CLASS OF '42'S SENIOR WEEK OPENS WITH STAG BANQUET; COMMENCEMENT MONDAY

Stag Banquet Was Held Last Night; Dance Is Tonight

Last night the seniors started celebrating. What they will make of their Senior Week is uncertain, but four years of Technology calls for a class celebration.

Last night, at the Hotel Vendome, the seniors gathered for the Senior Stag Banquet, which is really a friendly get-together, unbroken by hours. At the inception, Edward W. Putney spoke, while many of the Institute's officers and professors attended.

Tonight the seniors will attend the Commencement banquet that will fill a void in the seniors' lives.

Class Day Exercises do not occur till 2:15 in the afternoon, followed by the Tea Dance in Miss Moore's Hall. There are no place for that evening.

On Sunday afternoon, the Class will return to Cambridge for Sunday exercises to be held in Symphony Hall.

Climaxing the four day affair, and four years of hard labor, will be the Senior Dinner and Ball to be held in the Hotel Statler's ample Banquet Hall. There are no plans for the following Monday morning by the Tea Dance in Miss Moore's Hall.
PENNIES FOR PRODUCTION

"Buy Defense Stamps, Victory Stamps or War Savings Bonds" are indeed familiar slogans to the ears of Technology students. But purchases of stamps by Institute students do not bear that exact title. The students and faculty who have purchased these bonds are a small but growing number. We cannot expect that every student will purchase a bond. It is not the purpose of this article to urge students to purchase these bonds, but merely to point out the fact that the students are purchasing them, for several reasons.

The first reason is the desire to contribute to the war effort. By purchasing a bond, the student is not only helping to finance the war, but is also helping to build the future of the nation. The second reason is the desire to save money. The bonds are a safe and secure way to save money, and the student who purchases a bond can be assured that his money is being well invested. The third reason is the desire to be a part of the great national movement. By purchasing a bond, the student is showing his support for the war effort, and is helping to build a stronger and more prosperous nation.

It is not possible to estimate the amount of money that has been raised by the purchases of bonds in the past year. However, it is certain that the purchases have been significant, and that the student body is truly committed to the war effort.

It is sincerely hoped that the students will continue to purchase bonds in the future. The bonds are a wonderful way to save money, and to contribute to the war effort. The student who purchases a bond is helping to build a better and more prosperous nation.

The bonds are available in denominations of $100, $500, $1,000, and $5,000. The student can purchase as much or as little as he desires. The bonds are guaranteed by the government, and are fully transferable.

It is urged that every student who is capable of purchasing a bond should do so. The bonds are a wonderful way to save money, and to contribute to the war effort. The student who purchases a bond is helping to build a better and more prosperous nation.
Tennis Team To Meet Colby Here Tomorrow

Kate, Spies, Shaw, Lange, Swope, Kame, Whiting and White

Opening the season for the tennis team is a match to be played here on home grounds with Colby this afternoon in the Colby Field Tennis courts. Although it is the first match of the season, it is the last for the senior members of the team and for that reason they have been given the opportunity to play in all but one of the singles matches this afternoon. Among them are Maurice Kates, George Spies, Jack Shaw, Bernard Lange, Oliver Swope, and Kame, a junior, is the only exception to the all-senior preferences. There will be six singles matches and three doubles.
