This evening at 10:00 P.M. the doors of Morrill Hall are to be opened to the members of the Walker Lounge and the students wishing copies of this year's Technique obtain them at this time if they have not already done so.

T.C.A. To Remain Open During Spring Recess

The Technology Christian Association will remain open during spring recess, it was announced last night by Clinton C. Kemp, freshman class president of the organization.

William N. Holway, '43
Elected Head Of ASCE

William N. Holway, '43, was elected president of the Technology student chapter of the American Society of Civil Engineers at its annual election held at Hotel Vendome last night. William W. Colton, '42, will continue in his capacities as technical editor and editor-in-chief of the organization.

New Officers of A.I.C.H.E.

Elected Wednesday Night

Elected Wednesday night by the members of the American Institute of Chemical Engineers at its annual meeting held in the Hotel Vendome, Robert M. Knechtel, '43, was chosen vice-president, with Robert M. Dixon, '39, as treasurer. Professor H. E. Pfeiffer, '42, was chosen general manager.

Four students at the Institute were selected to attend the cluual dinner of the Massachusetts Colony of the Conference of Christians and Jews to be held Apr. 26 at the Chamber of Commerce of Boston.

Students To Attend Faith Conference

Christians And Jews

Will Convene April 23

Three students from the Institute have been invited to attend the cluual dinner of the Massachusetts Colony of the Conference of Christians and Jews to be held Apr. 26 at the Chamber of Commerce of Boston.

Five Institute Students Elected To Delta Omega

As a result of high scholastic achievement and professional promise, five students have been chosen to be elected to Delta Omega, the national honorary chemical fraternity. Those elected are Virgilio Barco, '43, vice-president; Dr. James D. Mullen, '43, secretary; John A. Bernhardt, '43, treasurer; William N. Holway, '43, and John W. Colton, '42, student members.

Tech Frosh Enters Oratory Finals

Achieving a place among the six contestants this week, junior G. C. Finn, '42, "Technology Debating Society" will dispute this year's annual debate at the American Institute of Chemical Engineers convention, to be held at Chicago, Ill., May 23 to 27.

Senior Stag Banquet, Hotel Vendome

Hotel Vendome, which, for the contest, extends the Debating society, announced that a record of 800 to uphold, which will row in all four races. The debate at Technology, which is the first one to be held against the varsity and freshmen heavy races, both today and tomorrow.

Big Red To Compete Against Technology, Harvard, Syracuse And Boston University

On Charles River Saturday, April 25, Big Red will row in all four races, both today and tomorrow.

Syracuse is entering a varsity and junior varsity crew and there is a possibility that Cornell may win. This year, both Boston University will compete in the four races, both today and tomorrow.

Both Harvard and Tech will row in all four races.

Finally, the race is scheduled to start at 4:45 P.M., and the remaining races will begin at 5:20 P.M. Saturday.

(Continued on Page 3)
AN END AND A BEGINNING

Tomorrow marks the end of the trail for the Class of 1942, a trail that was suddenly shortened in its last lap when Institute officials deemed it advisable to accelerate the final term of the Senior year and thus lessen the six-hundred engineers for the nation's war effort at an early date.

Realizing that they were in a position to serve their country in a way that was seriously underrated, the Seniors accepted the speed-up program in a spirit which demonstrated clearly their patriotic feelings. On their graduation day they can look back on a college career disturbed by war but nevertheless on a job well done.

At the same time the new alumni must look forward to the task which faces them and their nation, the task of outfitting the war and navy that will be capable of protecting the liberties of democracy against the treachery of the menacing totalitarian powers. That task is one which must be attended to immediately by industry and science, the fields whose majority the Class of 1942 will enter. The importance and imminence of the problem has been stressed by Donald Nelson, chairman of the WPB, who has stated that America's battle will be won or lost by the degree to which she succeeds in mobilizing her industries for war production in 1942.

Eight months remain in 1942, eight months in which Technology's graduating Seniors will be able to aid the United States in the most essential capacity possible at a time when they will be of the greatest use.

A CEREBRAL EXERCISE

The world is going through a mighty upheaval. On all sides, we of the student body are urged to dig deep and see what makes America's heart tick. America's war effort at an early date.

"Whether 'tis nobler in the mind to suffer the slings and arrows of outrageous fortune, or to take arms against a sea of troubles, and by opposing end them--the question is yet to be answered by many.

A Tradition Dies

Professor Paul C. Eaton of the physics department is looking back on two years of memorable events. In April 1926, the senior physics group called upon to LEAD, not to serve. We will have to assume the role of leader, not of follower. The situation was nipped in the bud."

The problem has been stated by Dr. F. voted to the question, whether or not we will continue our senior class. The decision was made.

"It happened this way," he explained. "Just as we were passing under the Harvard bridge, I saw a group of students. I caught a crab, nearly swamping the shell. "We mean something, we're a living, growing force whose strength is constantly developing.

"We cannot wait until they are delegated to us by others. We are called upon to LEAD, not to serve. "We will have to assume the role of leader, not of follower. The situation was nipped in the bud."

A Slip of the Sweep

Professor Eaton claims the same interest in his work as in the days when he was a student. He has been involved in athletics and in the Musical Clubs, Debating Society, and Drama Shop activities for many years. In his senior year he was one of the best times in the Tech. He continued to report for about three months, when he found that matters academic were catching up with him.

**Beaver Lacrossers Subdue Harvard 8-6; Become Hub Champions**

Freshman Season Opens With Tufts This Afternoon

The Tech lacrosse team became Boston champions last Wednesday afternoon by defeating Harvard University, 8-6, in a game played at East Boston. The Tufts, which are the only other Hub City teams to defeat the Hub in their first two games of the season, defeated the Hub 3-2 last Tuesday.

At Harvard, Al Beckett was named as the high scorer for the day with eight goals from a point. Gene Schnell followed with two goals and Ralph Leader and Fred Gander each scored once. However, Bill Kennelly deserves credit for combining nicely with Beckett on two of the latter's goals, while Gene Schnell passed to Al for a goal in the closing minutes of the game to end a three goal rally by Harvard in the last period and clinch the game with an 8 to 6 lead.

The lineup was as follows:

**Tufts**
- Bob Green
- Bill Kennelly
- Tiny Doris
- Doug Forest
- Captain Bob Evans
- Gene Schnell
- Al Beckett
- Ralph Leader
- Bill Kennelly
- New Bill
- Fred Gander and Marlo Fenton made up an alternate midfield.

This afternoon the freshman team inaugurates its season in a game against the Tufts freshmen on the Zumbor farm field. Tomorrow afternoon at 3:30 the varsity will be on the road at Briggs Field and next Wednesday the Beaver will travel to New Haven to fill their schedule against the Yale Bulldogs.

**Smith Is Made Head Swim Coach**

Tidemom To Captian Next Year's Varsity

The announcement of the appointment of Gordon H. Smith as head swimming coach came as a climax to the swimming team banquet which was held last Tuesday evening at the Colonial Hotel, Kitchen, Boston. Ralph T. Joyce, chairman of the advisory council of swimmers, made the announcement, after wishing John J. Jarrett, who resigned the position last week, good luck in his future business. Gordon Smith has been assistant coach at the Institute for an year and this year coached a freshman team, which won field day, and not only to Anxover and Easter in the regular season.

Overheard only by the change of coach was the important announcement of Henry M. Tledean, '25, as captain of the varsity swimming team this year. At the same time the awards to fresh and varsity swimmers were made and the elections of new members to the Swim Club was announced.

The new receiving straight sets were William D. Denhard, '25, cap.

**Institute Sailors Take B.U. 36-27 On The Charles**

Dinghy Crews To Race At Brown Saturday, At Harvard Sunday

On the Charles River yesterday afternoon, three Technology skippers and their crews swamped a Boston University unit with a final score of M.I.T. 36, M.I.T. 27. At the same time, Harvard was sagged away from win by Northeastern University 32 to 30.

These races, held on weekdays, are part of the Charles River League races, held in the Charles River Basin. The teams are the offspring of the Community Sailing Project. Today's event was one of the first dual regatta of the season. Technology races included as skippers the following: Harvard Hollick, '44, and Conrad Lauf, '42. Representatives from Tech will join Brown Saturday to compete in the Seventh Annual Brown University Spring Invitational Regatta for the Lucien Sharp Trophy. Again on Sunday, the sailors will race, then against Harvard and other leading colleges at Harvard. The teams which were entered to try for the George Owen Trophy include: Brown, Coast Guard, Dartmouth, Harvard, M.I.T., Navy, Pennsylvania, Princeton, Williams, and Yale.

ing rates will continue at 15 min-
ute intervals. The schedule of rates
for various entries are as fol-
low:
4:45—freshmen heavy race; Har-
vard, Boston, University, M.T.
(possibly Cornell)
5:00—10 lb. Varsity; Harvard,
M.I.T.
— Junior Varsity; Cornell,
Syracuse, Harvard, M.I.T.
5:30—Varsity; Cornell,
Harvard, Syracuse, Boston University,
M.I.T.

Rowe Cup Regatta

(Continued from Page 1)

Hobby Robbins of Syracuse, who
for years has held the fastest
row on the Charles, is in charge of this year's Rowe Regatta.

There have been several changes
in all Tech line-ups, and the follow-
ing are those to be the race to race
from which to select: varsity —
Mudge, Lehman, Taylor; McGuirk,
Tull, Deve, Flowers, Hol-
er; J.V.—Turner, Lander, Walt,
Baker, Brown, Snyder, Spitz,
and Thistle; 150 lb. Skelly,
McClay, Phelan, Mohler, Flierich,
Shaknov, Caldwell, and Hetlich;
150 lb. —Frye, Bland, Shafter,
Brouse, Robertson, Hillel, Kaif,
Buck, and Smith.

Sigma Xi To Elect
Officials Tonight

Elections of officers for the Tech-
nology chapter of Sigma Xi, hon-
orary scientific society, are to be
held this evening at 8:30 p.m. in
Room 1-20. It was announced last
tnight by Professor Avery A. Ash-
town, director of the organization.

The measles election meet-
ing held last Friday about two
hundred persons were named
as members of Sigma Xi, and
these people are to be initiated
at the end of the fall semester.
Of these forty are seniors and the
remaining one hundred and sixty
are graduate students and Faculty
members.
