Platoon Ordered to Run Obstacle Course

Seven-Foot Wall And Upside-Down Hurdle Slow Up Most Men

Capt. Charles D. White, manager of the T.C.A., is arranging for the construction of an Obstacle Course that is available to Boston's public transportation system. The Bun of the course will be held on September 23rd, and the competition will happen on September 25th.

T. Jope chairman, ordered an Obstacle Course built according to the plans of the course. The course is designed to include a seven-foot wall and an upside-down hurdle, which are intended to slow up most men.

By Catholic Church

Annual Acquaintance Dance Complete Despite Transportation Problem

Patron club director of the T.C.A., is arranging for the construction of an Obstacle Course that is available to Boston's public transportation system to travel to school. The construction is expected to be completed by September 25th.

Robert E. Cooper-Smith, '47, office manager of the T.C.A., is arranging for the construction of an Obstacle Course that is available to Boston's public transportation system to travel to school. The construction is expected to be completed by September 25th.

Debating Society Continues Schedule

Will Meet Holy Cross and Middlesex Soon

Following their usual custom, the Dance Committee announced the names of the boys who attended the dance last night.

The Tech business office, third floor, has been used before. The balconies will be open exclusively for dancing. The Tech will publish the list of names and the punch list of all the men pledged to Vu's training plan the freshman year with a series of practice debates.

T.C.A. To Conduct Driving Service

Uses Not Limited To Undergraduates

Because of the rationing of tires and gas, the T.C.A. is operating a passengers'-driver com- nting service which will enable the students and faculty members to arrange for their personal transportation system to travel to school.

Walter R. Connell, Jr., Wilson N. Foust, Jr., James G. Ulmer, Jr., Russel A. Foust, Jr., and Robert J. Horn, '45, comprised the dance committee.

Arrangements Made To Have Prichett Hall

Made Into Lounge Bar

With Paint Day little more than a week away, the design committee has been working on the event of the day, the Field Day. The design team has been completing the plans of the dance committee announced last night.

Great secrecy surrounds the lounge plans, but these will be kept under cover for awhile. However, Gaggin did say that this year's theme is special, and one that has never been used before. The balconies will be the area used exclusively for dancing. The Tech will publish the list of names and the punch list of all the men pledged to Vu's training plan the freshman year with a series of practice debates.
New Developments Spring Up For Students Around Institute

Forty Students Study Russian Under New Prof.

The students in the new element Russian class claim that it is one of the most interesting classes in the Institute. There are about 25 students enrolled and about ten listeners in the classes. The professor, and about the Russian has been taught at the Institute for a number of years. So far it has been a successful course, so any students, and if it is the case, the time the class seems likely to continue.

The largest single contributing factor to the success of the course is his teacher, the professor. He is called, "He really gets the stuff across in an interesting manner," was the statement of one of his pupils, Prokofy, who is teaching the course. The Institute has been teaching the Russian language to European students for many years. His knowledge of the language is so thorough that he can produce a Russian accent in the Russian language.

The comments of concerned students is that he is putting a great deal into the course. He is making his way to make it more interesting. It is the hope of the professor's diligence many students have stated that they will have to have a full course of the stated their wish to do so next term, if it is offered.

Institute's First Bridge Club Forms

Organized just one week ago, the present undergraduate club, the M.I.T. Bridge Club, held its first meeting last Saturday afternoon in Building 20. The organization applied to the Institute Committee for a rating on March 2, and was granted the desired status this week. The application was signed by the members of the club.

Relay Trials Start

Frosh And Soph

Frosh and Soph relay teams started last week and are being given sufficient workouts in preparation for the field day on October 30th. The trials have brought to light a number of very fast freshmen, who form a strong nucleus for the relay team. "The class of 1946" said Greg Azarian, Dorm athletic chairman, "the freshmen are good prospects and several of them will probably be picked to run against the Sophs in the State Meet this year."

Some of the cross-country boys have shown great promise for the future and several of them will probably be picked to run against the Sophs in the State Meet this year. The frosh and several of them will probably be picked to run against the Sophs in the State Meet this year.

The frosh are that showing greatest promise for the future are Frank Cassidy, Brian Henze, Al Kriek, and George Wood. (Left to right) Karl Bemis, Hayden vs. Walcott in the opening game on Sunday.

Seniors Win In Dorm Football

Senior A, Senior B, Goodale Undefeated

Last Sunday the tournament of touch football between the dormitory teams continued with the playing of two games in which Senior A and Senior B proved superior to the other dorms.

The following is the list of last Sunday's games:

Senior A beat Cambridge High 13-0
Senior B beat Somerville High 13-0

As far as broadcast reports, Senior A, Senior B, and Goodale are the only undefeated teams in the competition. This Sunday's games will be Senior A vs. Cambridge High, Senior B vs. Somerville High, and Goodale vs. Cambridge High.}

Dinghymen Scuttle Harvard To Van J. Wood Trophy Regatta

Lacrosse Practice Now Starts With Obstacle Running

The lacrosse team will soon use the commando obstacle course as a warm up before starting practice. It was taken long after several of the members of the team. Following the regular drill last week, attended by a large number of veterans of last year's team, and assisted by a fairly good turnout of new men, it was decided to hold practice every Friday night behind the swimming pool.

Coach Lorenz Redshaw states that with so many veterans returning, this is still an open race for the team. (Continued on Page 4)

Sophs and Frosh Hold Scrimmages

Local High Schools Fall Out of Season

Prospect for a rousing football season has not as yet proved a reality in many parts of the country. In the Greater Boston area, however, the following list of sports is limited. Only a few Sophs and Frosh have been rowing on the river. There have been no any attempts to attract a fairly good turnout of veterans of last year's team, and they tied Harvard for the winning place victory this season. This year both in Field Day and on the swimming pool. They have had one scrimmage with Cambridge High, in which the two teams were about evenly matched. Wednesday the Class of '46 will have a practice race against the Wentworth Institute team. It is interesting. The teams show a great deal of promise for the remaining weeks and are sure to prove hot-fought battles.

In the greater area south of Senior A, Senior B, and Goodale are the only undefeated teams in the competition. This Sunday's games will be Senior A vs. Cambridge High, Senior B vs. Goodale, Senior C vs. Cambridge High. (Continued on Page 4)

School Tosses Openers To Trinity

The Tech varsity soccer team last Saturday opened its season with a 20-0 victory over Somerville High in the opening game on Sunday.

As the score stands now, Senior B, Senior A, and Goodale are the only undefeated teams in the competition. This Sunday's games will be Senior A vs. Cambridge High, Senior B vs. Goodale, Senior C vs. Cambridge High. (Continued on Page 4)

How about Coke date?

"We've been 'goin' steady a long time, you and I. You see, I'm a symbol of the life and spirit of Coca-Cola. Therefore, I speak for Coke. I like your company. I offer something more than a thirst-quenching drink. It's refreshing. You see...it's that extra something you can't get this side of Coca-Cola itself. Let's get together. Make it a Coke date."

The Tech collects 196 points; Harvard, 165½

Defeating Harvard, the Tech dashly won the Jack Wood Trophy Regatta held Sunday on the Charles River Basin. Led by Bill Boolin, Jr., 44, with 4½ points, the Tech team collected 196 points to Harvard's 165½. Dartmouth was third with 164 and Brown followed with 84. This was M. I.'s second first place victory this season. On Sunday, October 11, the boys took first place in the Pentagoral Regatta. In the Greater Boston Regatta they tied Harvard for first place with 191 points. Sunday, October 25, the seventh SemiAnnual New England Asso- ciate race, bringing together Bos- ton College, Holy Cross, Middletown College, Rhode Island State, and Worcester Tech, will be held as M. I. T. Individual points in the Jack Wood Trophy Regatta are as fol- lows:

Division A
Harold Burckowski and John Rock- cett (MIT) 43½, Tom Parkinson and Joseph Damore (MIT) 44, David Smith and Jack McDonald (Harvard) 42½, George O'Dwy and Douglas Noyes (Dartmouth) 41, Kent Mon- tasser and G. Williams (Dart- mouth) 41, Ralph Evans and P. Rinaldo (Brown) 41, Kenneth Burton and the airborne (Dartmouth) 30, Harold Named and Richard Steele (Brown) 31, Golden Parfett and David Thomp- son (Brown) 10.

Division B
Ralph Evans and P. Rinaldo (MIT) 45½, John Finney and William Smith (MIT) 41, John Burton and C. Young (Harvard) 33, Harold Named (Continued on Page 4)

The TechTrains '46 Candidates In NewsWriting

Point Contest Starts As Plans Are Made For Weekly Meetings

In an attempt to enable the freshmen candidates for the newspaper to secure a better training, the Tech is now conducting a formal training program for the candidates. Under the direction of James R. Gallivan, '46, these meetings were started two weeks ago.

Attendance at the first two meetings was not up to expectations because of confusion as to the time of the meetings, and partly because some of the freshmen were too busy getting started in their studies. The first two meetings. However, these difficulties have been straightened out, and Gallivan, personnel manager of the Tech, is expecting better attendance as future meetings, which are to be held each Wednesday for the next few weeks.

The annual freshman point contest, conducted among the news candidates, has been started, and copies of details of this competition will be announced to the freshmen at tomorrow's meeting. Therefore it is important that all interested men, whether or not they have come out yet, attend this meeting.

Other business of this meeting will be to answer any questions any of the men have about any phase of work on the paper, and also to make sure that they thoroughly understand the procedure to be followed in writing stories and news. The Tech style books will also be distributed at this time to any men who have not as yet received them.

Please meetings will feature talks by the various members of the Board, explaining more in detail the functions of their different departments. The instruction will also be given in some of the subtler aspects of news writing, how to protect leads, how to write leads, the importance of interesting features, and the general principles of makeup.

Plans are under way to have one of the several experiences in your life which every group at some later date if the freshmen show enough interest in these meetings, and a good attendance is assured.

Doctor Good to Speak on Birth Control Tomorrow

The second of the Catholic Club's weekly meetings is to be held at 6:45 p.m. tomorrow afternoon in Room 10-R76.

Frederick Good, M.D., one of the leading obstetricians, will be present to speak on the subject of "Birth Control." Dr. Good is to be heard a discussion after his lecture. The end of the meeting will be devoted to club business.

Relay Trials Start (Continued from Page 3)

for the 104 relay team." The leader on the depth team are: Bert Bryant, Beul, Kecky, McKee, and Rundblack.

"By the end of this week," continued Oster, "the teams should be made up, and then we shall have three days of hard work to correct or help correct in mastering the stuff. In this role and a half role, in which little men participate, it is important that the passing of the baton be coordinated so that there will be no waste of time".

C.A.A. Program Training Thousands

Tech Men Not Eligible For Army Flight Training

Tens of thousands of men are nursing to fly in the nation's air forces this year, preparing to serve in Army and Navy aviation. Not only regular students but others from meeting the requirements of the Civil Aeronautics Administration are participating in the training program, but all must be enrolled in either the Army or Navy air reserve.

Navy reserves may be enrolled in the V-4 or V-4b programs, but the Army training is full-time. Army reserves must, in addition, have been rejected for combat pilot training.

C.A.A. trains you through elementary secondary, cross-country, link-instrument, and flight officer or instructor course of eight weeks each. After finishing the course and going into active duty they may qualify for commissions.

Technology students who would not qualify under the Army plan but would under the Navy plan. Both the Army and Navy are looking for instructors in airplane mechanics, radio operating, engineering, and general shop work.

Technique On Sale Today In Bldg. 10

Technique's first sales campaign of the school year will be held in the main lobby of Building 10 from 9 A.M. to 5 P.M. today. Copies may be purchased for $4.00 in advance so the 15, the remaining being paid on receipt of the issue.

It was stressed that since Tech copies are expected to be more popular than ever this year, it might be wise to secure at least a pledge. Freshmen were reminded of features on Field Day and articles of similar interest would be included.

Lacrosse Practice (Continued from Page 5)

The enthusiasm of the students looking propoures looked good for the coming year. During the pre-season practice periods, at least, the program will be on conditioning and stick handling, he said, adding that goals have already been set up on the new practice site.

Dinghy Race Results (Continued from Page 8)

By the end of this week, continued the leave parade, there was no waste of time.
