

H. Henderson Is Chosen Head Of Technique

Donn W. Barber, '42
William Schoen, '42
Complete Sr. Board

J. Henry Henderson, Jr., '42, was announced as the new General Manager of Technique, Volume LVII for the year 1942, at the Annual Technique Banquet held last Friday night, April 25, in the Sheraton Room of the Copley-Plaza Hotel. Other Senior Board members elected were: Donn W. Barber, '42, Editor in Chief, and William C. Schoen, '42, Business Manager.

Elected to the Junior Board of the yearbook were the following members of the Class of 1943: Howard P. McCunkin, Advertising Manager; Howard L. Heydt, Biographies Editor; Edwin H. Stewart, Jr., Circulation Manager; William R. Lacy, Junior Manager; Robert C. Meissner, Managing Editor; Henry R. O'Hara, Organizations Editor; Roland Grandgent, Photography Editor; Milton E. Pugh, Processing Editor; and Charles C. Loomis, Treasurer.

Prof. Breed Was Main Speaker

Professor Charles B. Breed of the Civil Engineering Department was the chief speaker at the banquet. Other guests were Mr. and Mrs. Horace S. Ford, Mr. and Mrs. Delbert Rhind, Mr. and Mrs. J. Rhyné Kilman, Jr., Mr. and Mrs. Henry B. Kane, Mr. and Mrs. Stanley G. H. Fitch, Mr.

Agenda Initiates Parade Today

15 Dorm Freshmen Must Attend Classes In Novel Costumes

Ten eccentric characters dressed in wooden barrels, strapless Dorothy Lamour sarongs and flashy stockings with flower bedecked garters will be wandering about the halls and classrooms of the Institute today, tomorrow and on Thursday, informing faculty and students alike that Agenda, honorary dormitory Sophomore society, has selected its initiates for the coming year.

Freshmen Bruce T. Benepe, Joseph L. Kaufman, Louis W. Maxson, Robert B. Meny, K. Thomas Momose, Robert Nicolait, Lewis Ozimek, Randall N. Pratt, Charles R. Robba, and Eugene Schnell were selected as initiates of Agenda at the special meeting held Thursday evening April 24.

Elaborate Initiation Planned

As part of the initiation ceremonies, the newly inducted men will appear late for every class today, will politely

(Continued on Page 4)

Metzger Elected Gridiron Secretary

Robert A. Metzger, '43, was elected secretary of Gridiron, honorary publications society, at a meeting held in the Dutch Room of the Graduate House last Wednesday night. Metzger is Makeup Editor of Voo Doo, Technology's humor magazine.

At this meeting the fifteen newly-elected initiates presented a short skit which was a take-off on publications' elections. This was followed by a short talk given by Mr. Henry B. Kane, Director of the Alumni Fund, who told the meeting what sort of jobs former publication heads are now holding.

TECHNIQUE HEAD

J. Henry Henderson, Jr., '42, new General Manager of Technique for the 1941-1942 year.

19 Freshmen Join The Tech Staff Membership

Nineteen freshmen were elected to staff membership on The Tech last week when the results of the second and final competition for positions on Volume LXI were announced. These freshmen complement the staff appointments in the News, Circulation, Advertising, Cartooning, Treasury, and Photo departments of the publication.

Prize-winners in the competition were Paul Talalay, '44, first in the News department followed closely by Richard Curry, '44, who is to receive second prize. Victors in the Business

Crew Vanquished By Harvard In Annual Rowe Cup Regatta; Dinghymen Triumph In Squall

Boston Challenge Cup Won By Half Point As Coe And Knapp Defeat Princeton

By half a point, Tech skippers Jerry Coe and Dick Knapp with Perry Wilder and George Palmer as crews regained the Boston Dinghy Challenge Cup from Princeton aces A. Gardner Cox and Trevor Pardee on the rain swept, choppy Charles River basin Sunday afternoon.

Skillfully pacing the regatta with two early firsts, Coe gained the highest individual score of 44 points, one-half point more than Cox's. In the B division, Dick Knapp tied at 41 apiece with Pardee of the Tigers. Totals were Tech, 85, in first place, and Tigers, 84½, in second.

Jack Wood's Predictions Are True

As predicted by Jack Wood, rain made Sunday a great day in Beaver racing history. With skippers skilled in taking advantage of a stiff breeze, and with chances of being "ganged up on" minimized, Tech was able to take full advantage of the squally nor'easter that caused two capsizes,

Senior Week Redemptions Go On Sale Next Week

Senior Week redemptions will be on sale in the Main Lobby of Building 10 next week from Monday to Friday, according to an announcement made last night by Robert S. Williams, representative of the Senior Week Committee.

These redemptions may be secured by presenting the option ticket and eight dollars in cash. Separate tickets to the various Senior Week events will go on sale at some later date.

1941 Technique Available During Next Three Days

The 1941 edition of Technique will be distributed today, tomorrow, and Thursday, April 29 and 30, and May 1, in the Main Lobby of Building 10, from 11 A.M. to 2 P.M., according to an announcement made last night by a representative of the organization.

This year's copy of Technology's year book was originally scheduled to be distributed beginning at 9:00 A.M. yesterday morning, but was delayed. To obtain copies students will be required to submit proof of their identity. Besides the copies which will be distributed to those who have already paid for them, seventy-five additional copies will be put on sale at \$5 apiece.

Freshmen Win, 150's Jayvees, And Varsity Lose On Charles Basin

Technology oarsmen lost the first regatta of the season and the Rowe Cup to Harvard crews in relatively close finishes last evening on a rough Charles River Basin swept by offshore gusts of wind.

The only Beaver boat to win was the freshmen heavies who finished the Henley distance three lengths ahead of Harvard. Closest event of the day was the race between the 150 varsity crews, which Harvard won by three feet after Tech had led all along the course. The varsity lost by two lengths, the jayvees by a length, and the 150 jayvees by seven lengths.

Frosh Win

Starting on an even stroke, the Beaver heavy freshmen grabbed an early quarter-length lead from the Crimson crew, leaving B. U. far behind at the half mile. From this point on, the Crimson boat kept up stroke for stroke until the three quarter mile mark. Then Fleming led his men away finishing three lengths ahead at the end of the course.

The wind having died down at six o'clock the Technology varsity 150's held a quarter length lead at the start, but Harvard gained slowly. At the half mile they were even. The Tech crew was ahead by a half length at the bridge and by a length at the mile. Twenty strokes from the end,

VARIED WEEKEND ENTERTAINMENT OFFERED BY I. F. C. AND CARNIVAL

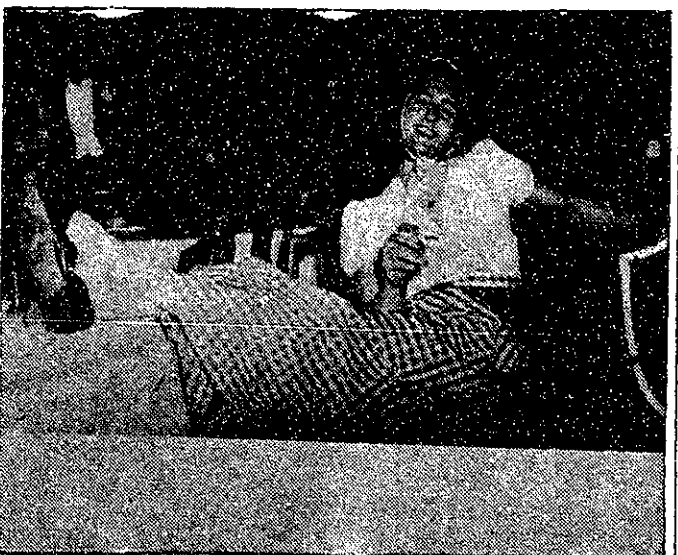

Harvey I. Kram, '42, and Eric M. Wormser, '42, show the A.T.O.'s entry in the Rube Goldberg contest to their dates Miss Eleanor Leile and Miss Jeanne Corney at the 5:15 Carnival.

Sterling H. Ivison, Jr., '41, former T.C.A. president and his guest, Miss Clara Bettes, handle the champagne drawing at the I.F.C. Number 93 was the lucky ticket holder.

The guest magician at the I.F.C. entertains Mrs. Karl T. Compton and a friend with some of his sly stuff.

Harry Hollander, '38, ex-Voo Doo man posing as a dainty member of the fairer sex at the I.F.C. Many dancers failed to notice the clever (?) disguise.

Clinton, Hardy Play At I. F. C.

One Thousand Dance In Statler Ballroom Last Friday Night

Two great bands swung into action to provide soothing rhythm for approximately one thousand guests at the Annual Inter-Fraternity Conference Ball held last Friday night. "Dipsy Doodler" Larry Clinton and his 15 piece orchestra played from the platform of the Imperial Ballroom at the Hotel Statler in his usual smooth style and from the opposite end of the hall Bob Hardy, augmenting Clinton, led his famous Boston band, specializing in waltzes, congas, and rhumbas.

Apparent approval of the affair was given by dancers when many expressed the opinion that the prom was the finest they had ever attended at Technology. Traditionally, champagne was given away, and six couples were

NO ACTION AS YET

No action has yet been taken in the case of the Student-Faculty Committee, either in appointing a chairman for next year or in revising the constitution so that the committee would have more power.

A letter published in these columns states that it is the man and not the committee that can make or break the job. We feel that there are definite faults to the organization as it now stands, but the correction of these faults alone is not enough. An energetic chairman must have charge.

Since it is so late in the term it may be hard to accomplish all of the work that will be necessary but constructive planning for next year is the least that we expect, either by the present chairman or the new one. The Institute Administration will be the most important factor in any reorganization since they will be the ones who will have to delegate the necessary powers.

MARXISM AT HARVARD

That communist hunter and fifth-columnist buster, Walter Winchell, has informed us via his Sunday broadcast, that Harvard University has gone in for Marxism to a very 'funny' extent.

Says Walt: Groucho Marx (recently from the West) has been offered and has accepted the chair of Professor of Humor at Harvard, and will take his post next September. This scoop by Winchell was not denied by the Harvard authorities, said this Monday's Harvard Crimson.

We personally would prefer Harpo. Just think of a professor with Harpo's lecturing ability! But we don't want to jump to conclusions as to why Harvard wants or needs Groucho.

Nevertheless you all know that one of the essentials of a rounded personality and one of the secrets of success is a good sense of humor. And according to Professor Magoun one also needs a good sense of humor in order to make a good husband.—Maybe? But we wouldn't want to jump to conclusions!

IT'S A GOOD START

A continuous series of gripes has been prevalent in recent years about the state of Technology dances. These complaints naturally differ with the individual, some want a "big name band" while others want a danceable band. A traditional dissatisfaction is the stiffness and formality of the big dances.

For a big dance, the Inter-Fraternity Con-

ference dance last Friday justly received less than usual adverse criticism.

The dance was definitely not stiff and the two dance bands worked together very nicely. As usual in such arrangements, the small band was forced to bear the greater burden of the playing while the Big Name Band took all the credit. Clinton proved to be very stingy of his music, but frequent tiresome intermissions were lacking because of the two bands.

With the intermission program, the I.F.C. has made a step in the right direction toward relieving the stiffness of formal dances. The choice of entertainers was fortunate, none of them dragging on to the point where they became boresome.

This dance should serve as a model for future dance committees, which should try to further the work that the I.F.C. has started. It should not be too long an evolutionary process before a big dance will not be forced to have a big name band to sell tickets. Then all the committees will be able to put more time and money on the incidentals that make a dance. The next step could be favors or a combination favor-program. This practice is popular at other schools and might impress a visiting date more than a big name band.

ELECTIONS

Volume LXI of The Tech takes pleasure in announcing the following elections to the staff. Reporters elected are:—Paul Talalay, '44; Richard Curry, '44; Gardner H. Sloan, '44; Eugene A. Schnell, '44; Joseph M. Donahue, '44; Paul M. Robinson, Jr., '44; and John A. White, '44. Members of the Business staff chosen are:—William J. Kennelly, Jr., '44; Norman T. Knapp, '44; Mortimer W. Meyer, Jr., '44; Richard B. Palme, '44; Arnold Mackintosh, Jr., '44; Harry W. Turner, Jr., '44; Thomas W. Carmody, Jr., '44; Lamar Field, Jr., '44; W. Richard Goat, '44; and Robert F. Kratz, Jr., '44. Robert M. Isaacs, '44 has been made an assistant in the Photo-Engraving department, and Robert Chang, '44 is a staff cartoonist.

THE READER SPEAKS

Student Faculty Committee

Editor, The Tech
 Dear Sir:

In considering the editorial in your 4/18/41 issue on the Student Faculty Committee, it occurs to me that the handling of matters of mutual interest would require just such a committee.

As in all such things, the job is what the person running it makes it. It would seem like an excellent opportunity for some Institute civic service by The Tech in promoting someone of known aggressiveness for the job.

Yours truly,
 David Donovan.

Saturday Mixed Swimming

Editor, The Tech
 Dear Sir:

We would like to lend our support to your move to have the pool open for mixed swimming on Saturdays. It seems to us that this would give a large group of students the chance to show and use the Alumni Pool when they are entertaining weekend guests.

It seems to us that this idea should certainly be given a chance. Considering the short time till exams, we would propose that mixed swimming be put into practice on Saturdays for a trial period. At the end of four weeks (exam time) it could be determined whether the measure is worth the cost. At any rate we heartily support the move of opening the Alumni Pool on Saturdays for mixed swimming.

Yours truly,

Hans R. Wittels, '43; William R. Moulton, '43; Spencer A. Schilling, '44; Geza E. Neuman, '42; Carl Zeita, '42; H. A. Helm, '42; E. Pitchard, '44; M. G. Kispert, '44; D. Degan, '42; J. G. McMullin, '43; Robert J. Lynn, '43; John M. DeBevoise, '42; Edgar F. Smith, '41; Monroe R. Brown, '42; J. Barrie Mackenzie, '43; Israel Z. Lensner, '43; W. Lob, '41; and David Josefowitz, '41.

(Editor's Note: The Tech has also received endorsements from a number of the Institute secretaries for the Saturday mixed-bathing proposal, on the grounds that it would enable them to enjoy a swim [after their work is finished early Saturday] without the present inconvenience of having to return to the Institute Monday evenings.)

For Boys To Play

by Stewart Rowe and Joseph Tankoos

The Tech social staff welcomes you back to the comparative rest and quiet of normal academic routine after one of the most mammoth week-ends to rock the limestone foundations of the monstrous domes of Technology in many a day.

Following up last Friday's Assemblies Ball the I. F. C. dance took over the Statler in grand and glorious style. What was, in our opinion, one of the biggest crowds to turn out for an Institute function, commandeered the Imperial Ballroom—and the Cocktail Lounge—of the Hotel Statler and subsequently developed into a considerable number of smaller size "fun groups" as our fraternity playboys and their friends fell into the spirit.

Far be it from us to dash madly about patting ourselves on the back but one of the more important attractions of the evening was The Tech's venture into the field of humor publications—Voo Doo take heed—which provided some slight incidental entertainment for the guests.

Musical entertainment for the evening which came from both ends of the very very crowded dance floor, was of a high order, says our listening-to-band-music department. Surprisingly good, too, was the less publicized orchestra of Bob Hardy which took a prominent place in the evening dancing.

A bit of an innovation in dance handling was the intermission entertainment Nat Sage and his lads provided. Although we're all in favor of the idea, its practical application as of the evening was not the best in the world. Most entertaining were the

three musicians who imitated a number of leading orchestras.

Gloomy skies and rainy weather messed up the Rowe Cup races towards which everyone was eagerly looking but failed to dampen the spirit of many pre-race parties. It also failed to take the joy out of many evening fraternity dances which helped to fill out the week-end.

To those well-known party boys, the Dekes, go our thanks and congratulations for another of those gala parties which help to further the reputation these lads have for being versatile masters at the art of Entertainment Engineering. The music of Leon Mayer, who played on into the smaller hours of the morning made for smooth dancing in the spacious rooms of the Memorial Drive fraternity house and the genial air of hospitality kept things merrily rolling along.

Of intriguing interest for the coming week is the little party the Simmons girls are planning for May 1, which according to Miss Betty Downes is Wednesday, but according to the calendar is Thursday. Dr. Sypher, who is, according to Miss Downes the most popular professor at Simmons, will give a little talk for the intellectually minded on poetry which promises to be interesting. Following the talk there will be records and refreshments in the lounge, which promises to be even more interesting. If you happened to read the letter we published awhile back, you may have learned that this coeducational lecture group will include students from about 25 local colleges. The time is 8:00 P.M. Thursday, the place the main building of Simmons College down on the Fenway.

Carnival Crowns Pretty Queens

Misses Helen Millis
 And Anne Nute Picked
 For Joint Honor

Changing the 1940 precedent in the matter of royalty, the 5:15 Club throned not one but two Queens at its third annual Spring Carnival held last Saturday in Walker Memorial. Those honored were Miss Helen Millis of Brookline, Mass. and Miss Anne Nute of Wellesley, Mass. Chosen by public acclaim out of a group of twelve young ladies picked by the chaperones during the Grand March, the two newly elected Queens immediately proceeded to put the Blitz-Machine (device for calibrating glamor) on the blink.

Winner of the Rube Goldberg Contest and incidentally of three cases of beer was the Alpha Tau Omega Fraternity which presented a novel gadget designed to extinguish cigarettes. Starting with mice chasing cheese, the A.T.O. machine finished the task by the simple process of stamping out the butt with a seven league boot. Runner-up in the contest was the Chi Phi House, who received a case of cokes.

The Tech Elections

(Continued from Page 1)

department were Richard B. Palme, '44, first in Circulation department; Harry W. Turner Jr., '44, in the Treasury department and W. Richard Goat, '44, in the Advertising department.

Eight Reporters Picked

Elected as reporters in Sports and News departments were Richard Curry, Joseph M. Donahue, Paul M. Robinson, Jr., Eugene A. Schnell, Gardner H. Sloan, Paul Talalay, and John A. White.

Ten men were elected as members of the Business staff. In the Circulation department those chosen were William J. Kennelly Jr., Norman T. Knapp, Mortimer W. Meyer, Jr. and Richard B. Palme. Arnold Mackintosh, Jr. and Harry W. Turner Jr. were picked in the Treasury department and as members of the Advertising department, Thomas W. Carmody, Jr., Lamar Field, Jr., W. Richard Goat, and Robert F. Kratz, Jr. were selected.

Robert M. Isaacs was elected as assistant in the Photo-Engraving department and Robert Chang was selected for the staff because of his work as Cartoonist.

I. F. C. Ball

(Continued from Page 1)

fortunate when Miss Clara Ellen Bates, Wellesley, '43, chose the winners in the raffle. A magician, four comedians, and a ballet pair provided entertainment which began at midnight.

Masked Marvels Perform

Six swing minded Technology students, whom the master of ceremonies introduced as the "unmasked marvels" gave forth with several numbers to the pleasure of those gathered. The marvels turned out to be William R. Ahrendt, '41, on the trombone, Vincent G. Kling, G, on the guitar, Paul M. Erlandson, '41, trumpeter, Arthur L. Porter, '42, on the saxophone and clarinet, and Douglas E. Root, Jr., '44, the drummer-man.

At irregular intervals each band engaged the full attention of the young ladies and their escorts with specialty numbers. With Clinton were his two vocalists. Terry Allen and Helen Southern. Miss Jini Wilson, dancer and songstress with the Hardy outfit led the conga and pleased the crowd with her exotic dancing.

Technique Elections

(Continued from Page 1)

and Mrs. Dino G. Valz, and Mr. and Mrs. Milton L. Fitch.

The members of next year's Technique Sophomore Board, who will act as assistants to the Junior Board were announced as follows: Warren A. Bishop, James Woodburn, Jr., William H. Schlegel, George E. Kramer, Jr., Samuel K. Taylor, Robert D. Peck, John B. Breyman III, Perry W. Wilder, Jr., Dean C. Picton, Thomas C. Dorste, Dixon H. Ward, William H. Botten, Robert D. Seymour, William W. Clark, John Childs, Jr., William B. Scott, James A. Neff, Herbert L. Carpenter, Will B. Rodeman, Herbert F. Knape, William S. Buzzard, Stephen J. Knight, Jr., John F. Johnson, Harry N. Bowes, and Robert S. Faurot, all members of the Class of 1944.

Crew Races

(Continued from Page 1)

A sudden unexpected gust of wind caught the boat on its side. In the following sprint, Harvard gained and was three feet and a fifth of a second ahead at the finish.

Crimson Outclass Varsity

Starting with a higher stroke, the Beaver varsity heavies held a little lead on the Cantabs, but lost it at the quarter mile. At the half-mile, the Crimson crew was a half length ahead of Moch's charges. The Harvard crew took up the beat to gain a length at the bridge.

Both Harvard and Tech brought their strokes to 30, but Harvard drew away slowly till at the mile and a quarter it was many lengths ahead. The Cantabs finished the mile and five sixteenths Henley two lengths in front of the Beavers, with a time of 6:56.2. Coach Bob Moch had no comment to make except that the times were very good.

At five thirty with a strong offshore wind to see them off, the Harvard lightweight jayvees took a half length lead in the first race with a high starting stroke. Still holding their lead at the first quarter, they gradually drew away from the Beavers till, at the three quarter mile, the Harvard Bridge, they were two lengths ahead. At this point the Tech bowman caught a crab which permitted Harvard to finish 7 lengths in the lead.

Jayvees Lose

The Harvard jayvees took a lead at the start and steadily drew away and were over two lengths ahead when they crossed the finish line.

Artz And Whelan Head Hoopsters For Next Year

As a result of an election held at the annual basketball dinner last Tuesday evening, Ernie Artz and Jack Whelan were chosen co-captains of next year's quintet. George Marakas was the winner of the Varsity Award, and Mario Conti was honored by the presentation of a straight "T" for his diligent work as coach of the freshman team the past two seasons.

Varsity letters were awarded to the following men: Ernie Artz, Tom Dolan, Jerry Coe, Andy Hillhouse, Sandy Glick, George Marakas, and Jack Whelan. Freshman numerals were also awarded to a large squad of fifteen fellows.

Dinghymen

(Continued from Page 1)

swamped several dinghies, and ripped sails.

Though the races were at first postponed on account of driving rain, the qualifying rounds were held nevertheless in the downpour. Placing third in the preliminaries, the Beavers managed to gain a sizable lead over the Tigers by the end of the second race.

B. U. Places Third

Boston University with 61 points took third in the regatta, while more favored schools ended with lower scores. Fourth was Dartmouth with 53½; fifth, Michigan with 50; sixth, Amherst with 44; seventh, Harvard with 43½, Tufts, 43; and bringing up the rear was Williams with 40 points.

Trackmen Win Against Colby

Beavers Take Twelve Of Fifteen Events In Opening Meet

Undaunted by icy wind and frigid weather, the Cardinal and Gray tracksters overwhelmed the Colby blue in the track season lid-lifter on Briggs Field last Saturday afternoon. Winning twelve of the fifteen events, the Beavers swamped the White Mules 94 2/3 to 40 1/3.

Led by Captain Lew Jester, who won both hurdling contests, the Briggs Fielders lost only the closely contested quarter-mile, broad jump and javelin events. Rudy Hensel, copping both the 100 and 220 yard dashes, ran the 100 in 9.9 seconds which would have officially broken the previous varsity record of 10 seconds if the wind had not been above the three mile limit.

Colby Takes Three

Jim Bateman of Colby won the quarter, and his colleagues, Jack Fifield and Harry Bubar, took the broad jump and javelin throw, respectively. The longer runs were won by the following Tech men: Gene Brady, the 880; Bob Miller, the mile; and Stan Backer, the two mile.

In the field events, John Nagle surpassed all other entries in the high jump and shot put, while in the pole vault contest a curious situation was reached when Bruce Horst and Gregory Azarian tied for first. The discus and hammer throws were taken by Jack Madwed and John Meier, respectively.

Beaver Stickmen Routed, Play Cantabs Wednesday

Completely outclassed the varsity stickmen lost to a far superior Wildcat team from the University of New Hampshire by a score of 13 to 1 in Durham, New Hampshire, on Wednesday, April 23. James Leader saved the Beavers from a whitewash by a goal in the last minute of the game.

Manager Crosby predicts that the team will pull out of its present slump in time for the next game which is with Harvard tomorrow. Also on Wednesday the frosh team will tackle the Crimson on the Harvard field.

Netmen Oppose B. U. Tomorrow

Beaver's Defeated By Bruins, Crimson In First Matches

After a 9-0 shut out at the hands of the Crimson net men yesterday at 4:00 P.M. on the Harvard courts, the Beaver racquet-swingers will attempt to better their luck in the coming meet with Boston University to take place here tomorrow.

In the season premiere against Brown, the varsity netmen suffered a 7-2 drubbing in the meet held here at Tech on Saturday, April 26. Today they met with their second defeat at the hands of a superior Crimson twelve.

Tech Lineups

Those entering on the Tech side of the lineup were: Captain Phil Freeman, Maurice Katz, Dave Herron, Frank Phillips, George Spies, and Art Mestier in the singles. The Tech doubles teams were: Louie Stouse and Barry, Maurice Katz and Frank Phillips, and John Gunther and Jaques Shaw.

Nine Swamps Crimson Frosh 12-4 Saturday

Seven Run Rally In Lucky Seventh Decides Season Opener

Playing in weather more suited to football than baseball, the Tech Independent nine walloped Harvard's frosh by the score of 12 to 4 last Saturday afternoon on the Coop Field. Captain-Manager Ed Beaupre allowed only three hits by the Crimson Babes in the eight innings he pitched.

The Harvard nine, leading four to two in the seventh inning, completely fell apart. With the aid of two errors, a free pass, and singles by Broderick, Schaefer, and Christison the Techmen scored seven times. Schaefer's single, a hard clean hit to left, came with the bases loaded and two men out.

Strikes Out Nine

Besides holding the neophytes from up-river to three hits, Beaupre struck out nine of the Harvard boys. Only one earned run was scored on him. Other men outstanding for the Beavers were Bill "Rabbit" Sadler, who played a bang up game at second base, and Dave Christison, who with Beaupre got the Beaver's only extra base hits. Next game for the Tech Independents will be on Saturday against the Boston Boys Club.

Fettes Chosen To Lead Wrestlers Next Season

Bob Fettes was elected captain of next year's wrestling team at the annual boxing and wrestling banquet held at the Durgin Park Restaurant last Wednesday evening. Warren Schwarzmann received the coveted Varsity Club Award in wrestling, and Dick Grant and Bill Botten were chosen co-captains of the '44 wrestling team.

Medals were awarded to the boxers, and letters and numerals were given to members of the wrestling team. Medals were also awarded to the winners and runners-up in the recent intramural wrestling tournament held in the Hangar Gym.

Prof. F. A. Magoun To Give Second Marriage Lecture

Value Of Conventions Will Be Topic Today At 4 And 5 In 10-250

Presenting the second in his annual series of marriage lectures, Professor F. Alexander Magoun, department of humanities, will speak before two audiences today in Room 10-250 at 4:00 P.M. and again at 5:00 P.M. The subject for this lecture is to be "The Value of Conventions."

Professor Magoun is of the opinion that certain conventions in our modern world are transient and as such are not to be trusted too implicitly. Others have stood the test of time and should be considered before marrying. Professor Magoun will describe several conventions of both kinds. The general thesis he will discuss is "How Life Fits into Human Experience."

Rules Do Not Spoil Fun

Conventions, opines Professor Magoun, are not to spoil fun but to guarantee it. Mere knowledge of them cannot replace actual understanding of them, and understanding them is important for the formation of a proper attitude toward marriage early in life.

The important thing in life is to be able to see the connection between physical and spiritual comradeship. Insincerity and inability to face truth in early life will still continue to exist when one comes to the marrying age. One must realize that habits do not change at one's marriage.

This afternoon, Professor Magoun will be introduced by Charles C. Holt, '43, of T.C.A.'s Speakers Division. All the lectures are under the sponsorship of the T.C.A.

Technology Men To Be Fathers For Banquet

The T.C.A. is inviting Technology men to be fathers-for-a-night of underprivileged boys at the Father and Son's Week Supper on Sunday evening, May 4, in the Grand Ballroom of the Copley Plaza Hotel. Fifty cents of the admission price, which is a dollar, will be paid by the T.C.A.

Bill Cunningham, writer of the sports column of the Boston Herald, will address the meeting, which is being held under the auspices of the City Wide Boys Workers Conference.

Supper will begin at 6:00 P.M. Tech men who attend as fathers will meet their "sons" through arrangements at the T.C.A. office. The T.C.A. is sponsoring Technology interest in the meeting in hopes that several men may have this opportunity to do a good deed and get a good meal for fifty cents. They request that any interested apply at the T.C.A. office as soon as possible.

Agenda Initiations

(Continued from Page 1)

remove their derby hats, close their umbrellas, put out their cigars and climb out of their barrels without disturbing their fellow freshmen at work.

Long and tedious are the trials to which the new freshmen will be subjected, but secrecy still envelops many of the details of the initiation ceremonies. To insure thorough acquaintance between the new and old members, each initiate has been asked to submit a paper bearing the signatures of the old members.

Ernie Artz Elected Dorm Chairman: Flipse New Institute Comm. Member

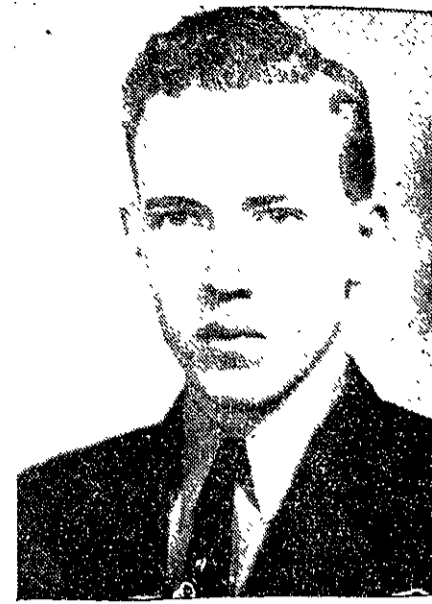

With new Dormitory Committee chairman Ernest F. Artz, '42, presiding, the governing committee of the undergraduate dormitories held a dinner meeting at the Parker House last night. John E. Flipse, '42, was elected representative to the Institute Committee as well as treasurer to the newly elected Dormitory Committee. Also chosen was the new secretary of the committee, Russell A. Thompson, Jr., '42.

The committee at its meeting commended the outgoing executive committee composed of Willard S. Mott, '41, Frank L. Langhammer, Jr., '41, and Teddy F. Walkowicz, '41. Walkowicz furnished a treasurer's report which showed a balance of more than \$100 still in the treasury.

Three Board Members Present

Present at the meeting were three members of the Dormitory Board. They included chairman Professor Leicester F. Hamilton of the Chemistry Department, Professor Avery A. Ashdown of the same department, and Delbert L. Rhind, Bursar of the Institute. Also present were Walter C. Wood, master of the Senior House, and John Z. Sheldon, of the Dorm office.

Artz won the chairmanship of the Dorm Committee in a very close election over Flipse and Peter J. Dunne, '42. Other business of the meeting was a resolution to have the Dormitory Board have the old committee's names posted upon the proper plaques.

Ernest F. Artz, '42, newly elected chairman of the Dormitory Committee.

J. R. Williams New Head Of "Cercle Francais"

The M.I.T. "Cercle Francais" announced the election of a new committee at a meeting held last Thursday, April 24. Jack R. Williams, '42, is the new president of the club, while Gerald A. Cauvin, '44, has been chosen Vice-President. Robert Chang, '44, was elected secretary-treasurer and Andre M. Weitzenhoffer, '43, and Jack S. Hulli, '42, are members at large.

Internat'l Club To Hear W. Howe

A business meeting of the International club is to be held at 5:30, Tuesday afternoon, April 29, in Room 6-120 and it will be followed by a dinner downtown. After the reading of current reports at the business meeting officers for the coming year will be elected. The names of nominees for positions is posted on the bulletin board in front of the Cashier's Office.

At the dinner which will be at the Restaurant Thor, 12 Carver Street, William S. Howe, who is a member of Federal Union Now, will speak on the subject of Federal Union. The price of the dinner is to be eighty cents.

Weston Master Exposure Meter

Truly the master of them all—this meter will never fall in the tightest spot. Photo-electric type of extreme sensitivity. A true light-reading masterpiece. Let us demonstrate.
