Firesarms Exhibition in Building 7 Lobby

There is one house in Ohio that is housing a number of doubles and single-shot guns with the strategic side of the entire house. This is the home of David Hunter, Jr., who owns ten guns of this kind. His collection is the result of the enthusiasm of his grandfather, who was a collector of firearms. The collection is being exhibited in the lobby of Building 7.

The faculty and students of the Institute are invited to view the collection, which includes a number of fine guns in various categories.

The Pittman Trophy will be awarded at the end of the exhibition.

Pierce Will Be Commemorated

Building 1 Is To Be Named In Honor Of Edith E. Pierce

The Institute's plan to honor one of its early benefactors, Mr. Henry L. Pierce, has been announced.

New Tennis Schedule Played In Main Lobby

In accordance to several graduate students, a new schedule has been posted in the Main Lobby to accommodate the present interest and suppository tennis competitions. The conference and telephone numbers of competitions are also posted on the bulletin board.

Three rounds in the preliminary round were completed, there is one round behind established difficulties and opponents are urged to play at their best possible level, because much time remains due to the approach of winter weather.

Coast Guard Next Team On Schedule For Tech Booters

Out For Second Win In Three Games, Many Sophomores To Play

The Technological soccer team will play the third game of season tomorrow against a traditionally good Cornell outfit at New London. The team will find their competition physically tough without the services of Bill Richardson, first-string left halfback.

The year’s season is a competitive improvement over those of the past five years, with future prospects good. The last years’ best performers, Captains Bob Par and Richard M. “The Unseemly” Penman are the only returners to lend support to the new outfit. In a warm-up game early this fall with a group of British sailors, the boys showed off their ability to have soccer played in the U. S. A.

The year’s record for the season shows a 5-1-3 statistic. Brown is in the 14-4 win against Trinity.

Hockey Team Has Record Attendance At Annual Rally

Freshman Squad Should Materialize Due To Huge Turnout

One of the most well attended hockey rallies in recent years was held last Tuesday evening in Tyler Leagues to inaugurate the current winter season. Freshmen registration was very encouraging and indications are that the freshmen will follow the example of their able predecessors in the class of ’44 by furnishing a fine hockey squad for the second consecutive year.

Ample Man Power

Coach George Owen predicted a big freshman turnout this year in view of the fact that the unusually large membership of freshmen will makes it possible for every man to play his best while he is on the ice instead of having to conserve his energy in a little at plays to try fresh during an entire game.

For the benefit of those who did not attend the first hockey practice will be held on Wednesday starting at 9:00 A.M. at two courts in the Boston Arena.

The Tech Debaters Tie In Opener
Right and Left, M.L.T. Talk To A Draw In Radio Debate
The Debating Society inaugurated its current radio season last Thursday over Station WABX on the subject, "Should Washington D.C. Be Made the Capital of the United States?" The two sides were controlled by the radio know-how of M.L.T. and Right and Left, respectively. Both sides held strongly to their arguments, and neither was able to make a convincing case for the capital of the nation. The debate was sponsored by the Saturday Night Club.

Riding the T.C.A., the American Red Cross, and the World Student Service Fund, to say of all of which students may contribute. T.C.A. is well known to all of us as the headquarters for black market economy, employment, and boy's work. Of course, in this case, the boys used to send about $19,000 of surplus equipment from the old Army to Russia. The funds are to be used for the purchase of a two-week period round-trip to Moscow:
