Ella Fitzgerald To Sing With Sabby Lewis’ Band; Marsala Also To Play

Tickets Now On Sale For Dance To Be Held At Stalder, April 9

Babby Lewis’ orchestra with Ella Fitzgerald, as well as Marsala, will be the featured part of the music at the All-Tech Dance, to be given by the Interfraternity Conference, in the Imperial Halloween of the Hotel Statler on Friday. As announced last night by Lewis Tyres Jr., ’46, dance chairman, the ticket will cost 50c, but will be available at the doors.

Joe Marsala will supply the sweet music for the evening’s dancing. Marsala is well known to the students of the Institute, as he has been playing in various places in New York for the past seven years.

Tickets for the dance are being sold at the box office, located on the second floor, the 51:15 Club, and the Dormitory Committee. The price of tickets is 50c, and no student will be turned away from the dance if he is not able, as present indications are that there will be a large attendance. Tickets for the dance are now being reserved by William S. Richardson, 44.

Other business at the meeting held last night at Smith House, included a discussion of whether the I.F.C. should send letters to members of the Institute or use newspapers in Janu explaining the fraternity system at Tech. As candidates for the dance are now being reserved, the book will be mailed to members of the class when it is published. If any candidate for the dance does occur, the book will be mailed to him. The price of the book is $2.50.

May Candidates Will Graduate On Friday, May 28

About 196 men who are candidates for the advanced degrees, and 80 men who are candidates for the bachelor’s degrees will graduate in a special exercise to be held on Friday night, May 28, at the New York Coliseum Hall on Central Park West, Boston.

There will be no outside speakers tonight, but Doctor Karl K. Campbell, assistant to the president, will address the graduates. According to Professor C. G. Haldeman, president of the Committee on Commencement, it was originally planned not to hold any ceremony, but due to the large number who will get their degrees at this time, and because of requests from some of the graduates, the exercises are to be held.

Following the exercises the President of the Institute will address the graduating class. A dance will be held in the same building in the Charter Room on Saturday night, May 29. Richard Poxton added the interesting fact that this is in line with the date of the new Technic identity, but due to the large number who will get their degrees at this time, and because of requests from some of the graduates, the exercises are to be held.

The exercises will be held in and out as a new and unusual farewell to the students, to encourage friendly relations between the students and the secretaries of the Institute.

Institute Says Vacation Between Terms Will Be One Month, Not A Week

Reconsideration has been given to the Institute’s calendar for the past academic term, and President Campbell is expected to announce the opening date for June 7 to June 27, although the vacation will be no longer than last semester. The announcement will be made by the President, announced last night.

Several factors, including the fact that the United States Naval Training Program is scheduled to start on July 1, dictated this change in the Institute’s academic calendar. This change will cover a sixteen-week term, like our regular term, but this new program will interlock with the Institute’s regular curriculum. The space was found possible to simplify admission problems and lighten staff loads. The change was made possible by a decrease in California’s current population. Furthermore, an interlude following the present term is expected to be beneficial to students and members of the staff alike.

Under the new schedule the summer term will begin with the beginning of the fall term, and end, including examination period, on October 16. Thus there will be an interlude of nearly a month between the last exercise of the present term on May 28 and the beginning of the new term.

May 28

E C R May Take April 2 Exam; V 1 Sophomore Test Is April 20

Army Men Take Same Test As Candidates For V-12

Enlisted Reserve Corps students who are eligible for consideration to the Army Reserves are given the same test as the candidates for V-12. This includes Reserve Officers, who have been appointed to the R.O.T.C. on April 20, 1942. The test is given at 9:00 A.M., and the examination period at the Institute will be from 9:00 A.M. to 11:00 A.M.

This test will be given to all students, showing their rating, which may be the only entrance to the Army for some of them. They are given the names of the members of the Naval Reserve, V-1, who are given at the Institute in Rooms 5-240 and 5-440 on Friday, April 20, 1943 from 9:00 A.M. to 11:00 A.M.

In order to take the examination it is necessary for a student to make out a formal application to the Committee on R.O.T.C., Room 103. The blanks must be filled out and returned to the Examination Committee in Room 103.

In a telegram from the Adjutant of the Marine Corps Reserve it was stated that the Marine Corps Reserve would have a special examination for the Marine Corps Reserve in the same examination as this. The Marine Corps Reserve will have a special examination for the Marine Reserves. Any Marine Reserves, however, who take parts of the Marine Reserves.

Mrs. Ford Still Leads Book Drive

Mrs. Ford Still Leads Book Drive

Still leading the nationwide drive for Books for Children, with more than 3,500,000 books to her credit, Mrs. Henry Ford, wife of the Treasurer of the Institute, still holds the lead after the latest figures were compiled, despite the fact that the drive has officially closed.

The largest contributions received were: Delta Psi, Kappa Sigma, Alpha Delta Upsilon, and Sigma Tau. The clubs are asked to turn in as much as possible to the Institute Book Drive.

Boys may still be brought to the Information Office in the Lobby of Building 10, and will be sent to the men of our armed forces.

Term Will Start June 28 Instead Of June 7, 1943

Reconsideration has been given to the Institute’s calendar for the past academic term, and President Campbell is expected to announce the opening date for June 7 to June 27, although the vacation will be no longer than last semester. The announcement will be announced last night.

Activities Notes

East-West Assoc.
Taking the first step towards becoming a truly recognized society, the M.I.T. East-West Association, which has been in the process of organization during the past year, will hold its first official business meeting at 4:30 P.M. on Monday, the 21st, in the evening room of the Graduate House. At this time the society will elect an executive committee and adopted upon resolution of the constitution.

Debating Society
Meeting on March 31, at 8 P.M., the M.I.T. Debating Society will hold its inaugural meeting in Littlefield lounge, and all M.I.T. students are urged to attend. Some very important announcements will be made by the Managing Board.

Continuing its active schedule of debating, the society will soon receive the co-eds of the Dartmouth Debate team.

All Class B. Assoc.
There will be a very important meeting of the executive head of the below listed Class ‘B’ Activities in Littlefield Lounge on Monday from 3:00-4:00 P.M. It is urged that all these activities be represented by their most active members.

Techtonics
The Techtonics were featured at a Undergraduate Club meeting on Monday, March 15. Playing voluntarily for a picture of a two-act baseball game which was well received, and has been asked to play in the society’s meeting at 4:30 P.M. in Littlefield lounge, situated on Tremont Street, is the center of activities for service men in Boston.

Band
The Band is looking for a first and second clarinet, a first and second cor, a first and second trombone, a first and second trumpet, a first and second tuba, and a first and second baritone.

LECTURES
The Emerson Lectures will be held at the Church of the Covenant, on Wednesday and Thursday evenings at 7:45, and the 23rd of March.

The first lecture, by Dr. Janney, will be on ‘The early fungi’. Dr. Janney has given his yearly series of ten lectures, and the first was held last Wednesday night.

The second lecture by Frederick J. Thruston, will deal with the biological aspect. Dr. Thruston is one of the world’s foremost authorities on fungi.
