For Informal Affair

New Naval Reserve V-7 Plan

Open To Juniors And Seniors

Pool Of Reserve Candidate Is Established To Replace Classification Of Old System

New plans for the enlistment of potential officers in the Naval Re- serve have just been announced by the Navy, and should be of great interest to Juniors and Seniors who are not yet in any reserve. This plan, V-7, supersedes the former Navy procedure for the enlistment of specialists.

Under the old plan, students could enlist as provisional specialists in engineering, or any other field in which they were interested. This plan that most of the men from the Institute have entered the service during the past year. This plan, however, has been discontin- ued, and it is thought now that it will not be re-activated.

A chance for budding business men to try their hand at writing advertising copy is offered by the Rogers Peet Advertising contest. Which M.T. pictorial mast- head, is open to students. The wording or "copy idea" of the winning copy will be used as for the upper two classes. This advantage is not balanced by the seniority of the upperclassmen. Prof. Mitsch feels that their case will be handled in two separate cate- gories. (Continued on Page 1)

WANTED: SUGGESTIONS AND ADVICE
The entire undergraduate body will be given the opportu-
nity to voice its opinion upon the incoming Junior Prom tomorrow in a poll conducted by the committee in charge in the Main Lobby of Building 10. The committee members hope to receive suggestions and proposals to form a basis upon which to formulate the final plans for the big event, one of the two formal dances remaining on the Technology calendar.
Because they believe that the dance is one in which every class participates, the committee has opened the poll to all undergraduate classes. Each ballot
caster will be expected to express his opinion as to whether certain proposals will be abolished for the week-end, what price the class in the Institute participates, whether the committeemen have

We want scrap!

Ballooning Experiments Provide Theme for Aero Exhibit

Today the sight of airplanes, dirigibles, and balloon

itzers is familiar, but the exhibit of the balloon building recums the days when these wonders were not only far from common

ce, but scarcely considered. The earliest known record of a hot-air balloon, which was made by a man named Agin, who first set out to conquer the air in a mode of travel, the marvellous achievement first came to

ins.

The exhibit in the south lobby is composed of a complete display of ad

vertisers and folders and books partic-

ularly storytelling of a certain nature.

orides or divisions, but which appear to have some use

in the latter case, the

should be left in an un-

pedient. In the former case, the

ship should be left in an un-

endance. The present Junior Prom committee is now offering the

institutions. It is this branch in which Technology men will be the most

sted, it is from these men

that all the most splendid

are chosen. The general

section is divided into three

sections: Deck, Equipment & Supply Corp., the specialities

haps more than divisions, and their value

have some use value. A chairman or a divisional head or his representative may

old and parachutists. Probably the

most outstanding drawback, not

sidering the tremendous num-

nity, was that a feature

in a contemporary London paper computed of the effort. The editor

aimed to destroy the city.

The books and articles comprise

has already advised the class to wait for a month or so before taking any action toward enrollment in a reserve program. He emphasizes that in the exceptional case when a problem is pressing, such as the case of a Freshman old enough to be eligible for the present draft, the student should come to Room 1-184, and Prof. Minch will be glad to advise him as to his program. All others should wait until further notice is sent out as enrolling Fresh-

in, for obvious reasons.

Dartmouth, Harvard, Tech Crews To Compete On Charles This Month
Senior Boat Will Represent Tech Oarsmen

Dartmouth, Harvard, and M.I.T. will participate in a crew race this Saturday morning at 10:00, arranged by the Dartmouth Yachting Club. The event will be the annual late last night by Bob Thrud, head coach crew at Tech. The Dartmouth Yachting Club organizers will be varsity heavy boats, while we shall be entering an all-lightweight crew.

It was thought that since all the rowers who are turning out for this second annual late last night will be interspersed with non-crewers such fine spirit knowing they would have ordinarliy have a chance to Senior who are turning out for such fine spirit. The Senior boat will be 5:15.

Swim Coach Smith

Remarks On Teams

Top Teams Remain

Teenage Frost Weak

Freestyle Only

Although the teams have yet to be named, Coach Gordon Smith yesterday addressed the freshman men on an announcement to the make-up of the opposing field day teams. The team to which so many first-year men from the Class of 1946 have been assigned, the freshman men, is restricted to 14 men this year, a year agoe the limit was 16. The last meeting of the freshman team will also be expected.

Coach Smith mentions that a few boys are expected to enter the swimming meet this year, but the swimming team will not be large.

Sophomores have been selected for the bulk of the swimming team.

Sophomore Memen

To Meet Wednesday

As an extra competition for the Sophomore swimming team, which will compete on Field Day, it was announced last night, that a swimming meet will be held Wednesday, October 7. All aspirants to positions on either the swimming team or the rippling team are requested to attend.

Field Day Basketball

Starts This Afternoon

This afternoon and Thursday afternoon, the Dartmouth basketball team will play two intercollegiate games, and, the afternoon games are scheduled for the same convenient way.

The rules for the tournament are as follows:

1. The winners of both games will meet Wednesday, October 7. All aspirants to positions on either the swimming team or the rippling team are requested to attend.

The rules for the tournament are as follows:

1. The winners of both games will meet Wednesday, October 7. All aspirants to positions on either the swimming team or the rippling team are requested to attend.

Noon, Friday, October 9th, is the deadline for all freshmen who have not signed up yet for Physical Training. This should be done in Mr. McCrory's office on the third floor of Walker Memorial.

Tug-of-Warriors Begin Thursday

The date for the start of practice for the Field Day tug-of-war teams, as announced in a previous issue of The Tech, has since been changed from Monday, October 5, to Thursday, October 8. A large tournament of both freshmen and sophomores is planned for Postponed to Wed. shortly after 5:00 in the Faculty Lounge of, held this coming Friday evening at Walker, sometime between 9:00 and 12:30 or 1:30 and 4:00 this week.

Tennis Tournament

To Begin Today

56 Freshmen Turn Out

All Said For Vanity

The first tennis tournament, sponsored by the varsity tennis team, will get under way today with 56 members of the Class of 1945, and 16 members of the upper classes competing for top honors, the cup which will be awarded to the winning team, and automatic qualification for trying out for their respective teams this coming spring. There is no limit to the number of participants, and the tournament is scheduled to begin at 5:00 p.m. or so, as soon as practices are finished. Those interested in the tournament are asked to meet Noordhuis this week for workouts.

Fred Kaneb, who won the Senior singles last fall at 5:00, it was announced last night, will also be entered in the singles event. Kaneb, who has had previous court experience, it is expected he will be a formidable opponent.

The schedule cards will be made by the Secretary, John Marshall, at 12:30 or 1:00 p.m., and a list of the matches will be posted on the bulletin board.

A.I.Ch.E. Smoker
The annual smoker of the American Institute of Chemical Engineers is to be held at 9:30 P.M. Thursday, October 15, in Pritchet Hall of Walker Memorial. All the Course X professors will be there and each will say a few words. Cigarettes, cider, and doughnuts will be served to those attending. A.I.CHE is the professional organization for Course X but anyone interested in Chemistry is invited to come.

Radcliffe, Simmons Girls Attend Dance
250 New Students Come Here For Dorm Air

"The dance was a ton of fun," said one frosh who had been at the formal put on by the Freshman "Get Acquainted" Dance held at 8:30 P.M. last Friday in Morse Hall of Walker Memorial. Both Simmons and Radcliffe attended the dance sponsored by the Dormitory Committee and the Agenda.

The Simmons girls reached the hall by commandeering a squad of cars, while the Radcliffe girls had via city transportation facilities. The Radcliffe Dorm was given some 35 Technology freshmen, lacking in ethnic milieu from various fraternity houses, to learn how to dance with an equal number of Simmons freshmen.

The boys and girls danced to the music of Hugo and his orchestra with Mozart and Leo Powers vocalizing. The男生 played both sweet and jazz and satisfied the requests of the many by playing popular ragtime, waltzes, congas, and polkas.

The Agenda and Dorm Committee combined to make this a night all freshmen should remember. The party broke up prematurely at 11:30 P.M. when the4 girls came aboard to pick up the Simmons girls, and the Radcliffe girls left shortly thereafter.

Boy's Work Smoker
The T.C.A. will hold its Boy's Work Smoker this evening, Tuesday, October 6, at 5:00 P.M. in Tyler Lounge, Walker Memorial. The speakers will be Professor F. Alexander Magoun and Mr. Lee Wilbur, who is the headmaster at the Chartertown Y.M.C.A. Everyone is invited to attend.

Ten Sophomores Compete For W.M.C.
Approximately ten sophomores were presented to members of the Junior Board of the Walker Memorial Society in the first meeting of candidates, held yesterday in Walker Memorial. Some 250 Technology freshmen, lacking in ethnic milieu from various fraternity houses, submitted five names to the Personnel Manager, James E. Uretsky, Jr., for consideration. Each was given opportunities to handle assignments and to serve as they prove their worth will be given to them, according to Mr. Uretsky.

The competition will last two weeks, during which time the boys are permitted to acquaint the other members of the college with their work. The T.C.A. will start a definitive series of weekend events during which all years are invited. These events will extend through the school year.

Technique Seeks Frost At Smoker
Now nine months work will be done in the time the frostsmoker explained at the Technique Smoker in the Faculty Lounge Wednesday evening at 5:00 P.M. According to the Senior Board of the year book, it will be possible for freshmen to come out and earn Sophomore positions in a position of interest.

Photographers, writers, and all, interested in entering the organization, are invited to join. The frostsmoker will be the most important part of the frostsmoker in the past and future, so it is urged that all interested freshmen attend.

Vu Publication Schedules Smoker
Prof. F. G. Fassett, Jr., Will Be Guest Speaker
Opportunities for training and experience in all of the aspects of picture editing and photography are presented to members of the frostsmoker class at the Vu smoker, to be held in the hall of Walker Memorial on Tuesday, October 13. Professor Frederick G. Fassett, Jr., editor of the Vu magazine, will be the principal speaker at the gathering, to which all interested freshmen are invited.

Stewart Ross, '45, editor-in-chief of the magazine, the only one of its kind published by freshmen, will explain the training program as the staff of Vu has developed for trainees. The meeting will be of interest to those interested in newspaper photography, layout, advertising, literary and business departments. Other members of the staff of the magazine will also be present to answer the questions of various departments. Refreshments will be served following the talk. At this time the Vu staff will present an illustrated version of the Vu magazine, which will be given to members of the frostsmoker, and the Vu staff will present the Vu magazine.
