. and Mrs. George W. Ives, of Reading, Professor and Mrs. James R. Jack, of Watertown, and Mr. and Mrs. Ralph T. Jope of Winchester.

Many Alumni Coming

Also, acceptances to date have been received from alumni in Baltimore, New York, Providence, Springfield, Albany and other New England cities. Over five hundred bids to this formal dance had been sent out to alumni and more replies are expected daily.

An increased budget for the entertainment at the ball has been planned by the committee.

Medical School Students To Take Aptitude Test

All Technology students who intend to enter a medical school this Autumn will be required to take the medical aptitude test which will be given at 3 P.M. on May first in Room 3-305.

Any student who wishes to make an application for the test should notify Dean Samuel C. Prescott, Dean of Science, in Room 3-207 at once. Notices of the examination will be found on the bulletin board of the Biology Department and also on the general bulletin boards.

Nominations Due Monday Noon March 31

Nomination blanks for class officers are now available at the Information Office in Building 7. These blanks must be filled out and handed in at the Information Office by noon on Monday, March 31, to be accepted by the Elections Committee as eligible for the class elections scheduled for Wednesday, April 9.

Besides the nomination blank each candidate must hand in at the same time a standard type-written sheet giving his name, the office for which he is running, his cumulative rating, a complete list of his activities, and a recent photograph of himself. Candidates may submit a statement of policy if they so desire.

Debating Society Is Sponsoring Model Senate

Technology Students Invited To Attend Parliament Session

Organized to provide practice in Parliamentary procedure for Technology men, the Model Senate, sponsored by the M.I.T. Debating Society, is holding meetings weekly on Tuesdays at 5:00 P.M. in either Tyler or Litchfield Lounge.

Following the precepts of Robert's Rules of Order, the Senate prepares bills on various subjects and with the best procedure possible under Parliamentary law, debates pro and con, amends, shelves or kills them. To aid the novices, a short list of fundamentals of Parliamentary law has been prepared and is to be distributed at the meetings.

Next Meeting Today

The next meeting as a Senate will be held today, March 25th, in Tyler Lounge at 5:00 P.M. For this meeting, Paul M. Erlanson, '41, is to act as chairman. According to the rules for the Model Senate, anyone discovering an error in the procedure replaces the chairman and assumes the gavel himself.

Everyone is invited to partake of this brief sojourn into Parliamentary procedure with the Debating Society acting as hosts.

Dramashop Buys Load Of Peanuts

Rumor Has It That Cast Will Be Peppered With Recent Purchase

The Dramashop production of "Ten Nights in a Barroom" scheduled for Friday and Saturday nights, March 28th and 29th, will have an interesting sidelight if present indications are correct: One hundred pounds of peanuts were delivered to the Dramashop office a few days ago, but the management continues to deny that the peanuts will be used to harangue the players.

A rumor has been abroad that a repetition of the pelting received by the actors of the 1938 Dramashop production is to be repeated. This surmise has been substantiated by the fact that at a recent rehearsal, members of the cast were seen calmly acting out their parts despite the barrage of missiles sent up by the construction gang.

Peabody Playhouse Scene of Play

The play will be performed at 8:15 P.M. on March 28th and 29th at the Peabody Playhouse, Boston. The Playhouse is situated two blocks down Charles Street from the Charles Street Elevated Station. Tickets for the production are on sale in the Main Lobby
(Continued on Page 4)

Dorms Expect 200 At Dinner Tomorrow

Bull Session Dinner Will Be Last One For Present Year

Official apple-polishing for dormitory residents for the 1940-41 season ends with the third Bull Session Dinner of the year, scheduled to be held tomorrow evening. This dinner will take place in Pritchett Hall of Walker Memorial at 6 P.M.

This type of dinner was originated to give the undergraduates an opportunity to get informally acquainted with the faculty members with whom they come in contact. Any group of from eight to ten fellows may get together and invite any professor to have dinner with them.

Steak Dinner Planned

A special steak dinner is on the menu for the diners, and students pay only sixty cents for a dinner usually priced at a dollar. Professors their dinners as well as paying the invited by students are admitted free, the dormitory committee paying for remaining forty cents of the cost of the students dinners.

Conrad N. Nelson, '41, chairman of the Dormitory Dinner Committee, announced last night that this last dinner is for dormitory residents only, and that attendance will be limited to twenty tables of students and professors. He also advised that those

M.I.T. A.A. Elects Board Tomorrow

Present Executive Committee Nominates Three For Offices

Elections to the managing board of the M.I.T.A.A. will be held tomorrow at 5:00 P.M. in Litchfield Lounge of Walker Memorial. For three of the four available offices the executive committee of the M.I.T.A.A. has made one nomination each, the position of treasurer having been filled through an appointment made by the retiring treasurer. Further nominations will be accepted from the floor at tomorrow's meeting, and then the final voting will be held.

The following nominations were made by the executive committee: Sheppard Y. Tyree, '42, for president; Charles S. Ricker, '42, for vice-president; and Harry E. Knox, '42, for secretary. The name of the man selected as treasurer has not yet been announced.

Gridiron Will Plan Banquet, Contest

The Gridiron, honorary publications society, has planned a meeting to be held tomorrow, Wednesday, March 26th, in Tyler Lounge of Walker Memorial. Starting at five in the afternoon, the meeting will be called to discuss the plans for the annual banquet and the annual Gridiron contest.

This year's banquet is to be held sometime in May. Last year's banquet held on May 14 at the Parker House was attended by Ben Ames Williams, noted American novelist, Eric Hodgins, '23, editor of Fortune magazine, Marvin Pierce of McCalls and Vandenburg of Life.

Gridiron Contest to be Discussed

Included in the plans to be discussed at the meeting tomorrow is the Gridiron contest. The General

THE SMILE'S THE THING

Mrs. Walter A. Stockmayer has individual attention at the Spring Frolic last Friday night and sponsored jointly by the Dormitories and the 5:15 Club.

A gala gathering of 400 danced to the music of Bunny Berigan and his lads last Friday evening in the Bermuda Terrace when the Dormitory 5:15 Club combined dance committee held their annual Spring Frolic.

Trumpeter Berigan shared the spotlight with eight "Masked Marvels" who filled in at intermission time with capable renditions of swing "oldies." Such songs as "Sweet Sue" and "The One O'Clock Jump" kept the dancers crowding around the platform.

Besides dancing this year's Spring Frolic offered the use of the game room with its varied entertainment. Ping pong, photo-electric rifles, pin ball

machines constituted the main attractions in this side room.

Guests Present

Among those guests present were President and Mrs. Karl T. Compton, Professor Avery A. Ashdown, Capt. and Mrs. Arthur D. Caswell, Professor Raymond D. Douglass, Professor Leicester F. Hamilton, Captain Edward C. Harwood, Professor and Mrs. George G. Marvin, Professor and Mrs. George Owen, Professor and Mrs. Donald C. Stockbarger, Mr. and Mrs. Walter H. Stockmayer and Mr. Walter C. Wood.

CONGRESS: HERE IS OUR OAR

Irony, according to Webster, is a sort of humor, ridicule, or light sarcasm, but we think that in this case it is totally lacking in humor. Recently rumors have been running rampant about the possibility of an accelerated program for engineering students so that they might be available to the government and industry at an earlier date. A national survey has been made upon that subject to determine the cost of such action. It is estimated that such a program would cost the government \$5,000,000.

In spite of all this, that very same government continues to draft engineers under the Selective Service act. To us this seems to be the height of inefficiency and a matter which should receive immediate attention by our governing body. Why should the taxpayers foot the bill for rushing engineers through school when they may be drafted into army service where they probably will not be able to put their engineering training to use.

Although provisions have been made to give occupational deferment, there has been no national precedent established to defer engineers as a class. It is entirely up to the local draft board. There is absolutely no guarantee that the engineers graduating this spring will be allowed deferment on the basis of being essential to national defense industries since they have not as yet had a chance to prove their value to industry.

We feel that if this problem of obtaining engineers is acute enough to warrant the spending of \$5,000,000, it demands some national legislation to set the precedent that all engineers are more valuable to the defense of the United States in their chosen profession than in the army. Until that time, we object.

LET'S STEP—IN THE RIGHT DIRECTION

Student opinion on the subject of the coming class elections has at last culminated in a concrete proposal, which has been offered by the Debating Society in a letter on this page. Suggestions as to the methods of nominating and electing candidates have been frequent during the past week. There are always a multitude of good suggestions advanced during controversial issues, but it is a rare occurrence when somebody takes it upon themselves to put a suggestion into practice. This step by the Debating Society is in the right direction and should be approved by the Institute Committee this Thursday.

A good class official, particularly members of the Institute Committee, must have other qualities besides being a regular fellow and having been an ardent heeler. He isn't worth

a darn if he can't get on his feet and defend his opinions verbally when such occasions arise. At Institute Committee meetings he should be able to enter into intelligent discussions on all pertinent issues, and should be able to convincingly present any new legislation for the benefit of his class. Too many duds have contributed little or nothing to Institute Committee proceedings during their entire term of office to disregard such qualities.

Although this year, time will permit discussion by presidential candidates only, the Institute Committee should start immediate legislation for the establishment of a permanent election forum for each class.

THE READER SPEAKS

Editor, The Tech

The editorial in The Tech of last Friday concerning class elections, and a town meeting in 10-250, has reopened a discussion that has been going on for many years—without producing any results.

Admittedly the present elections system is weak, in that voters in class elections have little or no knowledge of the merits of the various candidates, and therefore tend to cast their ballots along residential lines.

The Constitution of the Debating Society provides that that organization, which last September assumed the functions of the Tech Open Forum, shall "act as a nonpartisan agency for enabling the public discussion of problems of interest to the members of the Undergraduate Association."

With the foregoing in mind, we should like to present the following proposal, as suggested by the editorial mentioned above:

That the Institute Committee, by appropriate legislation, make provisions in the rules governing elections for regular forums, to be held prior to elections by the various classes, at which the candidates for the offices of President and Institute Committee representatives shall present brief speeches on issues that will arise in undergraduate affairs. At the conclusion of such speeches, the meeting shall be thrown open for questions directed at the candidates by members of the audience on issues of particular interest to them.

The objects of such a plan would be twofold: Students would get a chance to learn the relative merits of the candidates in class elections, and thus be able to vote with more intelligence, and at the same time they would be informed of the problems that activity leaders are interested in as possible officers of the Undergraduate Association.

Let's get the ball rolling. The Debating Society hereby proposes a Forum, to be held Tuesday, April 8th, at which the respective candidates for the office of President of the Classes of '42, '43, and '44 are invited to speak briefly on a subject such as Class elections, or Group Athletic Insurance, or the improvement of Tech dances, or the intramural sports system.

Members of those classes, all of whom are members of the Undergraduate Association whether they realize it or not, are invited to attend, to listen, and to ask questions so that they may then vote for the man whose ability makes the best impression on them.

Sincerely,

Stanley Backer, '41
 P. M. Erlandson, '41
 M.I.T. Debating Society

Editor, The Tech

Hey, that's our wall!

How can our fame be "ever secure" if we don't have a wall? It's manifest destiny that the east wall of the main lobby should be used for the inscription of our names; the guys that saved democracy last time drew the west wall.

We know Maclaurin was a great man, but where are you going to put us, on the floor? Say, maybe that's an idea. Might as well be on the floor.

"Only victory remains and a fame ever secure."

Milton R. McGuire, '41
 John B. Murdock, '41

Editor, The Tech

It appears that Technology has taken the defense boom in its stride and is riding along on the crest of the wave. Defense research has been started, doors locked, rumors galore circulated, the faculty has gone sleepless, and now two more floors have been added to the Eastman Building. The activities on the various roofs of the Institute may not be hidden secrets, but they certainly are secluded.

By now it seems there are about a half dozen of these boomtown skylight labs over our heads, and if things become any worse "they'll" have to start hanging the labs over the sides. Our only regrets are for the poor souls who'll have to use those "temporary" beaver board labs twenty years from now. Remember the Hangar Gym? Well it, along with some of the other shacks on the back lot, are still classified as "temporary" World War No. 1 buildings.

However we are not against any such efforts in behalf of national defense—far be it from us to complain now—but for heaven's sake and our children's sake won't somebody at least place under those shacks a time bomb set for November 11, 1948. (That ought to give us plenty of time to clear up World War No. 2.)

Yours truly,

Two members of the Class of '42

For Boys To Play

by Stewart Rowe and Joseph Tankoos

¶ Taking a leaf from British sympathizers the Greek War Relief Society is holding a gala relief ball at the Copley Plaza tonite. Star attractions of the ball will be one of Hollywood's outstanding actresses, Bette Davis who flew to Boston especially to attend this affair.

Harry Marshard and his orchestra who appear regularly at the Hotel Somerset will play for dancing from nine o'clock on.

The Greek War Relievers who hope to duplicate the smashing success which attended the British War Relief Ball last month, expect nearly 5,000 people to be present. (If you want to go, tickets are two dollars a person and can be gotten from the Greek War Relief Society, 185 Devonshire Street.)

¶ Now that winter is safely tucked away for a few months—we hope—one of the best ways we know of to cement the pleasant acquaintance struck up with that pretty blond you cut in on Friday night is to drive out to one of these picturesque eating places, of which New England has so many, for Sunday afternoon dinner.

Perhaps the best known of these is the Hartwell Farm out near Concord. Piece de resistance at Hartwell is their chicken dinner, although anything you order is definitely worth the ride. The Farm itself is very quaint with several big fireplaces and the usual cultivated rustic atmosphere these places specialize in. A word of warning, however, an afternoon "food group" out there is nothing to be treated lightly from a financial standpoint for prices are rather steep.

Down the other way, out towards the South Shore near Scituate, is Hugo's which has acquired quite a reputation for sea food and steak. Hugo's too is rather an attractive place although some people feel slightly selfconscious eating under the glass-eyed stares of the many mounted animal heads. Incidentally this is about a twenty-five mile drive from Technology's Cambridge site.

A bit farther away, but meriting the extra exertion we are told, is

the Northampton Inn at Northampton, Mass. The cuisine out there is supposed to be very high and in addition it seems that the Inn is quite loaded down with things of historical interest: Revolutionary War relics, etc.

¶ Incidentally after all the self-consciously historical restaurants and inns which populate most of New England, we were very amused driving up from New York to see a billboard advertisement which characterized—in big letters—a certain restaurant as "The Only Inn In New England In Which Washington Never Slept".

¶ Last Friday was one of those "big" nights, socially, which take about three days to recover from and makes one wonder why there isn't a "clearing house" for dance schedules so that four "big" dances don't fall on the same Friday night.

¶ To the A.T.O. dance at Woodland Golf Club several of the Institute's BMOC's, and many others, too, for a pleasant if somewhat quiet evening.

¶ Frank McGinley, who played at Longwood Towers for the Sigma Alpha Epsilon Spring Formal is one of the best orchestras we have heard at fraternity dances in a long time. The secret formula punch the S. A. E. men feature at their social affairs was one of the chief attractions of the evening.

¶ Also we liked very much the quite glamorous "play room" at the Kappa Sigma house in which the "punch bowl" for which the dance is named was set up. Clever too, is the job of interior decorating these boys had done on their upstairs parlor—looks just like the movies.

¶ Saturday night the Theta Chi's took the center of Technology's social stage with their annual Spring Formal. Although it must have been a hard fight to stay up after Friday night's whirl the Beacon Street fraternity house was well packed until two in the morning.

¶ At the Brunswick Bermuda Terrace Friday night the Dormitory-5:15 Club dance attracted a surprisingly large number although much advance comment had been heard beforehand.

Bull Session Dinner

(Continued from Page 1)

who desire to attend get in touch with a member of the committee as soon as possible. Besides Nelson the other members of the committee are Emilio Touche, '42, and James A. Malloch, Jr., '43.

Thus far the following members of the faculty have been invited: Professor Earl B. Millard, Captain Arthur D. Caswell, Professor Robert H. Cameron, Professor Arthur R. Davis, and Professor Manfred Rauscher.

Gridiron Meeting

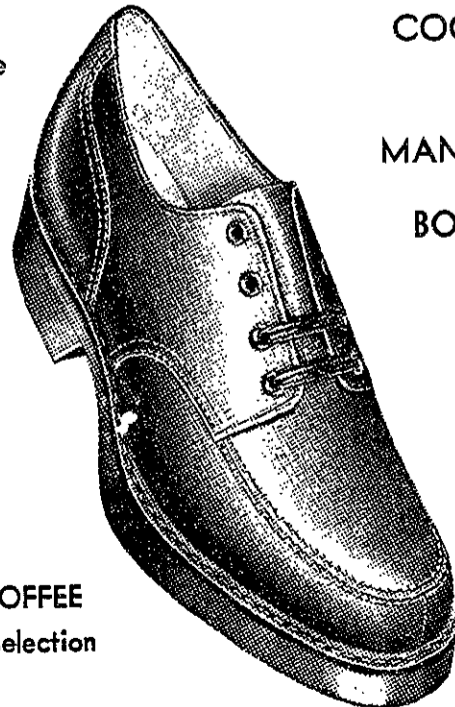

(Continued from Page 1)

Manager of each publication submits three pieces of literary effort he considers to be the best of the particular volume.

These efforts may be in the form of letters, articles, editorials or stories that have appeared in the publication. An unannounced panel of judges is to pass them in review and choose the best ones. Prizes are usually awarded the winners at the annual banquet.

DIVIDENDS TO MEMBERS

Alumni Pool Is Scene Of Diving Championships Wednesday At Eight

Novelties To Highlight Intramural Meet; Four Will Compete In Springboard Event

Replete with exhibitions by members of the swimming team, the annual Technology diving championships are scheduled to be held on Wednesday, March 26, at eight o'clock in Alumni Pool. Open to all students, the contest trials will be held today at 5:00 P.M. as a qualifying round. Admission will be free.

The schedule of the diving is prepared to include a total of sixteen dives. Required dives are the No. 1, plain front dive; the No. 8-a, standing back dive; No. 20-b, back jack standing; and the No. 25-a front dive with a half-twist. Each of these dives must be made from both the high and low boards.

Four Optional Dives

In addition, four optional dives are to be performed which may be selected from any group as listed by the N.C.A.A. Prizes for the meet are a cup for the winner and medals for the second and third place contestants. The cup was given to the M.I.T.A.A. by an anonymous donor.

Together with the awarding of the diving trophies, plaques are to be presented to the winners of the intramural swimming contest which was held last term, according to the announcements made by Coach Jarosh.

List of Entrants

At press time last night, entrants included Robert S. Reebie, '43; David W. Howard, '41; Frank Jay Jerome, '41, and Theodore G. Loomis, '44. Lorenzo Lamadrid, '44, stepped out of the contest because of a bad foot, and Jack L. Hunn, '44, retired because of a case of appendicitis.

Providing an entertaining sidelight to the principal diving events, members of the swimming squad plan to put on a 50-yard handicap race, a water-polo game, and exhibitions in swimming the crawl, the backstroke, and the breast-stroke. Also featured will be specialty diving, a Monte Christo act, and a pajama race.

Beaver Riflemen Win 3 Matches

Encouraged by a victory over Bowdoin here on Friday night by 1356 to 1228, the varsity rifle squad won from Coast Guard and University of New Hampshire, 1376 to 1355 and 1342 respectively, the following afternoon in New London. The frosh also won their match over the Bowdoin yearlings, tallying 1237 against the Polar Cubs' 1199.

The high man in the Beaver varsity victory over Bowdoin was Captain Charley Butt who shot 277, followed closely by Karstrom with 275, Davis 270, Orr 269, and Lorence 265. Highest Bowdoin scorer was Tuttle who shot 270.

High Total

On Saturday afternoon, the varsity trounced Coast Guard Academy and New Hampshire where they shot their second highest total this season. Karstrom was the highest man of the meet, chalking up 280.

Intercollegiates

This Friday afternoon the riflemen will participate in the New England Intercollegiates Meet at New London. On Saturday they will shoot in Woburn at the Arlington Rifle Club for the Eastern Intercollegiate Meet.

Fogel Winner Of Gym Meet

Temple Gymnasts Lead Brilliant Field; Tech Unsuccessful

Gymnasts from Temple University led the field last Saturday in the individual championships of the Eastern Intercollegiate League held in the Walker gymnasium. Members of the large Army team were a close second while the Tech aggregation failed to place.

Samuel J. Fogel of Temple performed brilliantly in all events to win the all around competition. In addition to winning the all around Fogel edged out William R. Hughes of Army by a single point to win the flying rings.

Danser Is Second

Fogel's teammate Edward Danser was second in the all around standings with Louis Bordo of Penn State third and John Bigelow of Princeton fourth. George Eberle of Army gave a brilliant exhibition on the high bar and finished off with a breath taking dismount to win that event with Blattman of Navy taking a second.

Louis Bordo of Penn State won the parallel bars with a smoothly executed performance. The National A.A.U. tumbling champion, George Szyplula of Temple easily took the tumbling with the most nearly perfect score of the afternoon. James McKinley received a first in the side horse while Captain Miller of M.I.T. barely missed placing in this event.

Herbert Richardson of Army climaxed the meet by clambering up to the ceiling in the exceptionally short time of 3.8 seconds to win the rope climb.

Match To Decide Best Pistol Shot

Tech Team Seeks Revenge Against Army At Home Saturday

To determine the highest man in pistol competition at the Institute, the National Rifle Association is sponsoring a match for the Technology pistol club. A club members' medal will go to the winner.

Army comes to Technology to meet the home team at 1:30 P.M. In their last encounter with Army, the Tech sure-shots were defeated by a narrow margin of 1327-1249. Subsequent scores turned in by the home pistolmen indicate a good chance for victory in Saturday's meet for in the last two matches Tech has shot 1344 and 1355.

Henry Predicts Win

In view of these scores, Captain R. K. Henry, '41, states, "We ought to be able to beat Army." The previous Army defeat was one of three which the home team has suffered in a total of thirteen matches shot so far.

Sailing Project Plans Meeting For All Interested

The combined project of the T.C.A. Boys Work Division and the Technology Sailing Association to teach underprivileged youths about dinghy sailing will leave the planning stage tomorrow when a meeting open to all students interested will be held in room 4-231 at five o'clock.

Jack Woods, sailing master, will show some of his movies and tell the group about the plans of the Community Sailing Association, whose new boathouse on the lower Charles will be used by the underprivileged fellows. Wood is chairman of the Community group.

According to Stan Roboff, coordinator of the program, three of the boys' clubs under the direction of Sid Atlas, Gideon Hofmann, and Lee Coifman are already learning the why's and wherefore's of handling dinghies.

Crews Improve As Weather Changes On The Charles

Eights To Work Out During Vacation Twice Daily

Encountering the finest weather conditions to date, the varsity did the mile on the glass smooth Charles Basin yesterday in less than 5:27. In the time trials the first boat beat the second by two lengths.

All members of the various boatings will be out on the river twice a day during the spring vacation because the time is getting nearer to the first race of this season on April 27.

150's Improving

"With the present advent of good weather, the 150's have all shown marked improvement over their past few work-outs," stated Pat Manning as he discussed the following boatings, which will be more or less (Continued on Page 4)

Boxing Finals To Be Reached Wednesday

Semi-Finals In Intramural Meet Held Last Night

Eight pugilists, who survived the semi-finals yesterday, will compete for crowns in four weight classes of the Intramural Boxing Tournament tomorrow afternoon in the Hangar Gym.

Bob Jevon will square off against Brown in the 135-pound class, and Gow will meet Fabacher in the 155-pound finale. Maxwell and Becker are to battle for the 145-pound title, while 165-pounders Saer and Geyer go up against each other.

Jevon T.K.O.'s Burns

Outstanding bout of yesterday's semi-finals was Bob Jevon's T.K.O. over Dick Burns after one minute of the third and final round had gone by. All other victories were recorded via the decision route.

Brown, the other 135-finalist, took Spear over the ropes. Gow and Fabacher outpointed Carroll and Herrierias, respectively, to gain the referee's nod and berths in the 155-pound finals.

Maxwell, Becker Win

Maxwell, 145-pounder, took the decision over McKay. Becker reached the finals in the same class when Todaro, his scheduled opponent, forfeited. Bert Saer and Lew Geyer, remaining contenders for the 165-pound title reached the finals without facing a tournament opponent because they were the only ones registered in their class.

Fencers Enter Intercollegiates At Princeton

Squad Faces Best Of East In Tourney Starting Next Friday

Tech's varsity fencers will travel to Princeton College for the 1941 intercollegiate meet on Friday, March 28. The two-day tourney will start at nine o'clock in the Princeton gym with the teams of ten eastern universities competing.

They include Army, Navy, Princeton, University of Pennsylvania, Cornell, Hamilton, Harvard, City College of New York, New York University, Columbia, St. Johns of Brooklyn, and M.I.T. Each college will enter three teams, one in foil, one in saber, and one in epee.

Tech Is Strong

Last year Tech came up from ninth position in the group to sixth. This year she has an even stronger team. However, the competition will be unusually stiff, according to Manager Ricker. St. John's, who is replacing Yale this season, is entering one of the strongest teams in the country.

Beaver Key Society Convenes Wednesday

Beaver Key, honorary Junior society, which handles intramural sports, will hold a meeting at 5 P.M. on Wednesday, March 26, in Room 10-250, according to announcement of Bud Blake, president of the society.

The principal business of the meeting is to be the nomination of ten members of the class of '43 for membership to be voted on by the class in the general elections of April 9th. Six of these men will be made members of the society by the voting and nineteen more are to be chosen in the last week of April.

THE BEST ROADS LEAD TO WIGGINS AIRWAYS!

The Norwood Airport, finest suburban field in this area, is reached quickly and comfortably by automobile from any point in Metropolitan Boston. If you haven't visited us already, tuck this map in your pocket and drive out at the next opportunity. Phone ahead if you wish—CANTon 0770.

Here's the refreshing treat you really go for... delicious DOUBLEMINT GUM

Right in step with campus life—that's DOUBLEMINT GUM. Plenty of refreshing flavor. Swell fun to chew every day. And DOUBLEMINT fits all occasions—"bull sessions," after class, during gym. Chewing helps sweeten your breath. Helps brighten your smile, too. And it costs so little you can enjoy DOUBLEMINT GUM daily. Buy several packages today.

Activity Notes

Camera Club

The production of photographic materials and the important part which photography plays in our modern civilization will be the subject of a moving picture to be presented in Room 4-270 on Wednesday, March 26, at 5:00 P.M. The sound movie is Eastman Kodak's "Highlights and Shadows." All who are interested are cordially invited.

The Camera Club is also announcing that their annual salon exhibition will be held after the spring vacation, and that Mr. Franklin I. Jordan is to address the group soon.

Grad. House Dinner

"Fluorescent and Gaseous Discharge Lighting" will be the subject of a speech by Dr. Clifton G. Found, at the Graduate House Dinner at 6:00 P.M. Wednesday, March 26, in the Main Dining Room of the Graduate House. A reception is to be held in the Lounge at 5:45 P.M. preceding the dinner.

Dr. Found, of the General Electric Research Laboratory at Schenectady, came originally from the University of Toronto and has been a research physicist with the General Electric Company since 1916. At present Dr. Found is in charge of research on gaseous discharge.

A.S.C.E. Dinner

Frank M. Grunby, chief engineer of Camp Edwards and Samuel M. Ellsworth, sanitary engineer of the camp, are to be the guest speakers at an American Society of Civil Engineers Banquet which will be held at 6:00 P.M. Thursday evening, March 27, in the Dutch Room of the Graduate House.

The subject to be discussed by both Grunby and Ellsworth will be, "The Design of Camp Edwards", together with all its ramifications. The banquet is open to all students and tickets may be purchased from any of the officers of the society for \$.85. The banquet proper will provide a chicken dinner.

Crews Improve

(Continued from Page 3)

permanent till the end of this season, unless someone improves very markedly, or somebody else's form falls off.

The first boat of varsity 150's is stroked by Captain Boise, who has as his crew, Howell, Wagner, Caldwell, Hasert, Engels, Vandervoort, and Horton, bow. The stroke of the second boat is McCord; the seats behind him are occupied by Staros, Lipford, Smith, Reed, Hayes, Twaddle, and Butt at bow.

The first boat of the lightweight frosh consists of Carpenter, stroke, Wade, Stewart, Matthews, Vallone, Corwin, Nicolait, and Chamberlain, bow, with Rockett as cox. The second boat is stroked by van Ravenswaay, with Nagy, Norman, Flodin, Picton, Pietsch Bransby, and Dennehy at bow as crew.

Tech Embassy

(Continued from Page 1)

called to choose a three man committee with a similar duty. The Dormitory Board and 5:15 Club will appoint this committee for residents of the dormitories and senior house, and for commuters.

Wally Ross Predicts Good Turnout
T.C.A.'s General Secretary, Mr. Wallace M. Ross, believes this year's fine program will bring an unusually large turnout. Consequently Huntington Hall has been chosen for the first time in three years to house the afternoon meeting this year.

Dinners for fraternity men will be held in the fraternity houses, and for dormitory men private dining halls in Walker will be available. Although the meeting was originally scheduled for a Wednesday, it has been changed to Tuesday since 16 freshman sections will not have classes after four and can attend the meeting.

Math. Society Meets Today

The M.I.T. Mathematical Society will have Mr. Richard Taylor of the Electrical Engineering department as guest speaker at their meeting in Room 4-270 at 5:00 P.M. today. Mr. Taylor will discuss the widely publicized differential analyser.

Between classes...
pause and

Turn to Refreshment

A good way to get the most out of anything is to pause now and then and refresh yourself... with ice-cold Coca-Cola. Its taste is delicious. Its after-sense of refreshment is delightful. A short pause for ice-cold Coca-Cola is the refreshing thing to do. So when you pause throughout the day, make it the pause that refreshes with ice-cold Coca-Cola.

YOU TASTE ITS QUALITY
