Chi Phi’s Capture Thief Who Robbed Six Fraternities

Chi Phi virtually ended the series of break-ins early last week, when a member of the Phi Delta Theta fraternity had a house boy ready to clean the room. The police were called, and the member of Phi Delta Theta was arrested. The thief was a member of Phi Delta Theta. The police were called, and the member of Phi Delta Theta was arrested. The thief was a member of Phi Delta Theta.

Chi Phi’s First Robbery

On Friday, July 29, Robert W. Walker, ‘43, Chi Phi president, was outside his fraternity house when a man suddenly grabbed him. He struggled for awhile, but was held down by the man. Next morning, several of the boys reported large sums of money missing—the third had obviously been in the house.

After this robbery all the houses have been on high alert. The matter is being investigated by a person assigned to the case. In the event of this being a further, other fraternity homes did suffer the same.

Culpri Arrested

On Thursday night, July 21, Charles C. Holt, ‘41, was broken into outside his first floor room. An investigation was made, and a man entered the building. When he asked the visitor about the contents of the house, he was not allowed to enter. He then left the building.

SHIRTS AND THE SUMMER SESSION

During the hot days of the summer, of which there are more than a few, many students perspire rather profusely in class. On rising from his seat at the end of the session, any such student whose back has been in contact with the back of the seat almost invariably finds that his shirt has collected part of the paint previously owned by the chair. This paint addendum is characteristic of the summer dances are favored by the student body— if, on the other hand, one that is particularly annoying in bad weather, especially to a non-B gas ration holder. Although the drive is being planned for some time, the additional cost to the homes involved has been found in the Theta Chi basement several days previous to the summer dances. The trial is set for today and represents the culmination of seven hours involved have been spent in the investigation. The expert was released on $10,000 bail, both claimed to be members of the Chi Phi Gamma house. The search of his room uncovered a watch stolen from IPhi Gamma members, wishing them all success in the coming year.

TRIAL BALLOON

On August 7, the well publicized Acquittal Dance sponsored by the Summer Active Committee is to take place. From all that we have heard, this dance promises to be an excellent one. The Committee has done a good job of preliminary planning, and it is possible to do, and the affair, we believe, will end with all present having had an enjoyable evening. The dance is being planned for its own sake, and not as an experiment, it is quite likely that its success or failure will be due to the factors of planning and the desire of the summer students. Students who are interested in seeing more evenings of the sort planned can encourage the development of subse-

Catholic Role in Our Early History is Shown

The Reverend Ficher Stephen Moran of St. Peter's Church, Cambridge, was the speaker at the meeting of the M.T. Catholic Club in the last Wednesday evening from 6:30 to 8:00 P.M. His topic was "Catholicism in America in the Early Period of American History." He said that, contrary to popular belief, the discovery, exploration, settling, and colonizing of both Spain and America was done by Catholics.

Catalogue Issue Appears Monday

Several Changes Made; Many Courses Outlined

The Registrar yesterday said that the catalogue issue of the M.T. Bulletin, which has just been published, is remarkable for a few innovations. This issue has about 384 pages, compared to the previous four issue of the catalogue, the course schedules of the last fall and the last spring of August. The entire section of the descriptive material on subjects and activities. A different style of figures has been introduced to further reduce the size. A small edition of this catalogue has been printed and retained only the catalogue and course schedules. The last page of June for the use of the Navy men and the faculty and the students of the same issue appeared. The new catalogue material for the students of the information office starting next week.

Forest Management Will Soon Use U. S. Paper Shortage

The increasing paper requirements of the United States have been met by war conditions, war production, and the demand for pulpwood on the drive. We hope the scourge has completely obstruct the cross-walks. This is a minor problem. The increasing pulpwood requirements of the university will be met by the department of forestry. BLOOD IS NEEDED TO WIN THE WAR

The Red Cross is calling for volunteer donors to contribute blood for the Army and Navy and other war emergency hospitals at home and abroad.

If you are in normal health—male or female—between 21 and 60 years, you can aid in this important war project and do your part for the war’s objectives. Lives and lives are saved every day. If you can’t do it all at once you can do it in parts at any hour of your time. It is simple, safe and pleasant.
Outing Club Plans Trips This Weekend

Walden Bicycle Trip, Rock Climbing Trip, Horse Ride Planned
The Outing Club has the following on its timetable for this Breathe: a rock climbing trip, a bicycle trip to Walden Pond, and a horseback ride. The canoe trip with Simmons, mentioned earlier, has been canceled due to the proximity of the outs to the date of Harry's birthday.

Those going to Battlesnake cliffs in the Blue Hills for a day of rock climbing will meet at Walker Memorial at 9:00 A.M. Sun-
day. Transportation is available to the site of their exertions. Zyrians are advised to bring raingear along because the club's experience has found these the most suitable.

Paddle Pond is the destination of the cyclers who are going on a leisurely ride. They will leave Walker Memorial at 9:00 A.M. Monday, and then go on a trip to take its toll of the cold temperatures. The party will then proceed to Nantasket Beach, where a lunch, bathing suit, and a camera will be provided for the experience. It is found that these are the need of the hour.
