

INST. COMM. OUSTS NINE MEN

Senior Week And Junior Prom Committees To Be Elected May 6

Juniors Chose Ten Sophs Elect Five For Committees

Elections for those to hold positions on the Senior Week Committee and the Junior Prom Committee will be held tomorrow, May 6, from 9:00 A.M. to 5:00 P.M., in the Lobby of Building Ten. Only those in the Classes of 1943 and 1944 can vote and only for their own classmates.

Nominations as announced by George C. Marakas, chairman of Elections Committee, are listed in the adjacent column.

Of the fifty or more nominees, ten must be chosen for the Senior Week Committee and five for the Junior Prom Committee. These committees will begin to function as units immediately after being approved by the Institute Committee at its meeting on Thursday.

The election at this time was necessitated by the Institute's accelerated program which calls for graduation next February for the Class of 1943. For this reason the Junior Prom will be held in the fall, not in the spring as is usual, and Senior Week will be held in February whereas it was previously held in June.

T.C.A. Boys' Work To Hold Banquet

Honorary Member To Be Chosen

The Boys' Work Division of the T.C.A. will hold its annual banquet on Friday, May 15, at 6:00 P.M. in Pritchett Hall, Stanley B. Robkoff, '43, director of the division, announced last night.

All students active in boys' work in connection with the T.C.A. are to be invited, and students from other schools will also attend. Men from Harvard and Northeastern and women from Wellesley and Wheaton are among those who will represent other schools.

In keeping with its annual custom, the Boys' Work Division will induct a new honorary member into its ranks. These honorary members are chosen from the faculty or from among other persons connected with the institute. The identity of the new member will be kept secret until the night of the banquet. About 40 persons will attend the dinner.

Official Notice

Registration material for the Class of 1942 has now been released and is available in Room 7-111. The material which concerns the summer courses of the class is due by May 11 in Room 7-504.

The approved list of Student Tutors in first and second-year subjects is now being compiled for the academic year 1942-43, according to an announcement from the Dean's Office. Application forms should be filled out at the office of the Dean of Students, Room 3-108, within the next two weeks.

Nominated

SENIOR WEEK COMMITTEE

(To be elected by Class of 1943)

Frank E. Briber, Jr.
Carleton F. Bryant, Jr.
Waldo Davis, Jr.
William G. Franklin
Gregory G. Gagarin
John E. Gardner, Jr.
James T. Harker
Andrew F. Hillhouse, Jr.
Arthur E. Karnuth
Clinton C. Kemp
Warren L. Knauer
Charles J. Lawson
Ralph E. Leader
Christian J. Matthew
Robert W. Maxwell
Robert C. Meissner
H. Richard O'Hara
Virgil E. Otto
Bert E. Picot
Ray Richards
Stewart Rowe
Barrett Russell
George A. Slifer
S. James Spitz
Charles J. Swet
Richard M. van Voorhees
William A. Verrochi
Malcolm C. Walker
Kenneth L. Warden, Jr.

JUNIOR PROM COMMITTEE

(To be elected by Class of 1944)

William G. Abbott
William H. Brett
Frank E. Carroll
Harry L. Dickey
Langdon S. Flowers
Sten Hammarstrom
David Jealous
James T. Lawson
L. Gary Loomis
Charles V. Lynch, Jr.
Arnold Mackintosh, Jr.
Garry C. Meyers
Harold A. Miller
Kenneth W. Nelson
Robert A. Plachta
Courtney H. Reeves
Paul M. Robinson, Jr.
George Rosenblatt
Eugene A. Schnell
William B. Scott

Tech Glee Club Plans Concert

The traditional Spring concert with Wellesley College on Friday, May 8, in Morss Hall will be broadcast on the "F.M." band throughout New England, it was announced last night by Ray Hahn, '43. The concert and dance are the last ones of the season.

Ninety Wellesley girls will join the Glee Club in a program that includes "Chorus of Homage," by Brahms and "A Mighty Fortress Is Our God," by Martin Luther. After the concert there will be the formal dance, open to all students and their friends.

Alpha Phi Omega To Hear Carey Of Boston Police

Alpha Phi Omega, honorary scouting fraternity, will hold a meeting tomorrow evening at 7:30 P.M. in Tyler Lounge. The meeting will be addressed by Deputy Superintendent William J. Carey of the Boston Police department, who is in charge of the Junior Police Corps. The subject of his talk will be "Police and Scouts in the Present Emergency."

Varsity Runners Swamp Bates By Score 85-50

Freshmen Also Win Over Moses Brown In Dual Track Meet

The Beaver track squads won two victories on Saturday afternoon on Briggs field when the varsity turned back the Bates runners by an 85-50 count while the frosh overcame Moses Brown by a relatively closer count of 69-57. Stewart and Meny performed well for the varsity, Stewart turning in firsts in the low hurdles, high hurdles, and the 440 yard dash. Spear led the frosh to victory as he took the 880 and one mile runs.

The individual results are as follows:

Varsity

2-mile run—Miller (T), McGregor (T), Joseph (T), 10:45.2. 220 yd. Low Hurdles: Stewart (T), Schultz (T), Beecher (T), 27.3. Javelin: Van Voorhees (T), Henrich (T), Hemmingway (T), 171 ft. 3 in. Pole Vault: Cream (B), Judd (T), Azarian (T), 11 ft. 6 in. Shot Put: Sigsbee (B), Bovicchi (T), Shea (T), 43 ft. 1½ in. 120 yd. High Hurdles: Stewart (T), Schultz (T), Tufts (B), 16.2. 100 yd. dash: Meny (T), Thompson (T), Sigsbee (B), 10.1. One Mile run: Miller (T), Gardner (T), Joseph (T), 4:56. 440 yd Dash: Stewart (T), Nickerson (B), Pritchard (T) 51.5. High Jump: Adams (T), tie Coles (T), and Park (B), 5 ft. 10¼ in. Hammer Throws: Larabee (B), Eastman (B), Bovicchi (T), 121 ft. 10½ in. 880 yd. run, Nickerson (B), Smith (B), Ziegler (T), 2:05.2. 220 yd. dash: Meny (T), Thompson (B), Thompson (T), 23.3. Broad Jump: Coles (T), Deering (B), Azarian (T), 20 ft. 7½ in. Discus: Shea (B), Sigsbee (B), Eastman (B), 116 ft. 6 in.

Freshman

220 yd. dash: Bailey (T), Schneider (MB), 24.6. 440 yd. run: Bryant (T), Bailey (T), Peterella (MB), 5.29. 880 yd run: Spear (T), Cabral (T), W. O'Brien (MB), 2:07.6. One Mile run: Spear (T), Sleicher (MB), Knapp (T), 4:45.5.

James T. Harker, '43

Byrne Announces T.C.A. Drive For Frosh Advisors

All Technology Asked To Cooperate

Robert M. Byrne, '44, manager of Freshman Advisors, has announced the beginning of the annual T.C.A. drive to have at least 300 Juniors and Seniors as of next semester, register to advise incoming freshmen. The drive is being carried to the commuters, fraternity, and dormitory men.

Byrne has sent letters to each fraternities cooperate with the cards, and has asked that the fraternities cooperate with the T.C.A. in the matter. Waldo F. Davis, Jr., '43, president of the 5:15 Club, has also sent letters to Classes of 1944 and 1943 who are commuters. The Dormitory Committee is to be responsible for distributing the registration cards among prospective freshmen advisors who live in the dormitories.

The registration cards ask information pertaining to the applicant's address after August 15, 1942, religious denomination, and preparatory school attended. This information will enable the counselor and freshman to have something in common. As about 650 freshmen are expected to enter the Institute in September, some advisors will have two members of the Class of 1946 to advise, while others are to advise three students.

'45 Has Not Sent Representatives Since Elections

The Classes of 1943, 1944, 1945 and T.E.N. have automatically lost their representation on the Institute Committee, it was revealed last night by Warren E. Foster, '43, secretary of the Committee. This matter was discussed along with other regular business at a meeting of the Executive Committee of the Institute Committee held last night at 5:30 P.M.

All of the representatives who have been ousted are no longer on the Committee because of Article VII, Section 3 of the Undergraduate Association's By-Laws. This clause states, "If the full representation of any organization is not present at two consecutive meetings of the Institute Committee, or if any organization has consecutively two proxies and an absence in any order, that organization shall forfeit its right to representation on the Committee. Representation on the Committee shall not be resumed until the Institute Committee shall have received a formal petition from the organization giving due assurance that such absence shall not recur, and shall have passed on this petition in accordance with . . . these By-Laws."

Absences Recur

The Class of '43 has lost its representation because James A. Malloch has sent two proxies, and Robert S. Reebie has been absent once, the three events occurring at consecutive meetings.

In the Class of '44, George A. Schutte has been absent once, Robert A. Plachta has been absent twice, and Langdon S. Flowers has sent two proxies.

No representative of the Class of '45 has attended an Institute Committee meeting since the election, and no proxies have been sent. T. E. N. has not been represented at the last two Institute Committee meetings, thus forfeiting its representation.

Freshmen Finish Plans For Frolic

Gas Rationing Follows Year's Last Big Dance

The last big Technology dance before gasoline rationing takes effect will be held from 9:00 P.M. to 1:00 A.M. next Friday night at the Hotel Kenmore. The 1945 Freshman Prom, for which tickets are now on sale, will feature Roly Rogers and his orchestra specializing Joan Hunter on the trumpet.

Joan Hunter, a young and talented soloist, reputed to be equal to Harry James in ability, will make her first appearance in Boston at this dance.

Tickets for the dance, which went on sale last Friday, can be purchased this week from any member of the Freshman Council for \$3.30. Options bought before that time can be redeemed at the main desk in the Lobby of Building 10 for \$1.30.

Students Not Living At Home Should Register For Rationing

War Ration Book No. 1 Available Until Thursday At 9 P.M. For Students Over 18 Away From Home

All students at the Institute who are 18 years of age or older and are not living at home, will be expected to register for War Ration Book Number One (sugar rationing) at some elementary school in Cambridge or Boston before Thursday, May 7, at 9:00 P.M.

While such registration is not compulsory, the families of such students will not be able to secure the sugar rationing books for their sons or daughters away at school, according to the Sugar Rationing Board. When one registers this week he will receive a number which is to be good for any other rationing books which may be issued for other commodities.

The public schools are to be available for registration today, tomorrow, and Thursday from 9:00 A.M. until 9:00 P.M. The nearest elementary school to Technology is the Roberts School at the corner of

Harvard and Windsor streets in Cambridge.

Members of fraternities should also register for rationing books despite the fact that fraternity houses probably registered last week with restaurants and commercial establishments. It is necessary to receive a rationing number, whether or not one uses the rationing book.

It will not be necessary for service men at the Institute to register for rationing numbers as the United States government has provided for a suitable means of taking care of a suitable means of taking care of Army, Navy and Marine Corps men.

On Tuesday, Wednesday, and Thursday, May 12, 13, and 14 all car owners will be expected to register for gas-rationing cards. These cards may also be obtained at elementary schools in Cambridge and Boston, and the schools will be open from 2:00 P.M. until 8:00 P.M. on the above days.

Collegiate Roundup

By Paul Talalay

... President James B. Conant

told an audience of Harvard students last week that the demand for speed in our war-effort is desperate and that "for young men the needs of the armed services now overshadow all other considerations." He conceded that the position of the undergraduate in the war is "extremely complicated" and "involves highly personal moral problems." He admitted that "the University cannot tell an individual exactly what he should do," but hinted that "in the future we may expect that the deferments asked by this University (Harvard) will be relatively few and far between."

President Conant urged that students who were planning to leave college early should do their utmost to select courses which promise "the greatest cultural nourishment," and he specifically suggested study of American civilization and the Great Authors. President Conant accepted a petition signed by 1,150 Harvard students and addressed to President Roosevelt avowing their "complete support of your policy of carrying the war to the enemy, making every sacrifice and bending every effort to ensure the opening of a second front."

President Conant has always been recognized as a progressive thinker and one of the greatest liberals among our educators. This speech more than adequately proves that he has a detailed understanding of the relation of the University to the War effort. Yet, his speech attracted but one meager tenth of the student body of Harvard University... and an edit in **The Harvard Crimson** charges that this poor turnout "places the majority of Harvard men among the ranks of those who persist in business as usual." We are reminded of "the unfortunate masquerade portraying President Conant as marching the student body off to wars at the point of a bayonet." That was not so very long ago, and events since that day more than adequately confirm the broad mindedness and far-sightedness of a man who has become recognized as one of the outstanding figures of our nation.

... Caltech wants football.

By an overwhelming three to one majority the boys of the California Institute of Technology voted that Intercollegiate football be continued during the war. Students at the Pasadena Institute were questioned on the issue of whether the cost of football was justified (232 answered yes, 111 no) and whether the continuation of intercollegiate football is advisable (254 in favor, 88 opposed).

The poll at Caltech was conducted at the request of the Executive Council which wished to sample student opinion on this matter before taking action. Dr. Robert A. Millikan, the eminent physicist, is chairman of the Executive Committee at Caltech. The poll also showed that students were in general not in favor of the diversion of football funds to an intramural program, and were definitely opposed to compulsory intramural games.

Many students at Caltech feel that football is essential to maintenance of "school spirit." Our President wants us to continue playing baseball, and our columnist learns that the British Government is sending the British people to horse races,—it helps their morale, and incidentally gets rid of surplus cash which might otherwise cause inflation.

... Out in Colorado

they're just about expecting the arrival of Christopher Columbus. The **Oredigger**, organ of the Colorado School of Mines, came out recently with the date line: March 10, 1492. Don't tell us that Kentucky hillbillies don't know what the score is!

For Boys To Play

By Gene Schnell

... a reminder to you Tech men who take time out for Glenn Miller's Moonlight Serenade is the change in schedule of the popular Chesterfield program. Effective tonight, Glenn's fifteen minute interlude moves back to its original Tuesday, Wednesday, Thursday schedule with a new broadcast time —7:15 P.M.

... continuing in the musical vein, Pops time has again returned to Boston for the remainder of May and will continue through the month of June. Pops Concerts will take over Symphony Hall tonight with the advent of the opening of their Fifty-seventh Season. Arthur Fiedler will again conduct the eighty-five piece orchestra; while refreshments, as usual, will be served at the tables which cover the floor of Symphony Hall. Due to the popularity of the Pops Concerts a good suggestion is to make your advance reservations as early as possible.

... with the baseball season well

on its way, we have another diversion that will continue throughout the summer months that should offer much entertainment to the campus-bound Juniors as well as the many other undergraduates here for the summer session. Fenway Park and the Braves Field are both in the close proximity and offer a worthwhile incentive for dates on ladies day.

... parties last weekend were quite successful. The Captain's Cabin at the Hotel Miles Standish was comfortably filled with formal Phi Kappa guests who were well entertained by the music of Joe Porctor. Informal fun reigned at the Hotel Puritan where the Sigma Chis and guests froliced to the tunes of maestro Don Gahan. The private cocktail lounge seemed indeed a welcome haven to the overheated and thirsty. The Theta Xis also finished up their social season last Friday night with an auspicious spring formal at the Wellesley Hills' Country Club, where Bert Edwards ruled the bandstand.

WITHOUT REPRESENTATION

Already handicapped by lack of student interest, student government at Technology suffered a disheartening blow last night when the three undergraduate classes and one Class A activity, the Tech Engineering News, lost their representation on the Institute Committee because their representatives failed to meet the attendance requirements called for in the Institute Committee constitution.

The Class of 1945 has not been represented at either of the two meetings since the last election. The Class of 1944 has had one man absent twice, one represented by proxy twice, and the other absent once. The Class of 1943 is charged with one absence and two proxies. No representative from T.E.N. has been present since the new Inst. Comm. went into office.

That such a situation should exist is a deplorable blemish upon the escutcheon of the Institute Committee, the student body, and the individual representatives who are directly responsible. It is an indication that student government at the Institute is not quite what it should be, a system whereby representatives elected by the student body conscientiously administer the business of that body according to the wishes of the majority.

To prevent the recurrence of another mass impeachment is the problem now facing the Institute Committee. A proper solution of this problem would mean a tremendous increase in the efficiency and effectiveness of the Institute Committee. A solution which would leave the door open for a repeat performance would, on the other hand, put the Institute Committee in a bad light in the eyes of the student body and the Faculty.

The student body and the Institute Committee can both contribute to the solution of the problem. The undergraduates can elect to office men who will definitely attend to the duties which go with the office. The Institute Committee must consider with care and forethought the petitions of these four groups for renewal of their recognition. The solons must devise some method whereby they can obtain a guarantee that the guilty activity and classes will henceforth tend faithfully to their obligations.

SUN BATHING AT THE INSTITUTE

There are many students who have worried about the number of recreational facilities which will be available for summer use at the Institute and have wondered if Technology has utilized to the fullest extent those which are already in its possession. The Alumni Swimming Pool which is potentially the source of greatest entertainment to summer students, is the outstanding example of athletic facilities that have been apparently neglected by the majority of the undergraduate body. With the entire Class of 1943 attending school this summer, however, it is quite possible that the Swimming Pool will jump into prominence as a place where students will congregate for recreational purposes.

These students feel that, in view of the presence of such a possibility, the Pool should be especially prepared to cater to this probable increase in patronage. Proper preparation would necessarily include the development of the garden situated in front of the Pool into a first-class sunbathing area. Gasoline rationing and Saturday classes have made week-ending on Cape Cod beaches practically impossible; the nearest thing to it would be sunbathing in the landscaped garden of Alumni Pool.

Institute officials have clearly demonstrated that they can view the problems of the student body through the eyes of the student. They are now afforded another chance to display this ability by repairing the Swimming Pool garden so that it may be enjoyed by the students for sunbathing, the use for which it was originally intended.

INSTITUTE COMMITTEE AGENDA

May 7, 1942

At the next meeting of the Institute Committee, scheduled to be held at 5:00 P.M., Thursday, May 7, in Litchfield Lounge, the following motions will be made, according to the Walker Memorial Committee:

1. Motion: "That the proposed amendments to the by-laws of the student constitution be removed from the table."
2. Motion: "That these amendments be amended to read as follows:"

Article IX RECOGNITION OF UNDERGRADUATE ACTIVITIES

(renamed Article VIII)

Article IX RECOGNITION OF CLASS A ACTIVITIES

(substituted in place of old Article VIII)

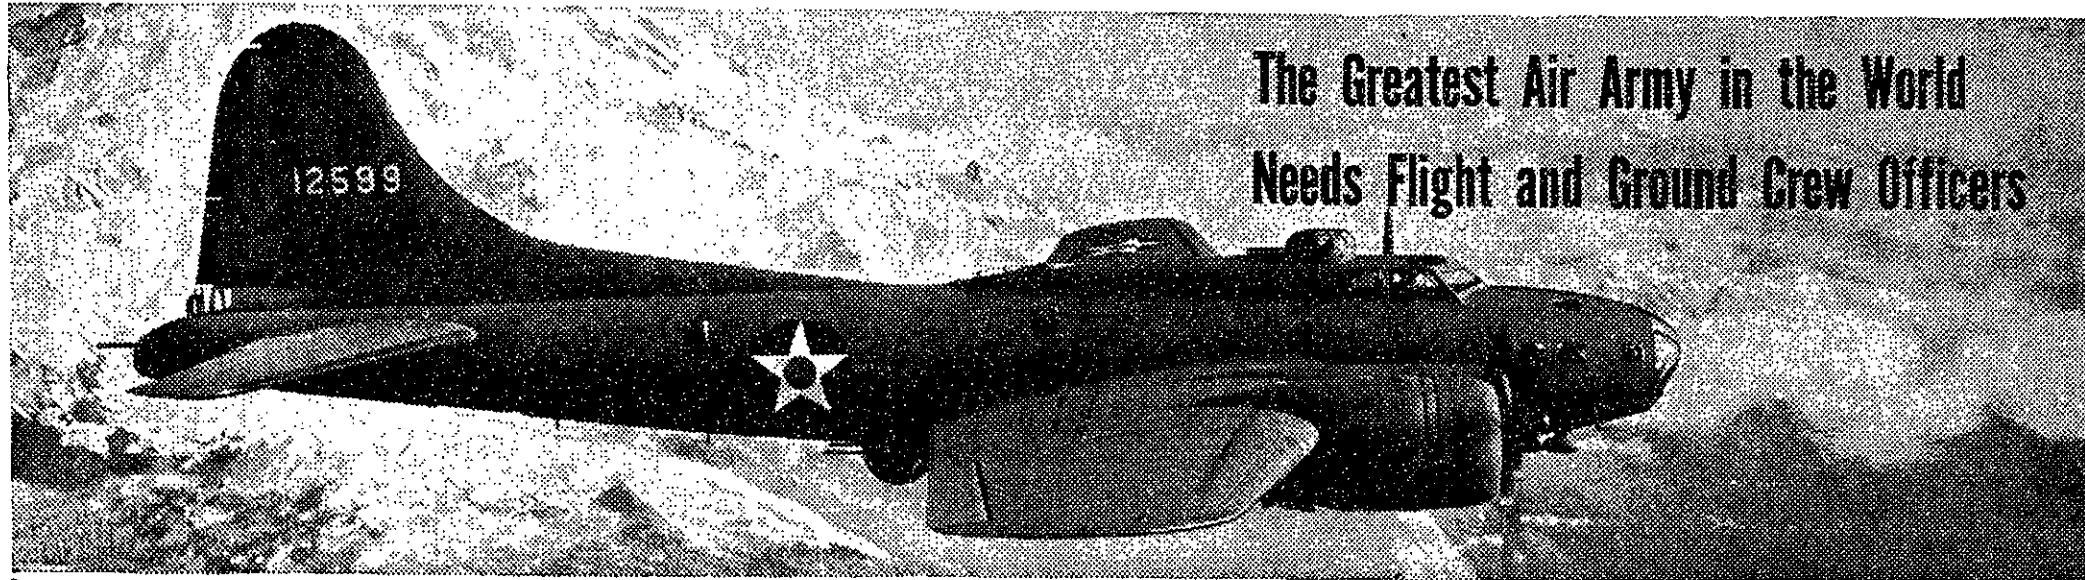

SECTION 1. Any activity desiring Class A recognition must submit its constitution and a written summary of its qualifications for such recognition, to the Institute Committee. If it is moved and seconded that such recognition be granted, the following procedure will be followed without the necessity for further motions:

- (a) An investigating committee from the Institute Committee will be appointed by the chairman of the Institute Committee.
- (b) The committee will examine the qualifications of the activity, with especial attention to: the aims of the organization and whether or not such aims are of sufficient enough importance to warrant Class A recognition; the degree of success of the organization in carrying out those aims; the number of students participating in the organization and the amount of work done by the average participant; the number of students who help in the management of the organization, as opposed to merely sharing its benefits; and the apparent future of the organization, including a consideration of its progress or decline during the past five years.
- (c) The committee, at the next regular meeting of the Institute Committee following the original motion, will report on its findings concerning each of the above points, and will make a definite recommendation to the Institute Committee on whether or not the activity should be given provisional Class A recognition.
- (d) Following a discussion, the chair will call for a vote on the original motion. If a majority of members present favor recognition, the activity will be given provisional Class A recognition for one year, during which it will be given a seat on the Institute Committee.

SECTION 2. At the end of the year of probation, the activity shall submit a written report of its activities during the year to the Institute Committee, and shall ask that a committee be appointed to examine the qualifications of the activity. The chair will then appoint such a committee. The committee shall reexamine all of the points covered by the original committee, and, in addition, shall investigate the improvement or decline in the activity in its year of probation. Class A recognition may be granted to the activity by approval of two-thirds of the members present. Failure of two-thirds to approve Class A recognition will automatically classify the activity as a Class B organization.

SECTION 3. In order to withdraw Class A recognition from an activity, for reasons other than financial, the following procedure shall be observed on the presentation to the Institute Committee of a motion for the withdrawal of such recognition:

- (a) A committee shall be appointed, with instructions to determine whether or not such action is justified, considering each of the points listed in Section 1 (b) of this article. The committee shall submit a report of its findings at the next regular meeting of the Institute Committee following the original motion.
 - (b) If two-thirds of those present vote to withdraw Class A recognition, the recognition is then withdrawn, and the activity becomes a Class B organization.
 - (c) If a simple majority, but less than two-thirds, of the members present vote to withdraw Class A recognition, the activity is put on probation for one year; during the year it retains its Class A recognition and its seat on the Institute Committee. At the end of the probationary year, a committee will again review the condition of the activity. Upon a vote of two-thirds of the members present, Class A recognition will be withdrawn from the activity in question.
3. Motion: "That the appointment of John E. Gardner, '43, as student chairman of the Student Faculty Committee be approved."
 4. Motion: "That the Senior Week Committee and Junior Prom Committee elections be approved."
 5. Motion: "That the probation be removed from the Class A recognition of the Debating Society, and that the organization be given unconditional Class A recognition."
 6. Motion: "That representation on the Institute Committee be regranted to T.E.N."

The Greatest Air Army in the World
Needs Flight and Ground Crew Officers

NOW FOR COLLEGE MEN A NEW OFFICERS' TRAINING PLAN

★ **New Deferred Service Plan Allows You to Continue Your Education** ★

In the skies over America the mightiest air fleet in the history of the world is mobilizing for victory!

So fast is it growing that there is a place here — an *urgent need* here — for every college man in America who can qualify for Officer's Training.

The U. S. Army Air Forces need Flying Officers and Ground Crew Officers. And many of them must come from the ranks of today's college students — men who make their plans now for the necessary Aviation Cadet training.

Thanks to a newly created Air Force Reserve plan, men of all classes — aged 18 to 26, inclusive — can enlist for immediate service or continue the scholastic work required for graduation before being called to active duty.

You must meet the requirements for physical fitness, of course. In addition, you take a new simplified test to determine your ability to grasp the training. A college man should pass it easily.

\$75 A MONTH DURING TRAINING

Those accepted who wish immediate duty will go into training as rapidly as facilities permit. As an Aviation Cadet, you are paid \$75 a month, with subsistence, quarters, medical care, uniforms, equipment, traveling expenses.

In 8 months you can win an officer's commission as a bombardier, navigator or pilot — and be well started on your way to serve America and advance yourself in aviation.

MANY BRANCHES OF SERVICE

There are also commissions awarded in ground crew service. College men particularly

THREE ENLISTMENT PLANS FOR COLLEGE MEN

Juniors—Sophomores—Freshmen
May Continue Their Education

1. A new plan allows Juniors, Sophomores and Freshmen, aged 18 to 26, inclusive, to enlist in the Air Force Enlisted Reserve and continue their schooling, provided they maintain satisfactory scholastic standings.

All College Men May Enlist
for Immediate Service

2. All college students may enlist as privates in the Army Air Forces (unassigned) and serve there until their turns come for Aviation Cadet training.

3. All college students may enlist in the Air Force Enlisted Reserve and wait until they are ordered to report for Aviation Cadet training.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Corps program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if a satisfactory standard of work is maintained. In case of necessity the Secretary of War shall determine when they may be called to active duty.

It is understood that men so enlisted will have the opportunity of competing for vacancies in officer's candidate schools.

This plan has been approved in the belief that continuance of education will develop capacities for leadership. (Reserve enlistment will not alter regulations regarding established R.O.T.C. plans.)

will be interested in the requirements for Armaments, Communications, Engineering, Meteorology, Photography. If you have engineering experience your chances of getting a commission are excellent.

This past year about 80% of all Aviation Cadets were commissioned as Second Lieutenants — about 67% as flying officers. Those who do not qualify remain in the Air Forces on an enlisted status and have further opportunities.

As a Second Lieutenant on active duty with the Army Air Forces, your pay ranges from \$183 to \$245 a month.

ACT AT ONCE

If you want to fight for America, this is where your blows will count.

If you want the best training in the world, and years of solid achievement in aviation — the great career field of the future — this is where you belong. Your place is *here* — in the Army Air Forces.

If you plan to enlist immediately, start getting your necessary papers ready for the Aviation Cadet Examining Board when it meets in your locality. For complete information, see your Faculty Air Force Advisor. You can take your mental and physical examinations the same day you apply. Get further information *now*.

★ ★ ★

NOTE: If you wish to enlist and are under 21, you will need your parents' or guardian's consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the forms and send them home today — you can then complete your enlistment before any Aviation Cadet Examining Board.

Compton Cup Captured By Harvard Crew

Princeton, Technology And Syracuse Follow On Charles Basin

Harvard swept its second regatta, after its victory on the Charles Saturday before last, defeating all other participating crews in the Compton Cup regatta held last Saturday at Princeton. Princeton took second by beating Technology, and Syracuse placed last.

The first race, the 150 pounders, was started at 4:30 P.M. with only Princeton and Technology participating. Princeton defeated the Tech entry by a quarter length open water. Both crews were even at the mile, but Tech fell behind steadily, though slowly. The time for this Henley distance race was 7:03.6; all the other races were a mile and three quarters.

At 5:00 P.M. the freshman heavy race was begun. Harvard won the race in 9:18.6. Princeton, Technology, and Syracuse followed in that order. At the finish the crews were strung out, at least nine seconds difference between each, with 25.4 seconds between 1st and 2nd.

The junior varsity race was started at 5:30 P.M. with Harvard, Princeton, Tech, and Syracuse participating and finishing in that order. The winning time for the course in this race was 9:37.0. Harvard was in front of Princeton by a length, with Tech and Syracuse far behind.

With Harvard, Princeton, Syracuse and Tech entering the varsity race, the final contest was begun at 6:00 P.M. Harvard again defeated Princeton by a length for first place. Syracuse and Tech finished in that order. The time was 9:19.2, almost a second slower than that of the freshman winning time. The Tech freshman crew were three seconds faster than the varsity.

The referee for the regatta was Mr. Gordon G. Sikes. The timer was Mr. Daniel Sayres.

The Saturday after next, May 16, the Adams Cup regatta will be rowed on the Charles, and the American Henley will be held at Princeton. The latter is for 150 lb. boats exclusively. Entries for the

Tech Raquetees Trowned; Frosh Outplay Tufts

After a trip from Rhode Island, the Rhode Island State tennis team succeeded in taking Technology's representatives, 7-2. The games, played on Jarvis Field, Harvard, took place May 1. Tech men Lange and Greenman took the two singles matches won by Tech.

Results were: Singles, Gamble (R.I.) defeated Kaneb (T), 6-4, 6-4; French (R.I.), defeated Reebie, 6-1, 6-3; Cure (R.I.), defeated Saer, 6-0, 6-2; Lange (T), defeated Villetico, 1-6, 6-4, 6-3; Greenman (T), defeated Allen, 4-6, 6-4, 6-2; Bayha (R.I.), defeated Howard, 4-6, 6-4, 6-1.

Doubles: French and Cure (R.I.), defeated Saer and Lange, 6-4, 6-2; Allen and Gamble (R.I.), defeated Stanley and Docal, 6-1, 6-0; Tew and Pirirk (R.I.), defeated Curry and Kaneb, 8-6, 6-2.

The freshmen played May 2 on Jarvis Field, Harvard, and brought home a 6-3 win over Tufts freshmen. The Technology frosh took every singles match but lost the doubles. The Beavers who won are Roggenburg, Kaufman, Stoutenburgh, Chun, Auty, and Lockwood.

The results: singles, Roggenburg (T), defeated Birmingham, 8-6, 6-2; Kaufman (T), defeated Markman, 6-3, 2-6, 6-4; Stoutenburgh (T), defeated Parris, 6-3, 6-4; Chun (T), defeated Doerstler, 6-1, 6-1; Auty (T), defeated Le Vine, 6-1, 6-2; Lockwood (T), defeated Round, 6-4, 4-6, 7-5.

Doubles: Birmingham and Markman (Tufts), defeated Roggenburg and Kaufman, 6-1, 3-6, 6-3; Parris and Doerstler (Tufts), defeated Amthor and Guild, 6-1, 6-4; Johnson and MacNamee (Tufts), defeated Pope and Porson, 2-6, 8-6, 6-3.

Louis Schwartz Elected New A.I.E.E. President

At a recent meeting of the Technology Chapter of the American Institute of Electrical Engineers, the following men were elected to serve for the coming term: Louis D. Schwartz, president; Myron R. Shoffner, '43, vice-president; Warren A. Schwarzmann, '43; treasurer; and John LeC. Hummer, '43, secretary.

Adams Cup include Pennsylvania, Navy, Wisconsin, Harvard and Tech. The freshman 150 lb. crew has a race this week, with either Harvard or Browne and Nichols, date not yet established.

Frosh Guidance To Begin Today

Prospective Members Of Four Courses Meet This Afternoon

Reminder cards about the course receptions which are to be held today were sent out Saturday by the Course Counseling Committee of the T.C.A. to those freshmen who signified their intentions of entering Courses I, VIII, XI, or XV.

It has been decided to have the receptions from 4:00 P.M. until 5:20 P.M. in order that the freshmen who so desire may attend more than one reception and also to permit those students who have 4:00 P.M. classes to attend some part of their course reception.

Reminder cards will be sent today to those students who intend entering Courses IX, X, XII, or XVIII. These departments will hold their meetings Thursday.

Ten Of R.O.T.C. Win Annual Awards

Special Honor Medals Will Be Given May 12

The annual awards offered by various societies for distinguished conduct in the Military Science department were announced yesterday by Colonel Edward W. Putney.

The Sons of American Revolution medal, awarded to the two outstanding cadet officers of the Technology ROTC Regiment will go to Cadet Colonel Bertram H. Julier, '43, and Cadet Colonel William T. Van Ravenswaay, '44.

The Boston Post Society of American Military Engineers award to a Junior in the Engineering Unit for outstanding accomplishments in Military Engineering and Leadership will be awarded to Cadet Lieutenant Col. Richard B. Morrison.

Cadet Frank E. French, '43, was chosen to receive the gold scholarship key of the Army Ordnance Association, for superiority in Ordnance Scholarship.

The Coast Artillery Association presents a medal to the outstanding Coast Artillery first year Advanced Course student. Cadet Kenneth R. Wadleigh, '43, will receive the medal.

The championship rifle team of the First Corps Area was presented the Hearst Medals, provided by the Hearst Newspapers. The Technology team winning the championship was composed of Cadet Capt. Peter G. Wiesenthal, Cadet Capt. James T. Harker, '42; Cadet 2nd Lt. Richard X. Gannon, Cadet William B. Terry, Cadet Myron A. Shoffner, all Juniors.

These awards are to be made at a Regimental Review in the Walker Field at 4:00 P.M., Monday, May 12.

Institute Plans Statistics Course

Technology will offer an intensive course on Industrial Statistics for a two week period beginning June 15, it was announced yesterday.

The course is aimed for workers in industrial plants and scientific laboratories who need to understand modern statistical techniques as applied to inspection, design and analysis of factory and laboratory experiments, and to control of the quality of industrial output. It will include lectures, discussions, and laboratory work on many allied subjects.

Professor George P. Wadsworth, of the department of mathematics, and professor Harold A. Freeman, of the department of economics and social science, are in charge of the program.
