THE A.S.T.P. CHRISTMAS BALL

The Technology A.S.T.P. Unit has undertaken what may be a momentous step, in sponsoring a formal Christmas Ball next week-end. Up to now there has been almost nothing to remind the Army students that they are going to college except the things that the Army controls and governs. All sports are Army-organized, and except for a few former Tech students, the men have not had a chance to participate in the regular undergraduate extra-curricular activities.

As far as social life is concerned, there has thus far been no self-sponsored affairs. Finally some of the boys took the long-needed step of sponsoring a big dance. Not only have they given the Institute A.S.T.P. Unit the opportunity to attend a military ball, but they have also invited the Navy V-12 students to attend as well as A.S.T.P. men from Boston College, Northeastern, Harvard, and Boston University.

We congratulate the Army boys on the project and wish them the best of luck for a successful evening. Let us hope that this will not be the last of such affairs either.

SECOND ANNIVERSARY

Two years ago we put the caption "Let's Set the Rising Sun" under our signature on the front page. A year ago we removed it, saying that there was more to this war than merely killing Japs. The months since then have born out that statement.

We've killed a lot of Japs since then, and a lot of Germans too. We can boast that we've killed enough Italians to make them give up the fight and come over to our side. We're moving northward in both the Pacific and in Europe. We no longer fear nuisance raids on our coastal towns and dare to let our lights burn at night once more.

But as we move daily closer to victory, all the complex and interlocking problems that we are ultimately going to have to face and solve are beginning to show themselves more clearly and fortunately, more and more people are realizing their existence and are beginning to do something about it.

The reports of the recent Roosevelt-Churchill-Stalin conferences show that these men are well aware that the war will not be over on the day that Germany and Japan surrender. They fully realize that then their truly big problems will just be starting. But these three men alone cannot assure us of a lasting peace with the entire world living in harmony. They cannot even try to solve the problems without the aid and backing of all the people of their countries.

As we see the light ahead let us not slacken our efforts. We must keep sacrificing and striving, not only right up to the day of the inevitable military victory, but even after that, until a pattern for universal peace and fairness has been worked out, found effective, and put into use.

The failure of the American people to stay world-minded and behind their leaders after the Armistice of the last war had much to do with the failure of that generation's statesmen to solve the world problem. This time let's give these men a fair chance to try their solution and stay behind them, even after the day of victory.

'TWEEN DECKS

One night last week, the fifth company commander called a special muster in the passageway. "Listen, fellows," he pleaded, "the chiefs have been complaining that we don't get out to breakfast muster on time, and if we don't get on the ball the whole company will be restricted. You surely don't want to be restricted this weekend, of all weekends."

"Heavens no!" shriled a high-pitched voice from the rear. "Sina-tr'a's in town!"

The entire Unit extends heartiest congratulations to Ensign, formerly Chief, Glancy for a well-earned advancement. Ex-Chief Glancy has always displayed the kind of common sense in dealing with men that we could only hope for a lot more of.

It is remarkable to us that there have been so few casualties resulting from the springboard over in the armory. Some fellows, who have evidently been reading Superman, leap off the springboard for the first time in their lives with the intent of turning a triple backward somersault. The result, needless to

say, is a pain in the neck.

The Sargent Girls' best friend last week was Lieut. P. Y. Craig of this Unit, who gave quite a bit of his time to drumming up escorts for dateless girls who wished to attend the big Sargent Formal last Saturday night. Scuttlebutt traveled rapidly, as always, and not long after Lieut. Craig had donated his services to such a worthy cause, a lad came striding into his office with the glib question, "Is this the Date Bureau?"

Today is the first day that the V-12 Unit has had a real Navy payday, complete with Navy paymasters. Up until now the payroll and cashing of checks have been handled by the Bursar's office, for which we owe them a vote of thanks. Believe it or not, it's a real headache to handle that much cash.

One hundred and fifty V-12 boys with their dates have been invited to the big A.S.T.P. Ball on the 18th. Let's hope it won't be too long before the V-12ers can return the favor with a big dance of their own.

For Boys To Play

... there'll be a hot time in the old town tomorrow night, for the A.T.O.s are keeping the social season alive with their traditional fall brawl. Hal Reeves has been engaged as maestro for the shindig and will swing out at Fry's Barn come eight P.M. Festivities are scheduled to end at midnight. The social committee promises an ample supply of refreshments in the form of beer and cider. All experienced entertainment engineers know the old atmosphere that Fry's barn creates and indications are that the affair will be a lively one.

... the outhouse orgy is the official title for the beer and cider brawl at Theta Delta Chi tomorrow

night at the house at 314 Memorial Drive. The invitation states that "nature calls you and your date to the outhouse orgy." There was no indication that nature could be made to wait and the party is scheduled to get rolling at 8:30.

Reviews — Previews

RKO BOSTON—Perhaps a bit of a letdown after that terrific (?) week with Frankie, Richard Himber and his Orchestra will hold forth down on Washington Street this week. On the screen is the new Olsen and Johnson slapstick comedy Crazy House.

METROPOLITAN—Errol Flynn is featured in an exciting epic of the Northwest Mounted Police entitled Northern Pursuit. The co-feature is Footlight Glamour, a new Blondie film.

PARAMOUNT AND FENWAY—Luise Rainer is starred in Paramount's adaptation of Stefan Heym's novel Hostages, a story of a girl's love for a man who knew that it was futile to bargain with Hitler. Also starred in this exciting dramatic film is Paul Lukas. Harvest Melody, a new musical featuring Rosemary Lane, eases the tension caused by the main feature.

KEITH MEMORIAL—An all-star cast which includes Charles Boyer, Barbara Stanwyck, Edward G. Robinson, Robert Benchley, and Thomas Mitchell is featured in Universal's new Flesh and Fantasy. Completing the twin bill is She's for Me, with Humphrey Bogart, Bette Davis, and Eddie Cantor.

LOEW'S STATE AND ORPHEUM—Featured this week is the exciting film dramatization of the life of an American legendary literary great—Jack London. Michael O'Shea, in the title role, is ably assisted by Susan Hayward. The second feature is Is Everybody Happy? with clarinetist Ted Lewis and his Orchestra.

EXETER—For those desiring something out of the ordinary we have Mayerling, a French film (with English titles) featuring Charles Boyer and Danielle Darrieux.

Fraternity Findings

Phi Sigma Kappa Elections

Elections were held last Wednesday night by the Omicron chapter of Phi Sigma Kappa located at 487 Commonwealth ave., Boston. James J. St. Germain, 2-44, was elected President succeeding the retiring President Robert J. Peterson, 2-44. John W. Leonard was elected Vice President. Arthur L. Hall, 6-45, retained the office of Treasurer, and Richard S. White, 2-46, was chosen Secretary.

Phi Kappa Elections

Having finally put their new house in running order, the Phi Kaps elected a new crop of officers. Pete Quattrochi, 10-44, was unanimously elected president, and Albert S. Barsa, 6-45, and B. Edward Ferrentino, 6-45, were re-elected house manager and personnel director, respectively. Other new officers chosen were Bart Carmody, 2-46, treasurer; Jose Bianon, 2-46, social chairman; Joseph J. Bongiovanni, 2-46, assistant house manager and I.F.C. representative; Mark E. Sullivan, 2-46, recording secretary, and Robert C. Cullen, 2-46, corresponding secretary.

The new officers will formally take over their posts on Tuesday, December 14th.

The Massachusetts Institute of Technology

CAMBRIDGE, MASSACHUSETTS

THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY offers the following Professional Courses:

SCHOOL OF ARCHITECTURE

Architecture City Planning City Planning Practice

SCHOOL OF SCIENCE

Biology and Biological Engineering Geology
 Options: Quantitative Biology Options: Geology
 Food Technology and Mineral Resources
 Industrial Biology Mathematics
 Physical Biology Options: Pure Mathematics
 Chemistry Applied Mathematics
 General Science Industrial Statistics
 Physics
 Options: General Physics
 Applied Physics

SCHOOL OF ENGINEERING

Aeronautical Engineering Electrical Engineering
 Building Engineering and Construction Cooperative Course
 General Engineering
 Options: Marine Transportation
 Heavy Construction Mechanical Engineering
 Light Construction
 Business and Engineering Administration Mechanical Engineering—
 Options: Cooperative Course
 Based on Physical Sciences Metallurgy
 Based on Chemical Sciences Options:
 Metallurgy
 Chemical Engineering Metallurgy
 Chemical Engineering Practice Mineral Dressing
 Civil Engineering
 Electrical Engineering Naval Architecture and Marine
 Engineering
 Options: Sanitary Engineering
 Electric Power
 Illumination Engineering
 Electrical Communications
 Electronic Applications

The duration of each of the above undergraduate Courses is four academic years, with the exception of Architecture, Physical Biology, and the cooperative Courses in Electrical Engineering and in Mechanical Engineering, which extend over a period of five years, and City Planning Practice which covers a period of six years. In addition to the Bachelor's degree, the above five and six year Courses, with the exception of Architecture, lead also to the Master's degree.

Graduate study, leading to the Master's and Doctor's degrees, is offered in Ceramics, Meteorology, and in most of the above professional Courses.

A five year Course is offered which combines study in Engineering or Science, and Economics. This leads to the degree of Bachelor of Science in the professional field, and to the degree of Master of Science in Economics and Engineering or Economics and Natural Science.

For information about admission, communicate with the Director of Admissions.

The Catalogue for the academic year will be sent free on request.

Tech Quintet Meets Tufts On Wednesday

Wesleyan Winner 47-30 In Game Last Week; Aitken Performs Well

The Tech basketball team faces two tough opponents this coming week in Tufts and Bates. With two games under their belt, the Red and Gray quintet should be in the peak of condition. The game with the Tufts Jumbos will be played away, but the Bates contest will start in the Walker Gym at 8 o'clock next Friday evening.

In their second encounter of the season Captain Cal Taft's boys succumbed to Wesleyan by the unimpressive verdict of 47 to 30. In several ways the game resembled the Camp Thomas affair; Tech spotted the opposition a good many points in the first half, and then played even ball in the last two periods.

On the whole the club just could not get together as a team; the defense was not of the best brand, nor did the attack function in the groove.

Team Shoots Well

Last Wednesday evening the team looked pretty good on the floor; a few bad points were called down by Chief Giancey, who is going to make the boys move faster even if he has to chase them around the floor—which he does. That the team has plenty of good shots is evident; and it's our guess that the squad is going to cut loose some day, with forwards like Landwehr, Crowther, and Aitken leading the way.

Bright spot in the Wesleyan game was a gentleman who was switched from guard to center for the game. Aitken scored twelve points, and was a valuable man grabbing the ball on the rebounds.

Tufts Game Wednesday

These two ball games next week are pretty big question marks, because the opposition is an unknown quantity. It has been reported that Tufts hammered Harvard to defeat, which incident should give the boys a little incentive for the game on the fifteenth.

The trip to Wesleyan was enjoyed by everybody; the only sad thing was the score of the game. The Tech boys managed to see some action at a few house parties as well as on the floor.

The schedule will be resumed after the holidays when the team tackles Rensselaer quintet here on Jan. 7. The first game with the Crimson will also be played here on Jan. 12.

BEAVER KEY RESULTS

- Delta Kappa Epsilon 26
- Phi Beta Epsilon 13

Theta Chi Team Noses Out D.U.

Kappa Sigma Beats

Phi Delta Theta 14-11

Last Monday night, the Dekes opened this year's Beaver Key Basketball tourney with a 26 to 13 defeat of Phi Beta Epsilon.

Paced by tall Chick Street, who can drop shots into the basket, the Dekes had the edge all evening. The leading scorer for the Phi Betes was Jack Childs, while Street and Bill Cahill tossed in most of the Deke's baskets. The final score of this game was twenty-six to thirteen.

Kappa Sigs win over the Phi Deltas

Led by Al Werner, a replacement from the Navy, a strongly defensive Kappa Sig team went all the way against an almost as strong defensive Phi Delta Theta team. With Werner scoring eight points, the final score stood fourteen to eleven.

Phi Kappa Sigs Bow to Sigma Chi

Led by their big "guns" Breck and Spryll, who are in the Army and the Navy respectively, the Sigma Chi team had its own way with the Phi Kappa Sigs to the tune of eighteen to nine. There was no doubt about the outcome after the first two minutes.

Theta Chi Nips Du's

The game between the Theta Chi team and their neighbors the Du's proved to be the closest and most hotly contested so far in this tourney. Taking an early lead, the Theta Chi's managed to hold off a late-game Delta Upsilon scoring surge. Sten Hammarstrom, an Army man and fugitive from the Track Team, and Bob Wilson were the mainstays of the Theta Chi's, while Allen was the high scorer of the Delta Upsilon team.

Walker Wildcats Claw the Theta Delta Chi's

Olson and Holtje scored thirty points between them in the Wildcat's rout of the Theta Delta Chi team with a score of 38-13. Showing a surprisingly strong team defensively, the Wildcats were also able to score almost when they wished. The players of both teams should be commended for lack of penalties in this game.

Sigma Nu's Slam the SAM's

Fielding a team which showed the fruits of its many practices, the Sigma Nu's easily defeated an uncoordinated Sigma Alpha Mu team, thirty-seven to fourteen. Top scorers for the victors were Borg and Voreiff. Scoring eleven of his teams fourteen points, was Weiss of the SAM's.

Cadets Down Sigma Epsilon Xi

The Air Corps Cadets flew over the Sigma Epsilon Xi team by a score of forty-eight to nineteen. Power and Collins did the major part of the Cadet's scoring, and the game was as much of a walk away as the score indicates.

Notes on the Tourney

The opening games seem to have a lot more pep and team play than they have ever had before, probably due in some part to the number of service men playing this year. Four men have made scores of fourteen or more in their first games. Powers, of the Air Corps Cadets, and Holtje of the Walker Wild-cats have sixteen points to their credit; Olson of the Wildcats and Allen of the D.U. team are close behind with fourteen.

Tech Loses Dick Poorman, Track Man, To Army

Next Wednesday Tech will lose one of the stellar members of its New England Championship Cross-country team, when Richard Poorman, 6-45, reports for induction into the Army. Poorman has been number three man on the Tech team, finishing among the first six in every meet.

Dick entered the IC4-A Cross country meet at Van Courtland Park with a serious leg injury and was able to keep pace with the leaders for a considerable distance, but was flagged down by Coach Hedlund after running four miles of the five mile race. With Poorman out, the team missed third place by one point, finishing fourth behind Army.

Plays Basketball

When Poorman entered in the fall of 1942, he immediately reported for the Field Day team, but not for track, surprisingly enough, he reported for the basketball team, one of the many sports which he participated in at Bath Exempted High.

It was not until last Spring that his friends persuaded him to go out for track. He immediately caught Oscar's eye with his skill at the hurdles. Poorman concentrated on the dashes for the first few weeks, and showed considerable ability. On the freshman team he showed his all-around ability by placing among the first three in the 880 yard run, 220 yard dash, and the low hurdles at Milton Academy.

Varsity Miler

As a varsity miler Dick hit his peak with a second place in the B. C. meet on May 5. All last spring he was giving his talents to both the freshman and varsity squads, and both were profiting from them.

After keeping in shape all summer, Poorman reported in the fall for cross-country. While the squad romped into New England championship, he showed the kind of stuff he had by taking third in the meet with Harvard, and sixth in the New England meet.

A splendid all-around athlete, Dick has been a great asset to the track and cross-country teams this past summer, and his loss will be keenly felt.

Army-Navy Hoop Program Started

Teams Play In Walker Army Fives Hold Edge

For the past few weeks several informal basketball teams have been organizing among the A.S.T.P. and V-12 units at Tech, and the Army and Navy Boys have been playing a regular schedule in a round-robin tournament in which each service unit is represented by four teams.

So far the Army has the upper hand, but the Navy has been forced to play without the services of the sailors who are playing on the Tech varsity. The soldiers boast fairly strong clubs with several former college stars cavorting in the Walker Gym.

Rivals Meet Friday

Big news now is the terrific rivalry between Company A and Company B of the Army who are going to slug it out in a grudge game on next Friday night before the Bates-Tech game. This game, which will be played on the eve of the A.S.T.P. Prom, promises to offer plenty of good, fast basketball.

The scores of the A.S.T.P.—V-12 games:

- Nov. 30 Company A—Navy 1: 35-12 (Army).
- Dec. 2 Company B—Navy 2: 51-27 (Army).
- Dec. 7 Company C—Navy 3: 55-37 (Army).
- Dec. 9 Company D—Navy 4: 45-19 (Army).

Swimming Team Will Meet R. P. I. Tomorrow Night In Season's First Contest

Fall Handicap Track Meet Tomorrow Afternoon

The First Fall Handicap Track Meet will be held next Saturday afternoon on the board track outside the Briggs Field House at 2:00 P.M. All interested should report to Coach Oscar Hedlund.

The following events will be held: the 2 and 4-lap runs, the 9-lap run, the shot-put, and the 28-lb hammer throw.

The annual Christmas Party will take place on the last Saturday afternoon before vacation, featuring a track meet followed by a Party.

Score Expected To Be Close; Hunn Will Lead Season's Tech Team

Tomorrow evening at 8:00 P.M. the Tech swimming team will officially open its 1944 season. This opening meet is against R.P.I. and promises to be a close contest. Unusual is the fact that the M.I.T. team will again face R.P.I. on February 12, the first return meet in the history of Tech Swimming. An interesting comparison will be afforded between tomorrow's times and those of next February.

Last week R. P. I. competed against Colgate, and, although the times were not announced in the article describing the meet, it is expected that they are at least as good as those which have been turned in by our men in time trials. For this reason a close contest is expected, both in individual races and in the final point score.

Jack Hunn Captains Team

Tech has several veterans returning to the fray, and bolstered by V-12 students, with some very good swimmers, the squad seems to be shaping up well. Among the returning stars are Bob Knodel in the breaststroke, Johnny Granlund in the backstroke, Bruce Fabens and Corwin Brumley in the distance events, Ira Smith, John Conlin, Jack Sherman, Reg Stoops, and Al Cobb in the sprint, and Captain Jack Hunn and Joe Aguila in the dives.

Company Seven Takes Acquatics

Last Wednesday, there was a meet between the ten Navy companies from the Unit at the Grad House. When the final whistle had blown, Companies Seven, One Eight, and Five, had finished in the top four places. Each company entered its best man in each event, and no man was allowed to take part in more than one event. This served to keep the scores evenly divided.

Dave Trageser, president of the Soph class won the fifty yard freestyle in a tight duel with Bill Lindsay. Bowen of Company One beat Frezer of Company Two by one tenth of a second in the one hundred yard freestyle. O'Shea of Company Nine coasted to an easy victory in the seventy-five yard backstroke.

Two Hundred Yard Relay Close

In the finals of the two hundred yard relay Company Four's team just nosed out Company Six in the best race of the day. Company Ten's four hundred yard relay team was easy winner over the rest of the field. Adams of Company Ten won the hundred yard breast stroke with nine seconds time between him and the nearest competitor. In the Medley Relay, a well balanced team from Company five took the laurels.

The Summary:—

- Fifty Yard Freestyle:—** Trageser, Lindsay, Jackson, Sas. Time 27.4 sec.
- One Hundred Yard Freestyle:—** Bowen, Frezer, Silberman, Luttenberger. Time: 1.04.
- Seventy-Five Yard Backstroke:—** O'Shea, Houston, Berothens, Kuhns. Time 54 sec.
- Two Hundred Yard Relay:—** Winning Team; Pritchard, Hickler, Stephenson, Horrigan. Time 2.06.6.
- Four Hundred Yard Relay:—** Winning Team; McGuire, Goldstein, Hayward, Lombard. Time 5.01.3.
- One Hundred Yard Breast Stroke:—** Adams, MacKenzie, Russell, Flader. Time 1.20.
- Three Hundred Yard Medley Relay** Winning Team; Hennessy, Kraeuter, Cubberley. Time 4.27.8.

Squash Team In Two Losses

Defeated By Harvard And Union Boat Club

Tech inauspiciously opened the 1943 squash season Wednesday with two defeats. The 'A' team lost to the Union Boat Club three to one and the 'B' team being blanked by the Harvard Club five to nothing.

Tech's single score was due to the efforts of Captain Hewson, playing number three man on the 'A' team. Tom came from behind to score an upset.

These two defeats were pretty much expected, as the Union Boat Club and the Harvard Club are perhaps the strongest teams in Boston's Duration League. On the other hand, there was no man playing for Tech that had ever had the benefit of previous match experience.

Sonnabend Defeated

Pretty much squelched by the shots of Roger Kaese, the runner up of the 1942 National Squash Rackets Championship, Rog Sonnabend, our number one man, had all he could do to get ten points in the first game. Stuart Brauns and Frank Bator had equally difficult jobs against their more experienced opponents.

The 'B' team was even less successful, in that it lost all of its matches, only the number one player went to extra games. A. M. Sonnabend, who is the former National Veteran's Champion had to play five games to beat Tech's player Read. The closeness of the match is shown by the score of the final and deciding game which was 17-15. Paul Faden, Ralph Scherer, Jim Armington, and Fred Bisbee, were defeated by their veteran opponents.

An interesting sideline is the fact that A. M. Sonnabend, who played number one for the Harvard Club is the father of Roger Sonnabend who plays number one for Tech's 'A' team.

Big Season Ahead

It is a busy season ahead of the Squash Team this year. Besides eight more league matches, there are ten scheduled and tentative intercollegiate matches. We expect to be host to teams such as Amherst, Harvard, Tufts, Princeton, Wesleyan, and will make trips to others.

Scores:

- Tech 'A' Team vs. Union Boat Club** H. Kaese (U) defeated R. Sonnabend, 15-10, 15-8, 15-6.
- S. Parker (U) defeated W. Brauns, 15-5, 15-7, 15-11.
- J. Hewson (MIT) defeated Winslow, 10-15, 7-15, 15-12, 15-9, 15-9.
- J. McMullen (U) defeated F. Bator (MIT), 15-6, 15-9, 15-4.
- Tech 'B' Team vs. Harvard Club** Sonnabend (H) defeated Read (MIT) 8-15, 15-17, 15-12, 13-15, 17-15.
- Hamlin (H) defeated Faden (MIT), 15-5, 15-7, 15-11.
- Perry (H) defeated Scherer (MIT), 15-7, 15-9, 15-11.
- Fernald (H) defeated Armington (MIT), 15-7, 15-3, 15-11.
- Watson (H) defeated Bisbee (MIT), 15-6, 15-5, 15-6.

New Features To Be Started In Next T.E.N.

Thresher Will Review Institute's Growth And Tell Of Future Policy

It was recently announced by Carroll W. Boyce, 10-44, editor of T. E. N. that a new series of feature articles will be inaugurated in the magazine's new issue, to appear some time before the Christmas vacation. The purpose of these articles is to further the understanding of the present and projected educational program.

Professor B. A. Thresher, Director of Admissions, will introduce the sequence with a comprehensive review of the growth of the Institute and an insight to its policy for the future. He discusses the principles upon which instruction at Technology is based and why they have proved to be satisfactory.

Will Report Changes

The articles will serve as a means of keeping alumni in touch with the rapidly changing conditions at the Institute and how and why changes are made in courses. Also, prospective students will have a valuable supplement to the general bulletin. The series will contain information on department activities, facilities, and the opportunities in the particular branch of engineering. To further this purpose, T. E. N. will be distributed to approximately two hundred high schools and preparatory schools.

Dr. Irving Langmuir's astounding prediction that a speed of two thousand miles per hour is possible utilizing a new transportation system is discussed in the editorial. The proposed world calendar, which embodies changes in holidays to facilitate business; highways of the future as exemplified by the Pennsylvania Turnpike; and an illustrated article on the recovery of magnesium from sea water complete the issue.

Inst. Comm. OKs Soph Prom Budget

(Continued from Page 1)

budget for the Sophomore Prom to be held on the last Friday in January. The President of the Institute Committee and the Vice-President immediately evidenced their disapproval and proceeded to give their reasons for not approving it. Lamar Field also raised an objection and the committee went into a lengthy debate. It was finally decided, after the new freshmen representatives had taken their seats, that the budget was to be approved.

The Executive Committee of the Nautical Association and an amended constitution were submitted for approval and this was granted.

Activities Reports Asked

Herbert F. Knappe asked for a statement of the various undergraduate class, or activity, honorary societies. It was stated that "Gridiron" would soon be functioning again and that plans were at present well underway for the reviving of the society. Tragesar explained the Quadrangle Club was functioning as well as could be expected and that almost all the spirit in the class was due to the efforts of the Quadrangle Club. Morrison explained the status of the Baton Society, honorary musical club society. Knappe volunteered to obtain reports from the other societies and submit them with a covering report and recommendation at the next meeting of the Institute Committee.

The Tech, through General Manager Lamar Field, asked that its constitution be amended so as to allow men other than those entering their Senior year to hold positions on the managing board. After this amendment was approved Field moved for the approval of the new managing board. Robert H. Symonette, 6-45, was announced as the new General Manager and Institute Committee Representative of the newspaper.

T.C.A. Cabinet To Be Installed

Ceremony Will Be Held At The Tech Cabin

The new T.C.A. Cabinet, appointed recently by the Executive Committee to hold office for one term, will be installed tomorrow night at the Tech Cabin. The group making the trip will leave tomorrow afternoon and return Sunday afternoon.

There are 43 men on the cabinet this year, including the 5 members of the newly elected Executive Committee. A breakdown of the 43 reveals that the cabinet is composed of 5 Juniors, 22 Sophomores and 16 freshmen.

The members of the cabinet, and their positions, are: Managers of Freshman Camp, George H. Bickford and Reginald B. Stoops, both 6-45; Freshman advisor, David R. Clare, 6-45; Tech Cabin, Robert H. Welsh, 2-46; Social Action Division and War Services Director, Robert B. Hildebrand, 6-45; Religious Action Division and Meetings Department, Donald H. Haliburton, 10-44; Church Relations, Walter H. Levy, 6-45; Conferences, Allen C. Crocker and John F. McCarthy, both 6-45; Postwar Reconstruction Commission, Edward F. Brylawski, 2-46; Publications Division Manager, Christopher G. Boland, 6-45; Handbook, Managing Editor, George R. Dvorak, 6-45; Contributing Editor, Alan R. Gruber, 2-46; Art Editor, Peter G. Dayton, 2-46; Ad Copy Editor, Robert W. Neal, 2-46; Business Manager, Radley H. Daly, 2-46; Advertising Manager, Mark E. Sullivan, 2-46; Blotter, Advertising Manager, James B. Palmer, Jr., 2-46; Business Manager, Fred J. Ross, 2-46; Office Division Manager and Information Department Director, Peter P. Agoston, 6-45; Room Registry co-directors, William J. Riordan and Eugene C. Woestendiek, both 6-45; Foreign Students, Nelson Chang, 6-45; Assistant Treasurers, Marshall Byer and Albert J. Davidson, both 6-45; Advisory Board solicitations, Raymond R. Beardsley, 2-46; Advisory Board Receipts, Robert T. Andrew, 2-46; Ticket Service, A. Bromley Muller, 2-46; Book Exchange, Fred C. Bailey, 2-46; Drive co-chairmen, H. Carlton Howard and Daniel R. Vershow, both 6-45; Assistant Drive chairmen, Fred V. Fuller and William B. LeLievre, both 2-46; and Boys' Work co-directors, Walter Kaupre, Robert C. Landwehr, George S. Shields, C. William Shipman, all 6-45, and Adriaan P. Van Stolk, 2-46.

The Tech Staff Appointments Told

(Continued from Page 1)

munications. He spoke in the absence of Professor Alfred V. de Forest, who was unable to attend the banquet.

Associate Board

Elected to the associate board were: Robert A. Arrison, Jr., 6-45, Advertising Manager; H. James Rosenberg, 6-45, Personnel Manager; and Robert S. McClintock, 6-45, Photographic Editor. These men, together with the Managing Board, will officially take office when Volume LXIV begins after Christmas vacation.

The winner of the freshman news room competition, ran for ten weeks the end of last term, was Alan R. Gruber. The business office competition was won by William H. Schield, Jr. Each winner received a prize of \$10.

Staff Assistants

The following freshmen reporters were elected staff assistants: In the news room, Dean Bedford, Jr., Alan R. Gruber, Arnold S. Judson, Steven J. Miller, Robert W. O'Brien, Peter H. J. Spitz and Peter M. St. Germain; In the business office, Radley H. Daly, Ray E. Homan, William H. Schield, Jr., and Arthur Schiff.

Five new men were also announced as reporters. They are: Noel N. Coe, Stanley J. Katcher, Jerold M. Lowenstein, William L. Phelan, and Ralph R. Scherer.

ACTIVITIES NOTES

Nautical Association

The M.I.T. Nautical Association will hold its annual party at the Hotel Continental in Harvard Square on Friday, December 17, at 7:30 P.M. Admission to the dinner will be \$1.50 (tax included) per person, all tickets being sold at the door.

As guests of the Nautical Association, several of its founding fathers will be there to give brief speeches. Immediately following this, Professor Stephen G. Simpson will perform some of his magic tricks. Following the entertainment, there will be dancing to the recorded tunes of popular orchestras. The executive committee has announced square dancing for those who care for it and plenty of floor space for all dancers.

Hobby Shop

Michael T. Rosar, 10-44, was elected Foreman of the Hobby Shop at the elections meeting held on November 27. Charles H. Hart, III, and Albert J. Davidson, both 6-45 were elected Assistant Foremen.

Other shop officers elected at the same meeting were: Victor J. Stumpp, 10-44, Secretary; Jack C. Page, 6-45, Treasurer; Issay Stempnitzky, 6-45, Printing Chairman; Nelson Chang, 6-45, Woodworking Chairman; R. Langdon Wales, 2-46, Metalworking Chairman; Leland G. Hanson, 2-46, Darkroom Chairman; and Richard V. Baum, 6-45, Radio Chairman.

Glee Club

The Glee Clubs of Technology and Colby Junior College took part in a concert held last Saturday at New London. The program consisted of individual performances by each club, followed by the presentation of three choruses from Handel's "Messiah" by the combined clubs. Altogether the concert was a great success, receiving full approval through an enthusiastic clapping of hands by all those who attended.

After the concert, all the boys were invited by the young ladies of Colby to a dance which served to celebrate the visit of Technology men to Colby. The affair was held at the College and lasted until midnight. On Sunday afternoon, the Technology Glee Club took the train back to Boston after having enjoyed a turkey dinner served by their hostesses.

Conductor Durham was very pleased with the Glee Club's performance. It is hoped that an all-Tech show, to be held at Symphony Hall, could be arranged in the near future, featuring at least 60 men of the Glee Club.

T. C. A. Boys' Work

The annual banquet of the T.C.A. Boys' Work Division was held Wednesday evening at 6:30 o'clock at the Smith House on Memorial Drive. Professor F. Alexander Magoun, the guest speaker, discussed the T.C.A. Boys' Work Program and emphasized the importance of the work.

Guests for the evening, besides Professor Magoun, were Mr. Lewis of the Roxbury Neighborhood House, and Mr. Wallace M. Ross, General Secretary of the T.C.A.

I. F. C. Approves Rush Week Plan

(Continued from Page 1)

each house, without regard to preferences expressed by houses for any special man, except that religious and other requirements of certain houses will be allowed for. Besides this no rules will be made governing the coming rush week as they are deemed not enforceable.

Magoun Offers Services

Later in the meeting Prof. Magoun said that he was willing to give the pledge lecture. He suggested a Monday afternoon after five o'clock.

Robert Hildebrand brought up the subject of the Blood Donor Drive and said that donors were needed.

Attention was also called to the fact that four Navy men are unable to get out to the west coast for the holidays and will have to stay here unless some house volunteers to put them up. This means that the chiefs will have to stay also. To help the situation, any house's volunteering to put these men up will be greatly appreciated.

A. S. T. P. Ball

(Continued from Page 1)

final broadcast during the Ball itself will feature interviews of men chosen from the dance floor, and selections by Jerry Wald and his Orchestra.

Among the celebrities that will be present are President Karl T. Compton and Dean Harold E. Lobdell of the Institute, Lieutenant Bernard M. Olsen and Lieutenant Phillip Y. Craig of Navy V-12, Lieutenant Colonel John F. Cook, Major William T. Cameron and the officer personnel of the A.S.T.P. units.

The A.S.T.P. Christmas Ball is the first formal military ball of its size to be held in New England. It is rapidly gaining public prominence and will be carried on in spirit by similar action in other units throughout the country.

Section Leaders, Alternates, Chosen By Freshman Class

(Continued from Page 1)

The section leaders elected are as follows: Section one, Herbert J. Hansell; two, Kendall Wright; three, John F. Marr, Jr.; four, Stanley J. Harshman; five, William H. Semple; six, Hillman Dickinson; seven, Henry W. Pickford; eight, Patrick E. Colvan; nine, Robert F. Hoffman; ten, William C. Cahill; eleven, Richard T. Krueger; twelve, James O. Davis, Jr.; thirteen, Robert H. Witenauer; fourteen, Harvey B. Willard; fifteen, James L. Cattel; sixteen, John R. Kirkpatrick; seventeen, William R. Frazier; eighteen, John C. Adams; nineteen, Vincent R. Murphy; twenty, Neil Malarkey.

The Navy section leaders are as follows: Section (a), Robert A. Grady; (b), James S. Craig; (c), Herbert C. Keating; (d), Edmund Van S. Claxton; (e), Theodore W. Henning; (f), James V. Chabot; (g), Raold W. Bowers; (h), William J. Casey.

The Navy first team section leaders are: Edmund L. Perry, Section (a) and Zenor N. Linnell, Section (b).

Alternates

The alternate section leaders elected are as follows: Section one, Joseph J. Bongiovani; two, Arthur Burg; three, Robert McC. Adams; four, Marshall P. Tulin; five, Fred C. Bailey; six, Frank L. King; seven, Daniel L. Tiffany; eight, Vincent C. Vappi; nine, William H. Peake; ten, Miss Betty LaRue Bunte; eleven, Edward F. Doyle; twelve, David C. Sherrick; thirteen, Samuel Gusman; fourteen, Robert L. Wales; fifteen, P. Frank Hagerty; sixteen, S. James Goldstein; seventeen, Philip M. Lally; eighteen, Thomas R. Brown; nineteen, Roger Bart; twenty, Jack P. Lombardi.

The Navy alternate section leaders elected were: Section (a), George M. Ley; (b), Charles N. Howard; (c), Robert B. McKinstry; (d), John L. Vandisco; (e), Charles Mc Kinney; (f), Hugh R. Jackson; (g), John A. Maynard; (h), Merrill D. Moore.

The first term Navy alternate section leaders elected were Joseph Morely, Section one, and Alan Negus, Section two.

The First Church of Christ, Scientist

Falmouth, Mass. and St. Paul, Mass.

Sunday 10:45 a. m. and 7:30 p. m.; Sunday 11:45 a. m.; Wednesday evening mee at 7:30, which include testimonies of Christian Science healing. Reading Rooms — Free to the Public, 113 Washington St., opp. Milk St., entrance also at 24 Province St.; 84 Baylston Street, Little Building, Street Floor; 60 Norway St., corner Massachusetts Ave.; 1516 Beacon Street, Coolidge Corner. Authorized and approved literature on Christian Science may be read or obtained.

Have a Coca-Cola = ¿Qué Tal? (WHAT'S UP?)

... in Panama as in Pittsburgh

¿Qué tal? is the friendly What's up? of the citizen of Panama. Equally cordial is the Have a "Coke" of the American soldier. Around the world Coca-Cola stands for the pause that refreshes,—has become the high-sign of friendly-minded folks.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY COCA-COLA BOTTLING CO. OF BOSTON

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

Scheid To Head New Voo Doo Senior Board

Christmas Issue Of Humor Magazine Goes On Sale This Morning

At a banquet held in the Fox and Hounds Club last Sunday evening the new staff of *Voo Doo* for Volume XXVII was announced. Kenneth G. Scheid 10-44, was named General Manager, and the other members of the senior board are: Cortland F. Ames, 10-44, Business Manager, Raymond Q. Wilding-White, 10-44 Managing Editor, and J. Thomas Cooper, 10-44, Advertising Manager. In addition to the Senior Board appointments, the elections to the Junior Board and Staff were also made at this time.

Among the guests at the banquet were Lamar Field, the general manager of *The Tech*, and also Bill Scott, general manager of *The Technique*.

Christmas Issue

The Christmas Issue, the retiring board's final *Voo Doo*, went on sale this morning. Featuring plenty of Christmas cheers for all, the magazine includes jokes, cartoons, and art work apropos to the season. Included in the makeup is a reprint of the notorious "Back Bay" issue cover, an issue which put *Voo Doo* on the blacklist for an indefinite period.

Plans For Winter Skiing Are Told By Outing Club

Hold Christmas Ski Trip To Ranch Camp; Plan Dance For Jan. 8

The M.I.T. Outing Club has announced tentative plans for the coming skiing season. Club officials have hopes for a lively year though the activities will be somewhat abbreviated because of war conditions.

Ranch Camp at Stowe, Vermont, has been chosen as the sight of a skiing excursion during the Christmas holidays. This is the same place that trips have been held to in recent years. The rate will be three dollars per day; a sign-up is to be posted in the Lobby of Building 10.

The ski team, sponsored by the Club, will participate in a meet at Lake Placid between December 29 and January 3. This meet will be of the intercollegiate brand only if at least six teams climb onto the band wagon, which is still doubtful. Individual competition will be held at Placid, regardless.

Servicemen Receive Smokes From M.I.T.

As a result of donations by patrons of the Walker Memorial gameroom and the Lounge as well as of the T.C.A. office, 20,000 Camel cigarettes have been sent to servicemen fighting overseas. This culminates a drive started and headed by Mr. Edward L. Pung who operates the game rooms in the Walker Memorial basement.

In order to make possible donations by Technology students, Mr. Pung distributed jars at various points throughout the Walker Memorial Building. Contributors could designate the unit to which they wanted their cigarettes sent. The price was five cents per pack or fifty cents per carton. The cigarettes purchased with the contributions were then sent by the War Department to the servicemen overseas.

B. K. Basketball Games Before Xmas Postponed

All Beaver Key Basketball games for Monday and Tuesday December 20 and 21 are postponed until after vacation. Navy V-12 students are now able to get an extension of free gangway to 11 P.M. to play in the third game on Monday; Tuesday and Wednesday nights. "Contact men" should see King Cayce, Room 415-A at the Graduate House and submit a list of these men's names or check names on previously submitted lists at least two weeks before the scheduled game.

Christmas Ball Is Set For Tomorrow; Jerry Wald Plays

V-12 Jump Band Plays On Radio Broadcast; Army Men Interviewed

Another first has been chalked up for the Army Specialized Training Program at Technology — the radio broadcasts of the Christmas Ball over station WCOP. Two broadcasts have already been successfully completed; one on Monday, December 13, the other on Wednesday, December 15, with the third to come from Copley-Plaza dance floor tomorrow night.

Although the Wednesday program was given over to the Technology V-12 Unit, Monday's program was strictly A.S.T.P. It opened up with Jerry Wald's recording of "Mad About Him Blues", after which Pfc. Aaron Zicherman was interviewed. Zich was working as a plumbing engineer for the Army Engineers Corps in the Hawaiian Islands during the Japanese incident. He said that the Japs dropped in for breakfast that Sunday morning, and made things pretty noisy. One of the things that struck him hardest on his arrival in the United States was the dimout in San Francisco, which to him looked like the bright lights of Broadway. Doc Bressler was the featured pianist of the evening, playing his arrangement of "Nola." The finale of the program was Jerry Wald's recording of "Trains in the Night."

V-12 Band Plays

Wednesday's V-12 broadcast went on the air with "Strictly Instrumental" as played by Jerry Wald. V-12's "jump band" played their rendition of "It Can't be Wrong." Joe Morely, a seaman who transferred from the fleet, was interviewed concerning his entry in the V12 program. He told how he had to sacrifice his former rating as first class seaman to enter the program.

He hopes to enter Midshipman's School when he graduates here. The orchestra continued with an excellent rendition of "All Or Nothing At All." Seaman Robert N. Herbert's description of life and studies in V-12 at Technology closed the broadcast.

The Saturday night broadcast direct from the dance floor will feature speeches by Dr. Compton, Colonel Cook, and Colonel Smith. President Compton has chosen for his subject the necessities of a technological war, in which he will bring in the comparison of the British and American ways of student training. Colonel Cook will give his view of A.S.T.P. from his position as commandant of this post. Colonel Smith will speak on the problems and purposes of the A.S.T. Program. All of the talks will be enlightening to both the public and to those of the armed services that are involved in the discussion.

Comptons, Walker Left Waterless By Broken Main

It's bad enough when you don't have hot water, but when you don't have any water at all that's still worse. That's the situation that part of the Institute found itself in this week when a water main just north of the undergraduate dorms broke and left the President's house, the Senior House, and Walker Memorial dry.

The prohibition on water came at about five o'clock Tuesday afternoon, but the men of the Cambridge Water Department (famed for their basic tap water) came to the rescue and within an hour had a hose strung from a water hydrant on Memorial Drive, through a basement window and onto an old water pipe connection in the T.C.A. office in Walker Memorial.

So, while people having business with the T.C.A. spent the next few days ducking under the hose as they passed from the front to back office, the water supply for the three buildings involved gurgled overhead.

By 2:00 P.M. yesterday everything was back in order and water once again flowed back through its customary main.

Nautical Association To Hold Annual Party

Tonight the M.I.T. Nautical Association will hold its annual party at the Hotel Continental in Harvard Square. The time is 7:30 P. M. Admission to the dinner will be \$1.50 per person, all tickets being sold at the door.

Several of the founding fathers of the Nautical Association will be present to give short speeches. There will be dancing to the recorded tunes of popular orchestras and plenty of floor space for all dancers.

Oscar announced last night that the Xmas Party will be held Saturday afternoon, rain or shine.

Jerry Wald, Christmas Ball Maestro, Is Top Clarinetist

Jerry Wald, the new clarinet playing sensation, and his orchestra will play at the Christmas Ball, to be held at the Copley Plaza Hotel on Saturday night, December 18. This band is one of the newest to rock the country. It was Benny Goodman in 1935, Artie Shaw in 1939, and now Jerry Wald is the latest clarinetist-conductor.

Contrary to most popular orchestra leaders, Jerry Wald served no apprenticeship as a bandsman; he started his career immediately as a band leader, when he was almost twenty years old. Jerry started playing the clarinet at an extremely young age, and by the time he was seven, he was a rather adept musician. Three years later, Wald was playing solos and sitting in with orchestras on radio programs over WOR in Newark, his native city. A few years later, he took the baton of his high school band, thus proving his talent for leading an orchestra while still in his early teens.

Starts Own Band

Jerry got his real start in the profession when he went to Los Angeles on the advice of a friend. There, he persuaded a group of local musicians to team up with him. After getting a few minor engagements, the Wald orchestra went to New York where they opened at the Rosemont Ballroom in Brooklyn. Unfortunately, however, fire broke out in the hall a few nights after the band started to play there, and the boys were without a job. After a few months of being "at liberty," the band was offered a spot in the famous Roseland Ball-

Permission Granted V-12 And A.S.T.P. To Attend Soph Prom On Jan. 28th

Classes Changed To Run Through Noon Thursday

All Institute civilian and Navy classes will be held until noon next Thursday, December 23, it was announced last Monday by Mr. J. C. MacKinnon, Registrar. This is a change from the previous time of 5:00 P.M. Wednesday.

Army A.S.T.P. classes, including former R.O.T.C., will be held until noon Friday, December 24.

Options Costing \$3.25 On Sale In Build. 10 Through Next Tuesday

The Sophomore Prom will definitely be held, it was announced last night by David A. Trageser, President of the Sophomore class and Chairman of the Sophomore Prom Committee. This was automatically decided when Lieutenant Commander B. M. Olsen gave the V-12 unit permission to attend. Liberty was granted the sailors from 6:00 P.M. Friday to 6:00 A.M. Saturday. Lieutenant Colonel J. F. Cook has given the A.S.T.P., including former R.O.T.C. permission to attend. Passes will be issued Friday night at 8:00 P.M.

As originally planned, the dance will be held in the Imperial Ballroom of the Hotel Statler on January 28, 1944. Dancing will be from 9:30 P.M. to 2:00 A.M., and music will be provided by a band to be announced immediately after Christmas vacation.

Entertainment in the form of a special attraction will be provided during intermission. Also on the program are a number of punch parties to be held under fraternity sponsorship.

Options Now on Sale

Options will remain on sale in the Lobby of Building 10 between the hours of 11:00 A. M. and 2:00 P. M. until Tuesday, December 21. The options are being sold at a cost of \$3.25 and tickets at \$6.50 per couple. Options may be redeemed between January 10 and January 15. Gerald L. MacKinnon, Jr., reports that sale of options is proceeding rapidly, and it is expected that they will be sold out long before Tuesday.

Navy students may purchase their tickets from James F. Brayton, Room 406-B, Thomas J. Stephenson, Room 303-C; David A. Trageser, Room 203-B, Gerald L. MacKinnon, Room 204-C. Civilian students may purchase them from any members of the Prom Committee. This includes David A. Trageser, Gerald L. MacKinnon, Robert H. Symonette, Donald P. Kahn, Walter E. Kulesa, James F. Brayton, Thomas J. Stephenson, Robert B. Hildebrand, Robert C. Landwehr and Clinton H. Springer.

Freshmen May Be Ushers

Springer and Stephenson, who are in charge of the ushers, report that they will be chosen from the Class of 2-46.

It is hoped that the Prom will be on the scale of previous Soph Proms which sponsored such bands as Gene Krupa and Tommy Dorsey.

Father Cuffe Gives Talk To M.I.T. Catholic Club

Father Cuffe of the St. Sebastian's School in Newton was the speaker at the last meeting of the Technology Catholic Club before the Christmas vacation. At this meeting he spoke on the subject of "Infallibility."

In his talk, Father Cuffe defined "Infallibility" as immunity to error, and stated that the Pope is infallible when he makes an official decision binding the consciences of Catholics. He proved this by numerous references from the New Testament.

After the discourse, Mary E. Sullivan, 6-45, secretary of the club, announced a Christmas dance to be held tomorrow night, December 18 at the Oxford Grille in Harvard Square. The party will last from eight to twelve, and will be for members only.

Farrow Heads Photo Dept.

Plans for the 1945 *Technique* got underway last night with an important staff meeting held with printing and engraving representatives. During the course of the meeting Henry N. Bowes, 2-44, recently elected General Manager, announced that several positions on the staff were open. Men are especially needed by the photographic department.

The appointment of William H. Farrow, 6-45, as Senior Photographic Editor was announced. He will assist Bowes, Editor-in-Chief Sidney N. Feldman, 2-44, and Business Manager Leonard H. Carlson, 10-44, on the Senior Board.

The date for the 1945 book to go to press has been tentatively set at June 1, 1944. In spite of war-time conditions, it is expected that the new *Technique* will be as large as previous volumes. However, much greater emphasis will be placed on the armed services. A section will be devoted entirely to the Navy V-12 unit and the Army Air Corps and A.S.T.P. units.

ASTP MAESTRO

To Play at Copley Plaza

room. At last the band had reached the public eye, and now they were flooded with radio spots and public appearances such as the one at the Hotel Lincoln in New York where they broke all attendance records.

Besides featuring Jerry and his clarinet, the Wald orchestra has two vocalists, lovely Ginnie Powell and Dick Merrick. Ginnie Powell, an eighteen year old beauty, started with the band very recently. She has managed to complete her education while singing at Northwestern University dances.
