Fourteen Men Elected To Beaver Club

Are To Be Initiated Next Tuesday Night

The election of fourteen men to the Beaver Club, junior honorary society, was announced last night. The elections were held as a meeting of the Club on the campus.

The men elected, all members of the Class of 1944, will serve as members for the Club for the next year. They are: George A. Schutte, Delta Upsilon; Donald J. Eichman, Alpha Epsilon; Kenneth W. Nelson, Alpha Chi Sigma; Carl W. Stone, Phi Eta Sigma; Robert H. Mervine, of the dominion; Eugene F. Adler, Delta Tau Delta; William C. Emery, Kappa Sigma; Robert E. Kapp, Lambda Chi Alpha; Malcolm G. Kispert, Aerdromon; George A. DeWitt, center; C. F. Peterson, Phi Gamma Delta; Alfred H. Kiclet, Jr., Theta Chi; William H. Bond, Sigma Chi; and Warren A. Biskop, Delta Upsilon.

The installation of these men will be held at 8:30 P.M. next Tuesday night in the Hotel Lenox at the corner of Xester and Boylston Streets.

T.E.N. On Sale Monday, Tuesday

Last Issue Features Metallurgical Methods

An article discussing the new method of concentrating and recovering metals is featured in this issue. The method is presented in a concise and accessible manner, providing valuable insights for students and professionals in the field of metallurgy.

Fresenau Winners

All Library Books Must Be Returned By May 23

All institute library books must be returned from May 25, or a fine of $1.00 will be imposed, as announced by Mr. W. N. Beaver, Institute Librarian.

This applies to all books and periodicals that have been taken from the Central Library or a branch library, including Walker Library. Failure to comply with this regulation will result in the cost of all books not returned being charged against the borrower’s account at the Bursar’s Office.

Initiation And Banquet Will Be Held Monday

The Quadrangle Club, Sophomore Class, has announced the new members for next year, in the form of a selected reception. The banquet and initiation ceremony will be held Monday at 4:30 P.M. in Pritchett Hall of Memorial.

The men selected for initiation are: Lester A. Basken, dormitories; Thomas L. Conner, dormitories; Bruce F. Bevoster, Lamba Chi Alpha; John T. Burke, Delta Kappa Epsilon; Coral Y. Breton, Pi Kappa Sigma; Will S. Byerly, Phi Kappa Sigma; Joseph W. Gough, Phi Kappa Sigma; Charles D. Hody, Theta Chi; John J. Hurlin, Kappa Kappa Epsilon; Donald W. Johnson, Eta Kappa Nu, and Charles B. Kippley, Theta Chi.

The guests at the banquet are to consist of the executive members of the Junior Class of 1944, and the Board of Trustees of the Union.

The men selected for initiation are all members of the Alpha Chi Sigma, although the association does not belong to the society.

Among the new members are: Peter A. Duarte, chemistry courses with the highest grade; John D. Egbert, chemistry courses with the highest grade; Charles W. E. G. Fier, of the exchange department of the engineering club; and Warren A. Biskop, Delta Upsilon.

The Technology chapter, one of the Michigan chapter, was installed in 1927.

FRESHMAN WINNERS

Russel Foulk, Jr. and Robert Hoon, who came out on top in the final round of the freshman debate tournament.

Doctors And Masters To Receive Degrees; Examinations To Be May 28

Karl T. Compton Will Deliver Talk To Conferences

Commencement Exercises for the Class of 1944 will be held at 3:30 P.M., Thursday, May 28, in Memorial Hall. At this time all degrees will be presented and honors will be announced.

Karl T. Compton, president of the Institute, will deliver the concluding address, with a talk on the day's subject, along with William M. Brand, honors will be announced.

Karl T. Compton, president of the Institute, will deliver the concluding address, along with William M. Brand, campus speaker, and Dr. J. C. Vannevar Bush, provost of the Institute, who will deliver the keynote address. The program will include a talk on the importance of science and engineering, and the role that students can play in shaping the future of society.

Karl T. Compton, president of the Institute, will deliver the concluding address, along with William M. Brand, campus speaker, and Dr. J. C. Vannevar Bush, provost of the Institute, who will deliver the keynote address. The program will include a talk on the importance of science and engineering, and the role that students can play in shaping the future of society.

BIG STICK vs. SMALL TALK

Coupled with the report of the United Nations' unquestionable victory in the Coral Sea (we say unquestionably because of the official caution and censorship for obvious military reason) came that of the British seizure of the vital strategic French islands.

This news is evidence of the United Nations' aggressiveness on all fronts and their inactivity on the United States' domestic front. We have the treatment of Mauritania and other Victory-dominated islands in Morocco. More of the same:

And through appeasement tactics than through any shred diplomacy, the state department has consistently refrained from any ultimatums to Britain. The general impression now, however, is that Laval has received a strong note, diplomatically speaking—backed by our Navy, practically speaking—and we like it.

Last night's paper, in its lead note in reply. He mentions "grave" issues and hints at the question of negotiating under "normal conditions." Thus Laval is making an effort to have the negotiations which have heretofore been carried out exclusively in our American Alliance and by that time the tide of the islands once again brought back to the Victory diplomats.

Whatever else may have been in the reply, our state department should make it clear that we are ready to neutralize the islands by force from a military standpoint if necessary. The Caribbean is an area which may become extremely dangerous especially at the vulnerable corner where Martinique lies. We cannot rest easily until this potential weak link in our defense is neutralized.

INDIVIDUALISM AND MISMANAGEMENT

Like some Jovian thunderbolt—we would like to say for the sake of accuracy like some Nandi torpedo—some one has hit the American living along the northern Atlantic seaboard. And almost to a man these Americans have risen to the occasion like old fashioned individuals. Everybody's done his own little bit.

The obvious flagrant violations of the code imposed by the government can have no excuse. Even the threats of fines and imprisonments did not diminish the number applying for B-3 cards, a large percentage of whom no doubt feel that the rationing isn't necessary and that the government is merely trying to discipline the ones who may not realize that we are at war. Hence these people feel morally chastised and proceed to get B-3 cards.

Of course the Texas oil wells are producing plenty of oil. As a matter of fact, news has it that they have so much oil they don't know where to put it. They just haven't got the facilities to move the oil to where it is needed. But this is oil that we've got the exhaust. We've got the shortage and we have got to bear it.

With that off our chests we would like to have several questions of our own answered. First of all, why was the shortage called for last year and promptly forgotten? 'Why are there other's car deserves an oil out of the exhaust. We've got the shortage and we have.

THE TECH

FRIDAY, MAY 15

T.C.A. Will Hold Picnic This Sunday
Riverside Park to Be Scene of Big Outing

All students actively engaged in some phase of T.C.A. work have been invited to bring their dates to the second annual T.C.A. picnic, which is to be held this Sunday afternoon beginning at 1:00 P.M. at the Riverside Recreation Grounds. Sid F. Atas, '43, vice-president of the organization, announced yesterday.

All types of recreational and athletic facilities provided by the Metropolitan District Commission will be available at the picnic grounds. Included are a golf course, accessible for a nominal green fee, tennis courts, baseball diamond, swimming pool, and canoes. There will be no charge for the picnic itself.

Food may either be brought from home, or bought at the park, as there is a stand which sells various kinds of edibles. Riverside is readily accessible by bus, train, or car, and directions for getting there will be obtained at the T.C.A. office. It is requested that who all intend to arrive early this affair will sign up at the office.

be to sell the familiar red and gray ties to next year's incoming freshmen. As in former years, the T.C.A. is planning to compile a list of all incoming freshmen, and to aid fraternities in choosing their candidates. The list will include such details as men's addresses, preparatory schools attended, and especially for participation in athletic and extracurricular activities.

T.C.A. Prepares List Of New Men

Gathers Information

At Riverside

As in former years, the T.C.A. is planning to compile a list of all incoming freshmen, and to aid fraternities in choosing their candidates. The list will include such details as men's addresses, preparatory schools attended, and especially for participation in athletic and extracurricular activities.

The nation's leaders have approached the T.C.A. in an effort to obtain information on candidates for its membership. The T.C.A. is planning to distribute a list of all incoming freshmen, and to aid fraternities in choosing their candidates. The list will include such details as men's addresses, preparatory schools attended, and especially for participation in athletic and extracurricular activities.
