

SCORING REVISED FOR REGATTA

CLASS OF '42's SENIOR WEEK OPENS WITH STAG BANQUET; COMMENCEMENT MONDAY

Stag Banquet Was Held Last Night; Dance Is Tonight

Last night the Seniors started celebrating. What they will make of their Senior Week is unknown, but four years of Technology calls for a first-class celebration.

Last night, at the Hotel Vendome, the Seniors gathered for the Senior Stag Banquet, which is really just a friendly get-together, unbounded by hours. At the banquet Colonel Edward W. Putney spoke, while many of the Institute's officers and professors attended.

Tonight the Seniors will attend the Country Club Dance to be held at the Commonwealth Country Club in Newton. The traditional night at Pops will be missed by many, but Senior Week's first date will fill a void in the Seniors' lives.

Class Day Exercises do not occur till 2:15 in the afternoon, followed at 4:00 P.M. by the Tea Dance in Morss Hall. There are no plans for that evening.

On Sunday afternoon, the Baccalaureate Service will be given, followed Monday morning by the graduation of the Senior Class at exercises to be held in Symphony Hall, Boston.

Climaxing the four day affair, and four years of hard labor, will be the Senior Dinner and Ball to be held in the Hotel Statler's ample Imperial Ballroom, where Bob Chester will play from 10 until 3.

Bendt, Musgrave Get Debate Keys

Varsity Awards Given By Debating Society To Successful Men

Phillip J. Bendt, '42, and George M. Musgrave, '43, were awarded varsity debate keys last Saturday for winning four or more varsity debates in the period of one year. Both Bendt and Musgrave won five varsity debates.

This is the first year that the award has been given, but the prize has been instituted as a permanent feature with the Debating Society. Several other students have won three varsity debates and may qualify for the keys before the present year is over. These men are Raymond M. Redheffer, '43, John L. Hummer, '43, Bruce A. Lamberton, '45, George M. Keller, Jr., '45, and John W. Colton, '45.

Each individual may begin counting his wins at any date he chooses, the only provision being that the four wins must occur inside of one calendar year.

Graduation Tickets Offered To Candidates

Professor Ralph G. Hudson, Chairman of Committee on Commencement, has announced that all candidates for advanced degrees are cordially invited to attend the Baccalaureate Service for the Class of 1942, on April 26, 1942, and the Graduation Exercises on April 27, 1942. Each candidate may obtain two tickets for each event at the Information Office, Rogers Building, until the limited supply is exhausted.

SENIOR CLASS STAG BANQUET

Seated at the head table at last night's Stag Banquet are: Dean Harold E. Lobdell, S. Young Tyree, '42, Colonel Edward W. Putney, Jerome T. Coe, '42, President Karl T. Compton and Maurice E. Taylor, '42.

T.C.A. Announces Sherman As Head Of Committee

Course Counselling For Freshman Class Enters Its Sixth Year

The Advisory Board of the T.C.A. has announced that Mr. Robert M. Sherman, Jr., an instructor in the department of Chemistry, has been appointed chairman of the T.C.A. sponsored Course Counselling Committee, which is about to start its sixth year of advising freshmen.

Next week folders, each containing a letter explaining the functions of the Committee, a pamphlet recently published by the Institute entitled "Educational Opportunities," and the schedule of departmental receptions, are to be sent to every freshman. The pamphlet gives a clear picture of the opportunities offered by each of the courses at the Institute.

The receptions will be held on four days: Tuesday, May 5; Thursday, May 7; Tuesday, May 12; and Thursday, May 14. Shortly before the meetings notices will be sent to the freshmen as a reminder of the meeting for the course in which they have temporarily registered.

Summer Session Issues Planned By The Tech

The Tech will publish two issues during this summer; one at the end of the first session, on July 21, and the other at the end of the second session, on September 9.

These issues will review all the events which take place during each session and will contain all the news pertinent to Technology life. They will be distributed to the regular subscribers of The Tech as of May 1 who are at the Institute at the time of publication, and to the other regular subscribers of the paper as of May 1 who desire the issues.

Homeland's Position Explained By Soli Dubash, Indian Student

Ed. Note: The views expressed in this article are those of the author, Soli D. Dubash, 44, and his Indian friends, and do not represent The Tech.

Recently the British announced to the world that they had sent Sir Stafford Cripps to India to confer with the Indian leaders on dominion status after the present war.

Limited Entries In 150 Varsity Causes Change; Five Crews Prepare For Saturday's Competition

The sixth rowing of the Rowe regatta starting at 4:00 P.M., Saturday, April 25, on the Charles River and named in honor of the late Allan Winter Rowe, a famous sportsman and secretary of Technology's Athletic Council, will have many deviations from past races. This year the field has been enlarged to include crews from Cornell, Harvard, Syracuse, Boston University and the Institute.

The trophy will be awarded on the point system to the college accumulating the highest scores in the three main races. As the 150 pound Varsity had a limited entry, only Technology and Harvard, the freshmen Heavies will count in the scoring for the award, in place of the 150 pound varsity.

Solons Approve Important Bills

Frosh Dance Head, I.F.C., Technique Elections Reviewed

Cleaning up a number of questions, concerning for the most part the delegation of Class "A" activities, the Institute Committee approved the following motions last night in a meeting held in Litchfield Lounge. These motions had been made by the Executive Committee at its meeting held Wednesday night.

I. Carroll W. Boyce, '45, was approved as the new chairman of the Freshman Dance Committee. He was chosen to replace Rowland B. Vance, '45, who resigned the position recently.

II. James A. Malloch, Jr., '43, was approved as chairman of the Senior Ring Committee for next year.

III. It was moved, seconded, and tabled, that the following changes be made in the Constitution of the Institute Committee:

1. That any activity desiring Class "A" recognition, having fulfilled the constitutional requirements, must submit its constitution and a written summary of its qualifications for Class "A" recognition to the Institute Committee.

(Continued on Page 4)

The revised schedule, therefore, scores 10, 6, 3, 0 for first, second, third, and fourth places respectively of the Varsity; 8, 5, 2, 0 for the first, second, third, and fourth places respectively of the Junior Varsity, and 6, 4, 1, 0 for first, second, third, and fourth places respectively in the freshman Heavies.

The entries, which now are final, are: 150 pound Varsity: Technology and Harvard; Junior Varsity: Cornell, Harvard, Syracuse, M.I.T.; Varsity: Boston University, Cornell, Harvard, M.I.T., Syracuse; and freshman Heavies: Boston University, Cornell, Harvard, M.I.T.

The members of the crews are as follows:

M.I.T. Crew Boatings

Varsity: bow, James A. Malloch; 2. John F. Lehman; 3. Edmond J. Tyberghain; 4. Marshall McGuire (Capt.); 5. Caleb S. Taft; 6. George S. DeVoe; 7. Langdon S. Flowers; 8. Steven Reller; cox, William M. Laird.

Junior Varsity: bow, Walter W. Turner; 2. James W. Leader; 3. Hans G. Walz; 4. Albert R. Bakker; 5. Russell J. Bowen; 6. Carl R. Soderburg; 7. S. James Spitz; 8.

(Continued on Page 3)

T.C.A. Work Camp Will Begin Today

Many Colleges Send Students To Stoughton

About forty fellows and girls are expected to attend a student work camp beginning today and ending Sunday at Stoughton, Mass. The only cost to those attending is to be transportation to Stoughton, as food will be provided free.

Representatives from Harvard, Technology, Wellesley, Wheaton, and Lasell will join each other in milking cows, painting, chopping wood, and other outdoor activities. A program of recreation has also been planned, and the greater part of this recreation will be in the form of barn dances to be held on Friday and Saturday nights.

Those who cannot attend on Friday because of Saturday classes can come up to the camp later. Details may be obtained from Sid F. Atlas, '43, in the T.C.A. Office, or by calling Longwood 9666.

Sr. Week And Jr. Prom Elections Scheduled

George C. Marakas, '43, chairman of the Elections Committee, announced last night that the Senior Week and Junior Prom Committee elections will be held on Wednesday, May 6, 1942. All candidates may secure nomination blanks from the Information Office. These must be filled in and returned to the Information Office in the Rogers Building by April 30, 1942. Ten men will be chosen for the Senior Week Committee, five men for the Junior Prom Committee.

VARSITY CREW ON THE CHARLES

Coach Moch rehearses M.I.T.'s varsity heavies which will face five crews at tomorrow's meet.

As soon as the papers were out, many students, acquaintances and otherwise, wanted to discuss the "Indian question" with me. When I told them that I would not consider myself an Indian if this offer were accepted, these gentlemen started discussions that often lasted many hours. When I was asked to write an article on India for The Tech, I said that it would be a pleasure to express my opinions once and for all.

First, I would like to relate once more that the promises offered by England in the Cripps mission were almost the same as these she made us in 1916, when India sent 1,500,000 of her men out to die in that war to end all wars. Half-a-million "over there" still, with Turkish and German bullets in them. If she said in '16 that she would give us dominion status after the war and has not done so yet, twenty-four years after the armistice, what guarantee have our Indian leaders that she will give it to us now? Why even a child could get out of the loopholes of the agreement that Cripps proposed.

PENNIES FOR PRODUCTION

"Buy Defense Stamps, Victory Stamps or War Savings Bonds" are indeed familiar slogans to the ears of Technology students. But purchases of stamps by Institute students do not bear out such a view. Recent surveys of sections of the student body show that purchases of victory stamps in the recent past have been disappointing. To say that we students have in general shown a lack of interest in backing our country in one of the most direct ways open to us, is an understatement. It has been sheer complacency and apathy on our part, that we have not put those nickels and dimes in our pockets to work in a cause that is so vitally tied with our own existence as to require no advertisement here.

Many students have put forward the claim that they cannot find the money available to buy stamps. Naturally, without any effort on the part of the students, no stamps will ever be purchased. It is only by planning to make small savings here and there, and instituting our own small scale savings plans, that we will have the money available to invest in stamps and bonds. Surely, there are many ways in which students can effect small regular savings. Many of us can eliminate those extra rich desserts in our meals, and those innumerable superfluous "cokes." We might declare a candy-less or cigarette-less week every now and again. Skipping a movie or a date one week a month, or missing out on that glass of beer won't do us any harm. Perhaps some may prefer to save all pennies and nickels, and deposit them at the end of each day in a good old fashioned piggy-bank.

Lack of student interest and participation in the nationwide drive to sell war savings stamps has in general been a lack of realization of the fact that while the contribution of each individual in stamps cannot in itself directly alter the course of the war, the essential success of the government's voluntary savings campaign depends on the constant effort of every individual. This constant effort can only be achieved by creating the correct attitude toward the whole question, the attitude among the student body that their quarters, their dimes, their nickels and their pennies collectively induce others to save and the contributions of others must be further inducement to themselves to save and save, and continue saving.

MORE CLARIFICATION, PLEASE

Last night at its first meeting, the new Institute Committee was presented with the first of the series of motions required to clarify the various subtle and confusing sections of its Constitution. The particular motion dealt with the problem of the recognition of activities as Class A and settles the how but not the why of this problem.

The need for this motion is particularly urgent at a time when the Debating Society recognition question is coming to a head. If it is passed, a committee will be appointed at the next meeting in two weeks to investigate the present status of the Debating Society and to determine its qualifications for final admittance as a Class A activity.

This committee will be faced with the problem of determining what the qualifications are which render an activity worthy of representation and then finding these qualities in the Debating Society. Actually it should be decided by the Institute Committee as a whole, what the investigating committee should look for before they start out on a wild goose chase.

Much time and a great deal of thought has yet to be spent on the question by the Executive Committee and the Institute Committee before a final worthwhile list of qualifications can be set forth, for it is a sorry state of affairs when the governing body of the Undergraduate Association is uncertain of its own standards of admissions.

Student From India Explains Nation's Stand

(Continued from Page 1)

Furthermore, what did she mean by total cooperation with the Empire's war effort? Already our nation has doubled, and in some cases tripled, its pre-war production volume. It is not that we are unwilling to help, but that Britain's restrictions prohibit an all-out effort. Many of the new industries that have grown up since the beginning of this war are not in British India but in the Native States. And this was not encouraged until after the bad summer of 1940 when England could not supply enough machinery to beat the Axis, when England had to ease up on her foreign holdings, and when England had a severe shortage of skilled manpower.

Indians Volunteering

At present, volunteers are trying to get into the armed services of the Indian Empire at a rate that defies description; not draftees but volunteers. In big cities like Bombay, they are applying at a rate of 5,000 men per day. Many have to be turned away because India's armed services are not capable of fully equipping them. In Central India, big air fields are growing up. An airplane factory was set up in the state of Mysore with technical help from Chrysler, the money being put up by a Bombay millionaire, Mufatalal Gagalbhai. Why didn't he build that factory in British India? Well, they were talking about that for two years, and Gagalbhai and Chrysler grew tired of talk.

Cripps' mission failed because his Promises were along the same line as those made in 1916; promises which were not carried out, hence breeding distrust. India's right to have a spokesman on its own defence was again ignored, and finally this mission failed because independence is now the goal, and not dominion status. India has over a million men fighting on the various fronts and has few soldiers to defend its own land. The Indian leaders think that if they had a voice in the defence of India, such uneven distribution of their own forces would be avoided. England does not agree.

Disunity Charge Is False

England is sidestepping the freedom issue by bringing up the communal question. There is no disunity between the Hindus and the Moslems of India. There has never been. The happiest parts of India are those states where a predominantly Hindu population is under a Moslem ruler and vice versa, for example, Hyderabad State. It is high time that England gave up its old concepts of the white man's burden, and other imperial formulas of dividing and ruling in the best Rudyard Kipling fashion. If she wants to get anywhere with the Indians, she should give up that condescending outlook, for the Indians are certainly not an inferior race.

In spite of all this hitting below the belt, Panditt Jawarlal Nehru said in his radio speech that the Indian nation had no intention of harming or hindering the war efforts of the United Nations. He added that if it became necessary, the Indian Nation would fight on two fronts, meaning that they would fight for their freedom in a bloodless manner, while their soldiers were out chasing the Japs, Germans, Italians, and what have you, into the rat holes from which they have emerged.

These then are denitely not the words or the actions of a nation trying to help the other side. These are the words of an ally who should receive better treatment from her allies, and who should not be lied about to the people of the A.B.C. D. powers.

For Boys To Play

By Gene Schnell

... with best wishes to those students who are sensibly carrying on their Spring vacation your columnist would like to take time here for a bit of talk of a serious note. Rumor has it and it's authentically official, that finals are just about one month away. To all the various and sundry members of Technology's far reaching Entertaining Engineering Course, we would like to post a warning. The future must be reckoned with and there's no two ways about it.

... recalling the vacation send-off the Walker Assemblies gave to many of the students we find most pleasant memories of the formal that worked its way up from waiting tips with the guidance of the Walker Assembly Committee to an excellent dance.

... the fast becoming traditional Phi Gam Cowboy Party is on the agenda this week-end. The big Roundup at 28 the Fenway is scheduled to commence at ten o'clock this Saturday when Hal Reeves will swing out for the Fijis and their guests. Informal in a Wild West motif it seems advisable to come a-totin'. There'll be refreshments for the thirsty Cowboys in from the range who bye the bye had best bring their credentials by which we mean their bids.

... dropping in at The Fensgate the other night we found the new Satire Room a welcome addition to the available nightlife entertainment spots in Boston. Small in size the Satire Room packs in an extraordinary amount of entertainment which runs continuously throughout the evening. The team of Lucille and Eddie Roberts programmed as the "King and Queen of Magic" are indeed the tops in their profession. Outstanding in their repertoire was some mental telepathy or so it appears and they won't tell. Mr. Roberts, who meanders among the guests, points out articles which are correctly named by blindfolded Lucille Roberts without any intervening by-talk. Equally entertaining was Wally Boag whose act revolves about balloons. With several balloons a good wind and two hands Mr. Boag ends up with some very amusing characteratures. Beverly Burke billed as the Continental Chanteuse and Neil Phillips, the Ivory Ruler, complete the excellent floorshow. Last and least, by way of entertainment was Anne Therese White who tries to sing in Dwight Fiske's facial expressions and in doing so puts across "Most Intimate Songs" that are relatively crude. The cover charge of one dollar per person is in effect on Friday and Saturday only. Refreshments are high but the entertainment warrants it. An excellent spot for a sophisticated evening.

She's a good friend of yours

The girl behind "the voice with a smile" is known to everyone. You have learned to count on her when you make a telephone call.

Now meet her sister

—also a Bell System girl. She's your friend, too, although you've never heard her voice. Here she is on the final assembly line at one of Western Electric's great plants. Like the 15,000 other women in the Company, she does her work well. She's proud of the part she plays in making telephone equipment for this Nation . . . and for the armed forces of the United Nations.

Western Electric
 . . . is back of your Bell Telephone service

Crew Members Of Five Teams Are Announced

(Continued from Page 1)

Robert V. Thiede; cox, Frank A. Clauson.

Freshman: bow, Thor K. Stromsted; 2. John L. Hull; 3. James F. Robertson; 4. Douglas D. Russell; 5. James F. Field; 6. William P. Kaib; 7. John F. Burke; 8. Thornton E. Smith; cox, Walter R. Connell.

Varsity 150-lb.: bow, William H. Bryant; 2. James S. McClave; 3. John G. Floden; 4. Robert Nicolait; 5. Robert B. Pietsch; 6. Robert S. Kelse; 7. Robert W. Caldwell; 8. Bedrich V. Hettich; cox, John A. Rockett.

Cornell Crews

Varsity: bow, Hessler; 2. Cumberti; 3. Webster; 4. Parker; 5. Gunlach; 6. Paly; 7. Aldworth; 8. Dickhart; cox, Guterman.

Junior Varsity: bow, Meyer; 2. Kastner; 3. Arnold; 4. Ritter; 5. Purdy; 6. Jenkins; 7. Hobbes; 8. Jones; cox, Jones.

Syracuse Crew Boatings

Varsity: bow, Hughes; 2. Willenberg; 3. Uffelman; 4. Barnes; 5. Okolowicz; 6. Bluhm; 7. Oles; 8. Hurley; cox, McDougall.

Junior Varsity: bow, Lee; 2. McTiernan; 3. Weeks; 4. Gettmen; 5. Franger; 6. Allon; 7. Evans; 8. Sanders; cox, Smith.

Boston University Boatings

Varsity: bow, Hubbard; 2. Colini; 3. Mears; 4. Germain; 5. Hjelm; 6. Thompson; 7. Seret; 8. McRae; cox, McGovern.

Freshman: bow, Shepherd; 2. Davis; 3. Brown; 4. Donlan; 5. Solana; 6. James; 7. Twombly; 8. Healy; cox, Katz.

Schedule

4:45—Freshman heavy race: Harvard, Boston University, M.I.T., Cornell.

5:00 — 150 lb. Varsity; Harvard, M.I.T.

5:15 — Junior Varsity; Cornell, Syracuse, Harvard, M.I.T.

5:30 — Varsity; Cornell, Harvard, Syracuse, Boston University, M.I.T.

Sailors Take Second Place As Yale Wins

Dartmouth Wins Owen Trophy As Tech Again Places Second

During Technology's "spring vacation," a few of the boys who sail the dinghies went places and did things. At the Brown University Yacht Club, in Providence, R. I., last Saturday, at the 7th Spring Invitation Regatta for the Lucien Sharpe Memorial Trophy, M.I.T.'s sailors trailed only Yale University in capturing a 2nd place for the meet that day. Dartmouth, which is understood to have one of the best sailing crews in New England, came in fifth.

The following day, last Sunday, back here on the Charles River, Technology again came in second. Sailing the Community boats, top-notch helmsmanship by Mosbacher and Willcox enabled Dartmouth College to win the second annual George Owen Trophy Eastern Championship Regatta. This race was sailed under the burgee of the Harvard Yacht Club.

Yesterday afternoon, here on the Charles, in the first race, Boston College, by a score of 23-19, overtook the Tech team, which consisted of John Reed, Harold Boericke Jr., and Albert Lau. In another race, Holy Cross outsailed B.U. by a close 21-19.

Next Saturday, the team goes to Brown to place in the Invitation Team Match Regatta, where men's college teams will oppose women's college teams. The Brown Regatta was won by Technology last year, and, according to Jack Wood, Sailing Master, is as fully confident this year. Technology will be represented by Sam Hawkinson, Harold Boericke, and Maurice Evans.

Next Sunday comes the 3rd Greater Boston Intercollegiate Dinghy Championships for Regular and Associate Members at the Northeastern Yacht Club, to be held in the Charles River Basin. The entries will consist of six teams three crews per entry. The

Lacrosse Team Beaten By Yale And Springfield

Running into a two defeat slump after its epic-making victory over Harvard the Tech lacrosse team was defeated by the Springfield giants last Saturday 12-4 and by Yale last Wednesday 10-4. Today a lacrosse team from Tech will meet the Amherst team in a practice game at Amherst. Saturday the Beavers meet Williams at Williams.

In the Yale game Wednesday the teams were tied until the third period. At the end of the first period the score was 1-1, at the end of the second period the score showed 2-2. From then on the game was Yale's, taking four goals to one of Tech's in each of the last two periods to win 10-4.

The Yale ten was led by two all-Americans, Hoagland and Dell, who scored seven goals between them. The score for Technology was compiled by Ralph Leader, (2) Al Heckel, (1) Bill Kennelly (1).

colleges are Boston U., Boston College, Northeastern, Harvard, Tufts, and M.I.T. The contestants will sail in regular M.D.C. boats provided by the Metropolitan District Commission. These are along the order of the regular dinghies, and are open to the public through membership.

Technology, in these coming races, will have a rather severe handicap to overcome. Tom Crowley, Commodore, and Jerry Coe, Vice-commodore, both Seniors, are both graduating altogether too early to allow them to participate in any future meets. According to Jack Wood, they are among the best sailors Technology has had, and yesterday's meet was their last.

Jack Wood also announced that on Saturday, during Class Day exercises for the Class of '42, a new boat will be presented as a gift of the Class of '17, who is enjoying its twenty-fifth reunion. The boat is another of the 110's. Launching ceremony is at 4:15 P.M. Saturday at the Sailing Pavilion.

Tracksters Will Race With Colby Tomorrow In Season's First Meet

Tennis Team To Meet Colby Here Tomorrow

Katz, Spies, Shaw, Lange, Swope, Kaneb, Will Form Lineup

Opening the season for the tennis team is a match to be played here on home grounds with Colby this afternoon at 2:30 at the Jarvis Field Tennis Courts. Although it is the first match of the season, it is the last for the Senior members of the team and for that reason they have been given the opportunity to play in all but one of the singles matches this afternoon. Among them are Maurice Katz, George Spies, Jack Shaw, Bernard Lange, Oliver Swope, and Fred Kaneb. Kaneb, a Junior, is the only exception to the all-senior preference. There will be six singles matches, and three doubles.

Crocker Elected Pistol Team Head

Numerals, Letters Are Awarded At Banquet

Gage Crocker was elected captain of the pistol team for next year at the annual pistol team banquet held a couple of weeks ago in the Graduate House. John Wyman was chosen captain of this year's freshman team. The new manager is Ed Walker.

Ten varsity men received letters and seven freshmen won numerals. In the team competition which had a final shoot off between Dick Russell and Johnny Gunther, Dick Russell won taking first prize, Johnny Gunther copped second place, and George White took third.

In the freshman competition Irving Schwarz took first prize. John Wyman won the plack which goes to the man showing the most improvement during the year. The main speaker was Major Caswell, speaking on the history and future of the pistol team at M.I.T.

Runners Will Try To Repeat Last Year's Win

In their first encounter of the season twenty-six tracksters will vie with Colby tomorrow afternoon at Waterville, Maine, in an attempt to repeat or better their last year's victory of 94 2/3 to 40 1/3.

The lineup given by Coach Oscar Hedlund yesterday afternoon follows: Johnny Adams, high jump; Greg Azarian, pole vault; Johnny Bavicchi, shot put, discus, and hammer; Charley Coles, high jump, broad jump, and javelin; Bob Ford, broad jump and high jump; Bill Hendrich, javelin; Bruce Horst, pole vault; Jack Madwed, discus; George Rosenblatt, broad jump; Dick Van Voorhees, javelin; Dick Wareham, hammer.

In the running events will be: Gene Brady, 880; Norman Beecher, low and high hurdles; Ed Czar, 880; Bob Cummings, 2 mile; Johnny Gardner, 2 mile; Sid Hall, Quarter; Bob Meny, 100 and 220; Bob Miller, 1 and 2 mile; Bert Pritchard, quarter; Larry Stewart, high and low hurdles; Jack Schultz, high and low hurdles; Russ Thompson, 100 and 220; George Ziegler, 880.

Freshman Tracksters To Practice Monday

In spite of the suspension of classes next Monday, Coach Oscar Hedlund will continue track workouts on Briggs Field at 3:00 P.M. This practice will be necessary as the freshmen meet the Tufts freshmen on Wednesday and Moses Brown on Saturday. The next varsity fray is with Bates, Saturday, at M.I.T.

EXAMINATION SCHEDULE

FRIDAY, MAY 22—9 A.M.

1.492	Soil Mechanics	D. W. Taylor
2.212	Adv. Mech. Eng. Prob.	Noderberg

"Hard-to-Get"

FREQUENTLY in experimental and development work, progress is halted for lack of some vital but seldom used part. For such items, try Lafayette. We pride ourselves in maintaining a complete line of small parts of every description, in addition to full stock of the parts and supplies of almost every manufacturer in the field.

TRY LAFAYETTE next time for your "hard-to-get" or standard parts and supplies. They are all in our Catalog. Phone Mr. Andrews at Hubbard 0474.

Freshman Tennis versus Harvard—There.
 9:00 P.M. Commencement Exercises—Symphony Hall.
 10:00 P.M. Senior Dinner and Ball—Hotel Statler.

Solons Approve Important Bills

(Continued from Page 1)

2. That an investigating committee will be appointed by the Institute Committee; this committee will report on the activity at the next regular meeting following that in which the investigating committee was appointed.

3. That the motion for admission will be removed from the table.

Majority Gives Probation

4. That, if a majority of the committee members which are present favor the admission of the activity, the activity will be given probational recognition for one year.

5. That at the end of its year of probation the activity must submit a report covering its activities during the probational year. This report will be checked by a committee appointed by the Institute Committee; this sub-committee will make a report at the meeting following that in which it was appointed.

6. That class "A" recognition will be granted to the activity upon approval of two-thirds of the members present. Failure of two-thirds of the members present to approve Class "A" recognition will automatically classify the activity as a Class "E" organization.

"A" Recognition Withdrawal

7. That in order to withdraw Class "A" recognition from an activity which has such a recognition, for reasons other than financial, the following procedure must be followed on the presentation to the Institute Committee of a motion for the withdrawal of such recognition:

(a) A committee is to be appointed by the Institute Committee in order to determine whether such action is justified. This sub-committee must submit a report on its findings at the next regular meeting of the Institute Committee following that of the appointment of the sub-committee.

(b) If a simple majority of members present vote to with-

draw Class "A" recognition from the activity, the activity will be put on probation for one year; it will retain its Class "A" recognition and seat on the Institute Committee for the duration of the probational year.

Committee To Report

(c) At the end of the year of probation, a committee will be appointed by the Institute Committee to review the motion and submit a report at the meeting following that of its appointment.

(d) Upon the vote of two-thirds of the members present, Class "A" recognition will be withdrawn from the activity in question.

IV. The elections to the Intra-Fraternity Conference and to Technique were approved.

V. The freshman dance budget for the Freshman Prom was approved.

Inst. Comm. Organization.

The Institute Committee, representative body of the Undergraduate Association, consists of three members from each class and one from each of a number of undergraduate activities, which are designated as Class "A" activities.

M.I.T.O.C. Plans Outing At Stowe With Radcliffe

The M.I.T. Outing Club has planned an outing with girls from Radcliffe over the week-end of May 1 to May 3 at the Stowe Country Club, in Stowe, Mass.

The activities available for those who attend are hiking, canoeing, swimming, tennis, outdoor bowling, baseball, and other sports. There will also be shown the movies taken at last year's I.O.C.A. conference. A square dance will be held on one of the nights. The cost for the entire week-end will be only \$3.50.

It will be necessary to bring along sleeping bags, as no other sleeping facilities have been arranged for. There is room for only 20 men from the Institute.

Mr. E. Smith To Speak At C. E. S. Meeting

The Christian Endeavor Society is to hold a meeting this Sunday from 4:00 to 5:00 P.M. at 323 Harvard Street, Cambridge at which time Mr. Elwin Smith of Harvard University will deliver a lecture.

Students from all local schools are welcome at the meeting.

Students from Bentley, Simmons, Wellesley, Harvard and Technology are expected to attend this meeting of the Society. Technology men who plan to attend include Charles J. Hooker, '45, William H. Kautz, '45, Rowland E. Hill, '43 and John H. Upham, '43.

Dr. Browning Lectures At Fellowship Meeting

It was announced last night that Dr. C. Gordon Brownville, Pastor of the Tremont Temple, will deliver an address in Room 7-138 on Wednesday, April 29, 1942, at 5:00 P.M. The meeting, which will be open to everyone, is sponsored by the M.I.T. Christian Fellowship.

Dr. Brownville among the final guests to speak to the Fellowship members and interested students for this term, will use as his topic "The Son Is My Undoing."

Drama Club To Present "Pirates of Penzance"

The M.I.T. Drama Club will produce Gilbert and Sullivan's "Pirates of Penzance," in the Belmont High School Auditorium tonight at 8:30. The Drama Club is composed of members of the Institute faculty and their wives and secretaries.

Members of the cast are: Mrs. Albert G. Dietz, Mr. Irvine Brock, Mrs. Woodward Emlen, Mr. Arthur Roberts, Mrs. Byron Havens, Mrs. John W. Irvine, Jr., Mrs. Richard Bolt, Mrs. Sanford C. Brown, and Mr. Irving Lovell. The production is to be under the direction of Mr. Warren F. Freeman.

Fraternity Blood Wanted By The Amer. Red Cross

Under the direction of the National Interfraternity Conference a concerted drive to have every able bodied fraternity man in the country contribute at least one pint of blood has been begun.

The organized blood donation is to be made with the cooperation of the 2500 chapters of the 60 national fraternities which belong to the conference, and is being run with the aid of the American Red Cross. This is the fraternities' way of aiding in the war effort, it was said by John M. MacGregor, chairman of the conference, in a letter to President Roosevelt.

MacGregor also stated, "among the undergraduates we have already found a very enthusiastic response. The donation to the blood bank is one way in which the fraternities can make a practical and valuable contribution."

CLOSED
 All you need to learn is to OBEY!

DON'T LET THIS HAPPEN HERE!

You know the story of Axis "dictatorship"—the lesson is there for all to read: Schools and colleges closed—or turned into breeding grounds for lies and hate.

Freedom of speech—*verboten!* Freedom to choose your friends—*verboten!* ". . . All you need to learn is to obey!"

Now they would attempt to put the yoke on us—on you. *It must not happen here!* Whatever the cost, the Axis must be smashed. Your part, as a college student, is clear. You may not be behind a gun today, but you can help today to give our soldiers, sailors, and marines the weapons they need for Victory.

Put your dimes and dollars into fighting uniform now by buying United States Savings Bonds and Stamps. You'll help not only your country, but yourself—because you are not asked to give your money, but to lend it. You can start buying Bonds by buying Savings Stamps for as little as 10 cents. Start buying today—and keep it up!
