

Defense Tax Boosts Budget For Soph Prom

Additional Expense To Be Absorbed By Dance Committee

In doing their share for national defense the Sophomore Prom Committee has decided to absorb the new ten percent defense tax on college dances without boosting the cost of admittance. Due to this additional expense the dance budget will necessarily have to be enlarged; however, it has been decided that there will be no changes in the planned entertainment.

Options will remain on sale until Field Day unless the limiting quota has been reached beforehand. According to Chairman Langdon S. Flowers, the sales so far have been O.K. Lewis Tyree, head of the publicity committee, who is still keeping his surprises under cover, plans to start his publicity drive late this week.

New Table Seating

Table reservations for the prom are to be handled by a special committee, which will operate at a table adjoining the option booth in Building 10 during the week starting October 26.

Plans have been made to insure a novel as well as an efficient seating arrangement at the Statler Ballroom, where the Class of 1944 will hold their Promenade.

I.A.S. Meeting Planned Tomorrow

Langley Field Movies Of Wind Tunnel Tests To Be Shown

The Technology student branch of the Institute of Aeronautical Sciences will hold a meeting for prospective new members from 5:00 to 6:00 P.M. tomorrow in Faculty Lounge of Walker Memorial.

Films will be shown on the activities of the National Advisory Committee for Aeronautics at Langley Field, Virginia. Revealing many of the latest wind tunnel developments and methods of testing, the pictures should prove interesting to students interested in this professional society, said Ronald Shainin, '42, chairman of the student branch here. In addition to the entertainment, the program will consist of a short talk by Shainin, on the activities and professional advantages of the society, after which refreshments will be served.

Membership in the society is open to all Juniors, Seniors, and graduate students in aeronautical engineering.

Doctor Lockhart Will Show Films

Doctor Ernest E. Lockhart of the Department of Biology and Public Health will display the movies of the South Polar Regions that he took while on the Byrd Antarctic Expedition as one of the principal events of the annual get-together buffet supper of the Sedwick Biological Society, which will take place in Pritchett Hall at 6:30 P.M. on Thursday, October 23.

The buffet supper itself will be for members of course VII and others interested in the society. Seventy-five cent admission tickets will be sold at the door. At 8:00 P.M., however, when the movies will be shown, the doors will be thrown open to the general public, free of charge.

Technique Photos Must Be Arranged By Friday

The attention of Seniors is called to the fact that the absolute deadline for arranging sittings for Technique and placement pictures will be Friday of this week. Miss Dorothy Mitchell will be on duty from 9:00 A.M. to 5:00 P.M. daily in the Main Lobby of Building 10, and all appointments should be made with her, according to J. Henry Henderson, '42, General Manager of Technique.

Those Seniors who have already returned their proofs, but have not as yet obtained their placement pictures should call ELlot 1156 immediately.

Tech Will Meet Radcliffe Team In Radio Debate

First Of Series To Be Broadcast Over Station WAAB

Airing their views over the complete Colonial Network, Institute debaters will meet a Radcliffe squad at 3:15 P.M., next Thursday, October 23, in the studios of station WAAB. Ward J. Haas, '43, and Raymond F. Frankel, Jr., '43, will represent Technology by taking the affirmative against Radcliffe on the subject: "Resolved, that additional money to finance the war should be raised by a federal sales tax."

Run on the two-man, Oregon style, this debate will be a decision debate with George A. Musgrave, '43, acting as chairman and Phillip Bendt, '42, as timekeeper. The timing will consist of two constructive speeches per team at 5½ minutes each, two questioning periods per team at 3 minutes each and finally one rebuttal per team at 4 minutes each.

First of Series

This program is the first in a series to be called the "Technology Debating Forum", which is to be broadcast on Thursday afternoons throughout the year, alternating with the Harvard Debating Society. The Colonial Network is to use all its stations in these debates.

In preparation for subsequent debates both on and off the airwaves, the Debating Society is holding eight trial debates here at Technology among the members of the club. All the trial debates are to be in the nature of try-outs for the Debating Teams.

Glen Gray, Good Crew Material, Complains Band Leading Is Very Sleepless Profession

He's ideal raw material for crew, all six feet of him, big, strong, and he's been stroking in rhythm all of his life, but Coach Bob Moch would have a problem on his hands if he ever tried to put Glen Gray, noted maestro, on his training schedule.

"We usually play every night in the week until the wee, small hours and then we start travelling to the next engagement or begin looking forward to an early morning practice session, and there just isn't enough sleep to go around," he explained to representatives of local college newspapers at a press party staged in his honor last week by Totem Pole, where he is now appearing.

Left Wesleyan College

Glen started the sleepless trail after he dropped out of Illinois Wesleyan College in the twenties because of insufficient funds and climbed on the bandwagon as head of the Orange Blossom Band. This group was later renamed Casa Loma after a sumptuous

Girls To Help At Frosh Rally

Class Of '45 Claims To Have Planned Unprecedented Affair

Sex alias femininity has again reared its ugly (?) head at Technology. The freshman class has announced that in preparation for Friday's Field Day pep rally in Huntington Hall, their eight hard working coeds have drummed up a publicity campaign and program that is calculated to keep the Institute talking for years to come. This will be the first time in years that the feminine part of a class has taken an active part in their class activities.

The committee in charge of the rally, though keeping most of the details secret, has let fall hints of gorgeous, gal cheerleaders, actresses, plays, prophets, and excitement. It has also mentioned plans for a victory dance, which will be open only to those who attend the pep rally.

No Aero-Oratory

One thing that will not be on the program, according to the committee, is the long-winded, dull speeches of which so many affairs of this type consist.

The big guns of the publicity campaign will commence firing with a series of announcements over the public address system of the Walker Memorial Dining Hall. This series will open between one and two o'clock this afternoon.

Hallowe'en Motif Is Planned

Field Day Dance Lighting Is Based On Holiday Theme

The 1941 Field Day Dance will have a decided Hallowe'en atmosphere due to a novel lighting arranging, according to Gordon H. Hill, '42, chairman of the dance committee. The committee has spent over \$40.00 on special lighting equipment which has been utilized by Dance Committee Technician Robert Keating, '42.

Maestro Claude Thornehill, who is broadcasting nightly over the C.B.S. network from the Glen Island Casino in New York, will make a one night stand at Walker Memorial for the Field Day Dance. This will be his only appearance in New England until January as well as his only engagement outside of the Casino this Fall. Since there will only be a limited

(Continued on Page 2)

Two Hundred Forty-Six Named By Fraternities As Pledges For 1941

P. T. Substitutions End Thursday Noon

Those freshmen, over 300 of them, who have not as yet signed up for a P.T. substitution, are hereby warned that actual participation in Mr. H. D. McCarthy's class in PT1 awaits them if they don't sign up for some sport as P.T. substitution by noon next Thursday.

Those sports which may be substituted are: crew, swimming, basketball, track, fencing, gym, wrestling, soccer and boxing. The quota for squash has already been filled, 75 frosh having signed up for squash, and a total of 233 having signed up for other sports, according to the records in the office of the P.T. Director.

Beaver Club Picks Officers For '41 And Ten Members

Rumsey Is President Assisted By Tankoos And Reebie

The officers for the coming year and ten new members from the Class of 1943 were elected to the Beaver Club, Junior honorary society, at its meeting held last night at 9:00 P.M. in Steuben's Restaurant.

The new officers are Robert B. Rumsey, president, S. Joseph Tankoos, vice-president, and Robert S. Reebie, secretary-treasurer. These men will take over their duties immediately as there are no present Beaver Club officers in the Junior class.

The new members which were chosen are Walter A. Boyd, Jr., Calvin B. Dunwoody, Douglas G. Fenton, Warren E. Foster, T. Kemp Maples, H. Richard O'Hara, Harry Ottinger, Bert C. Saer, Robert S. Schaeffer and Walter G. Sutton, Jr.

Jennings Will Address A.C.S. On Wednesday

Professor Walter L. Jennings, former head of the Department of Chemistry at the Worcester Polytechnic Institute is to describe "Heroes of Chemistry" before the M.I.T. Chemical Society tomorrow evening, Wednesday, October 22, at 8:00 P.M. in Room 2-390.

The first meeting of the society for the year, this lecture will be open to all who wish to attend. Refreshments are to be served.

15 Per Cent Increase Over Last Year's Figure Is Shown By List On Page 4

The two hundred forty-six new men who have been chosen by the Technology fraternity chapters to join them for the rest of their college career were announced last night. These men have been selected and pledged officially by the various houses listed.

This year's total of 246 represents an increase of about fifteen per cent over the number of men pledged by the fraternities at this time last year. Mostly men of the Class of 1945, the group contains nineteen upperclassmen, including several transfer students. The freshmen were pledged during rush week or the month following.

Greatest Increase

Of the various houses Phi Sigma Kappa shows the greatest increase in number of men pledged over last year's total. It lists seven more men than previously. In contrast to this, Theta Delta Chi has pledged only one half as many men as it did last year.

Because of its great interest in Institute students the complete list of the new fraternity men is given on page four of this issue.

Prof. Homerberg Will Speak Soon

Mining And Metallurgy Society To Hear Nitralloy Discussed

Professor Victor O. Homerberg of the Metallurgy department has been announced as the principal speaker at a meeting of the M.I.T. Mining and Metallurgical Society to be held in Room 6-120, Eastman Hall, on Wednesday, October 23, at 5:00 P.M.

Professor Homerberg will speak on "Nitralloy In Defense," describing the properties and uses of this valuable alloy in the present national emergency. As Technical Director of the Nitralloy Corporation he has had much experience with the production of this product.

The meeting has been planned as a smoker to acquaint the freshmen with the organization of the Mining and Metallurgical Society and all interested are invited. In addition, because of the technical interest of the subject, men from the mechanical courses, II, III and XII are also invited. Refreshments will be served after the main part of the meeting.

Seats on Sale For Navy Game

The T.C.A. ticket office, which sold 109 dollars worth of seats for the Harvard versus Dartmouth game, now has tickets available for the Harvard-Navy duel. On hand are seats in section 53 on the Navy side at \$1.65, and on the Harvard side: 15 yard line for \$3.30 apiece.

The office will be selling these seats until 12:15 on Saturday morning before the game. Boston College versus Georgetown game tickets are to be sold there until 12:15 on Friday morning. These tickets are for Saturday's game at Fenway Park, and can be had on the 20 yard line for \$2.20 each. Unreserved seats for the game cost \$1.10 and are in the bleachers.

hotel in Canada where they had an engagement. He toured the country with mediocre

success for a number of years and hit New York City just before the Big Crash. As mutual insurance for members of the band, Casa Loma was chartered as a corporation at that time with Glen as president and all the band holding equal shares.

At Glen Island

Casa Loma again took to wandering around the country on one night stands and limited engagements until it finally hit Glen Island Casino and the big time. Since then it has been on the top, having made one movie, "Time Out For Rhythm," played in all the topflight ballrooms and hotels, and at most big colleges, including Technology where it made the Junior Prom two years ago.

If, and, when the corporation is ever dissolved, Glen plans to settle down with his wife and two-year-old son in Plymouth, Mass., and devote his time to hunting and gun collecting. The rest of the band will probably settle down for a good long sleep.

OPEN LETTER TO THE M.I.T.A.A.

After much attention and ballyhoo last year, the question about having a varsity football team for Technology seems to have been shelved indefinitely. However, it is now well into the second year since the matter was first brought forward, and it is not illogical that the situation should be reviewed at this time to ascertain what further action, if any, should be taken by the athletic association.

Besides the freshman and Sophomore Field Day football teams, football interest is at present centered in a "no-varsity" team consisting of Juniors and Seniors only. This squad has not received official varsity recognition by the Advisory Council, although such equipment as it receives is furnished through funds allotted by the Athletic Association. Neither is there a hired staff of trained coaches to drill the members of the team on football fundamentals. Were it not for the unselfishness and perseverance of Sergeant Hunt and Lieutenant Fike, who have given freely of their time, there would be no team at all. Although one must comply with all the Institute rules regarding sports competition in order to be a squad member, no one receives any letters for his services on the field. Everyone in uniform is out there merely because he enjoys playing football.

Up to the present time the Junior-Senior team, recently christened the "Novars," has had no long string of victories to highlight its gridiron record. Instead it has experienced only mediocre success against teams representing the freshmen and jayvees of other schools. However, the team has suffered no annihilating defeats, and in some cases victory was snatched from its hands only because of inexperience on the field. For instance, although defeated last Saturday by a score of 12 to 7 by an admittedly poor team, the Tech boys were practically knocking on the enemy's goal posts three different times only to be severely penalized because somebody forgot he was in a game where there were referees.

Considering the situation fairly and as a whole, it seems to us that the present Junior-Senior arrangement for a no-varsity football team has met with only a fair amount of success. It is well known that there are eligible students better qualified to play football than those who are now out for the team. There is no knowing what other material is available from among the men who have not shown themselves upon the M.I.T. gridiron. Individual morale on the team is fairly high; a man comes to practice when he pleases, works with as much effort as he is in the

mood to put out, and in general has himself a good time.

Team morale, on the other hand, is practically a negative quantity; true, there is some talk, but the old pepper is lacking. What every member of the squad needs is one common spirit to bind them together. Other colleges furnish that spirit by instilling a love for the alma mater and a desire to fight for its glorification. But do you think that emotion can be aroused in a team treated as a castoff and the ugly duckling of the school athletics?

The football training schedule is also something from another world. Usually a football player has regular sleeping, eating, and practicing habits, but the Tech man's idea of training is no cigarettes the day before a game, with a heavy date before and after. Evidently what our gridsters need to make them a success is something more than the love of the game itself.

And the M.I.T.A.A. is in a position to provide that "something more!"

In our opinion the football team will never be a winning success until the sport is recognized as a major one, governed and treated as any other varsity sport with letters awarded to the participants, with a paid qualified coaching staff, with equipment on par with that of other colleges, and consisting of members of the three upper classes.

We are not agitating for a big-time football team to compete with Dartmouth, Yale, and the like, but rather for a team which can bat in the same league with Bates, Colby, Brown, etc. Our track and basketball teams, under such major sport recognition, have competed with the colleges mentioned in the latter bracket with a high percentage of wins. Moreover, under the improvements in training and coaching instituted by its new coach, the M.I.T. crew has leaped into comparative big-time fame. If such successes can be gained by our track and crew, is there any reason why, under similar conditions, we cannot do the same on the gridiron?

Other engineering schools of high reputation, such as Carnegie Tech and Rensselaer, manage to produce football teams having decent records; are we so stagnated that we cannot prove their equal?

The M.I.T.A.A. meets a week from today. If anything is to be done seriously about this matter, the time to start is NOW!!! Let's see definite steps taken to put football in its proper place among Institute sports.

THE READER SPEAKS

Editor, The Tech,
 Dear Sir:

The 1942 TECHNIQUE management wishes to take this opportunity to set the Senior Class of M.I.T. straight on the matter of TECHNIQUE and Placement pictures. The situation as we see it is thus:

A great number of those seniors who had their pictures taken last spring have not as yet received their proofs, while others who have received their proofs have not received their placement pictures. The other Seniors who did not have their pictures taken last spring are now worrying about getting placement pictures as soon as possible.

To the Seniors who had their pictures taken but have not received their proofs: we offer our sincerest apologies, but according to our photographer, every one who had his picture taken last spring should have received his proofs during the summer at his home address, unless the proofs were of such poor quality that the photographer deemed it advisable to retake the picture. If a senior did not leave his home address with the photographer, or if the proofs were returned to the photographer unclaimed, then those proofs are in the hands of the photographer at the present time. In order to facilitate speedy procurement of proofs we request that any senior who has had his picture taken but who has not received his proofs write AT ONCE to Mr. Harry Gomberg, Zamsky Studios, Yale Record Building, 254 York Street, New Haven, Conn.

To those seniors who have returned their proofs but who have not as yet received their placement pictures, we request that you call at the TECHNIQUE Office any weekday afternoon between 2 and 6.

A great number of placement pictures are in the TECHNIQUE Office at the present time.

To those seniors who have not had their pictures taken as yet, as well as to those who plan to have their pictures retaken: we request that you see the young lady who is in the lobby of Building 10.

We sincerely thank the Class of 1942 for its co-operation and we hope that all will be able to obtain placement pictures in the near future.

J. HENRY HENDERSON, JR.
 General Manager,
 THE 1942 TECHNIQUE

For Boys To Play

by Stewart Rowe and Joseph Tankoos

Our rejoicing last week over the beginning of the social season seems not to have proven unfounded. Even the city spots are looking better.

First, the fraternity functions: the Beta Barn Dance and the SAE Sailor Dance, annual affairs of great renown, are coming off on Friday night. Delightful decorations characterize the Beacon Street brawl and the usual tons of hay will be strewed around in judicious amounts at the barn in Brookline. Need we say more?

The Bermuda Terrace, usually the perennial haunt of Ella Fitzgerald, and our idea of a good place to waste an otherwise good evening, will have Raymond Scott and his orchestra beginning Friday evening. Perhaps it is too much to hope, but Scott's danceable novelty band may make the place worth going to.

The Hotel Somerset's Balinese Room is again purveying, in its quiet, refined manner, good music, good food, and pleasant entertainment. Marshard's music is comfortable, pleasant, sweet stuff, and we hear there is floor entertainment in the manner of the Rainbow Room. We recommend it, but not too often.

For addicts of the Thespian art, the stage in Boston is offering fare this month to keep everyone's bankroll thin. The Messrs. Shubert, who seem to run everything theatrical around here, are presenting (a) a season of Gilbert and Sullivan productions at not-too-popular prices, starting next

Monday, October 27, with The Mikado at the Majestic Theater; and (b) Rita Rita, revived at the Opera House with Nancy McCord, who makes the show worth seeing.

After a very hectic week-end, made particularly so by the tremendous roller-skating party of the Delt's out Dorchester way, we went rdding in the sun over the cool Wellesley countryside and discovered what we'd been hoping to find for the past few years—namely a feeding place convenient to Wellesley town and not on the order of Howard Johnson's and the other stereotyped spots which line the Worcester Pike.

In North Natick at the intersection of the Pike and Route 27 is Ray's Barn—a place which we enthusiastically recommend (a) for food and (b) for general conviviality purposes.

Started in 1927 as simply a dining car, it has grown a barn about itself so that it is now quite sizeable. Filled with all sorts of quaint Americana such as World Champion boxing gloves and shoes from Man o'War, the interior decorations are varied, curious, and interesting.

The presence of a "juke box," big tables, and small booths also go quite a ways toward making the Barn worth seeing.

As for the food, for those who tire of these dingle-sided hamburgers and ham-sandwiches, which appear so frequently in "hamburger joints," we suggest you try the Barn's "Over-stuffed Hamburger."

Compton Greets New Faculty Men

The new members of the Faculty were introduced at a reception given by Dr. Compton and Mrs. Compton at the president's house in Charles River Road last Saturday night. About 600 Faculty members and their wives attended this reception.

Because of the unusual demands of the defense work at the Institute, and the time and energy spent on them by the faculty members, unusually large additions to the faculty had to be made this year in order to maintain an efficient instructing staff.

In the receiving line with Dr. and Mrs. Compton were Colonel and Mrs. Edward W. Putney, Dr. and Mrs. Francis O. Schmitt, Dr. Richard S. Bear, Dr. and Mrs. Paul Rigors, Dr. and Mrs. Bernard Haurwitz, Dr. and Mrs. David S. Waugh, Mr. and Mrs. Cecil E. Hall, and Dr. John J. Gibbons.

Field Day Dance

(Continued from Page 1)

number of tickets sold, the dance committee suggests that options be bought as soon as possible. The cost of the option is \$2.00 and the redemption fee \$3.00, not \$2.50 and \$2.50 respectively, as previously stated. Redemptions must be made on Tuesday or Wednesday, October 28, and October 29.

Novars Drop Opener To Lowell Textile Because Of Penalty

M.I.T. Holds Lead Until Final Quarter On First Down Score Made By Monk Bunn

The Tech Novars lost to the Lowell Textile varsity literally by a penalty, last Saturday, 12-7, in their first game of the season. The would-be winning touchdown was made by Charlie Coles on a pass from Bob McBride, in the second period. However, the play was called back because of an offside.

After a scoreless first quarter, the Tech team jumped into the lead as a result of a 32-yard touchdown run by Danwoody on an intercepted pass. "Monk" Bunn, whom the Herald called the best man on the field, ran around end for the extra point.

Textile Scores Two

In the third period, Textile came back with a score by Broderick on a pass from Moore. Lowell was unsuccessful in their attempted kick for the point.

In the final quarter, Ralph Leader's defense playing twice prevented Lowell from scoring, but the Textile men persisted, until Broderick again crossed the goal line in the last three minutes of the game.

The Novars lost a total of 95 yards because of penalties, as against the 35 yards which the referee paced off against Lowell.

- Lineup:
- Textile**
- L.e., Amerio, Dulligan; l.t., Whiting, O'Donnell; l.g., Cardeau; c., Rozanski; r.g., Morton, Murphy; r.t., Broderick, Walker; r.e., Mckniff, Galligan; q.b., Johnson; l.h.b., Moore; r.h.b., Fiory, Kaplan; f.b., Rowen.

- M.I.T.**
- L.e., Evans, Swope; l.t., Badowski; l.g., Givens, Seeley; c., Foote, Eisenberg; r.g., Arniz, Feingold; r.t., Fleming; r.e., Dunwoody, Saer; q.b., Leader, Coles; l.h.b., Bunn, Horton; r.h.b., Crosby, Turner; f.b., McBride, Henning.

Touchdowns — Broderick, Moore, Dunwoody. Point after touchdown—Bunn (rush).
Officials: Referee, Jordan. Umpire, Carter. Linesman, McGuane. Time—15 min. periods.

Frosh Footballers Lose First, 14-0

Huntington Scores Twice In First Half In Air And On Ground

Outclassed in their initial game of the year the Technology freshmen football team lost to a superior Huntington Preparatory School squad last Saturday afternoon by a 14 to 0 shutout.

Huntington scored its two touchdowns in the first half of the encounter which consisted of four 12-minute periods. The first touchdown was made by a pass from Bryce to Johnson and the second by Cervone, who crossed the zero marker in an off-tackle rush.

Lineup Includes Reserves

The Technology lineup included left ends Stromstead and Burke, Fergez and Fisher at left tackle; left guard, Onardo; Willard at center, replaced by Sixsmith; Pope, Sunbirch as right guards; Phillips and Bender, right tackles; and Sykes at right end.

The backfield consisted of O'Leary, right half; Hiatt and Simpson at the left halfback post; Sherman as quarterback, and Moreland at fullback.

Dartmouth Downs Sailors, Captures Jack Wood Trophy

Beavers Drop First Quadrangular Meet In Four Years

The Technology yachtsmen lost their first quadrangular regatta since 1937 on Sunday when the Dartmouth Indians captured the Jack Wood Trophy. This ended a series of seven straight victories for the engineers who after dropping the first regatta to Harvard in 1936, had been undefeated.

The Dartmouth sailors held a slight edge throughout the meet. Tech rallied after a slow start to threaten the Indians who took the last race to clinch the contest. The final score read Dartmouth 160½, M.I.T. 148½, Brown 134, Harvard 101.

Competition Keen

The meet which was the ninth annual sailing of the Quadrangular regatta was in the Community Sailing Association dinghies under the colors of the Harvard Yacht Club. A westerly wind in the basin made rather poor sailing conditions but the competition was keen between the leaders all day.

Warner Crowley of Dartmouth led the individual scoring with 77 points but was followed closely by Tech's Tom Crowley with 68. Dartmouth and Tech each won three races while Brown scored a lone victory in the second. In winning this contest Dartmouth added the Jack Wood trophy to their collection of I.C.Y.R.A. trophies which includes the McMillan Cup and Coast Guard Alumni Bowl.

First Schell Regatta

On Sunday, October 25, the M.I.T. Nautical Association will sponsor the first annual Erwin H. Schell Trophy Open Intercollegiate Dinghy Regatta. The meet will be held at the Nautical Association's Sailing Pavilion on Memorial Drive.

Sunday's contest did not change the Vose cup standings appreciably since Jerry Coe and Tom Crowley still hold first and second places while third is shared by Hans Aschaffenburg and Harold Boericke.

Rally Starts Year For Pistol Team

Thirty-five men were present at the smoker of the Pistol Team held last night. Of these only eight were freshmen, although the opinion was expressed that a turnout of around fifteen had been hoped for.

Malcolm Walker, '43, manager of the team, announced the schedule for the year, which included tentative trips to Annapolis and West Point. He also stated that tryouts for freshmen will be held this Wednesday from 9:00 A.M. to 12:00 Noon, and Thursday from 1:00 P.M. to 8:00 P.M. Free ammunition will be provided for the next two weeks.

John H. Cantlin, '42, captain of the team then welcomed the freshmen, and Captain Arthur D. Caswell of the Military Science department spoke on the history of the pistol. Sergeant Samuel L. Frey concluded the meeting by listing the rules of the range to be enforced during the coming season.

Coach Lutz Sees Very Good Season For Wrestlers

"Prospects for the coming season are exceptionally good," according to John Lutz, new coach of the Beaver wrestling squad. "With all of last year's varsity and most of the undefeated freshmen team returning, we look for one of the best wrestling teams in recent years," he said.

In preparation for the campaign which starts early in December, Coach Lutz is holding workouts for all interested frosh and upperclassmen every Monday, Tuesday, and Friday at 4:30 P.M. in the Hangar Gym.

Invitation Extended

He invites all interested students to report on these evenings even though they do not intend to come out for the team. As much time as possible will be devoted to anyone wishing instruction.

Lutz, who competed in the 175-pound division for the University of Pennsylvania, succeeds Joe Rivers as wrestling mentor.

First Victory In 3 Years Goes To Soccer Team

The Technology booters scored their first intercollegiate victory in three years against a strong Trinity aggregation on Saturday by a 1-0 score. Tom Momose made the lone tally in the second period when the strong wind which prevailed all afternoon was in Tech's favor. In the fourth period the engineers were deep in Trinity territory much of the time but were unable to score.

On Saturday the team will journey to New London where they will encounter a well balanced Coast Guard Academy outfit. With three wins to their credit and a single loss received at the hands of Brown the team expects to triumph only after a hard fight. A total of sixteen men will make the trip including the starting lineup of Fenman, Lavallo, Richardson, Carpenter, Peterson, Szemere, Capt. Fay and Grant, who performed against Trinity.

Hockey Rally Is Scheduled For 5 P.M. Today

The year's first hockey rally will be held at 5:00 P.M. today in Tyler Lounge.

Candidates for both varsity and freshman teams are encouraged to come out for the rally to hear what coaches George Owen and Al LeCroix have to say about the season's activities.

Inexperienced men, as well as those who have played before, are also invited, as a good turnout will undoubtedly be a benefit to the coaches.

It's True!

CLOTHES MADE TO YOUR MEASURE

At Our Regular \$38.50 Price

If you are hard to fit (or think you are); if you have some pet ideas of your own about clothes, our Individual Cutting Section will gladly tailor Suits, Outercoats or Formal Wear to your individual measure at no extra cost whatsoever. Just a part of Roger Kent service!

Soph Swimming Team Still Badly Undermanned

Coach John J. Jarosh last night issued a last minute call for more Sophomores to come out for the Field Day swimming team.

According to Jarosh, the Sophs are showing lack of interest in the event, with few of last year's frosh team out this year, and with a strong frosh squad out, "the Class of '44 can almost plan on losing this event unless a complete revival of interest is at once evident."

Harriers Top State, 24-31, For Second Win

Cross-Country Men Continue Undefeated At Boston, Saturday

Chalking up their second victory in as many starts, the varsity harriers sped by the Mass. State team to win 24-31 at Franklin Park last Saturday.

Although Bradford Greene of the visitors edged out the Beavers to take first place, Heinie Shaw, Ken Joseph, and Mal McGregor closed in for second, third, and fourth places respectively.

Gow, Miller Place

Granting intermediate places to the State team, Art Gow and Bob Miller finished sixth and ninth respectively, thereby raising the Tech score to 24. The score is the sum of the numbers of the places earned by the first five men of each team. The team with the lowest score wins.

Of the twenty men competing in the long distance run, the remaining part of the Tech team consisted of: Ralph Kelly, Bob Cummings, Gene Brady, Bill Cochran, George Ziegler, Sten Hammarstrom and Dan Schaeffer.

Frosh, Sophs Try For Relay

Coach Oscar Hedlund is taking time trials for the Field Day relay teams of both the lower classes today on Briggs Field. These preliminary tests were begun yesterday and may be concluded today.

Special notice, says Oscar, should be taken of the fact that one second after 12:00 noon on Thursday, Oct. 23, is exactly one second too late to substitute track for physical training.

Touch Gridders Play 11 Games

Forfeits Eliminate Walcott, Delta Psi, Theta Delta Chi

Eleven games were played, three cancelled, and three forfeited in the first round of the Beaver Key annual touch football tournament which got under way on Briggs field last Sunday. Chi Phi and Theta Chi each won their first games by forfeit and went on to play each other in the second round. Chi Phi came out on top by a score of 18-0.

Alpha Tau Omega beat Theta Xi 18-6, Delta Kappa Epsilon downed Sigma Nu 13-7, Delta Tau Delta nosed out Sigma Chi 7-6 and Delta Upsilon scored a 26-point shutout over Bemis. Lambda Chi Alpha scored a 7-0 win over Pi Lambda Phi, and the Computers took the extra point to top Phi Sigma Kappa 7-6. Phi Delta Theta failed to score on the Senior A team and lost 8-0. The Senior B team, however, was shut out by Phi Gamma Delta who scored 6 points.

Betas Tie Munroe

Beta Theta Pi and Munroe held each other to a 0-0 tie, as did Kappa Sigma and Sigma Alpha Mu, and Phi Kappa and Senior C. Theta Delta Chi forfeited to Chi Phi and Walcott to Theta Chi, while Delta Psi forfeited to Hayden. The Wood-Sigma Alpha Epsilon game, the Goodale-Phi Beta Epsilon game, and the Phi Mu Delta-Student House game were cancelled and will be played at a later date.

Theta Delta Chi, Walcott, and Delta Psi have already been eliminated, George C. Marakas, chairman of the tourney, said, because they failed to show up. All other teams must lose two games before they are retired.

WRIGLEY'S SPEARMINT CHEWING GUM

Have fun—be friendly

Treat yourself and others to fresh-tasting Wrigley's Spearmint Gum

The Flavor Lasts

LIST OF 1941 FRATERNITY PLEDGES

The following are the names of this year's pledges as submitted to The Tech by the fraternities.

ALPHA TAU OMEGA

- Robert E. Benedict, '44
- William H. Bertolet, III, '45
- Carroll W. Boyce, '45
- Corwin H. Brumley, '45
- John E. Fries, Jr., '45
- Richard B. Gore, '45
- Richard H. Hinchcliff, '45
- John H. Kellogg, Jr., '45
- Joseph T. Lester, Jr., '45
- Robert H. Millett, '45
- Henry B. Moore, '45
- William A. Reinhardt, '45
- Jacques B. Skinner, '45

BETA THETA PI

- Charles E. Arnold, '45
- William H. Brett, '45
- Robert F. Danner, '45
- William R. McEwen, Jr., '45
- Thomas M. McEvoy, '45
- Warren Murdock, Jr., '45
- Edmund W. Peakes, '45
- John Upton, Jr., '44

*Editors Note: — Obviously not fraternity pledges.

You'll enjoy seeing
MARJORIE WOODWORTH
in the current Hal Roach hit
"ALL-AMERICAN CO-ED"
released through United Artists.

You'll enjoy Chesterfields, the
All-American pleasure smoke
with the definitely Milder
Cooler Better Taste

If...like the
All-American Girl...
you want a cigarette
that's **MILDER**

It's Chesterfield

Try a couple of packs. We feel sure
you'll be coming back for more... because
Chesterfield's right combination of the
world's leading cigarette tobaccos makes
them so much Milder, Cooler and Better-
Tasting that more smokers are turning to
them every day.

EVERYWHERE
YOU GO

Yes, the approval of smokers is the big thing that's
pushing Chesterfield ahead all over the country.
