Secrecy Cloaks Honor Guest At Dormance
Don Gahan To Play
At Annual Affair
Next Friday

With the sight of the Annual Dorm-
ance Honorary Dinner just over the
same of the guest of honor still
unknown, William J. Gahan has been
invited to attend this discussion
period when the audience
will be invited to attend this discussion
period. Important testimonials on the "Lea-
se-Lend Bill" will be given by Senator
Franklin D. Mabbett of the English De-
partment of Harvard University. Spon-
sored by the English Department, the
dinner closed with a final speech by
Professor Samuel C. Prescott, Dean
of the English Department. The dinner
was scheduled for March 7 at 10 p.m. in
the Imperial Ballroom of the Hotel
Stratton.

Benny Goodman Revises Style
In Response To Public Demand

A change of style and a new vocal
and instrumental ensemble is due to
Benny Goodman, choice of the class of
1924 for their Junior Prom. The result of
the reorganization of the band last sum-
mer, largely in response to public de-
mands for an orchestra that can play
straight dance music as well as swing
Goodman's band is featuring a new
director, to be selected by the Institute's
Basic Policy Committee.

From Options On Sale:
200 Sold Yesterday

Option sales for the Junior Prom will con-
tinue today, with the Junior Prom of
1942. About 200 were said yesterday to be
sold, according to Jerome T. Cox, Presi-
dent of the Junior Class. On Monday, Feb-
ruary 17, whatever option remains un-
bought will be bought by the Juniors or
any of other classes. Redemption of
option tickets, in the price range of
February 27 and 28. At that time take-
over reservations can be made, and any
option remaining un-owning will be taken for the Junior Prom. Reserve
date is $8.00. The final date for Stratton Prize
is February 20th, when the competition
will be officially closed, announced
Professor Samuel C. Prescott, Dean of
Science. Although about $2500 have been spend, there are still
several more openings which may be
filled.

Contests Nears Finale

The final date for Strathton Prize
Entries and for the Junior Prom will be
February 26th, when the competition
will be officially closed. The prize of
$500 has been awarded in the Senior
Prom, which is scheduled for
March 7. About 200 were sold
yesterday, the first day of sales,
and according to William R. Ahrendt,
chairman of the Junior Prom Committee,
the sale should be completed by
February 28th. The final date for Stratton Prize

A "BILL OF RIGHTS"

Somebody once said, or should have said, that anything can be clarified; and that includes the education of the little-head-of.

Organized over a year ago, Basic Policy Committee of the Institute, now under the chairmanship of Philip E. Spear '42, has been making studies for the purpose of clarifying the relationships between the administration and the undergraduate association, and of the exact status and procedures of the undergraduate association.

To make their findings and suggestions in regard to that and to the administration officials, and to prevent further misunderstandings, the committee proposed to offer a formal charter to the administration for the approval.

This charter (1) would define the responsibilities of the faculty, the Student-Faculty Committee in academic relationships; (2) state the disciplinary powers of the administration; (3) define the controls vested in the faculty and administration on one hand and the undergraduate association (Institute Committee) on the other over undergraduate activities.

Along with the charter, the Basic Policy Committee soon proposes to publish the reports of the committee, or some of them, as they believe, so that "we feel that a distinct need exists for a statement of principles of student administration in a tangible form. In doing this we intend to provide a group of guide marks to assist those who are as yet unfamiliar with the procedure of the Institute Committee, and to aid others in meeting new situations."

This useful document will contain the rights and responsibilities of the undergraduate groups, the various activity groups, and the Institute Committee. It will also set forth the detailed procedure concerning student financial mechanics to be used in the administration of the above groups. This part of the report, we believe, is the most important. It is hoped that the financial mechanics to be used in the administration of the above groups will be better understood and better accepted.

The charter will make it possible for any undergraduate student to register his opinions. A vote in favor of the charter will mean that the work of the committee will be continued, and that the work of the committee will be made easier. The charter will make the work of the committee easier.

The charter will make the work of the committee more clear. The charter will make the work of the committee more clear. The charter will make the work of the committee more clear. The charter will make the work of the committee more clear.

The charter will make the work of the committee more clear. The charter will make the work of the committee more clear. The charter will make the work of the committee more clear. The charter will make the work of the committee more clear.
Quintet Faces Bates Saturday
Samuel, Marakas, Lead Scorer Bears With 53, 50 Points

With a record of two wins and two losses, the quintet will travel to Lewiston, Maine, tomorrow afternoon to enter the annual Bates contest against Bates College at 4:00 P.M.

The Bates five had its most successful season in many years, winning seven out of ten contests. This year four letter men return as seniors who have had the training and the experience required to carry on the tradition of past Bates teams. The quintet has 10 points in the recent contests and has made considerable progress during the season. This year, the team will be in excellent shape for the championship run.

Pucksters Oppose Colby, Bowdoin
Team Seeks First Win In N. E. Intercollegiate Fencing League Play

Eleven fencers, a manager, and Coach Green left last night to contest the first meet of the season in the New England Intercollegiate Fencing League. The team will be competing against the Colby five, who are expected to give a strong challenge to the Bates fencers.

The Colby five, under the leadership of Captain John Osgood, have scored an average of 128.75 for the season. Bates has scored 123.75 in its first two meets, so the match promises to be a hard-fought contest.

Left at home to represent the College tomorrow afternoon will be the men who are unable to leave. Among the absentees are five of the leading fencers, including the manager, who will be unable to play until the next contest.

Swim Meet With R. P. In
Expected To Be Close

The boys are in good shape and a match of this nature is expected to be a good one. The Bates team will be represented by their best men, who have been practicing regularly for the meet.

Boating

Captain Joe Gavin has been picked as the best boatman and is backed up by

Gym Team Opens Season Saturday At Annapolis

The varsity gym team will open its 1941 season this weekend, meeting the Naval Academy team tomorrow afternoon at Annapolis. The team is looking forward to a good showing in this meet.

Fencers Meet Strongest On '41 Schedule

Undaunted Bears Travel To Columbia For Week-End Meet

Technology's fencers will encounter the strongest competition on their schedule this week-end, when they travel to Columbia for their mid-season meet. The Bears have a strong enough desire to make a strong showing in the meet.

Fencers to meet are William F. Orr, '41, and John O. Caswell, Jr., '42, who scored fourth and fifth in the N. E. L. individual championships respectively; Orr has scored an average of 213.75 and Caswell has a score of 195.5.

Making the mid-season meet a success is Charles S. Webb, '43, captain; Robert W. Blakesley, '41, William F. Orr, '41, and Peter G. Waterhouse, '41, who will take part in the meet.

Fencers will face the toughest opposition in their meets, and the Bates team has prepared well for the meet.

Dr. Rosinski Speaks At Lowell
Former German Naval Lecturer To Discuss
Naval Strategy

Dr. Rosinski, former lecturer at the German Naval Academy, will present the growth of modern naval weapons and equipment. An open competition will be held for those who will illustrate lectures at the Lowell Institute this March. During the same period Harvard's Prof. S. S. Smith will lecture on naval strategy at the Gelman Naval Academy, Professor of Biology at Princeton and now in the Division of Biological Engineering at the Institute, will present a lecture on the application of electron microscopes in such branches as ceramics, electronics, and metallurgy. The third group of lectures will be given by Dr. Joseph A. Schumpeter, Professor of Economics. These lectures will trace the economic structure of our country and the possible consequences of recent events on our future. Dr. Rosinski's lectures will trace naval strategy from medieval times and culminate in a description of sea power and naval strategy in the present war. His first lecture will be on March 2, Friday, and his second lecture on March 9, Thursday and Monday until March 28. These lectures will be given free of charge at the Lowell Institute, Boston Public Library, and will be at 4:00 P.M.

Outing Club Skis During Vacation
Two active member clubs, the skiing and tennis clubs, have been organized at Brown University. Led by Hans W. E. Asemberger, a member of the ski club, the event was held in Brown's snow shoes, and the ski club will present its first major ski trip to Vermont on February 27. The first ski trip will leave from the school at 9:00 A.M. and will return at 5:00 P.M.

Visitors from other clubs and individuals will be welcomed to participate in the trip, which is open to all ski enthusiasts. The ski club plans to offer regular ski trips throughout the winter season, and interested individuals are invited to contact the club for more information on future ski trips.

Senior Rings Exhibited Today
Samples of the proposed Class Ring for the class of 1943 were exhibited today in the glass show case in front of the library. The ring, designed by a group of seniors, is made of 14-karat gold and features the school crest and the class year. The design is based on the school's traditions, and the students have been involved in every step of the design process. The ring will be available for purchase at the end of the academic year.

Delegates Study Housing Problem
Delegates to the Housing Conference, sponsored by the Community Relations and Labor Committee of the New England Student Christian Movement, will include students from the Institute, the Sum, and the Town. The conference will bring together representatives from different institutions to discuss the housing problem and explore potential solutions. The conference will be held on March 3 (Monday) at 3:30 P.M. and will be open to all students.

Community Service Post Available To Seniors
The Community Service Center at Brown University announces an examination for Junior Technologists at a salary of $1,000 a year. The position is open to students who have completed at least one year of college and who are interested in community service. The examination is scheduled for March 3 (Monday) at 3:30 P.M. and will be open to all Brown students who meet the eligibility requirements.
