I.F.C. TO HOLD "BATTLE OF MUSIC"

Gay Party Spirit Expected at Event; Tickets At $5.00 Go On Sale Soon

Under the stirring title of "The Battle of Music," the Interfraternity Council has announced that its annual dance this year the free music of John Dowland's hand ar- rived against the crest swing of Harry Marshard. It is reported according to the announcement made by Warren E. Foster, '43, chairman of the Entertainment committee, the musical war will last from 9:30 p.m. to 1:30 a.m. at the Imperial Ball Room of the Hotel Statler on Friday, March 27.

The entertainment idea has been adopted in an effort to reduce the competitive nature which characterizes many Technology dances, said plans are under consider- ation with this end in mind. Both bands are to play alternate half-hour sets. It is hoped that the competitive spirit between the two sides will overflow into the audience and make the affair a real "party-party."

Tickets, which will be available to All, are $5.00 for single, and $10.00 for couples. Sales will re- ceive to the dormitories and com- (Continued on Page 4)

Weekend Hailed As Success By Junior Prom Committee

Over 400 couples attended the Junior Prom Dance last Friday night in the Hotel Statler, and according to the committee this dance was a great success, at least socially. One faculty couple paid an indirect compliment when they remarked that more people danced than usual at such a large function, and that the orchestra and to the atmosphere surrounding the dance.

Alpha Phi Omega To Hold Election Of New Officers

The Technology Chapter of Alpha Phi Omega, the national housing fraternity, will hold elec- tions at their meeting tomorrow night at 8 p.m. in the Tyler Building.

Nominees to date are: for presi- dent, Milton H. Litt; for vice-president, Robert B. Meny; for secretary-treasurer, Bruce J. Lamberton; and for the five members of the Junior Board, Charles E. Harsch, Basketball; William Kit- trede, Baseball; William G. Franklin, Gymnastics; Joseph L. Kaufman, '44, recommended by the Junior Board; and Joseph L. Kaufman, '44, recommended by the Junior Board.

Those recommended include: William G. Franklin, Gymnastics; Joseph L. Kaufman, '44, recommended by the Junior Board; and Joseph L. Kaufman, '44, recommended by the Junior Board.

The election will be held at the meeting of the Junior Board on Thursday, March 27, and all students are to be present.

Debaters, T.C.A. Plan New Talks

Assembly Tomorrow Has As Discussion War Reconstruction

 Fukuda Reconstruction, one of the most pressing problems of modern political problems, will be the theme of a series of open-round table confer- ences sponsored jointly by the Debating Society and the T.C.A. Professor Theodore Smith, of the department of Speech, will give an introductory remarks for the first discussion at 7:30 P.M. Wednesday, March 25, at the Lechance Lounge.

Organized as a round-table as- sembly, the discussion will enable representatives of national inter- ests to express their views and to air their problems. In the course of the series foreign students will also be appointed to speak in behalf of their own homes and as part of gaining a world-wide per- spective of reconstruction problems.

To make it possible for other students to participate, provision will be made for a group of students to represent the world as a whole. All students and professors who have any ideas as to how they would like to see the world organized after this present conflict are invited to attend.

ELECTIONS TO STAFF

You may have learned that extensive bombings of Japan might result in displacement of the population. We do not see such a possibility as a result of Japanese raids. Instead, we see the possibility of a far greater loss of life in an invasion of Japan, were it to come.

CATHODE-RAY TUBE

A bombJapanese Citings are a veritable and terrifying menace. The author's sentiments, so you can be assured that is the best. They had heard a little about the effect of the bomb in case of a war at the University of Illinois.

We'd gladly pay their salary and teach them 6:30

The height of the coming sale was a Sunday afternoon and night when the football game and the Junior Prom date back to Vassar. However, these two events can't go any of the stringing up the dance, and the extras are riding the cars.

You Mean No

At last Friday night's swimming meet a coach from one of the visiting teams was heard to call out from one end of the pool "Hey Later!". Everyone looking around to see what was the matter, the coach replied to the call: "Later, boys!"

Velvet Service

The Junior Prom brought about the annual struggle of donating full length velvet suits to the Institute. The entire full length of trouble connected with the donation was made up by the velvet suits. The grand result stood at 5:00 and lasted until the last of the suits were put on. And the last piece of danduff was brushed from the velvet suits by the Valet headquarters of the Canova Founders.

Florida founded organizations into existing units. Each squad, consisting of four men, was assigned the responsibility of soothing a Junior in such a manner that he would hold himself together for the rest of the year. Each man would round up a tie and some cuffs, which would be used to make a "danduff", and would then be handed out to one of the underclassmen of a Junior in such a manner that he might delight his date. The one who got the "danduff" on any given day was the most important duty of soothing the Junior, and preparing him for the coming week's tests. Each squad consisted of playing cards, telling stories, and a general sense of advising him of facts of life, the future, and profane language fleer. At last everything seemed ready to be brought to the point of dancing, but as usual fate took a hand. The suspenders were up in the air and the collar fell open. After a hour's struggle the Junior had the entire Timochenok, the fresher, and the velvet suit brushed into position. And the Junior was proud of his two sons.

We do not do what we should in college. Some books is such an ungodly grind that young men who depend upon research work for has its Boston debut last night at the Wilbur Theatre. High points of the Institute during the week-end of the twenty-second is directed by LaRue. The lab was completed the Saturday night following the dance at the Institute and Thirteenth.

We do not know what time we will come... looking ahead we find a rather entertaining suggestion for a swim party. Scheduled for the first weekend of May, the party will be an intramural swimming meet with the added attraction of being held over the weekend. The play will be in town only for a two-weeks engagement.

Combing the Saturday night following the dance at the Institute and Thirteenth.

It isn't if you won or lost, it's how you played the game. It's how you played the game.

As late as 1935 in, he has continued until now has written about thirty books on various phases of mathematics. He has developed feet of clay and his supply of tires wears out, as he does every year. Using an infamous Chi Phi the Wilbur Theatre. High point of the entertainment week-end of the twenty-second is directed by LaRue. The lab was completed the Saturday night following the dance at the Institute and Thirteenth.

For they develop feet of clay when the game begins.

Oh, Doctor Compton, couldn't we have another talk with you. We'd gladly pay their salary and teach them 6:30.

If all you gain is fame. "It isn't if you won or lost, it's how you played the game. We'd gladly pay their salary and teach them 6:30.

It's how you played the game.

Soph Placement
(Technical Page 1)

Tells Advantages of Summer Jobs
Professor Townsend spoke in place of Dean Edward L. Moreland, absent because of illness. In his talk he stated that the Institute was heartily in favor of summer employment, calling it the next best thing to a cooperative course. This summer employment is particularly important as students can serve a real need and at the same time show draft boards that they are helping their country and not wasting time.

In his talk, Mr. Sage explained the plan for securing employment for students where necessary and introduced Miss Bond who will serve as secretary for the special placement committee which has been established. He stated that approximately 40 per cent of the class should secure their own employment by utilizing the contacts of parents and friends. After students have received their placement blanks, they should fill them out according to the directions and return them to their course placement officer immediately. In the meantime, students should go to work independently on their own efforts to secure employment. Mr. Sage cautioned students against common faults in application.

This summer employment is particularly important as students can show to draft boards that they are helping their country and not wasting time.

The Tech Elections
(Continued from Page 1)

The Tech staff as assistants in the Photography Department, will cost $5.00 at dinner for students and staff members alike. Its purpose is to fill a more friendly and informal relationship between the faculty members and students in the Electrical Engineering department. For this reason the affair will be the first of many others.

The technical group invites
Staff Members
Grouping the students so that each student is to invite some member on the departmental staff. The names of the men in each class are placed on the faculty member invited should be listed on his special high number in department headquarters, Room 403B.

There is a general feeling among engineering students who wish to attend the dinner that they may not get a seat. Any student who has secured a seat may leave their name at the department headquarters and they will be notified as a group, a table, and a professor.
