Student-Faculty Head is Former Manager Of Annual Field Day

John E. Gardner, Jr., ’43, was announced yesterday as the chairman of Student-Faculty Commit- tee. The committee is composed of the chairman and five other students and five members of the permanent Institute faculty. The committee is to be elected by the student body at the meeting of the fall quarter.

Student-Faculty Committee is an organization made up of nine undergraduate and seven faculty members whose job it is to serve as a forum between students and the faculty. It should foster a constructive criticism concerning courses of instruction, promote cooperative relations between the undergraduate and their instructors, and make suggestions to facilitate the student life.

The Student-Faculty Committee is a Class A activity, the chairmen of which sit on the Institute Committee. Gardner has recently been elected a member of the Beaker Key Society. A member of Course X, he has served for two years as president of the Phi Beta Sigma, honorary chemical society, and was last semester’s president of the last fall. His home is in Riverside, Illinois. He is member of the Chi Phi.

The new president was elected by the students at the annual meeting of the In- stitute Committee after the resigna- tion of Warren E. Foster, ’43. Foster submitted his resignation from the committee after being elected to the chairman- ship of the Interfraternity Confer- ence which caused him to be over- pointed.

T.C.A. Directors To Meet Today
Will Make Plans For Summer Camp

All directors of the T.C.A., under the leadership of the chairman who will meet this afternoon at 5:00 P.M. in the Villa, are meeting for the purpose of discussing ways and means of or- ganizing a representative delega- tion from Technology to send to the Student Christian Movement. This delegation is to be held during the week of June 20-27.

The T.C.A. men will be aided this year by several other organizations, including the president of the Wheaton Christian Workers Club, Boston, and the Modern Language Department.

The committee is planned so as to en- able the students to refer to the little articles in Russian by the end of the year, and to lay a good foundation for the continuation of the study language.

Mr. William A. Cook, who has been associated with the school since 1940, is to instruct these new classes. The course is to be given three hours a week, probably on Monday, Tuesday, and Wednesday from 1:00 P.M. and it will count as a General Study.

Army And Navy Want Aviators
Offer New Enlistment Plans

Army

Army Aviation has announced three enlistment plans for college men in order to provide flight and ground officers for our ever-expanding air force. Thanks to a newly-created Air Force Reserve Plan, men aged 18 to 26, inclusive, can enlist for immediate service, or continue the scholastic work required for graduation before being called to active duty.

Physical standards remain strict, and applicants must pass the physical fitness requirements before being accepted. In addition, a pre-combat examination to determine the applicant's ability to absorb the trauma of combat is required.

6 Month Course

Those accepted who enlist for immediate duty will go into training as soon as training facilities permit. Pay for aviation cadets is $75 a month, as well as subsistence, quarters, medical care, uniforms, equipment, and traveling expenses. The training course lasts eight months, after which successful cadets will receive commissions as pilots, bombardiers or navigators.

Pay of a Second Lieutenant on active duty with the Army Air Forces ranges from $185 to $240 a month. During the past year, 40% of all Aviation Cadets were commissioned as Second Lieutenants, about 97% as flying officers. Those who do not qualify remain in the Air Forces as an enlisted status, and have further opportunities for advancement.

The three enlistment plans of interest to college men are:

1. Juniors, Sophomores, freshmen, aged 18 to 26 inclusive, may join the Air Force Enlisted Reserve and continue their training, pay them maintained satisfactory scholarship standings.

2. All college students may enlist as privates in the Air Force Enlisted Reserve and serve there until their terms come over for Aviation enlistment training. There is also the opportunity of transferring to the Enlisted Reserve of officer candidates' school.

3. All college students may enlist as privates in the Air Force Enlisted Reserve and remain as such until they become eligible for Aviation enlistment training. This plan does not include the privilege of completing the college course before enlistment. From college, men will be assigned to a training center as soon as facilities permit. In case of necessity, the deferred status in the Reserve Air Force may be terminated by the Secretary of War.
