

R.O.T.C. Units Receive Federal Inspection Here

Freshman Regiment Holds Review For Colonel L. B. Chambers

In order to determine whether the caliber of the Institute's course in Military Science is up to government standards, the annual inspection of all units was held during Monday, Tuesday, and Wednesday of this week. Colonel Lincoln B. Chambers, of C. of E., inspected the Engineer unit; Major Reynold F. Melin, Ord., inspected the Ordnance unit; Major Herman H. Wagner, S. C., inspected the Signal Corps unit; Lieutenant Wayne M. Park, C.W.S., inspected the Chemical Warfare Service unit, and Colonel Edwin K. Smith, C.A.C., inspected the Coast Artillery unit.

On Wednesday afternoon the freshman regiment held a review for Colonel Chambers, who was also accompanied by Major Melin, Major Wagner, and Lieutenant Park. Following the review the regiment was inspected by the First Corps Area by several officers from that office.

General Miles To Come Here

Next Wednesday afternoon, Major General Sherman Miles, commander of the First Corps Area, will review the freshman regiment. (Continued on Page 4)

Quadrangle Club Picks Members

Initiation And Banquet Will Be Held Monday

The Quadrangle Club, Sophomore honorary society, has announced the new members for next year, who were selected recently. The banquet and initiation ceremony will be held next Monday at 6:30 P.M. in Pritchett Hall of Walker Memorial.

Picked for good scholarship and for participation in activities and athletics, the new men will form only part of the membership of the society for next year. In addition to the 17 selected by this year's Sophomore Class, the new men will have a chance to pick eight more members when they take over next fall.

The new men are: Lester R. Ackerman, dormitories; Thomas L. Bell, Jr., Sigma Chi; Clarke S. Bressler, Lambda Chi Alpha; John F. Burke, Delta Kappa Epsilon; Corwin H. Brumley, Alpha Tau Omega; Paul M. Cook, Phi Kappa Sigma; Alfred F. Ehrat, dormitories; Weston W. Goodnow, Jr., Student House; Robert H. Horsburgh, Jr., Phi Gamma Delta; Robert L. Hunter, Delta Tau Delta; James A. Leonard, Kappa Sigma; Leavitt J. Pope, Sigma Nu; John L. Hull, dormitories; Thornton E. Smith, Delta Upsilon; Joseph S. Stoutenburgh, Sigma Alpha Epsilon; James L. Phillips, Theta Chi; Albert R. Shelby, Theta Delta Chi.

The first function of the Club will (Continued on Page 4)

International Club To Sponsor Dance

The Technology International is to hold its final dance of this semester from 8:00 P.M. until 1:00 A.M. tonight in Pritchett Hall. The Dance Committee will provide dates for the stags, but guests are invited to bring their own partners.

Tickets are \$.55 for members of the club and \$.80 for non-members. Tickets may be secured from Mark Eitling, '45, Lawrence D. Churchill, '44, or at the door.

Technique Color Prints On Sale Again Monday

For the last time the Technique colored plates of the Institute will be offered for sale in the Lobby of Building 10 from 9:00 A.M. to 5:00 P.M. next Monday. Robert C. Meissner, '43, general manager of Technique, has announced that the plates are similar to those which appeared in the frontispiece of the latest issue of the yearbook. The plates have a wide margin and are suitable for framing.

14 Men Elected To Beaver Club

Are To Be Initiated Next Tuesday Night

The election of fourteen men to the Beaver Club, Junior honorary society, was announced last night. The elections were held at a meeting of the Club last Friday evening.

The men elected, all members of the Class of 1944, will serve as a nucleus for the Club next year. They are: George A. Schutte, Delta Upsilon; Langdon S. Flowers, Sigma Alpha Epsilon; Kenneth W. Nelson, Phi Kappa Sigma; Caleb S. Taft, Phi Beta Epsilon; Robert B. Meny, of the dormitories; Eugene A. Schnell, dormitories; Gerald Dennehy, Delta Tau Delta; William G. Abbott, Delta Kappa Epsilon; Malcolm G. Kispert, dormitories; George S. DeVoe, commuters; Dean C. Picton, Phi Gamma Delta; Alfred H. Heckel, Jr., Theta Chi; William H. Botten, Sigma Alpha Epsilon, and Warren A. Bishop, Delta Kappa Epsilon.

The initiation of these men will be held at 8:00 P.M. next Tuesday night in the Hotel Lenox at the corner of Exeter and Boylston Streets.

T.E.N. On Sale Monday, Tuesday

Last Issue Features Metallurgical Methods

An article discussing the new method of concentrating and recovering metals from poor ores is one of the highlights in the latest and last issue of the Tech Engineering News of the current school year. This timely article was written by Rafael R. Feuerring, '44. The cover of this issue pictures molten steel flowing through a set of walls into ingot molds after being in the slab heating furnace.

Also among the articles featured is one by B. R. Hubbard, "Sailing by Sound." It points out how a new instrument, called the echofathometer makes possible navigation by ocean-bottom landmarks. This method is replacing the old lead soundings, the article states.

An intriguing survey of the average Institute student is included in this last issue. The Tech Engineering News has carried out an exhaustive study of Technology men to ascertain the numbers of hours the average student spends on studies, activities, and social life.

A metallurgical method for moulding metals into desired shapes is described in an article by R. Wallace Jevon, '44. Powders of metals are compacted in appropriate dies and subjected to tremendous pressure. This, accompanied by a type of fusion, gives the piece certain desirable properties.

Carroll W. Boyce, '45, has written a report on seismology. "Cataloguing Catastrophies" reveals that seismologists are seeking increased knowledge of the earth and prevention of disasters.

'45's Counseling Receptions End; Letters Mailed

Interest Heightens As Courses II, III, IV Hold Series' Finale

The Course Counseling reception series sponsored by the T.C.A., was completed yesterday, and Mr. Robert M. Sherman, chairman of the Course Counseling Committee, has already sent follow-up letters to each of the 589 freshmen now enrolled at the Institute and to the members of the faculty who cooperated with the Committee.

Yesterday's receptions were as well attended as previous receptions, and the Committee has called this year's series of receptions a great success. Yesterday Courses II, III, IV, and VII held gatherings which again included refreshments, and Course II conducted a tour of that department.

The letters which have been sent to the freshmen encourage the members of the Class of 1945 to continue the contacts which were established at these gatherings. The letters emphasize the willingness of the members of the faculty and staff to help the students, and then Mr. Sherman asks for comments or suggestions regarding the (Continued on Page 4)

Contest Honors To Rodeman, Arsem

Eta Kappa Nu Judges Cost Analysis Reports

Will B. Rodeman, '44, and A. Donald Arsem, '44, were announced by Eta Kappa Nu, Electrical Engineering honorary fraternity, as the winners of the annual cost analysis competition. Rodeman will receive an electrical engineering handbook as a prize for first place. Arsem was awarded honorable mention.

The contest is sponsored by the Beta Theta Chapter of Eta Kappa Nu, and awards are given to the Sophomore submitting the best cost analysis report. This report is turned in by all Course X Sophomores in connection with course 6.09, concerning an economic analysis of an engineering problem.

Eta Kappa Nu, donor of the prizes, was founded in 1904 at the University of Illinois for the purpose of rewarding high scholarship in Electrical Engineering, and to aid in the advancement of the profession and teaching of the course. The Technology chapter, one of 34 existing chapters, was installed in 1939.

Doctors And Masters To Receive Degrees; Exercises To Be May 28

Karl T. Compton Will Deliver Talk To Conferees

Commencement Exercises for conferring advanced degrees will be held at 8:00 P.M. Thursday, May 28, in Walker Memorial. At this time all degrees will be presented and honors will be announced.

The exercises will also include an address by President Karl T. Compton. Following the ceremony, President Compton and his colleagues, will receive the conferees and their friends under the balconies. Refreshments will be served from departmental tables arranged there.

Recipients of degrees should assemble at 8:00 P.M. on May 28 in the lounges adjacent to the main entrance of Walker Memorial. Introductory music will be played during the seating of guests from 8:00 P.M. to 8:30 P.M.

Procession Will Form

Under the direction of Professor Jesse J. Eames, faculty marshal of the Graduates, the academic procession will be formed and will enter Morss Hall at exactly 8:30 P.M. After the Graduates are standing in their places, the members of the Corporation and the Faculty Council will enter the stage.

Post cards have been sent to the (Continued on Page 4)

All Library Books Must Be Returned By May 23

All Institute library books must be returned to the library from which they were borrowed on or before May 23, or a fine of \$1.00 will be imposed, it was announced by Mr. W. N. Seaver, Institute Librarian.

This applies to all books and periodicals, whether taken from the Central Library or a branch library, including Walker Library. Failure to comply with this regulation will result in the cost of all books not returned being charged against the borrower's account at the Bursar's Office.

Foust And Horn Debate Winners

Defeat Gall And Bruce In Yesterday's Round

Before the largest audience to attend any freshman section debate, Russel Foust, Jr. and Robert Horn defeated a team composed of Robert Bruce and John Gall to win the frosh debating contest. The final round was held yesterday afternoon at 5:00 P.M. in Litchfield Lounge. Mr. John B. Rae, of the department of English and History delivered the decision.

Foust and Horn gained the victory upholding the affirmative side of the question: "Resolved, that the Federal Government should regulate by law all labor unions in the United States." The resolution was modified by three sub-resolutions: regulate means first, incorporation of the unions; second, the fixing of responsibility for damages incurred during strikes by unions and their members; and third, misuse of funds.

Robert P. Auty, '45, presided over this contest, which climaxed five elimination rounds for the twenty-six teams originally entered as contestants. Charles Wiswell, '45, kept the debaters within their allotted time limits.

All the debates were held under the Oregon system which allows two constructive and one rebuttal speech for each side. Under this plan, too, each debater must answer questions posed by his opponents after his initial speech delivery.

During the entire series of de- (Continued on Page 4)

Russel Foust, Jr. and Robert Horn, who came out on top in the final round of the freshman debate tournament.

Boys' Workers To Hold Final Banquet

Magoun Chosen As Honorary Member

The inauguration of Professor F. Alexander Magoun, of the department of Economics, as an honorary member of the Boys' Work Division of the T.C.A. will be one of the highlights of the annual banquet of the Division, to be held at 6:00 P.M. this evening in the Faculty and Alumni Lounges.

This banquet is held every May by the Division as a final gathering of all boys' workers and in appreciation of the fine work these students do. At these banquets it has been a tradition to inaugurate some member of the faculty or teaching staff as an honorary member of the Boys' Work division, and this year Professor Magoun has been chosen to receive the honor.

The guests at the banquet are to include: Professor William H. Timbie, of the department of Electrical Engineering, Mr. Wallace M. Ross, General Secretary of the T.C.A., and Mr. Walter C. "Jack" Wood, all of whom are honorary members of the division. Jack Wood will show colored motion pictures which were taken last Summer at the M.D.C. Boathouse, where one of the Boy's Work projects is taking place.

Alpha Chi Sigma Awards Prize To Clinton C. Kemp

Clinton C. Kemp, '43, was awarded the \$100 prize which is presented annually by Alpha Chi Sigma to the Junior in one of the chemistry courses with the highest scholastic standing, at the last meeting of the fraternity.

The eligibility rules for the prize require that the person to receive it be in Course III, V, X or XV-2, and be a junior. They do not specify that the recipient be a member of Alpha Chi Sigma, although Kemp does belong to the society. Kemp is a student in Course X. Alpha Chi Sigma is the honorary chemistry society at the Institute.

The Reader Speaks

Frosh Success

Open Letter to The Tech:

Twice in the last issue of The Tech it was mentioned that the dance floor of the Hotel Kenmore was very crowded for the Freshman Prom last Friday night. Indeed it was. But it is not that fact which prompts me to write. It was the statement in "For Boys to Play" that the Committee was "undoubtedly pleased to see the large crowd but it was hard on the dancers. . . ."

Although we were pleased, let me say that we were far more surprised. It is no secret that the Freshman Prom has a habit of being anything but a howling success, so in the light of past attendance the Committee chose a ballroom that was deemed adequate for 100 or even 125 couples. The most far sighted Committee members didn't anticipate that 160 couples would show up. To those who were inconvenienced by the lack of dancing space and elbow room — let me extend a sincere apology on behalf of the entire Committee.

One other thing in the column caught my attention (and roused my ire, too). ". . . the attractive Mural Lounge, a welcome haven to many of the upperclassmen present." The notable scarcity of upperclassmen at the Prom makes it look as though attending a frosh function is below their social level. When my roommate first told me that no one but freshmen ever attend a frosh Prom, I asked, "What's wrong with these forty-fivers, anyway?" But after having seen the Class of '45 have a good time at its own dance, without the presence of upperclassmen, I'm now asking, "What's wrong with the upperclassmen?"

With a wish for bigger ballrooms and better and bigger Frosh Proms in years to come, I am,

Sincerely yours,
 Carroll Boyce, Chairman
 Freshman Prom Committee

Collegiate Roundup

by Paul Talalay

. . . **Harvard** definitely held the spotlight of collegiate news during the past few days. Sixteen hundred Harvard men in uniform were reviewed "with the color and pageant of a combined Annapolis-West Point display," when the University's army and navy ROTCs paraded last Monday in review order before the official party headed by Governor Leverett Saltonstall. A 19 gun salute was fired in honor of the Governor of the Commonwealth at the ceremony which was described as "the largest full-dress military review in the University's history."

. . . **Mrs. Eleanor Roosevelt** spoke over the Crimson Network last Tuesday afternoon on the subject of "the Student and the War." The First Lady's advice to the college student was to stay in college and to get training for "whatever job you are going to do." If you study and prepare yourself well, you will be more valuable to your country, because we need trained minds and trained people." Once again Mrs. Roosevelt gave emphasis to her traditional theme—that both a world at war and a world in the process of reconstruction must base its hopes on the ability and broad-mindedness of those who have the training to face and deal with such problems. After the war "we will have to face more difficult problems than ever have come up before but we will have to find a method to stay at peace or decide that our civilization will come to an end. We have learned so much about destruction, that we can't have a war every 20 years."

Qualifying her statements urging students to continue studying, Mrs. Roosevelt warned that "You have

no right to continue your training unless you are putting everything you have into preparing yourselves to take the full share of the burden. The world is going through the worst crisis we have known anything about, and it would be a terrible thing to know that you weren't doing your full share."

. . . **Harvard wasn't** so much different a place a century ago, to judge from the diary of Jacob Rhett Mott of the Class of 1832 who 'slept over prayer, disliked the food, and rejoiced unduly when his professors "missed" lectures. Attention has been focussed on the diary by the research of the Associate Collegiate Press.

The diary was written in 1831 when Mott was a 19-year-old Junior in the college. Chief change between 1831 and 1942 seems to have been the tempo at which college life was lived. Mott walked when he took a trip to Boston, or else drove his velocipede. The only excitement which he seems to have had during his Junior year was when he raced his machine with the stage coach between Cambridge and Boston.

Mott's usual time of "retiring to court the favors of Morpheus" was 12 or 1 o'clock, and he found it "the most difficult thing in the world to rise at the proper hour in the morning."

"I this morning slept over both prayers and breakfast," he records on one morning. "One advantage attended ehtate lr TEOAIN ETAOI attended the latter omission, namely an appetite at dinner sufficient to relish Commons beef." On a few evenings he boasts of "perpetrating his lessons in electricity," but, to balance these conscientious evenings, he tells of several occasions when he got through his Latin class only by a "squirt" . . . which it seems was 1830 slang for what we now call the rule of the coin.

BIG STICK vs. SMALL TALK

Coupled with the report of the United Nations' unquestionable victory in the Coral sea (we say unquestionable despite official caution and censorship for obvious military reasons) came that of the British seizure of the vitally strategic French island of Madagascar.

This news is evidence of the United Nations' aggressiveness on all fronts and their inactivity on the United States diplomatic front. We refer to the treatment of Martinique and other Vichy-dominated islands in the Caribbean. More through appeasement tactics than through any shrewd diplomacy, the state department has consistently refrained from any ultimatums until now. The general impression now, however, is that Laval has received a strong note, diplomatically speaking, backed by our Navy, practically speaking—and we like it.

Last night's papers told of Laval's note in reply. He mentions "grave" issues and hints at the question of negotiating under "normal conditions." Thus Laval is making an effort to have the negotiations which have heretofore been carried out exclusively by an American Admiral and the French governor of the islands once again brought back to the Vichy diplomats.

Whatever else may have been in the reply, our state department should make it clear that we are ready to neutralize the islands by force from a military standpoint if necessary. The Caribbean is an area which may become extremely dangerous especially at the vulnerable corner where Martinique lies. We cannot rest easily until this potential weak link in our defense of this hemisphere is eliminated.

INDIVIDUALISM AND MISMANAGEMENT

Like some Jovian thunderbolt—we would like to say for the sake of accuracy like some Nazi torpedo,—gasoline rationing has hit the American living along the northern Atlantic seaboard. And almost to a man these Americans have risen to the occasion like good old rugged individualists. "Everybody else's car deserves an A card but I need a B-3 or an X."

The obvious flagrant violations of the code imposed by the government can have no excuse. Even the threats of fines and imprisonments did not diminish the number applying for B-3 cards, a large percentage of whom no doubt feel that the rationing isn't necessary and that the government is merely trying to discipline the people who may not realize that we are at war. Hence these people feel morally chastised and proceed to get B-3 cards.

Of course the Texas oil wells are producing plenty of oil. As a matter of fact, news has it that they have so much oil they don't know where to put it. They just haven't got the facilities to move the oil to where it is needed. But all this is oil out of the exhaust. We've got the shortage and we have got to bear it.

With that off our chests we would like to have several questions of our own answered. First of all, why was the shortage called for last year and promptly forgotten? Why are there large classes of the community exempted without having to show necessity? Why do commercial cars have unlimited rations when there immediately can open up a tremendous bootlegging business via the siphon? Why all the conflicting reports about the rationing, about the rations, about the time?

Until these questions are answered by a competent authority, we shall have to consider the program mismanaged, we shall feel that there is room for criticism. But the facts are irrefutable; a shortage does exist, and we will have to comply with a spirit of wholehearted cooperation and good faith. The necessity for having probes into ration classifications is certainly, however, no help to the system.

You know the story of Axis "dictatorship"—the lesson is there for all to read: Schools and colleges closed—or turned into breeding grounds for lies and hate.

Freedom of speech—*verboten!* Freedom to choose your friends—*verboten!* ". . . All you need to learn is to obey!"

Now they would attempt to put the yoke on us—on you. It must not happen here! Whatever the cost, the Axis must be smashed. Your part, as a college student, is clear. You may not be behind a gun today, but you can help today to give our soldiers, sailors, and marines the weapons they need for Victory.

Put your dimes and dollars into fighting uniform now by buying United States Savings Bonds and Stamps. You'll help not only your country, but yourself—because you are not asked to give your money, but to lend it. You can start buying Bonds by buying Savings Stamps for as little as 10 cents. Start buying today—and keep it up!

Save . . . and Save America

FINAL CREW RACES TOMORROW

Tracksters To Conclude Season At Briggs Today Against Springfield

Gil Dodds To Speak At Track Team Banquet In Walker On May 21

A strong Springfield track aggregation will invade Briggs Field on Saturday afternoon to engage the Beaver tracksters in what should prove to be the standout meet of the year. The visitors will bring with them an imposing array of track and field men, including one intercollegiate champion. The Tech team, with victories over Bates and Colby under its belt, will be at full strength, with many of the sophomores who monopolized last week's interclass meet in the lineup.

Bill Booth, excellent hurdler, sprinter, broad jumper, and New England Intercollegiate 220 champion will lead the Maroons attack. Three other men, Dumpy, 10.1 sec. sprinter; Pilgrim, broad jumper; and Fatina, shot put specialist, will strengthen Springfield's invasion. Entered in the discus and javelin for the opponents will be Linberger and Linck.

Bob Meny, who starred in the interclass meet, will run in the 100 and 220 yard dashes and Norm Beecher, Jack Schultz and Lawrence Stewart will be entered in the hurdling events, with Stewart expected to take the low hurdles. Men to be entered in the other events include Ed Czar in the 880, Bob Miller in the mile run, Dick Van Voorhees in the javelin, Dick Wareham in the hammer throw, and John Hamilton in the high jump. In the pole vault Bruce Horst is expected to win out for Tech. While cognizant of the fact that it will be no walkaway, Oscar Hedlund, track mentor, is confident of a Tech victory in the meet.

The track season will officially end on Thursday, May 19, when the annual banquet will be held. Gil Dodds, outstanding miler and two miler, will be the principal speaker. Once he has gained more experience, Dodds who has beaten Leslie MacMitchell, and been a close second to Greg Rice, is expected to be nothing more than sensational, and should prove an interesting speaker. All interested in hearing Dodds are invited to attend the dinner which will be held in Walker Memorial at 65c a plate. The presentation of letters, numerals, and trophies will also be made at the banquet.

On Wednesday the frosh trackmen journeyed to Milton to compete against the Milton Academy team. The home team came out on top by a score of 60-48. The individual results are as follows:

100-yard dash: Won by Pillsbury (M); 2nd, Haydock (M); 3rd, Ashley (M.I.T.). Time—10.2 sec.
220-yard dash: Won by Pillsbury (M); 2nd, Haydock (M); 3rd, Bent (M.I.T.). Time—23.4 sec.
120-yard high hurdles: Won by Carey (M); 2nd, Pyle (M.I.T.); 3rd, McKee (M.I.T.). Time—16.2 sec.
120-yard low hurdles: Won by Carey (M); 2nd, McKee (M.I.T.); 3rd, McIntyre (M). Time—13.6 sec.
440-yard run: Won by Wheeler (M); 2nd, Bailey (M.I.T.); 3rd, Howes (M). Time—51.4 sec.
880-yard run: Won by Edgarton
(Continued on Page 4)

Softball Finals At Fens Stadium

Sigma Alpha Epsilon Will Play Sigma Nu

Next Sunday afternoon the final game of this year's Beaver Key softball tourney will be played, it was revealed last night, according to Sid Atlas, '43, director of the tourney. The game will be played between Sigma Nu and Sigma Alpha Epsilon for the intramural championship, the winner to receive possession of the Beaver Key trophy for a period of one year.

Some disagreement has arisen as to a playing ground for the contest, the Sigma Nu's desiring to play at Amory Park in Brookline, while the S.A.E.'s wish to play on the field between Walker Memorial and Building 2, here at the Institute. To settle the argument by compromise, the game will probably be played at the Fens Stadium, over in the Back Bay. Three referees will be present at the fray, which is scheduled to start at 4:00 P.M.

Plans are now being considered by the Beaver Key Society for a series of intramural athletic tourneys to be held at the Institute during the summer months, it was also learned. Tournaments in sailing, crew, tennis, track and golf are already under consideration by the society, hoping to provide recreation for the Seniors who will be here all summer.

Coed Dinghy Races Carded For Today On Charles River

Seven Boston Colleges Enter Sailing Crews In Annual Regatta

Coeds from about seven different colleges in the Boston vicinity will compete today in the Nautical Association's annual Coed Regatta, it was announced by Miss Domina Spencer of the graduate school, who is to be in charge of the races. The races will consist of two events with two boats from each school. Competing for Technology will be Miss Spencer and Miss Jane Chance, '44. The races will start at 1:00 P.M. on the Basin.

Although there will be general sailing, all those who take boats out must be careful not to interfere with the racing.

Sunday the Nautical Association will play host to the Boston Dinghy Club regatta for all colleges in the Metropolitan district. This race is for the Boston Dinghy Club Cup and is open to all colleges in the local association. As the races will take up all day Sunday and will use most of the boats during that time, it will not be possible to have general sailing at all on Sunday.

Beavers Drop 2 Tennis Matches This Past Week

W.P.I. Trims Tech By 5-1 Score; Devens Squeezes 4-3 Victory

The Beaver tennis men dropped two matches this week to Worcester Polytech and to Fort Devens. W.P.I. defeated Tech 5-1; the Fort Devens men edged the Beavers 4-3.

At Worcester last Wednesday the Polytech outfit trounced the Tech tennis squad by four points. Kennedy of W.P.I. defeated Eagleton of Tech, 6-3, 6-1; Lange of Tech defeated Peterson of W.P.I. 6-4, 10-12, 6-4; Dember of W.P.I. defeated Woodworth of Tech 7-5, 6-3; Cordier of W.P.I. defeated Stanley of Tech, 6-0, 6-1.

W.P.I. Wins Doubles

In the doubles match Brown and Holmund of W.P.I. defeated Woodworth and Stanley of Tech 6-2, 6-2. Winning four single matches and the double match enabled W.P.I. to win over the Engineers 5-1.

The Tech players were more successful in their match with the soldiers from Fort Devens but lost 4-3. The games were played on the Harvard courts.

Tech Wins Three Singles

In the singles matches Everts of Fort Devens defeated Kaneb of Tech 6-4, 6-4; Ladey of Fort Devens defeated Nelson of Tech 5-7, 6-1, 6-0; Greenman of Tech defeated Irish of Fort Devens 6-1, 6-2; Gunther of Tech defeated Harlow of Fort Devens 6-0, 6-1; Stanley of Tech defeated Ensling of Fort Devens 6-2, 6-2.

In the doubles matches Ladey and Ensling of Fort Devens defeated Docal and Stanley of Tech 6-3, 6-4; Everts and Irish of Fort Devens defeated Curry and Gunther of Tech 6-1, 6-3.

Beaver Linksmen End Season Soon

The Beaver linksmen will wind up their season on May 21 at the Oakley Country Club in Cambridge when they will face the Worcester Polytechnic Institute team in what should prove to be a close match. If they win this match the golfers will have a record of three victories in six attempts. So far they have lost to Yale, Harvard and Brown while they have prevailed over Boston University and Colby.

The New England Intercollegiate Golf Tournament, originally scheduled for this week-end, has been cancelled until some time early in July.

Beaver Oarsmen To Face Country's Finest Eights On Charles River Basin

Wisconsin, Navy, Harvard, Penn Here For Regatta

The last crew regatta of the current season will take place on the Charles River tomorrow, at 5:15 P.M. The participating crews will be Navy, Pennsylvania, Wisconsin, Harvard and M.I.T.

This Adams Cup Regatta, with few exceptions, brings together the best crews in the country. Harvard is a known power to contend with, and will put up their usual terrific battle. Pennsylvania boasts an undefeated crew which broke the Princeton course record for the Henley distance a few weeks ago. Navy always has fighting crews and should give a good account of itself tomorrow. Wisconsin is the enigma of the quintet, — the unknown power. The big boys from the west had a great freshman crew last year, as was seen at Poughkeepsie, and therefore their varsity should be strong this year.

The first race, the freshman heavy race, will be rather late in the afternoon, at 5:15. As usual the varsity race will be last, at 5:45, and the junior varsities will start at 5:30. Interested crew enthusiasts who are not lucky enough to be on the river at the time may get an equally good view from either bank of the Charles. All races will start just opposite the Technology crew house and will end at the far

corner of the Longfellow bridge, near the Boston shore. This course is longer than the courses raced previously, being a mile and three quarters.

In addition to the Adams Cup on the Charles, M.I.T. is represented in the annual Eastern Association regatta at Princeton tomorrow by the varsity 150 lb. crew. The boys left yesterday, and will arrive at Princeton this morning. They will have at least two practice rows today to familiarize themselves with the course before the race. The other colleges entering crews in the varsity race will be Harvard, Pennsylvania, Cornell, Columbia. Of the above, only Pennsylvania and Harvard remain undefeated this season.

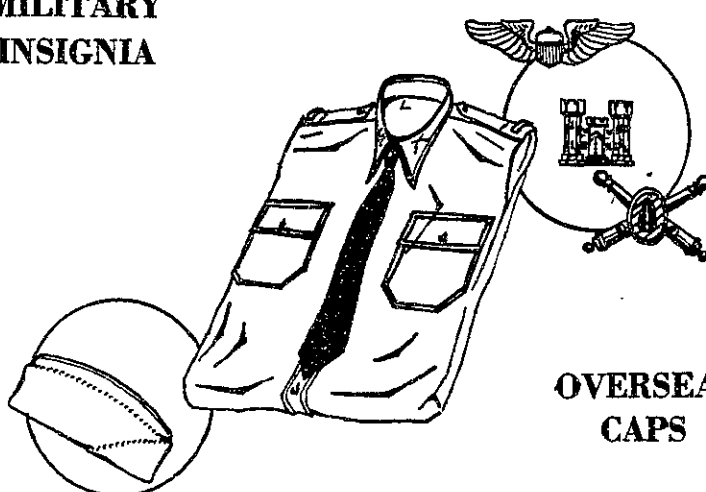

The freshman 150 lb. crew ended their crew activities this season with a resounding defeat of the Browne and Nichols heavy junior varsity. The Tech boat pulled out in front, and was never headed, finishing the mile race four lengths in front. This crew shows a record of two wins and one defeat, having bowed to Harvard by a scant length.

The second freshman heavy crew has fared the best of all Tech crews this season. Yesterday they defeated the Browne and Nichols varsity by a half length, thereby winding up their record with two victories and no defeats. They defeated the Harvard second freshman heavy boat last week.

To wind up the crew season officially, there will be a crew banquet Wednesday, May 20, in Walker Memorial. All are invited, and the price is \$1.00 per plate.

I. F. C. Decides To Meet Weekly During Summer

\$5.00 Membership Fee To Be Charged; Also Discuss Rush Week

At their regular meeting held last night, the Interfraternity Conference decided to hold meetings once a month throughout the summer. It was first suggested that these meetings be entirely for business, without dinner, but it was finally decided to have them at the most convenient time for the houses and to have the executive committee decide whether or not dinners would be served.

It was also decided that since the Conference is to meet all summer, it will be necessary to charge the regular \$5.00 per term membership fee in order that the expenses of the summer term can be met. At the meeting it was also decided that in the future, roll will be called at the meetings for representatives rather than for houses in order to determine whether houses are properly represented.

Rush Week Discussed

The major part of the meeting was taken up with a discussion of a plan to have all freshmen interested in fraternities register before rush week next fall. It was thought by some members that this would facilitate all houses meeting more men during the week. This was urged on the basis that the gas shortage will make it less possible for houses to meet men both before and during rush week.

This idea, however, was defeated, and it was decided that cards would be sent to entering freshmen as soon as possible after the Institute's list is made up, and that these be kept on file at a bureau to be established for the purpose by the I.F.C. By this means it was decided that it would be possible for all fraternities to consult these files much in the same way as they would the T.C.A. cards if they were filed in time for rush week. It was also decided that these rules should not be binding. This last part of the motion was instigated because many members felt that controlled rushing has many more evils than benefits.

Ask Stewards for Cooperation

In the report of the steward to the meeting, he asked that all stewards cooperate with the stewards committee in their effort to reduce the cost of living and to give good

CALENDAR

FRIDAY, MAY 15

- 6:00 P.M. Boys' Work Banquet—Faculty and Alumni Lounges.
- 8:00 P.M. International Club Dance—Pritchett Hall.

- 2:30 P.M. T.C.A. Picnic—Riverside Recreation Grounds.

MONDAY, MAY 18

- 6:00 P.M. Quadrangle Club Banquet—Pritchett Hall.

Spanish Society Makes Professor Honorary Member

Professor Richard F. Koch of the Modern Language department was made an honorary member of the Technology Spanish Club at its annual banquet held last Tuesday evening in the Dutch Room of the Graduate House. In a short speech Professor Koch spoke hopefully of pleasant relations between the club and his department.

Also made an honorary member of the Club at this time was Virgilio Barco, '43, founder and first president of the organization, which is officially known as the Grupo de Habla Espanola de M.I.T. Barco gave a talk on "The Influence of Modern Technological Developments on the Spanish Language."

Robert G. Caldwell, Dean of Humanities, who also attended the banquet, spoke on the unity of America. Following the dinner was a recital of piano music of Uruguay and Argentina, given by Georgias Gianola, who comes from Uruguay.

Concluding the evening was a dance, with girls from the Spanish Clubs of Radcliffe, Wellesley, Boston University, and Simmons College, who also attended the banquet.

food to the fraternity men. He asked that all houses cooperate to make the buying plan economical and said that it would be almost impossible for any houses to make contracts for food due to possible price fixing by the federal government.

Sid F. Atlas, '43, was elected member at large to the executive committee for this meeting.

Lambda Chi Alpha To Buy Five Hundred Dollar Bond

The Lambda Chi Alpha fraternity has just appropriated money to buy one five hundred dollar United States Savings Bond. This is the first such report of large scale buying of government bonds reported at the Institute. The bond will be purchased immediately with money from existing funds.

T.C.A. Prepares List Of New Men Gathers Information To Aid Fraternities

As in former years, the T.C.A. is preparing to compile a list of all incoming freshmen and transfer students, to aid fraternities in choosing their rushees. The list will include such particulars as names, addresses, preparatory schools attended and religious denomination, it was announced last night by Robert E. Cooper-Smith, '44, office manager of the organization.

These lists are designed to aid the rushing chairmen in the various fraternities in contacting prospective rushees. They will be prepared through the courtesy of the Records and Admissions offices and are to be ready this year about August 15. One copy has been allotted to each fraternity, and it may be obtained in person or by leaving a summer mailing address at the T.C.A. office.

R.O.T.C. Inspection

(Continued from Page 1)

Because of the change of date of graduation review, formerly scheduled for Friday, May 22, has been cancelled, and the review for General Miles will end this year's ceremonies for the Military Science department.

Sophomores who have applied for the advanced R.O.T.C. Course at the Institute are now being examined, at the rate of five each day, by First Corps Area doctors at the Corps Area headquarters. The examinations began last Monday, and it is expected that they will be completed within the next few weeks.

Course Counseling

(Continued from Page 1)

Course Counseling program. The T.C.A. would appreciate any comments which the freshmen or staff may desire to make. These comments should be addressed to Mr. Robert M. Sherman in care of the T.C.A. office.

 Reading Room—Free to the Public,
 333 Washington St., opp. Milk St., entrance also at 24 Province St.; 14 Boylston Street, Little Building, Street Floor; 60 Newbury St., corner Massachusetts Ave.; 1316 Beacon Street, Coolidge Corner. Authorized and approved literature on Christian Science may be read or obtained.

T.C.A. Will Hold Picnic This Sunday

Riverside Park to Be Scene of Big Outing

All students actively engaged in some phase of T.C.A. work have been invited to bring their dates to the second annual T.C.A. picnic, which is to be held this Sunday afternoon beginning at 2:30 P.M. at the Riverside Recreation Grounds, Sid F. Atlas, '43 vice-president of the organization, announced yesterday.

All types of recreational and athletic facilities provided by the Metropolitan District Commission will be available at the picnic grounds. Included are a golf course, accessible for a nominal green fee, tennis courts, baseball diamond, swimming pool, and canoes. There will be no charge for the picnic itself.

Food may either be brought from home, or bought at the park, as there is a stand which sells various kinds of edibles. Riverside is readily accessible by bus, train, or car, and directions for getting there may be obtained at the T.C.A. office. It is requested that all who intend to attend this affair will sign up at the office.

Quadrangle Club

be to sell the familiar red and gray ties to next year's incoming freshmen. In addition to its other activities the Q-Club intends to select next year's winner of the Freshman Award by choosing the outstanding member of the Class of 1946, officers announced. The Award was made for the first time this year, the recipient being James A. Leonard, '45. It is awarded for character, leadership, scholarship, and especially for participation in athletics and extra-curricular activities.
