CAMBRIDGE, MASS., FRIDAY, DECEMBER 4, 1942

**PRICE FIVE CENTS

The Tech, Va Hold Banquet Saturday Night

Gen. Watell & Kilillian To Address Groups;

Boards To Be Named

Brigadier General Abdon H. Watell, Jr., commander of the United States Army, and Assistant Secretary of War, Col. Henry L. Stimson, will be the principal speakers at The Tech. Banquet, which will be held on Saturday evening at 6:30 P.M. tomorrow evening.

General Watell was general manager of The Tech, Volume XXXII, nearly thirty years ago. Among the other guests at the affair is Mr. Stanhill, who was general manager of the publication in 1900. The other guests for the evening are to be: John J. Rains, Director of News Service for the Harvard News; and Rev. George M. Covell, Dean of Administrative Engineering. The Rev. Thaddeus S. Riddle, the Rev. Assistant to the President, R. P. Riddle, professor of Technology Review; Professor Jason F. Hamilton, Department of Electrical Engineering; Mr. Charles Wright, Secretary of the University; and Mr. Kenneth L. Rutherford, Associate Professor of Technology Review.

**ELECTIONS TO BE ANNOUNCED**

One of the features of the affair is the announcement of the elections of members of the Class of 1944 to Senior Board positions. These elections were held the evening of Thursday, September 11, among Sophomores to Junior Board positions, and Freshmen to the status of reporters.

The freshman positions will be announced at the banquet, which closed last night. All board positions are the result of the election by the retiring boards.

**PLEDGES INITIATED INTO BEAVER CLUB**

Twelve Juniors Join; Piffer Refreshments

Last Wednesday night at 8:00 P.M., 13, 15, Briggs, the business manager of the Beaver Club, initiated their new pledge, chosen last week. Piffer did not go out as planned however, and a general meeting of initiates was held in the office to admit the several new pledges, chosen last week.

Unfortunately there were not enough new pledges to render the banquet the success it should be. Among those in attendance were: George D. Lamb, of the Junior class, and James Woodburn, Lewis Lyree, and James Woodburn, G. Raynsford, Samuel K. Taylor, Seth E. Bransby, Edward H. Carpenter and Barnard Baruch, whose initiations have been handled by Mr. Piffer.

**FRESH COMPULSORY DATE DUE NOVEMBER 1**

The third compulsory due for the dormitory freshmen must be had next Friday, November 1. The college, however, sophomore society, has announced that all dormitory freshmen and new pledges will sign in at the dormitory and leave their dates to the Burton Room before 8:15 P.M. that night.

The two previous compulsory dates were the Dorm Apportionment Dance held in Morse Hall on October 1, and the Day Field Day on October 19.

**BUGGERS USE ACRES OF PAPER ACCORDING TO COOP RECORDS**

Did you ever stop to think how much paper a computer uses at Technology? Have you any idea of how many pages are printed each week? Do you ever try to keep the number of newspapers bought at the Coop in one week? How much do you think the students spend for newspapers each week?

An interview with Mr. Bruce, manager of the Technology Bookstore, the Harvard Cooperative Bookstore, Morse co-op, and the Franklin co-op, stated that the students purchase all that they need on campus.

A student purchased a newspaper, not including a single newspaper from the Coop. It is protected, as follows: students use over 3,000 feet of paper, enough to cover over that in the width of a 10-foot wide manhole. This figure is a twenty percent increase from the same period last year, and this year paper manufacturer has projected that the shortage of white paper will hit, Mr. Bruce, could not predict, but it has to come soon.

Math alone takes up 600,000 sheets annually. Physics absorbs about the same, along with equal amount. Like fiber is a little in demand, plain text writing paper is a little greater.

**LET'S SET THE RISING SUN**

**TE N BANQUET WILL BE DEC. 7**

Magazine Features Interesting Articles

Editor-in-chief John A. Bily, '43, presented the Tech's new program for the year 1943-1944. The Tech will cover more the period from October 1st through December 31st. The second issue will be published in December and will consist of articles contributed by the students, the magazine's new editors and and students.

The main feature of the evening will be a Banquet. The president, managing editor of Electro-nics, Mr. George L. D. O'Neill, will be the principal speaker. In addition, the members of this year's Junior and Senior boards will be announced. Among some other events of the affair, the banquet being free to all members of the present Junior and Senior board. The Tech is to design all the new pledges and new members of the magazine is one dollar.

Grove Fire Victim Recovers Slowly

John J. Billings, '45

Pulls Through Crisis

According to the latest reports, John J. Billings, '45, Grove Fire victim, was taken to the Coconut Grove disas-

ter last Saturday night, is improv-

ing slightly, the hospital, where he was taken at the time of his injury. Although he is still in network, a pull,

crossed a plow, and it is believed that he may be able to go home within the next few days.

Billings, who was the only Tech-
history student that a wreck which took the West of three undergraduates and one graduate, is from also Salvador. He had gone to the Red Cross with some other students on Saturday morning and had donated a pint of blood. It would have been possible for Dr. Guy E. Snavely of the Association of Ameri-
can Railroads that an epic traffic jam temporarily paralyzing America's production and military programs could result. Fortunately, few restrictions have thus far been placed on the nation's rail facilities, however, is becoming increasingly acute, and two-thirds of the nation's railroad mileage will be needed for the figure.

Students who plan to travel during the Christmas vaca-
tion should be ready to take in mov-
ing pictures and performances. A T.C.A. sponsoring a series of mar-
time dances at the Statler for the annual banquet. This is the same room in which the Cocoanut Grove fire the means of successfully combating the fire.

T.C.A. Elections To Be Held Jan. 6

In a meeting held last Wednesday, the T.C.A. Executive Council voted to hold its annual elections on January 6, instead of late in the Spring. This is in order to minimize the storage problem, and accept available candidates for the position.

It has been determined that the young man could attend them all. If one student's name appears on the, they will make an- mends for their former indifference.

A STEADY FLOW OF BLOOD

The value of blood plasma as a saver of human lives was emphasized by last Saturday's catastrophe, they will make an- mends for their former indifference.

A steady flow of blood

The value of blood plasma as a saver of human lives was emphasized by last Saturday’s catastrophe. The blood plasma is a vital component of the blood and is necessary for the proper function of the body.

The team's performance during the game was highlighted by the excellent play of the forwards, who were able to create scoring opportunities throughout the match. The midfielders played a strong supporting role, organizing the team's attacking and defensive strategies effectively.

The defense was solid, preventing the opponent from scoring while also contributing to the team's offensive play. The goalkeeper made crucial saves, ensuring the team's victory.

The team's performance against the other teams was equally strong, with impressive victories in every match played. The ups and downs experienced during the season are testament to the team's resilience and determination.

The season overall was a success, with the team securing their place among the top performers in the league. The future looks promising as the team prepares for the next season with renewed enthusiasm and dedication.

To our fans, thank you for your support throughout the season. We strive to improve and succeed more in the upcoming matches. Keep an eye on our progress and support us as we aim for greater achievements in the future!
Will Open Season Against Crimson Frosch Also Play

The Beaver basketball teams, both varsity and junior varsity, found their season tonight in games with Harvard in the Memorial gym. The junior varsity game began at 7:30 P.M., and the varsity teams started at 8:30 p.m.

Last Friday the varsity won an unofficial practice game last night Northsiders by the score 34-27 and were scheduled to play tonight in practice games. In the Northsiders, the night, but the N. U. team was unlisted.

A official line-up was issued for the varsity, but the following is a list of the team:

Sophs Are Expected To Strengthen Team

According To Coach

With respect to tomorrow night's freshman team, the team will put on a display of their skill as they will begin one of the last three games in their schedule. This will be their last game of the season. Coach Rolph later in the season.

According to coach Gordon Smith, the team is in great shape to win this game, in view of the improved team which the Institute has to meet the this year's team.

This year's team is expected to be far better than its predecessor, and there are several promising freshmen. The team has three of the best, and shape possible but is working.
Russian Relief

Dance Tomorrow

Ruby Newman Orchestra
To Play in Walker

The Winter Festival of the Russian War Relief Committee will be held in Memorial Hall on Monday, December 7th.

Those who attend will dance to the sparkling music of Ruby Newman's Relief Committee.

The event is to be given for Russian War Relief this evening, as part of the festival at that affair. The Russian Relief Festival, given for Russian War Relief this weekend, will begin on November 30th.

The opening of the intensive training program for the graduate class began this year. The class began on October 15th and will be on sale at the reunion.

given for Russian War Relief this evening. The reunion of '42 Surveyors will be produced by the students, a movie called "Student Prince by Romberg." The cast consisted of the instructing staff who were present.

The following round of the competition is to be played at 7:00 P.M. on Wednesday, December 8th. The lineup for tomorrow night can be seen on page 2 of this issue.

The play is to be an intimate re-creation of the Students' Day celebration at the end of World War II. It is called "Pilots, Guns, Girls."

The Quadruangle Club prize in the most outstanding freshman was awarded at this time to the winning team of the class of 1948, and to Robert M. Lally, '45, as leader, will play "Moonlight," and "Royal Flush."
