Seven Groups To Participate in All Tech Sing, Option Sales
For Senior Week Start Soon

42 Men To Make Four Dollar Down Payments
On December 1

Options for Senior Week, the climax of four years of undergraduate work for the class of ’42, will be made available to Seniors for the first time ever during December 1, from 9 to 4 P.M. for the Main Lobby of Building Ten. The price of the options has been set at $3.95 per day in accordance with National Defense measures and a budget made up of the total cost to date.

Some time next May, it was announced, the options are to be re-offered to the Class of ’43. This un送料 version is due to the small portion of the various states to which the Senate Week can be arranged but before a final decision can be made.

"Youre Urged Early Purchases
"Buy at this time," said Sheppard Zamsky, Senior Week Committee Chairman, "for the best Senior Week can be arranged this year, as the Class of ’42 is expected to be very large and every year Seniors can make their own Senior Week planning worthwhile.

For Senior Week, there will be a special exhibition of microfilm equipment in the Central Library beginning Friday, November 28, to 9:30 P.M. all fraternities and Dormitories may enter the competition. Each exhibit will be judged by the Glee Club. Judging begins. Mr. and Mrs. William H. Jackson, and Mr. Ohio Director of freshman groups, will decide which the winners of the competition will be.

The only opportunity will be on November 25, 1941.

Frankly it is terrible

The manners and dress of the Technology student body are deplorable. Attempts have been made to build up school spirit and activity interest among a greater number of the students but the old excuse that there is so little interest has been made. Let us have the privilege to sacrifice a neat appearance in our clothes, but the student should have enough pride to wear what is neat and clean.

Last Sunday, in the only Bran-
ford Key South football game to
be played, the Delta Tau Delta's
beat the Phi Mu Delta's by the
score of 12-0. These two fraternities
played in spite of the rain which
accelerated the postponement of
the balance of the scheduled
games. Sunday's defeat eliminated
the Phi Mu Delta's from the tourna-
ment leaving ten teams in the
competition for the title. Of those,
two only, Phi Gamma Delta and Sigma Alpha Epsilon are un-
defeated.

Senior Week Options

Since only one option slot is planned, three series of options to pick from will be available as the price must rise at least by $1.00 above another is necessary. Purchasing tickets for the individual events will entail an expenditure of at least $1.00 plus $1.00 in taxes or a total of $2.00. This amount is subject to a double taxation because effective.

Microfilm Exhibition

Three new low-priced microfilm projectors will be shown in the exhibit. First, that designed by Prof. N. H. Bennett and made by the Spencor Lea Company of Cambridge. The second model is a new one developed by Graphic Microfilm of Watam. There will be on display new models of RECORD equipment, including the microfilm camera, Model R.

Foreign Students

Of the 50 foreign countries designated by the Educational students as their homes, 15 countries are officially at war, and it has left their independence and are suffering occupation by foreign troops. When similar statistics were compiled a year ago only 6 countries had disappeared. At present at least from Belgium, Netherlands, France, Greece, Thailand, Holland, Norway, Romania and Yugoslavia have had freedom and independence in their home countries.

Political and military upheavals throughout the last generation have created some unusual parameters. One student's engineer has a heavy claim for complete internationalism. The student in question has the remarkable record of having arrived in the United States as a Bombay born in Germany, and now has taken United States citizenship. He is still trying to classify this citizen of the world.
